# **Family Educational Rights and Privacy Act (FERPA)**

## FERPA Release/Proxy Authorization

The **Family Educational Rights and Privacy Act of 1974**, commonly referred to as **FERPA**, provides that all non-directory record information pertaining to a student (currently or formerly enrolled) that is maintained by the College must be available for inspection, review, and amendment by the student. Release and/or disclosure to third parties requires written authorization from the student in most cases. Dallas College requires this authorization to be submitted by the student to the College, accompanied by the student's valid photo ID. In addition, the student must specify the person(s) to whom authorization is being given, the relationship of the person(s) to the student, designated documents if not all-access, and the duration of the authorization. Only natural persons may be named as parties to this authorization; corporate entities may not be listed as authorized parties.

**Authorized person(s), including dual credit/ECHS parents and guardians, must present photo ID at time of transaction.**
