# Accessing the Internet at Home

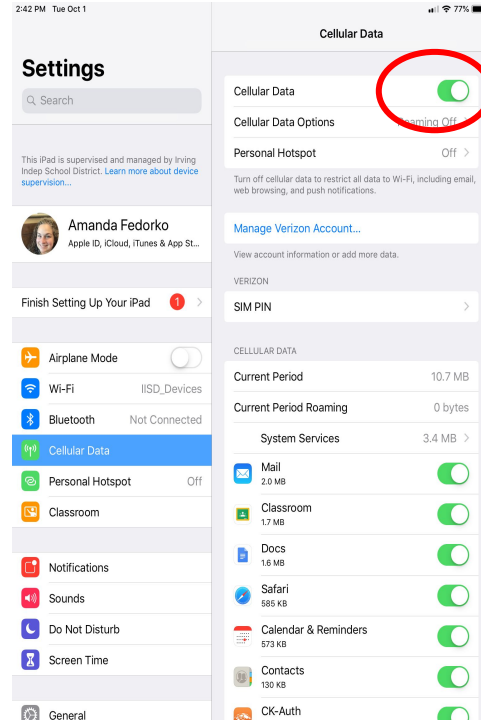

# First, connect to your home Wi-Fi network OR turn on cellular data

## Using your home or other Wi-Fi

1. Open your “Settings” app
2. Select “Wi-Fi”
3. Be sure that the “Wi-Fi” option is enabled (the switch at the top is green)
4. Select the name of your home network, or the network you are using
5. Enter the password for the network

## Using cellular data

1. Open your “Settings” app
2. Select “Cellular Data”
3. Be sure that the “Cellular Data” option is enabled (the switch at the top is green)

## Second, click the “IISD Login” app on your iPad

**Login** with your Irving Single Sign On (SSO) credentials as you would normally do.

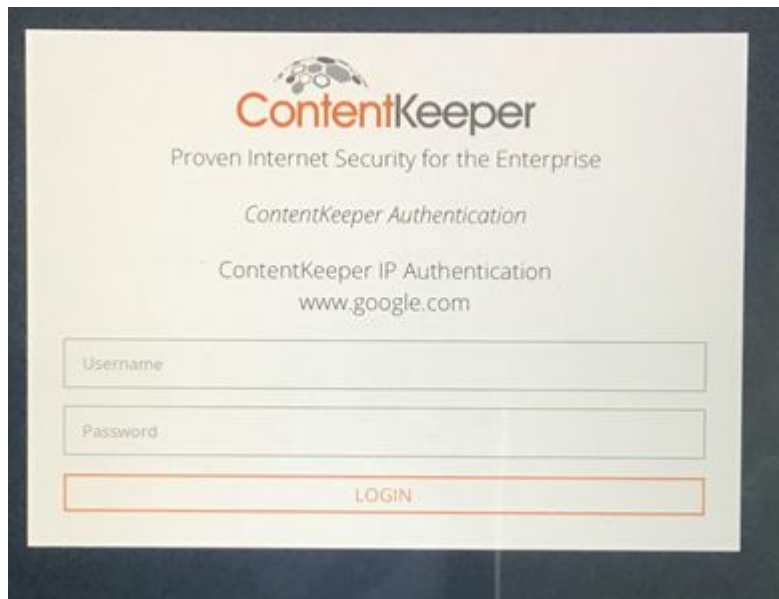

**Username:** (first 3 letters of your first name + last name)

May have a number at the end

**Password:** ID number-p

**If the web browser shows you the screen below, enter your student username and password (your normal login)**

The image shows a screenshot of a web browser displaying the ContentKeeper authentication page. The page has a light beige background with a dark border. At the top center is the ContentKeeper logo, which consists of a stylized globe icon above the text "ContentKeeper". Below the logo, the text "Proven Internet Security for the Enterprise" is displayed. Underneath that, it says "ContentKeeper Authentication" and "ContentKeeper IP Authentication www.google.com". There are three input fields: a "Username" field, a "Password" field, and a "LOGIN" button at the bottom.

ContentKeeper  
Proven Internet Security for the Enterprise  
ContentKeeper Authentication  
ContentKeeper IP Authentication  
www.google.com

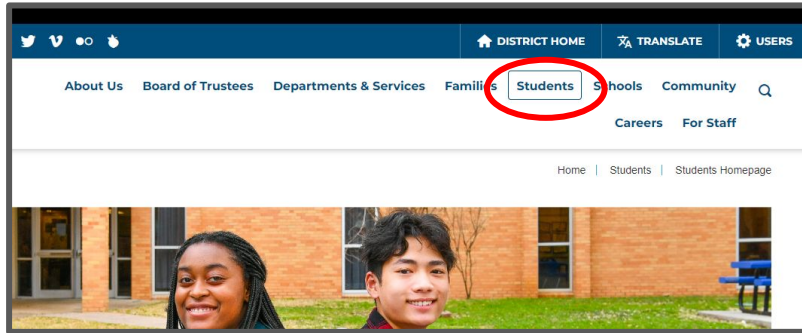

Username

Password

LOGIN

**Use the internet! You can now login to apps, websites, etc. Your login should be good for a few hours.**

# Remember to check your email and Canvas daily to see what your teachers have posted.

Classlink Launchpad can be accessed from any device on the IISD student page.

<https://www.irvingisd.net/Page/101>

# Set Up Your Student Email
