

Nimitz Cell Phone Policy

No cellphones during classroom time.

Students must place their cellphones in their backpacks or hand them over to their teachers if they need to use the restroom during instructional time.

General Rule: Devices must be turned off during school hours unless used for instructional purposes with teacher approval.

Permitted Use Times: Personal use of devices is only allowed before and after school, including after-school programs and school-related activities off-premises. Students may use their cell phones during passing periods and during this designated lunch time.

Safety and Discipline: Devices used in a manner that endangers safety or well-being will be confiscated and possibly turned over to law enforcement.

Confiscation: Teachers can confiscate devices not used for instructional purposes, and they must be handed to campus administration by the end of the day. A \$15 fee applies for retrieval.

Liability: The school and district are not responsible for lost or stolen devices. Unretrieved devices by the end of the school year will be disposed of or recycled.
