Demographics

Demographics Summary

Narrative

Irving Independent School District is a mid-size suburban district located northwest of Dallas that serves 31,619 students as of February 2024. The district comprises 37 campuses that cover over 5.15 million square feet across 613 acres.

Although IISD has experienced a decline in enrollment since the pandemic, the proportion of students identified as Economically Disadvantaged (EcoDis) and Emergent Bilingual (EB) have increased in recent years. Among 79 Region 10 school districts, Irving ISD (IISD) serves the second-highest proportion of Economically Disadvantaged (EcoDis) students, representing 87% of its student population. This rate ranks among the top 10% of over one thousand Texas public school district peers.

IISD also serves the highest percentage of English Language Learners in Region 10, with more than half of its students (17,829) identified as Emergent Bilingual (EB). This percentage ranks among the top 20 out of over one thousand Texas public school district peers.

Regional Context

Irving ISD serves two-thirds of residents in Irving, which is home to about 250,000 residents and located directly west of Dallas. The city of Irving has reported a 0.8% population decline from the 2020 estimate to the July 2023 estimate, which represents an approximate loss of 2,000 residents.

Irving has a median age of 32, with more than one in four residents (26.4%) under the age of 18. It is notable that this proportion slightly decreased from 27.1% in the previous year's estimate.

Four in five adults over the age of 25 (79.8%) hold a high school degree or higher. Approximately two in five Irving residents (41.1%) were born outside of the United States, and 60.6% of residents over age five live in households where a language other than English is spoken. Both numbers increased slightly over the 2022 data.

The median household income is \$76,686 and the percentage of persons living in poverty is 10.5%. It is notable that the average income increased by \$7,000 in one year while the percentage of persons living in poverty decreased very slightly from 2022 to 2023.

The city highlights its ethnic and economic diversity as key strengths.

Irving is home to more than 8,500 businesses and holds the second-highest concentration of public and private companies in North Texas, including ten Fortune 500 companies.

Irving has three fully accredited institutions of higher education: DeVry Institute of Technology, North Lake College, and the University of Dallas.

According to the 2022-2023 Texas Academic Performance Report, nearly three-fourths of the student population was Hispanic (73.4%, an increase of 174 students over the previous year), with Black-African American students (12.4%, a decrease of 271 students over the previous year), and White students (7.7%, a decrease of 351 students over the previous year) representing the second- and third-largest racial-ethnic demographic groups, respectively.[1]

Broad Trends in Enrollment, Attendance, and Mobility

Irving ISD has experienced sustained enrollment decline, starting with a significant decline seen in the 2016-2017 school year. Over the past seven years, the district has lost approximately 9% of its total student enrollment, decreasing from 34,792 in 2016-2017 to 31,619 students as of February 2024. While the overall student enrollment has decreased, the percentage of students who are identified as Emergent Bilingual has steadily increased.

The Percent-In-Attendance (PIA) Rate for the 2021-2022 school year, using refined Average Daily Attendance (ADA), was 91%, which is below the state average of 92% and significantly below the previous year's rate of 96%. The district's chronic absenteeism rate more than doubled, from 12% in 2020-2021 to 32% 2021-2022. The District Improvement Plan for the current 2022-2023 school year includes strategies to address attendance.

The Texas Education Agency considers a student as mobile if he or she has been in membership at the school for less than 83% of the school year (i.e., has missed six or more weeks). The mobility percentage at the campus level is based on prior-year attendance. It is calculated by taking the number of mobile students during the school year and dividing it by the number of students who were in membership at any time during that school year. The mobility rate shown at the district level is based on the count of mobile students identified at the campus level. The district mobility rate reflects school-to-school mobility within the same district or from outside the district. The average mobility rate for the five years prior to the 2019-2020 school year was 13.558%. The mobility rate for the 2021-22 school year was 15.4%, which is a 17% increase over historical trends. The district's mobility rate remains below the state average of 17%.

Program Enrollment

Program Enrollment is another way to look at the demographics of the student population. As we get into the "Student Learning" and "Programs and Processes" sections, we will analyze the outcomes of these students and dive deeper into This can show us how the needs of our students have changed over time.

Two charts have been created based on the publicly available TAPR data from the last two school years.

More than three-fourths of Irving ISD students are served by the Title I program (78.1%), which is a 13% increase over the previous year. This ranks as the highest rate of "At Risk" in Region 10 [1] and is among the top 20 out of over one thousand Texas public school district peers. In the "Programs and Processes" section of this Needs Assessment, we will review a detailed breakdown of how students qualify for this status.

	2022	624,256	11.60%	2,699	8.30%	-3%	

Over half of IISD students were identified as Emergent Bilingual (54.3%) in the 2022-2023 school year, which is 31 percentage points above the state average and an increase of four percentage points over the previous year. Although the total enrollment count continues to decrease, the proportion of students identified as Emergent Bilingual is increasing.

Further, the share of students who are new to U.S. schools is also significantly increasing. More than one in seven Irving ISD students in grades 3-12 has been enrolled in US schools for less than three years. One challenge is that the district lacks comprehensive systems to track students new to the country. In the 2023-2024 school year, over 1,500 students were assessed using LAS Links for students new to the country. Nearly 60% of newcomer students tested in Spanish this year lack foundational literacy skills according to the LAS Links data.

There are 7,723 students enrolled in a CTE (Career and Technical Education) program. Three-fourths of students in grades 9-12 (76.12%) are enrolled in a CTE program, which is above the state enrollment of 72.3%. Although the CTE program enrollment rate for high school (76.2%) is above the state average of 72.3%, the overall CTE program enrollment rate for all grade is two-percentage points less than the state, which indicates a potential gap in access to CTE opportunities at the middle school level.

There are 4,525 students identified as Gifted and Talented, representing 14.3% of the student population, which is above the state average of 8.6% and increase over the previous year.

There are 2,971 students served by Special Education, representing 9.4% of the student population, which is an increase of 272 students over the previous year. This percentage maintains the 3-percentage point deficit between the district and the state.

Demographics Strengths

- Irving Independent School District (Irving ISD) is rich in linguistic and cultural diversity, with students coming from homes where approximately 50 different languages are spoken and representing more than 75 countries.
- Irving Independent School District is centrally located in the DFW metroplex, situated in a major hub for economic development. This can allow the district to access and leverage regional socioeconomic resources to support college and career pipelines for all students as well as coordinate support services for students in need.
- The percentage of teachers with 6-10 years of experience is 25.8%, which is 5-percentage points above the state average.
- Approximately 6% more teachers hold a Master's degree or higher in Irving ISD than the state average (32.1% compared to 25.8%, respectively).

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): More than one in seven Irving ISD students in grades 3-12 has been enrolled in US schools for less than three years. One challenge is that the district lacks comprehensive systems to track the academic progress of students new to the country. **Root Cause:** The process for identifying emergent bilingual students is outdated and has a lot of moving pieces that need to be reevaluated and streamlined to reduce the workload and improve efficiency. It can be a challenge to organize targeted support to Newcomer families and ensuring they have support to access the programs and services that are available.

Problem Statement 2 (Prioritized): The average years of experience for teachers in IISD is 9.6, which is lower than the state average of 11 years. The district has a higher percentage of beginning teachers, with 11% starting their career in the 2022-2023 school year compared to the state average of 9.7%. **Root Cause:** With beginning teachers encompassing a higher percentage in Irving ISD, we must make it a priority to familiarize these educators not only with district procedural programs, such as Teacher Access Center, but also with district instructional programs such as Canvas and Seesaw. Funding limitations for financial sponsorship for mentoring, conferences, professional development

Problem Statement 3 (Prioritized): The Teacher Turnover rate in Irving ISD is approximately 23.80% for the 2022-2023 school year, which is a 7.40% increase over the previous year and two percentage points above the state average (21.40%), which is also experiencing a remarkable high period. Consequently, staff retention across departments and campuses poses an ongoing organization-wide challenge. **Root Cause:** Inconsistency in the proper documentation of performance and development opportunities. Building capacity in new leaders of campuses and departments when managing employee misconduct. Lack of accountability conversations with staff and teams that drive results.

Problem Statement 4 (Prioritized): Nearly 60% of newcomer students tested in Spanish this year lack foundational literacy skills according to the LAS Links data. **Root Cause:** It can be a challenge to organize targeted support to Newcomer families and ensuring they have support to access the programs and services that are available.

Problem Statement 5: The number of students identified as "At Risk" significantly increased 13 percent over the past year, from 21,877 students in the 2021-2022 school year to 24,786 students in the 2022-2023 school year.

Problem Statement 6 (Prioritized): More than one in seven Irving ISD students in grades 3-12 has been enrolled in US schools for less than three years. One challenge is that the district lacks comprehensive systems to track the academic progress of students new to the country. **Root Cause:** It can be a challenge to organize targeted support to Newcomer families and ensuring they have support to access the programs and services that are available.

Student Learning

Student Learning Summary

Reading Language Arts

K-2 Reading (English)

The reading achievement of students in Grades K-2 are evaluated three times a year using the mCLASS assessment. The mCLASS is a nationally normed test that assesses a variety of foundational literacy skills and is available in English and Spanish. Kindergarten Emergent Bilingual students served in a Spanish language classroom are assessed on English Language skills only at the End-of-the-Year (EOY), which accounts for some of the decline in EOY scores seen on the DIBELS Kindergarten assessment. First grade Emergent Bilingual students in a Spanish-language classroom may be assessed in English at the Middle-of-the-Year (MOY) as well as EOY. All Irving ISD second grade students take the DIBELS Assessment for all three periods (BOY, MOY, and EOY).

One way to track the progress of Early Literacy skills is to compare the percentage of students achieving "At Benchmark" or above in each grade level from the EOY period to the previous year. In the 2023-2024 school year, the percentage of Kindergarten students achieving "At Benchmark" or above was 1 percentage point higher than the previous school year. However, this school year's cohort also began the year with a significantly higher achievement level. Although this year's first grade students started at an achievement level four percentage points higher than the previous school year, the EOY data remained the same as the previous school year. This year's second graders began at a seven-percentage point deficit to last year's second graders, and ended the year with one percentage point less in achievement.

In the 2022-2023 school year, 35.7% of students in grades 3-8 achieved "Meets Grade Level" or higher on the Reading STAAR test. This number is 17.7 percentage points lower than the state average and 1.4 percentage points lower than the previous year (2021-2022). To put this in perspective, before the pandemic, the district's average passage rate over four years was 35.6%, with an average gap of 11.2 percentage points between the district and state. The district's performance remains consistent with historical reading achievement rates. There persists a significant and long-standing gap in reading achievement between the district and the state. However, it is also worthwhile to note the slight decrease in passage rates

from the previous year and overall increase in the gap between the State and the district as a potential area requiring more intentional focus.

Students in grades 4, 5, and 7 saw the biggest deficit increases between the district and the state, with grade 4 students having the lowest average passage rate. Students in grades 6 and 8 moved closer toward closing the average performance gap between the district and the state.

When reviewing English I EOC results, the district increased passing rates from 37% in the 2021-2022 school year to 43% in the 2022-2023 school year. This increase of six percentage points is also slightly greater than the increase to the state average (the state increased by five percentage points).

While students in Special Education, Economically Disadvantaged students, and Emergent Bilingual Students experienced an increase over the previous year's English I STAAR EOC, former Special Education students dropped from a 20% passage rate to a 19% percentage passage rate, which is less than half the rate of the district average.

While Emergent Bilingual students saw a significant increase over the previous year's English I EOC passage rate, these rates remain significantly below the district average.

In the 2022-2023 school year, the percentage of students achieving "Meets Grade Level" or above on the Math STAAR test in grades 3-8 was 30.3%, which is 14.2 percentage points below the state average. However, this is also a 6-percentage point increase over the previous year (2021-2022). This increase also resulted in closing the overall gap in the performance between the district and the state by 2.2 percentage points. For historical reference, the average district passage rate for STAAR Math in grades 3-8 was 48.2% from 2015-2019.

The passage rates for students in Grade 7 decreased in the 2022-2023 school year, and the gap between the state and the district widened by 8 percentage points.

However, the district increased overall STAAR 3-8 Math performance by eight percentage points, from 24% to 32%, which increased the performance gap for Emergent Bilingual learners.
- From the 2021-2022 school year to the 2022-2023 school year, the percentage of Economically Disadvantaged students in grades 3-8 who achieved "Meets Grade Level" or

- above in STAAR Reading was 33%, down two percentage points from the previous year and two percentage points below the district average, a gap that remained the same from the previous year. In STAAR Math, 30% of Economically Disadvantaged students achieved "Meets Grade Level" or above, an increase of seven percentage points from the previous year. However, this performance was two percentage points below the district average, up from a one-percentage point gap the previous year.

Students formerly in Special Education lost significant ground on this same assessment during this same period, dropping from 29% to 22% achieving "Meets Grade Level" or above. In STAAR Math, current Special Education students increased from 17% to 22%, which was an increase below the rate of the district average. Advanced Placement Participation Results

The district participation in Advanced Placement Exams generally matches or exceeds the state average. However, student passage rates across all subject areas are significantly below the state average. In the 2021-2022 school year, IISD students passed 32.8% of all Advanced Placement exams taken, which is 20.5 percentage points below the state average.

College, Career, and Military Readiness

The percentage of students identified as College, Career, and Military Ready increased from 52.9% in the 2020-2021 school year to 58.6% in the 2021-2022 school year. This rate remains 11.4% below the Region 10 average. However, the gap between the district's percentage of CCMR graduates and the state's decreased. In the previous school year (2020-2021), the district was 12.3% below the state average. At 45.1%, the district's African American CCMR readiness rate is significantly below the district's overall rate. At 49.1%, Emergent Bilingual students also hold a CCMR readiness rate below the district average. Conversely, the district's Special Education students saw an increase of 20 percentage points in CCMR readiness, going from 49.7% in 2020-2021 to 69.7% in 2021-2022.

Part of the district's notable increase in CCMR graduates can be attributed to the percentage of students who met the standard for career or military readiness, which increased by more than 50% from 20.3% of students qualifying for career or military readiness in 2020-2021 to 33% of students in the 2021-2022 school year. The district was also able to nearly double the rate of students who achieved an approved industry-based certification from 17.3% in the 2020-2021 school year to 29.5% in the 2021-2022 school year. The percentage of Special Education students who were able to achieve an IBC followed the upward trend, going from 9.7% to 17.4% in the same timeframe. African American students made the smallest amount of positive change, increasing from 21.1% to 27.1%. Emergent Bilingual students also fell slightly under the growth curve, increasing from 13.6% to 22.3%.

College Readiness was a notable area of decline, as the gap between the district and the state widened and a fewer proportion of students were identified as college ready, decreasing from 42.1% in the 2020-2021 school year to 40.3% in the 2021-2022 school year. This rate is 12.6% below the state's rate. Both African American students and Emergent Bilingual students perform significantly below the district average for college readiness.

- The district was also able to nearly double the rate of students who achieved an approved industry-based certification from 17.3% in the 2020-2021 school year to 29.5% in the 2021-2022 school year.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): In the 2022-2023 school year, 31% of Emergent Bilingual students in grades 3-8 achieved "Meets Grade Level" or higher on the Reading STAAR test. This figure is 4 percentage points lower than the district average and 2 percentage points lower than the previous year (2021-2022). **Root Cause:** Teacher turnover, lack of time, and the increase in Emergent Bilingual Learners contribute to implementation gaps in the delivery of research-based methodologies across campuses.

Problem Statement 2 (Prioritized): College Readiness was a notable area of decline in the 2022-2023 school year, as the gap between the district and the state widened and a fewer proportion of students were identified as college ready, decreasing from 42.1% in the 2020-2021 school year to 40.3% in the 2021-2022 school year. **Root Cause:** Students lack early preparation as part of everyday instruction. Teachers need training and support to ensure that key information is delivered to students and parents about how and why to achieve TSI-met status. Information gaps and lack of time contribute to this challenge.

Problem Statement 3 (Prioritized): In the 2022-2023 school year, 35.7% of students in grades 3-8 achieved "Meets Grade Level" or higher on the Reading STAAR test. This figure is 17.7 percentage points lower than the state average and 1.4 percentage points lower than the previous year (2021-2022). **Root Cause:** Lack of consistent library access and limited exposure to diverse reading materials directly impacts a student's level of reading engagement.

Problem Statement 4 (Prioritized): In the 2022-2023 school year, 30.3% of students in grades 3-8 achieved "Meets Grade Level" or above on the STAAR Math test. Although this is an increase over the previous year, this percentage of students achieving "Meets" or above remains 14.2 percentage points below the state average. Root Cause: Variation to resources and strategies used in classrooms across the district Freedom to do what campus/teachers feel is best Curriculum is not consistent across the different departments which increases the amount of time that teachers spend looking for resources rather than focusing on how they are teaching the concepts to students. Teacher certification/training and turnover Post-Pandemic 1

Problem Statement 5 (Prioritized): Students identified under Other Special Populations did not meet a passing score on all tested STAAR subjects in grades 3-8th. The students were experiencing learning gaps due to absenteeism, and high mobility. **Root Cause:** Lack of personnel and resources, along with the challenge of supporting a high-mobility population.

District Processes & Programs

District Processes & Programs Summary

Curriculum and Instruction

The Curriculum and Instruction team directly impacts all 30,000 students in Irving ISD every day. This team not only provides a viable and high quality curriculum and high quality resources for teachers and students, but also supports the implementation of research based instructional practices. This team is driven by the mission statement: We empower Irving ISD educators with quality curriculum and effective instructional support to ensure high levels of learning for all. Funding for the department is local, federal, and through grants.

It is the duty of the department to provide all students access to high quality, on grade level, tier 1 resources and instruction. This opportunity should be provided to all students within Irving ISD. We hope to grow and graduate college and career ready students.

The positive impact from the department is felt in a multitude of ways by directly providing access to new knowledge for Irving ISD students and adequate resources for instructors. This includes the opportunity for all students to engage with new, enriching language and ideas in a variety of content areas. The impact of this program is measured through multiple layers of assessment and progress monitoring which drives student learning.

Campus Operations

The mission statement of campus operations is to serve and support the students of Irving ISD by removing barriers while working collaboratively with families, community stakeholders and district resources to improve attendance and enhance student success.

Our department is committed to helping families overcome barriers and reconnect to schools. The heart of this connection is regular, on-time daily attendance. If a student is not present at school, they are not able to learn. Average Daily Attendance (ADA) also impacts school funding. ADA is measured and reported weekly. Campuses build goals around ADA because attendance is a critical component to effective teaching and learning. Attendance is also measured on the Texas Education Agency's school report card.

Campus Operations oversees an assortment of district wide-services and provides guidance and support to administrators in matters related to school operations which include: discipline, attendance, dropouts, transfers, enrollment, grievances, graduation, and title IX issues.

Guidance and Counseling

The vision of the Guidance, Counseling and College Readiness Department is "Excellence in counseling services while enhancing and fostering personal growth with equity for all students." Our mission is to challenge learners to become critical thinkers, leaders and contributors in a diverse and competitive world. Funding for our services comes from locally established budgets.

Our school counselors implement the Texas Model for Comprehensive school Counseling Program to provide equal access for all students to counseling resources and services. The counselor's role is to support all students' academic, social-emotional, and personal development. The school counselor meets with students to provide an individualized approach to supporting them academically and personally/socially while also implementing small groups and providing ongoing guidance of campus and classroom lessons. Each year our counselors use data to set SMART goals to support students in 3 areas: Achievement, Behavior and Attendance. Counselors create a plan that is evaluated at the end of the year to see if they met their goal/s. We strive to help students become contributing members of our community.

Counselors provide guidance lessons to all students to address achievement, behavior, and attendance issues. Small groups are used to support students who are struggling and not making progress. Counselors use pre- and post- assessments to measure if interventions are making a difference. All campus counseling departments provide a needs assessment to

District #057912

evaluate needs of their campus. We review the district climate survey to address needs of our community and to adjust as needed.

Bilingual ESL Services

The Bilingual, ESL & Language Services Department at Irving ISD is dedicated to fostering linguistic and cultural proficiency in our diverse student population. With a focus on empowering over 18,000 students, we strive to ensure that every learner becomes a confident and fluent communicator in both English and their primary language.

Our department operates with funding from state and federal sources, allowing us to provide comprehensive language services tailored to individual student needs. From elementary to high school, we offer a range of programs designed to support bilingualism and biliteracy.

At the elementary level, students have the option to participate in Dual Language One-Way or Dual Language Two-Way programs, laying the foundation for language acquisition and cultural understanding. As students progress to middle and high school, our Dual Language Two-Way program continues to nurture bilingualism and biliteracy, preparing students for success in a global society.

To ensure that students receive appropriate support, we conduct thorough language proficiency assessments in both English and Spanish. These assessments guide placement in our bilingual and ESL programs, which are available at all campuses throughout the district. Students exit the program upon achieving state standards for language proficiency.

Our ESL and Bilingual programs offer comprehensive language support, with program effectiveness evaluated through state assessments and district-provided progress monitoring. Graduates of our Bilingual Program have the opportunity to earn the prestigious Seal of Biliteracy, recognizing their proficiency in both languages.

In addition to academic support, we provide enrichment opportunities such as Spanish and English spelling bees, as well as a unique debate competition for newcomer students. We also prioritize family engagement, offering orientations and hosting events like Newcomer Family Night to connect families with community resources.

Through our commitment to linguistic and cultural enrichment, we aim to empower students to excel academically and thrive in an increasingly interconnected world.

Mission: The Bilingual, ESL & Language Services Department will empower students and stakeholders with support services that educate, enrich, and embrace unique cultural contributions.

We provide professional development related to utilizing STEM curricula and devices to educators.

Middle school students may select Verizon Innovative Learning Schools (VILS) courses as part of their electives, including advanced technology and devices such as 3D printers, laser cutters, and robotics. We provide professional support to VILS lab teachers in implementing the secondary curriculum.

At the high school level, we continue to partner with CTE in both our labs and to provide each high school with STEM resources, teacher training and engaging student experiences.

The department develops and runs STEM summer camps, which are open to selected grade levels according to district needs evaluated yearly. The department also supports campus initiatives related to STEM, including STEM parent nights.

This year our department has gained national recognition in numerous areas. Our elementary STEM Connections curriculum was recognized by LEGO Education and featured in an instructional video when the president of the company visited learning in action. The partnership with Verizon was chosen to be part of a BBC documentary series on schools successfully integrating technology into the classroom. STEM & Innovation personnel presented over 20 sessions at our most recent statewide conference. STEM labs continue to be opened across our elementary schools.

Career and Technical Education

Irving ISD Career and Technical Education (CTE) provides in-depth, real-life career experiences for students through 34 unique and comprehensive four-year programs of study with the goal of helping students find their career of choice. CTE prepares over 7,100 students to be career ready. CTE receives both state and federal funding to ensure equipment, instructional supplies, and facilities remain state of the art as industries and careers evolve over time.

Career and Technical Education programs are open to all Irving ISD students with no barriers of entry. CTE programming is offered at all three comprehensive high schools with options in Arts AV, Computer Science, Business and Marketing, Education, Cosmetology, Automotive Technology, Collision Repair, Diesel Technology, and Hospitality and Culinary Arts. Each high school has established signature programs unique to their campus. Biomedical Science, Aviation Maintenance, and Drone Engineering are offered at Irving High School. Nimitz High School offers Plant and Animal Science, and Sustainable Engineering. While MacArthur High School includes Entrepreneurship, Real Estate, and Construction and Architecture. All programs have an enrollment cap. If the cap is exceeded, students are entered into a randomized lottery to determine acceptance into a specific program. Singley Academy is a Career focused high school with pathways in Robotic Manufacturing, Computer Programming and Maintenance, Legal Studies, Law Enforcement, Nursing, Dental, Physical Therapy, and Advanced Hospitality and Culinary Arts. Singley Academy utilizes a lottery system to determine who is accepted into each program. Students are encouraged to complete the entire four-year pathway and earn an industry-based certification before exiting their program.

Students have the opportunity to graduate from their four-year CTE program of study with industry recognized certifications and licenses giving them the credentials to enter the workforce better prepared and ahead of their peers. Many CTE programs offer senior internships as a capstone course allowing students to work in the industry of their chosen career

field gaining true hands-on experiences. In addition to gaining industry experience and credentials CTE programs are taught by industry professionals in and out of the classroom. State data indicates Career and Technical Education students outperform those students not in CTE courses in most statewide metrics providing evidence CTE programs better prepare students to not only be career ready but also college ready.

Special Education Services

Irving ISD serves over 3,800 students in special education. The funding for special education comes from both state and federal funding. The mission of the Special Education Department is to provide our students with the tools and support necessary to be prepared and successful for life outside of the classroom and reach their greatest potential.

The vision of the Special Education program is to provide caring teachers and staff with expert knowledge in special education instruction that understands the needs of each student, develop strong and meaningful relationships with parents and the community.

There is a two-part test for determining whether your child is eligible for special education and related services: (1) your child must have a disability; and (2) as a result of the disability, your child must need special education and related services to benefit from education.

The Admission, Review, and Dismissal (ARD) Committee will convene within 30 calendar days within completion of the Initial Full and Individual Evaluation (FIE). The ARD Committee will determine eligibility for special education services and also which services are appropriate to meet the student's needs. Irving ISD offers a continuum of special education services always focused on your child being in the least restrictive environment.

Special education provides support for students that help them to succeed in the least restrictive environment. Individual impact is measured through monitoring of goal progress in the IEP. STAAR and STAAR Alt 2 data and CCMR graduation readiness. Special education showed marked improvement on STAAR passing rate in almost all content areas.

Library Services

Irving ISD Library Services is committed to helping students thrive academically and prepare for the future. Our mission is to empower students to become accomplished readers, independent learners, critical thinkers, creative problem solvers, and informed citizens. We achieve this by providing equal access to engaging library spaces, robust print and digital resources, and library programming that promotes thinking, creating, sharing, and growing.

We offer instruction in essential skills such as information literacy, STEM fluency, and digital citizenship, equipping students with the tools they need to succeed in today's world. Our aim is to create an environment where students can explore, create, and collaborate, promoting a culture of curiosity and academic excellence.

To gauge the effectiveness of our program, we measure various factors, including student engagement with library resources, participation in programs, and utilization of online materials. By monitoring student checkouts, resource usage, and academic performance, we ensure that Irving ISD Library Services continues to make a meaningful impact on students' academic success and lifelong learning journey. Ultimately, the library program empowers Irving ISD graduates to become lifelong readers and learners who have the skills necessary to achieve college, career, and life success.

AVID

AVID, Advancement Via Individual Determination is funded through our local Irving ISD budgets. AVID's mission is to close the opportunity gap by preparing all students for college and career readiness in a global society. The minimum impact would serve 10% of secondary students, in Irving we serve approximately 14% of students to prepare them for college and career success.

The average AVID student is a student in the "academic middle" ready to be challenged and supported for higher level courses. Students interested in AVID can apply with the understanding that if accepted they will be enrolled in a course of rigor: honors, Dual Credit, AP. Services include academic support (in class tutoring), career exploration, college exposure, testing support, post-secondary study skills. Students do have an exit process that includes the parent, student, counselor, and AVID teacher.

Students in AVID develop study habits, leadership skills, and confidence to take on challenges of rigorous academic courses. Students become college and career ready and are experiencing collegiate level learning in the 11th and 12th grade seminar. Impact is measured through success on college readiness exams such as SAT/ACT/TSIA-2, AP courses and exams, Dual Credit courses completed, and via senior data collection. Students in AVID are typically accepted to multiple colleges, receive scholarship offers, and are awarded leadership opportunities.

Professional Learning

The Department of Professional Learning is supported by local, state, and federal funds and serves approximately 4,000 employees. Our vision is to cultivate equitable professional learning environments where both educators and students excel. Our mission is to empower educators through meaningful and sustained learning. We believe that effective professional learning is driven by results, standards, and job-embedded, and is fundamental to student success.

The team collaborates closely with all campuses and departments within Irving ISD to address the diverse needs of the staff in alignment with campus and district objectives. This encompasses tailored programs catering to novice teachers, instructional coaches, and district leaders overseeing adult learning initiatives. Additionally, district-wide learning events such as Learn2Inspire, district-wide learning days, and purposeful planning sessions are offered. Each of these services is designed to enhance the capabilities of adults in effectively meeting their professional goals and the educational needs of their students.

Learning is designed to address three key areas: adult and student well-being, fostering a positive culture, and improving instructional pedagogy and practice. Session and program evaluation surveys are conducted throughout the year to gather valuable feedback. This information drives instructional adjustments and guides program development.

Human Resources

The HR & Employee Services department at Irving ISD plays a pivotal role in ensuring operational efficiency and compliance within the district's workforce. Their mission continues to revolve around supporting supervisors' collective cultivation of a diverse and skilled workforce to support students and staff.

By prioritizing and supporting campus and department efforts in workforce reorganization and upholding protocols that promote employee safety, professionalism, and ethical conduct, the HR & Employee Services department supports all departments and campuses in building and maintaining strong working environments for teachers and leaders that serve students in a variety of capacities.

Key goals include upholding Board policies and legally sound practices when conducting investigations into employee misconduct, managing employee grievances, streamlining employee hiring and exit processes, mitigating district personnel and property risks, navigating complex legal and financial employee and supervisor needs, calculating and auditing employee salaries/pay, managing benefits and claims, managing various employee leaves, and optimizing position control, and maintaining each employee's personnel records. These goals and functions directly align with the district's ongoing priorities around department and campus leaders strengthening employee recruitment and retention, thus enhancing educational outcomes for 2024-2025 by securing a strong workforce and fostering a conducive learning environment for students, staff, and other stakeholders.

Problem Statements Identifying District Processes & Programs Needs

Problem Statement 1 (Prioritized): Over the past three years, the number of disciplinary incidents for which students spent time outside the classroom has steadily increased for students in grades K-8. **Root Cause:** Time and personnel constraints contribute to alignment gaps in disciplinary approaches across campuses.

Problem Statement 2 (Prioritized): Although the CTE program enrollment rate for high school (76.2%) is above the state average (72.3%), the overall CTE program enrollment rate for grades 6-12 is two-percentage points less than the state, which indicates a potential gap in access to CTE opportunities at the middle school level. **Root Cause:** Students and families in Irving ISD need more awareness of the opportunities provided by the district's CTE programs as they enter middle school. Also, campus leaders would benefit from support in hiring qualified and experienced staff.

Problem Statement 3 (Prioritized): Breakfast participation has not recovered to pre-pandemic levels. **Root Cause:** Campus processes and procedures may pose challenges to access, and there is a lack of awareness for students and parents.

Problem Statement 4 (Prioritized): Attendance for the 23-24 SY is 94.6% which is still below the district's pre-pandemic average of 95.9%. **Root Cause:** While the district has made improvements on attendance, this positive impact is not experienced consistently across campuses due to existing knowledge gaps and barriers to prioritization.

Problem Statement 5 (Prioritized): Although the percentage of students receiving Special Education services has increased, this proportion (9.4%) remains below the state average. **Root Cause:** We are currently over 10% according to the data in ODS.

Problem Statement 6 (Prioritized): Strengthening our IT infrastructure is imperative to safeguarding our digital systems, devices, and invaluable staff and student Personally Identifiable Information against a rising tide of sophisticated cyber threats such as phishing attacks, data breaches, ransomware, and other targeted cyber-attacks. **Root Cause:** Contributing factors include: the increasing sophistication of malicious actors, the attractiveness of school districts as targets due to the valuable student data they possess, challenges associated with device and IoT management, and the prevalence of phishing and social engineering attacks. Barriers to solving this problem include limited funding and staffing shortages.

Problem Statement 7 (Prioritized): Limited access to actionable data insights impedes effective decision-making and strategic abandonment efforts hindering monitoring, adaptability, and growth. On the 2022-2023 District Climate Survey, fewer than 70% of district administrators agreed that they had adequate support to use data to diagnose student learning needs. **Root Cause:** Resistance to change and adopting new data practices. Difficulty in obtaining buy-in and support from all stakeholders. Varying levels of technical aptitude among staff. Lack of cohesive dedication to support data initiatives.

Perceptions

Perceptions Summary

In May 2024, the district launched its annual Climate Survey for parents, teachers, staff, administrators, district administrators, and students in grades 3-12. The survey was live May 1-31 to generate a wide participation rate. It was distributed through Qualtrics and all responses were kept confidential. The survey yielded a total of 11,690 responses, which was approximately two-thirds of the previous year's participation rate of 17,747. The biggest decline in participation rate came from district leadership, which declined from 205 responses in 2023 to 93 responses in 2024. There was also a notable a decrease in student participation, from 9,704 responses in 2023 to 6,006 responses in 2024. Parent participation retained the highest proportion of its previous participation - generating 3,748 responses in 2024.

Perceptions Strengths

• Safety, one of the areas of greatest concern in the 2023 Climate Survey for parents and students, made the greatest gains in the 2024 Climate Survey. The student survey question that made the largest percentage point gain was "I feel safe in school", with 75% of student agreeing or strongly agreeing in 2024 - up twelve points from 63% in 2023. Likewise for parents, one of the two questions making the largest percentage point gain was "My child feels safe in school.", with 83% of parents answering favorably up six percentage points from 77% in 2023.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): On the 2023-2024 Climate Survey, 53% of parents agreed that "I receive information on how to help my child at home." Fifty-eight percent agreed that "I receive information on what my child is learning at school." **Root Cause:** Lack of internet access, incorrect contact information, and language barriers can pose challenges to parent access to information. Campus administrators need additional support to ensure that parents can access the information being shared.

Problem Statement 2 (Prioritized): The results from the 2023-2024 Climate Survey indicate a continued need for a greater focus on employee wellness. 72% of teachers agreed that "My school has my well-being in mind," which has not improved from the previous year. 48% percent of campus leaders agreed with the statement "The district has my well-being in mind", down twenty percentage points from the previous year. **Root Cause:** Awareness of programs, commitment, and time. Concerns about cost, stigma, lack of awareness, and resistance to change.

Problem Statement 3 (Prioritized): Seventy-five percent of students agreed with the statement, "I feel safe in school." While this is a twelve percentage-point increase from the previous year, it remains below the 82% achieved in 2022. **Root Cause:** This sentiment follows state and national trends. The positive gains indicate progress in student safety and reinforce the importance of continuing efforts.

Priority Problem Statements

Problem Statement 1: In the 2022-2023 school year, 31% of Emergent Bilingual students in grades 3-8 achieved "Meets Grade Level" or higher on the Reading STAAR test. This figure is 4 percentage points lower than the district average and 2 percentage points lower than the previous year (2021-2022).

Root Cause 1: Teacher turnover, lack of time, and the increase in Emergent Bilingual Learners contribute to implementation gaps in the delivery of research-based methodologies across campuses.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Over the past three years, the number of disciplinary incidents for which students spent time outside the classroom has steadily increased for students in grades K-8.

Root Cause 2: Time and personnel constraints contribute to alignment gaps in disciplinary approaches across campuses.

Problem Statement 2 Areas: District Processes & Programs

Problem Statement 3: Although the CTE program enrollment rate for high school (76.2%) is above the state average (72.3%), the overall CTE program enrollment rate for grades 6-12 is two-percentage points less than the state, which indicates a potential gap in access to CTE opportunities at the middle school level.

Root Cause 3: Students and families in Irving ISD need more awareness of the opportunities provided by the district's CTE programs as they enter middle school. Also, campus leaders would benefit from support in hiring qualified and experienced staff.

Problem Statement 3 Areas: District Processes & Programs

Problem Statement 4: Breakfast participation has not recovered to pre-pandemic levels.

Root Cause 4: Campus processes and procedures may pose challenges to access, and there is a lack of awareness for students and parents.

Problem Statement 4 Areas: District Processes & Programs

Problem Statement 5: On the 2023-2024 Climate Survey, 53% of parents agreed that "I receive information on how to help my child at home." Fifty-eight percent agreed that "I receive information on what my child is learning at school."

Root Cause 5: Lack of internet access, incorrect contact information, and language barriers can pose challenges to parent access to information. Campus administrators need additional support to ensure that parents can access the information being shared.

Problem Statement 5 Areas: Perceptions

Problem Statement 6: Attendance for the 23-24 SY is 94.6% which is still below the district's pre-pandemic average of 95.9%.

Root Cause 6: While the district has made improvements on attendance, this positive impact is not experienced consistently across campuses due to existing knowledge gaps and barriers to prioritization.

Problem Statement 6 Areas: District Processes & Programs

Problem Statement 7: College Readiness was a notable area of decline in the 2022-2023 school year, as the gap between the district and the state widened and a fewer proportion of students were identified as college ready, decreasing from 42.1% in the 2020-2021 school year to 40.3% in the 2021-2022 school year.

Root Cause 7: Students lack early preparation as part of everyday instruction. Teachers need training and support to ensure that key information is delivered to students and parents about how and why to achieve TSI-met status. Information gaps and lack of time contribute to this challenge.

Problem Statement 7 Areas: Student Learning

Problem Statement 8: In the 2022-2023 school year, 35.7% of students in grades 3-8 achieved "Meets Grade Level" or higher on the Reading STAAR test. This figure is 17.7 percentage points lower than the state average and 1.4 percentage points lower than the previous year (2021-2022).

Root Cause 8: Lack of consistent library access and limited exposure to diverse reading materials directly impacts a student's level of reading engagement.

Problem Statement 8 Areas: Student Learning

Problem Statement 9: More than one in seven Irving ISD students in grades 3-12 has been enrolled in US schools for less than three years. One challenge is that the district lacks comprehensive systems to track the academic progress of students new to the country.

Root Cause 9: The process for identifying emergent bilingual students is outdated and has a lot of moving pieces that need to be reevaluated and streamlined to reduce the workload and improve efficiency. It can be a challenge to organize targeted support to Newcomer families and ensuring they have support to access the programs and services that are available.

Problem Statement 9 Areas: Demographics

Problem Statement 10: Strengthening our IT infrastructure is imperative to safeguarding our digital systems, devices, and invaluable staff and student Personally Identifiable Information against a rising tide of sophisticated cyber threats such as phishing attacks, data breaches, ransomware, and other targeted cyber-attacks.

Root Cause 10: Contributing factors include: the increasing sophistication of malicious actors, the attractiveness of school districts as targets due to the valuable student data they possess, challenges associated with device and IoT management, and the prevalence of phishing and social engineering attacks. Barriers to solving this problem include limited funding and staffing shortages.

Problem Statement 10 Areas: District Processes & Programs

Problem Statement 11: The results from the 2023-2024 Climate Survey indicate a continued need for a greater focus on employee wellness. 72% of teachers agreed that "My school has my well-being in mind," which has not improved from the previous year. 48% percent of campus leaders agreed with the statement "The district has my well-being in mind", down twenty percentage points from the previous year.

Root Cause 11: Awareness of programs, commitment, and time. Concerns about cost, stigma, lack of awareness, and resistance to change.

Problem Statement 11 Areas: Perceptions

Problem Statement 12: The Teacher Turnover rate in Irving ISD is approximately 23.80% for the 2022-2023 school year, which is a 7.40% increase over the previous year and two percentage points above the state average (21.40%), which is also experiencing a remarkable high period. Consequently, staff retention across departments and campuses poses an ongoing organization-wide challenge.

Root Cause 12: Inconsistency in the proper documentation of performance and development opportunities. Building capacity in new leaders of campuses and departments when managing employee misconduct. Lack of accountability conversations with staff and teams that drive results.

Problem Statement 12 Areas: Demographics

Problem Statement 13: The average years of experience for teachers in IISD is 9.6, which is lower than the state average of 11 years. The district has a higher percentage of beginning teachers, with 11% starting their career in the 2022-2023 school year compared to the state average of 9.7%.

Root Cause 13: With beginning teachers encompassing a higher percentage in Irving ISD, we must make it a priority to familiarize these educators not only with district procedural programs, such as Teacher Access Center, but also with district instructional programs such as Canvas and Seesaw. Funding limitations for financial sponsorship for mentoring, conferences, professional development

Problem Statement 13 Areas: Demographics

Problem Statement 14: Although the percentage of students receiving Special Education services has increased, this proportion (9.4%) remains below the state average.

Root Cause 14: We are currently over 10% according to the data in ODS.

Problem Statement 14 Areas: District Processes & Programs

Problem Statement 15: In the 2022-2023 school year, 30.3% of students in grades 3-8 achieved "Meets Grade Level" or above on the STAAR Math test. Although this is an increase over the previous year, this percentage of students achieving "Meets" or above remains 14.2 percentage points below the state average.

Root Cause 15: Variation to resources and strategies used in classrooms across the district Freedom to do what campus/teachers feel is best Curriculum is not consistent across the different departments which increases the amount of time that teachers spend looking for resources rather than focusing on how they are teaching the concepts to students. Teacher certification/training and turnover Post-Pandemic l

Problem Statement 15 Areas: Student Learning

Problem Statement 16: Limited access to actionable data insights impedes effective decision-making and strategic abandonment efforts hindering monitoring, adaptability, and growth. On the 2022-2023 District Climate Survey, fewer than 70% of district administrators agreed that they had adequate support to use data to diagnose student learning needs.

Root Cause 16: Resistance to change and adopting new data practices. Difficulty in obtaining buy-in and support from all stakeholders. Varying levels of technical aptitude among staff. Lack of cohesive dedication to support data initiatives.

Problem Statement 16 Areas: District Processes & Programs

Problem Statement 17: Nearly 60% of newcomer students tested in Spanish this year lack foundational literacy skills according to the LAS Links data.

Root Cause 17: It can be a challenge to organize targeted support to Newcomer families and ensuring they have support to access the programs and services that are available.

Problem Statement 17 Areas: Demographics

Problem Statement 18: Students identified under Other Special Populations did not meet a passing score on all tested STAAR subjects in grades 3-8th. The students were experiencing learning gaps due to absenteeism, and high mobility.

Root Cause 18: Lack of personnel and resources, along with the challenge of supporting a high-mobility population.

Problem Statement 18 Areas: Student Learning

Problem Statement 19: Seventy-five percent of students agreed with the statement, "I feel safe in school." While this is a twelve percentage-point increase from the previous year, it remains below the 82% achieved in 2022.

Root Cause 19: This sentiment follows state and national trends. The positive gains indicate progress in student safety and reinforce the importance of continuing efforts.

Problem Statement 19 Areas: Perceptions

Problem Statement 20: More than one in seven Irving ISD students in grades 3-12 has been enrolled in US schools for less than three years. One challenge is that the district lacks comprehensive systems to track the academic progress of students new to the country.

Root Cause 20: It can be a challenge to organize targeted support to Newcomer families and ensuring they have support to access the programs and services that are available.

Problem Statement 2: Although the CTE program enrollment rate for high school (76.2%) is above the state average (72.3%), the overall CTE program enrollment rate for grades 6-12 is two-percentage points less than the state, which indicates a potential gap in access to CTE opportunities at the middle school level. **Root Cause**: Students and families in Irving ISD need more awareness of the opportunities provided by the district's CTE programs as they enter middle school. Also, campus leaders would benefit from support in hiring qualified and experienced staff.

Note:

The following legal provisions address dating violence and sexual harassment. For legal provisions addressing discrimination on the basis of disability, sex, and other protected characteristics, see FB.

Dating Violence

Policy Requirements

A district shall adopt and implement a dating violence policy to be included in the district improvement plan.

A dating violence policy must include:

- A definition of dating violence that includes the intentional use of physical, sexual, verbal, or emotional abuse by a person to harm, threaten, intimidate, or control another person in a dating relationship, as defined by Family Code 71.0021;
- 2. A clear statement that dating violence is not tolerated at school; and
- Reporting procedures and guidelines for students who are victims of dating violence, including a procedure for immediately notifying the parent or guardian of a student about a report received by the district identifying the student as an alleged victim or perpetrator of dating violence.

A dating violence policy must also address safety planning, enforcement of protective orders, school-based alternatives to protective orders, training for teachers and administrators at each district campus that instructs students in grade 6 or higher, counseling for affected students, and awareness education for students and parents.

Education Code 37.083, .0831 [See BQ]

Student Resources

To the extent possible, a district shall make available to students age-appropriate educational materials that include information on the dangers of dating violence and resources to students seeking help. *Education Code* 37.0831(c)

Note:

References to Title IX, part, or subpart in the following legal provisions refer to Title IX and its corresponding regulations.

The U.S. Department of Education's Office for Civil Rights has issued a formal interpretation that discrimination on the basis of sex under Title IX includes discrimination on the basis of sexual orientation and gender identity.

Sexual Harassment

A district may develop and implement a sexual harassment policy to be included in the district improvement plan. *Education Code* 37.083 [See BQ]

Sexual abuse of a student by an employee, when there is a connection between the physical sexual activity and the employee's duties and obligations as a district employee, violates a student's constitutional right to bodily integrity. Sexual abuse may include fondling, sexual assault, or sexual intercourse. *U.S. Const. Amend.* 14; <u>Doe v. Taylor Indep. Sch. Dist.</u>, 15 F.3d 443 (5th Cir. 1994)

No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance. 20 U.S.C. 1681 (Title IX)

A district's treatment of a complainant or a respondent in response to a formal complaint of sexual harassment may constitute discrimination on the basis of sex under Title IX. 34 C.F.R. 106.45; 20 U.S.C. 1681 [See also FB regarding Title IX]

Designation of Title IX Coordinator

A district must designate and authorize at least one employee to coordinate its efforts to comply with its responsibilities under Title IX, which employee must be referred to as the "Title IX Coordinator."

Parties Entitled to Notice

The district must notify applicants for admission and employment, students, parents or legal guardians, employees, and all professional organizations holding professional agreements with the district ("Parties Entitled to Notice") of the name or title, office address, electronic mail address, and telephone number of the employee or employees designated as the Title IX Coordinator.

34 C.F.R. 106.8(a)

Reporting

Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment), in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Such a report may be made at any time (including during nonbusiness hours) by using the telephone number or electronic mail address, or by mail to the office address, listed for the Title IX Coordinator. 34 C.F.R. 106.8(a)

Notification of Policy

A district must notify the Parties Entitled to Notice, above, that the district does not discriminate on the basis of sex in the education program or activity that it operates, and that it is required by Title IX

DATE ISSUED: 6/30/2022

UPDATE 119 FFH(LEGAL)-P

not to discriminate in such a manner. The notification must state that the requirement not to discriminate in the education program or activity extends to employment, and that inquiries about the application of Title IX to such district may be referred to the district's Title IX Coordinator, to the assistant secretary for civil rights of the Department of Education, or both.

34 C.F.R. 106.2(d), .8(b)(1)

Publication Requirements

A district must prominently display the contact information required to be listed for the Title IX Coordinator and the nondiscrimination policy described at Notification of Policy, above, on its website, if any, and in each handbook that it makes available to the Parties Entitled to Notice, above.

A district must not use or distribute a publication stating that the district treats applicants, students, or employees differently on the basis of sex except as such treatment is permitted by Title IX.

34 C.F.R. 106.8(b)(2)

Note:

To distinguish the process described below from the district's general grievance policies [see DGBA, FNG, and GF], this policy refers to the grievance process required by Title IX regulations for responding to formal complaints of Title IX sexual harassment in an education program or activity and against a person in the United States as the district's "Title IX formal complaint process."

Adopting and Publishing Complaint Procedures

A district must adopt and publish procedures that provide for the prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited by Title IX and a Title IX formal complaint process that complies with 34 C.F.R. 106.45 for formal complaints as defined below.

A district must provide notice to the Parties Entitled to Notice, above, of the district's procedures and Title IX formal complaint process, including how to report or file a complaint of sex discrimination, how to report or file a formal complaint of sexual harassment, and how the district will respond.

The requirements of this provision apply only to sex discrimination occurring against a person in the United States.

Response to Sexual Harassment

Definitions

"Actual knowledge" means notice of sexual harassment or allegations of sexual harassment to a district's Title IX Coordinator or any official of the district who has authority to institute corrective measures on behalf of the district, or to any employee of an elementary and secondary school. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the district with actual knowledge is the respondent. The mere ability or obligation to report sexual harassment or to inform a student about how to report sexual harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the district. "Notice" as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator.

"Complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

"Consent" is not defined by the Title IX regulations, nor do the regulations require districts to adopt a particular definition of consent with respect to sexual assault.

"Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the district investigate the allegation of sexual harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the district with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information required to be listed for the Title IX Coordinator, and by any additional method designated by the district. As used in this paragraph, the phrase "document filed by a complainant" means a document or electronic submission (such as by electronic mail or through an online portal provided for this purpose by the district) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party to a Title IX formal complaint, and must comply with the requirements of the Title IX formal complaint process, including the informal resolution process.

"Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

"Sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

6 of 17

- 1. An employee of the district conditioning the provision of an aid, benefit, or service of the district on an individual's participation in unwelcome sexual conduct;
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity; or
- 3. "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

"Supportive measures" means nondisciplinary, nonpunitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the district's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or district-provided housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The district must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the district to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

34 C.F.R. 106.2, .30(a)

Deliberate Indifference

A district with actual knowledge of sexual harassment in an education program or activity of the district against a person in the United States, must respond promptly in a manner that is not deliberately indifferent. A district is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances.

Education Program or Activity For the purposes of 34 C.F.R. 106.30 [see Definitions, above] and 106.45 [see Process for Title IX Formal Complaint, below], "education program or activity" includes locations, events, or circumstances over which the district exercised substantial control over

FFH (LEGAL)

both the respondent and the context in which the sexual harassment occurs.

34 C.F.R. 106.44(a)

Title IX Coordinator Response

The Title IX Coordinator must promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint. The Title IX Coordinator must respond in this manner with or without a formal complaint. 34 *C.F.R.* 106.44(b)(1)

Supportive Measures Required

A district's response must treat complainants and respondents equitably by offering supportive measures and by following a process that complies with 34 C.F.R. 106.45 [see Process for Title IX Formal Complaint, below] before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. [For Emergency Removal procedures, see below.]

Constitutional Restrictions

The Department of Education may not deem a district to have satisfied the district's duty to not be deliberately indifferent under Title IX based on the district's restriction of rights protected under the U.S. Constitution, including the First Amendment, Fifth Amendment, and Fourteenth Amendment.

34 C.F.R. 106.44(a)

Response to a Formal Complaint

In response to a formal complaint, a district must follow a process that complies with 34 C.F.R. 106.45 [see Process for Title IX Formal Complaint, below]. 34 C.F.R. 106.44(b)(1)

Emergency Removal

The Title IX regulations do not preclude a district from removing a respondent from the district's education program or activity on an emergency basis, provided that the district:

- 1. Undertakes an individualized safety and risk analysis;
- Determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal; and
- 3. Provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

34 C.F.R. 106.44(c)

Administrative Leave

The Title IX regulations do not preclude a district from placing a nonstudent employee respondent on administrative leave during the pendency of a Title IX formal complaint. This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act. 34 C.F.R. 106.44(d)

Process for Title IX Formal Complaint

For the purpose of addressing formal complaints of sexual harassment, a district's process must comply with the following requirements. Any provisions, rules, or practices other than those required by this provision that a district adopts as part of its process for handling formal complaints of sexual harassment must apply equally to both parties. 34 C.F.R. 106.45(b)

A district's Title IX formal complaint process must:

- 1. Treat complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following a process that complies with the Title IX regulations before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. Remedies must be designed to restore or preserve equal access to the district's education program or activity. Such remedies may include the same individualized services described as supportive measures; however, remedies need not be nondisciplinary or nonpunitive and need not avoid burdening the respondent;
- Require an objective evaluation of all relevant evidence—including both inculpatory and exculpatory evidence—and provide that credibility determinations may not be based on a person's status as a complainant, respondent, or witness;
- 3. Require that any individual designated by a district as a Title IX Coordinator, investigator, decision-maker, or any person designated by a district to facilitate an informal resolution process, not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. A district must ensure that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, receive training on the definition of sexual harassment, the scope of the dis-

trict's education program or activity, how to conduct an investigation and Title IX formal complaint process including hearings, appeals, and informal resolution processes, as applicable, and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias. A district must ensure that decision-makers receive training on any technology to be used at a live hearing, if any, and on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant. [See Hearings, below] A district also must ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence. [See Investigation of a Formal Complaint, below] Any materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment;

- Include a presumption that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the Title IX formal complaint process;
- 5. Include reasonably prompt time frames for conclusion of the Title IX formal complaint process, including reasonably prompt time frames for filing and resolving appeals and informal resolution processes if the district offers informal resolution processes, and a process that allows for the temporary delay of the Title IX formal complaint process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities;
- 6. Describe the range of possible disciplinary sanctions and remedies or list the possible disciplinary sanctions and remedies that the district may implement following any determination of responsibility;
- 7. State whether the standard of evidence to be used to determine responsibility is the preponderance of the evidence standard or the clear and convincing evidence standard, apply the same standard of evidence for formal complaints against students as for formal complaints against employees, including

- faculty, and apply the same standard of evidence to all formal complaints of sexual harassment;
- 8. Include the procedures and permissible bases for the complainant and respondent to appeal;
- 9. Describe the range of supportive measures available to complainants and respondents; and
- 10. Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

34 C.F.R. 106.45(b)(1)

Notice of Allegations

Upon receipt of a formal complaint, a district must provide the following written notice to the parties who are known:

- 1. Notice of the district's Title IX formal complaint process, including any informal resolution process.
- Notice of the allegations of sexual harassment potentially constituting sexual harassment, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include:
 - a. The identities of the parties involved in the incident, if known:
 - b. The conduct allegedly constituting sexual harassment;
 - c. The date and location of the alleged incident, if known.

The written notice must include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the Title IX formal complaint process. The written notice must inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney and may inspect and review evidence [see Investigation of a Formal Complaint, below]. The written notice must inform the parties of any provision in the district's code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the Title IX formal complaint process.

If, in the course of an investigation, the district decides to investigate allegations about the complainant or respondent that are not included in the Notice of Allegations, above, the district must pro-

vide notice of the additional allegations to the parties whose identities are known.

34 C.F.R. 106.45(b)(2)

Dismissal of a Formal Complaint

The district must investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment even if proved, did not occur in the district's education program or activity, or did not occur against a person in the United States, then the district must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under Title IX; such a dismissal does not preclude action under another provision of the district's code of conduct.

The district may dismiss the formal complaint or any allegations therein, if at any time during the investigation or hearing: a complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; the respondent is no longer enrolled or employed by the district; or specific circumstances prevent the district from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon a dismissal required or permitted pursuant to 34 C.F.R. 106.45(b)(3), the district must promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties.

Consolidation of Formal Complaints A district may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances. Where a Title IX formal complaint process involves more than one complainant or more than one respondent, references in this provision to the singular "party," "complainant," or "respondent" include the plural, as applicable.

34 C.F.R. 106.45(b)(3)–(4)

Investigation of a Formal Complaint

When investigating a formal complaint and throughout the Title IX formal complaint process, a district must:

1. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the district and not on the parties provided that the district cannot access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and

DATE ISSUED: 6/30/2022

UPDATE 119 FFH(LEGAL)-P which are made and maintained in connection with the provision of treatment to the party, unless the district obtains that party's voluntary, written consent to do so for a Title IX formal complaint (if a party is not an "eligible student," as defined in 34 C.F.R. 99.3 then the district must obtain the voluntary, written consent of a "parent," as defined in 34 C.F.R. 99.3) [see FL(LEGAL) at Education Records];

- Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- 3. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- 4. Provide the parties with the same opportunities to have others present during any Title IX formal complaint proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or Title IX formal complaint proceeding; however, the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;
- Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- 6. Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the district does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to completion of the investigative report, the district must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties must have at least ten days to submit a written response, which the investigator will consider prior to completion of the investigative report. The district must make all such evidence subject to the parties' inspection and review available at any hearing to give each

- party equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination; and
- 7. Create an investigative report that fairly summarizes relevant evidence and, at least ten days prior to a hearing (if a hearing is required or otherwise provided) or other time of determination regarding responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

34 C.F.R. 106.45(b)(5)

Hearings

The district's Title IX formal complaint process may, but need not, provide for a hearing. With or without a hearing, after the district has sent the investigative report to the parties pursuant to 34 C.F.R. 106.45(b)(5)(vii) [see Investigation of a Formal Complaint, above] and before reaching a determination regarding responsibility, the decision-maker(s) must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. With or without a hearing, questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant. 34 C.F.R. 106.45(b)(6)(ii)

Determination Regarding Responsibility The decision-maker(s), who cannot be the same person(s) as the Title IX Coordinator or the investigator(s), must issue a written determination regarding responsibility. To reach this determination, the district must apply the standard of evidence described at Process for Title IX Formal Complaint, above.

The written determination must include:

- 1. Identification of the allegations potentially constituting sexual harassment:
- A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
- 3. Findings of fact supporting the determination;

STUDENT WELFARE FREEDOM FROM DISCRIMINATION, HARASSMENT, AND RETALIATION

FFH (LEGAL)

- 4. Conclusions regarding the application of the district's code of conduct to the facts;
- 5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's education program or activity will be provided by the district to the complainant; and
- 6. The district's procedures and permissible bases for the complainant and respondent to appeal.

The district must provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the district provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

34 C.F.R. 106.45(b)(7)(i)–(ii)

Implementation of Remedies

The Title IX Coordinator is responsible for effective implementation of any remedies. 34 C.F.R. 106.45(b)(7)(iv)

Appeals

A district must offer both parties an appeal from a determination regarding responsibility, and from a district's dismissal of a formal complaint or any allegations therein, on the following bases:

- 1. Procedural irregularity that affected the outcome of the matter:
- 2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- The Title IX Coordinator, investigator(s), or decision-maker(s)
 had a conflict of interest or bias for or against complainants or
 respondents generally or the individual complainant or respondent that affected the outcome of the matter.

A district may offer an appeal equally to both parties on additional bases.

As to all appeals, the district must:

- 1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties;
- 2. Ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the deter-

- mination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator;
- Ensure that the decision-maker(s) for the appeal complies with the standards in the Title IX regulations regarding conflict of interest and bias [see Process for Title IX Formal Complaint, item 3, above];
- 4. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
- 5. Issue a written decision describing the result of the appeal and the rationale for the result; and
- 6. Provide the written decision simultaneously to both parties.

34 C.F.R. 106.45(b)(8)

Informal Resolution A district may not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of sexual harassment consistent with Title IX. Similarly, a district may not require the parties to participate in an informal resolution process and may not offer an informal resolution process unless a formal complaint is filed. However, at any time prior to reaching a determination regarding responsibility the district may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication, provided that the district:

- 1. Provides to the parties a written notice disclosing:
 - a. The allegations;
 - b. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the Title IX formal complaint process with respect to the formal complaint; and
 - Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;
- 2. Obtains the parties' voluntary, written consent to the informal resolution process; and

Recordkeeping

A district must maintain for a period of seven years records of:

- Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the district's education program or activity;
- 2. Any appeal and the result therefrom;
- 3. Any informal resolution and the result therefrom; and
- 4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. A district must make these training materials publicly available on its website or if the district does not maintain a website the district must make these materials available upon request for inspection by members of the public.

For each response required under Title IX Coordinator Response, above, a district must create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the district must document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity.

If a district does not provide a complainant with supportive measures, then the district must document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken.

Retaliation Prohibited

No district or other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under Title IX.

STUDENT WELFARE FREEDOM FROM DISCRIMINATION, HARASSMENT, AND RETALIATION

FFH (LEGAL)

Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, constitutes retaliation.

Complaints alleging retaliation may be filed according to the Process for Title IX Formal Complaint above.

The exercise of rights protected under the First Amendment does not constitute retaliation prohibited by Title IX.

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a Title IX formal complaint proceeding does not constitute retaliation prohibited by Title IX, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

Confidentiality

The district must keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the Family Educational Rights and Privacy Act (FERPA) statute, 20 U.S.C. 1232g, or FERPA regulations, 34 C.F.R. Part 99, or as required by law, or to carry out the purposes of 34 C.F.R. The Protectors Student Group

The Protector Student group will be part of Student Council and they will hold a minimum of 1 session per semester to help plan out anti-bullying week in the fall and kindness/mental health awareness week in the spring.

These special sessions will also include parents and campus administration to address bullying by focusing on prevention efforts and health and wellness initiatives. They will also review the district's data on bullying perspective by the students and plan on building a positive school culture that focuses on building healthy relationships between students and staff.

Engage Youth

- School staff needs help in order to prevent bullying and protect students.
- School staff cannot do it alone.
- Youth also has a role to play in preventing bullying at school.

Benefits of Youth Engagement

- Research shows that school leaders can play a powerful role in bullying prevention.
 - But again, they cannot do it alone
- When students are involved in the problem solving process:
 - Students feel safer and can focus on learning.
 - Teachers and staff can focus on their work.
 - Schools can develop more responsive solutions because students are more likely to see or hear about bullying than adults.
 - School climate improves because students are engaged in taking action to stop bullying.

How Youth Can Contribute

- Schools can set the stage for meaningful youth involvement, but it does take time. Our youth needs to feel valued and be given opportunities to provide their input.
- To continue youth involvement, schools need to provide meaningful roles for them.
 - Students can contribute their views and experiences with bullying. They can take leadership roles in school to promote respect and inclusion, communicate about bullying prevention with their peers, and help develop rules and policies.

Protectors Group

- A small group of people focused on school safety concerns is one strategy to engage youth, as well as others, in bullying prevention. The following people can make positive contributions to the Protectors Group.
 - Administrators can answer questions about the policies that are in currently in place.
 - Inventive, respected teachers with strong classroom and "people" skills can give insights.
 - Other school staff, like counselors, school nurses, librarians, bus drivers can bring diverse perspective on bullying.
 - Students can bring fresh views and help identify real-life challenges to prevention.
 - Other community stakeholders, such as police officers, elected officials, and health care providers can provide a broader perspective.

Protectors Group

- Plan bullying prevention and intervention programs. Set measurable goals.
- Implement a bullying prevention effort. Meet often enough to keep the momentum and address barriers.
- Develop, communicate, and enforce bullying prevention policies and rules.
- Educate the school community about bullying to ensure everyone understands the problem and their role in stopping it.
- Conduct school-wide assessments and review other data, such as incident reports.
- Evaluate bullying prevention efforts and refine the plan if necessary.
- Advocate for the school's work in bullying prevention to the entire school community.
- Sustain the effort over time.

Reminder

- During the meetings please do not discuss individual student behaviors.
- We need to keep the privacy of all our students safe.

David's Law was passed and signed during the Texas 85th Legislative Session, Senate Bill 179.

- This was after David Molak, a 16-year-old high school student from San Antonio, died by suicide in January 2016 after being harassed online by classmates who mocked his appearance and threatened physical violence.
- The purpose of David's Law is to bring awareness and the implementation of policies to schools to battle cyberbullying.

Senate Bill 179

David's Law

David's Law

- Requires schools to report and intervene in any suspected cyberbullying cases involving harassment or assault/bodily injury (or threat of)
- Courts can hold parents accountable if they could've taken reasonable actions to get their child to cease engaging in cyberbullying and failed to do so.

Bullying

Bullying is defined as engaging in written or verbal expression, expression through electronic means, or physical conduct that occurs on school property, at a school-sponsored or school-related activity, or on a vehicle operated by the district and that:

- Has the effect or will have the effect of physically harming a student, causing a student to experience substantial negative mental health effects, damaging a student's property, or placing a student in reasonable fear of harm to the student's person or of damage to the student's property;
- Is sufficiently severe, persistent, and pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student;
- Interferes with a student's education opportunities or substantially disrupts the orderly operation of a classroom, school, or school-related activity.

Is It Bullying or a Conflict?

Bullying vs. Conflict

- Bullying behavior is very different from conflict. Bullying is behavior that is intended to cause harm.
- There is always an imbalance of power (physical or social) or strength between the person doing the bullying and the target of the behavior.
- Most conflicts arise in the moment because people of the same relative amount of power see the same situation from two different points of view.

Bullying

Bullying is one of the most talked about topics related to school safety and security

A survey from the Youth Risk Behavior Surveillance System reported the following for High School students:

- 14.3% of students in Texas had been bullied on school property
- 12.2% of students had been electronically bullied
- Another study reported that 90% of all youth who had been victimized by cyberbullying did not tell adults

Students that are bullied have an increased risk for psychological and physical issues, including depression and substance misuse.

Cyberbullying

Cyberbullying is bullying that is done through the use of electronic communication, including through the use of a cellular or other type of telephone, a computer, pager, camera, electronic mail, instant messaging, text messaging, a social media application, internet website, or other internet-based communication tool.

Applies to cyberbullying that occurs off school property or outside of a school sponsored or school-related activity.

Cyberbullying may have consequences if it...

- Interferes with a student's educational opportunities
- Substantially disrupts the orderly operation of a school classroom or school sponsored or related activity
- Engages by encouraging suicide
- Incites violence through group bullying
- Releases or threatens to release "intimate visual material" without consent

Cyberbullying = misdemeanor

By classifying cyberbullying as a misdemeanor, the law can

- Increase penalties for those who encourage someone to die by suicide or engage in serious bodily injury
- Allows the court to issue subpoenas to unmask people who anonymously harass minors online

Signs a child is being bullied

Please keep in mind that not all children exhibit warning signs

- Unexplainable injuries
- Lost or destroyed clothing, books, electronics, or jewelry
- Frequent headaches or stomach aches, feeling sick or faking illness
- Changes in eating habits, like suddenly skipping meals or binge eating.

 (i.e., Kids may come home from school hungry because they did not eat lunch)
- Difficulty sleeping or frequent nightmares
- Declining grades, loss of interest in schoolwork, or not wanting to go to school
- Sudden loss of friends or avoidance of social situations
- Feelings of helplessness or decreased self esteem
- Self-destructive behaviors such as running away from home, harming themselves, or talking about suicide.

Signs a child is bullying others

Please keep in mind that not all children exhibit warning signs

- Get into physical or verbal fights
- Have friends who bully others
- Are increasingly aggressive
- Get sent to the principal's office or to detention frequently
- Have unexplained extra money or new belongings
- Blame others for their problems
- Don't accept responsibility for their actions
- Are competitive and worry about their reputation or popularity

Parental Notification

School must notify the parent of the <u>target</u> and the parent of the <u>accused</u> no later than the <u>next school day</u> after the incident is reported.

Parental Notification must contain:

- Actions the student can take to obtain assistance and intervention in response to the bullying
- Set out available counseling options for the target, the accused, and any involved bystanders
- Explain to the parent how the investigating process works
- Explain how to report (include anonymously)
- Explain consequences for those who retaliate (or get someone else to retaliate)

Required reporting, including anonymous reporting

Schools must promote a method for students to report

- Anonymously –The campus will be notified as soon as an anonymous report is made
 - SpeakUp for Safety Email Address: speakup@stu.irvingisd.net
 - O SpeakUp for Safety Phone # (Voicemail & Text): (469) 923-3002

Harassment

Harassment is threatening to cause harm or bodily injury to another student, engaging in sexually intimidating conduct, and causing physical damage to the property of another student, subjecting another student to physical confinement or restraint, or maliciously taking any action that substantially harms another student's physical or emotional health or safety.

Bullying and Harassment Awareness

PLEASE READ BEFORE PROCEEDING TO CHECKLIST

- If you determine that the situation is an imminent threat to life or safety, notify the police and your school's Safe and Supportive School Program Team* immediately.
- If you determine that the situation meets bullying or cyberbullying criteria, notify your school's Safe and Supportive School Program Team*.
- If you are still unsure if the situation meets bullying or cyberbullying criteria, speak with your school's *Safe and Supportive School Program Team** for guidance.
- If the incident being screened doesn't meet bullying or cyberbullying criteria, student social-emotional support may still be needed. Consult with your school's Safe and Supportive School Team* for guidance.

*Safe and Supportive School Program Team is a state mandated team that conducts threat assessments. It is responsible for collecting and analyzing harmful, threatening, and violent behavior, which includes bullying, to assess threat and risk levels and determine appropriate interventions. Every Texas public school must be served by a Safe and Supportive School Program Team.

BULLYING CHECKLIST

PLEASE READ BEFORE USING CHECKLIST

To determine whether an act is bullying or cyberbullying by law, proceed down the checklist and provide a checkmark for each true statement. If any identified section does not receive at least one checkmark, then the act is not considered bullying by state law.

SB 179, "David's Law" expanded authority to school districts, allowing public and charter schools to address cyberbullying off-campus and outside of school-related or school-sponsored activities based on specific criteria. In order to address this legislative change, this checklist may help parents, educators, and administrators determine if a student at their school has been bullied according to the legislative definition. Please follow the conditional 'yes/no' logic for the questions regarding the use of electronic communication devices in possible bullying scenarios.

Did the act occur outside of a school-sponsored or school-related activity?

(This is an important distinction, as David's Law expands a school district's authority to include cyberbullying incidents that occur off campus and outside a school-sponsored or school-related activity, as long as it meets one of the below criteria.)

Yes

Did the act interfere with a student's educational opportunities; or substantially disrupt the orderly operation of a classroom, school, or school-sponsored/related activity?

No

According to law, if the act **DID NOT** meet the criteria above, it is not under the school district's authority.

IS IT BULLYING?

Was it a single significant act?

Was it a pattern of acts? By one or more students directed at another student that exploits an imbalance of power Through physical contact Using verbal expression... Using written expression... Using electronic means... Physically harms a student or damages their property..... Creates reasonable fear of harm to student or damage to their property..... Is sufficiently severe, persistent, or pervasive enough that the action or threat creates: Intimidating educational environment Threatening educational environment Abusive educational environment Materially and substantially disrupts the educational process or operation of school Infringes on rights of victim at school.

Was the act committed by using any type of electronic communication device?

BULLYING CHECKLIST EXAMPLES

The examples provided below are not an exhaustive list. They are provided to support you through the checklist to determine whether the act(s) meet the legal definition of bullying.

Was it a single significant act? What makes a single act 'significant' is the severe or pervasive effect it has on the target (victim) of the bullying. Examples of single significant acts include a student who is severely physically injured by their bully or a student who is told to kill themself. It can occur electronically, for example, an intimate photo is stolen and posted online, or a video showing a student being ridiculed is uploaded onto social media. With social media, it can be difficult to determine whether an act of bullying occurred once or was a pattern of acts. This is one reason why David's Law amended the Texas Education Code to include a single significant act. As hurtful comments, images, or videos may be posted one time, each comment, like, or share, as well as the permanent nature of the internet and technology adds additional pain to the target of the bullying. The important thing to focus on is not whether the act meets 'significant' status, but whether it is significant to the target of the bullying.

<u>Was it a pattern of acts?</u> There is no timeline for bullying behavior to be considered a pattern of acts. Repeated acts can occur within a short period of time or they can span months or even years. For example, a student is physically bullied in sixth grade, and is then cyberbullied in seventh grade when altered images and hurtful comments are posted online by the same student who bullied them in sixth grade. Or a student is repeatedly called hurtful names and has things thrown at them every time they walk down the school hallway.

By one or more students directed at another student that exploits an imbalance of power. An imbalance of power is a subjective determination and can include physical, social, emotional, informational, or other threats to a students' emotional wellbeing. This can change over time even if it involves the same students.

Power may include physical strength and stature, social status at school or on social media, or having access to embarrassing photos or personal information. For example, a student threatens to tell everyone at school that the target of their bullying lives at a shelter, or that the target's parents are unemployed. Another example is a student with a large social media following who has access to unflattering photos of the target and threatens to post the photos online.

<u>Through physical contact</u> Bullying through physical contact can include pinching, flicking, poking, punching, slapping, hitting, or being pushed down the stairs. Bullying through physical contact, such as flicking or pinching, can sometimes be dismissed as immature or childish behavior. Avoid minimizing or dismissing the behavior, especially when it meets all bullying checklist criteria.

<u>Using verbal expression</u> Bullying through verbal expression can include name calling, derogatory comments, ridiculing, threats to cause harm, or threats to take away friendship. It is important to distinguish between when a student is being rude or mean, and when they are bullying. Rude and mean comments hurt, but for it to rise to the level of bullying it would need to meet all checklist criteria.

<u>Using written expression</u> Bullying through written expression can include writing hurtful comments or threats in notes, on photos, lockers, mirrors, walls, or on paper or other material.

<u>Using electronic means</u> Bullying through electronic means includes using technology such as smartphones or computers to bully others. It can also include the use of a camera, e-mail, text or instant messaging, social media application, or internet website. Examples include spreading rumors or gossip through social media, taking and sending embarrassing pictures or videos without permission, creating a fake profile and pretending to be another student, threatening violence through group bullying, photoshopping someone's image to humiliate, harass, or embarrass, or recording and posting fight videos. The technology and devices used can be personal, or school issued.

BULLYING CHECKLIST EXAMPLES

<u>Physically harms a student or damages their property</u> Physical harm could include bruises, cuts, burns, or a broken bone. Bullying can also include damage to property, including clothing, bookbags, smartphones, or laptops.

<u>Creates reasonable fear of harm to student or damage to their property</u> It is important to understand the fear of harm that bullying causes, either to a person or their property. For example, a student is told "you'll be sorry if you come to school tomorrow" and as a result the student is in fear of going to school. In this context, 'reasonable' fear of harm applies to whether other people in the same situation would feel similarly.

<u>Intimidating educational environment</u> The target of the bullying feels intimidated at school, and as a result, the school environment is not a safe place for them. For example, the student is fearful of going to class because the student who is bullying them is in the same class.

<u>Threatening educational environment</u> The target of the bullying feels threatened at school, and as a result, the school environment is not a safe place for them. For example, the student is threatened online for asking a particular girl to prom and is fearful to return to school. Or the student is told that they will "regret it" if they try out for the track team.

Abusive educational environment The target of the bullying feels abused at school, and as a result, the school environment is not a safe place for them. For example, the student is pushed down the stairs, or the student's friends are told to not sit with them at lunch.

<u>Materially and substantially disrupts the educational process or operation of school</u> The bullying or the impact of the bullying is significant enough to disrupt or interfere with the education process, the classroom, or school operations. For example, a teacher is unable to cover instructional content as a significant amount of class time is spent addressing the student who is bullying. Or students, even those who may not be a target, are fearful to go to class or have difficulty receiving instruction because of the behavior of the student who is bullying.

<u>Infringes on the rights of the victim at school</u> The bullying or impact of the bullying restricts the rights of the target who is being bullied. For example, a student is afraid to go to the restroom or try out for a team because of being bullied.

Note:

This policy addresses bullying of District students. For purposes of this policy, the term bullying includes cyberbullying.

For provisions regarding discrimination and harassment involving District students, see FFH. Note that FFI shall be used in conjunction with FFH for certain prohibited conduct. For reporting requirements related to child abuse and neglect, see FFG.

Bullying Prohibited

The District prohibits bullying, including cyberbullying, as defined by state law. Retaliation against anyone involved in the complaint process is a violation of District policy and is prohibited.

Examples

Bullying of a student could occur by physical contact or through electronic means and may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, or ostracism.

Minimum Standards

In accordance with law, the Superintendent shall develop administrative procedures to ensure that minimum standards for bullying prevention are implemented.

Retaliation

The District prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, serves as a witness, or participates in an investigation.

Examples

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

False Claim

A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding bullying shall be subject to appropriate disciplinary action.

Timely Reporting

Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the District's ability to investigate and address the prohibited conduct.

Reporting Procedures

Student Report

To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, school counselor, principal, or other District employee. The Superintendent shall develop procedures allowing a student to anonymously report an alleged incident of bullying.

dent or group of students has or may have experienced bullying

shall immediately notify the principal or designee.

Report Format A report may be made orally or in writing. The principal or designee

shall reduce any oral reports to written form.

Periodic Monitoring The Superintendent shall periodically monitor the reported counts

of bullying incidents, and that declines in the count may represent not only improvements in the campus culture because bullying declines but also declines in the campus culture because of a decline

in openness to report incidents.

Notice of Report When an allegation of bullying is reported, the principal or de-

signee shall notify a parent of the alleged victim on or before the third business day after the incident is reported. The principal or designee shall also notify a parent of the student alleged to have engaged in the conduct within a reasonable amount of time after

the incident is reported.

Prohibited Conduct The principal or designee shall determine whether the allegations

in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or discrimination on the basis of race, color, religion, sex, gender, national origin, or disability. If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determi-

nation on each type of conduct.

Investigation of Report

The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bul-

lying during the course of an investigation, if appropriate.

Concluding the Investigation

Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary to complete a thorough investiga-

tion.

The principal or designee shall prepare a final, written report of the investigation. The report shall include a determination of whether bullying occurred, and if so, whether the victim used reasonable self-defense. A copy of the report shall be sent to the Superinten-

dent or designee.

Notice to Parents If an incident of bullying is confirmed, the principal or designee

shall promptly notify the parents of the victim and of the student

who engaged in bullying.

Note:

This policy addresses discrimination, including harassment, and retaliation against District students. For provisions regarding discrimination, including harassment, and retaliation against District employees, see DIA. For reporting requirements related to child abuse and neglect, see FFG. Note that FFH shall be used in conjunction with FFI (bullying) for certain prohibited conduct.

Prohibited Conduct

In this policy, the term "prohibited conduct" includes discrimination, harassment, dating violence, and retaliation as defined by this policy, even if the behavior does not rise to the level of unlawful conduct.

Prohibited conduct also includes sexual harassment as defined by Title IX. [See FFH(LEGAL)]

Statement of Nondiscrimination

The District prohibits discrimination, including harassment, against any student. Discrimination is defined as treating a student or group of students differently from similarly situated students on the basis of race, color, religion, sex, gender, national origin, age, disability, or any other basis prohibited by law. One type of harassment this policy prohibits is dating violence, as defined below. Retaliation against anyone exercising their rights under this policy is a violation of District policy and is prohibited.

Harassment

Harassment of a student is defined as physical, verbal, or nonverbal conduct based on the student's race, color, religion, sex, gender, national origin, age, disability, or any other basis prohibited by law, when the conduct is so severe, persistent, or pervasive that the conduct:

- 1. Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
- 2. Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
- 3. Otherwise adversely affects the student's educational opportunities.

Harassment includes dating violence as defined by law and this policy.

Examples

Examples of prohibited harassment may include offensive or derogatory language directed at another person's religious beliefs or practices, accent, skin color, or need for accommodation; threatening, intimidating, or humiliating conduct; offensive jokes, name call-

ing, slurs, or rumors; cyberharassment; physical aggression or assault; display of graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

Title IX Sexual Harassment

As required by law, the District shall follow the procedures below at Response to Title IX Sexual Harassment upon a report of sexbased harassment, including sexual harassment, gender-based harassment, and dating violence, when such allegations, if proved, would meet the definition of sexual harassment in an education program or activity and against a person in the United States under Title IX. [See FFH(LEGAL)]

Other Sexual Harassment

By an Employee

Sexual harassment of a student by a District employee includes both welcome and unwelcome sexual advances; requests for sexual favors; sexually motivated physical, verbal, or nonverbal conduct; or other conduct or communication of a sexual nature when:

- A District employee causes the student to believe that the student must submit to the conduct in order to participate in a school program or activity, or that the employee will make an educational decision based on whether or not the student submits to the conduct; or
- 2. The conduct is so severe, persistent, or pervasive that it:
 - a. Affects the student's ability to participate in or benefit from an educational program or activity, or otherwise adversely affects the student's educational opportunities; or
 - b. Creates an intimidating, threatening, hostile, or abusive educational environment.

Romantic or other inappropriate social relationships between students and District employees are prohibited. Any sexual relationship between a student and a District employee is always prohibited, even if consensual. [See DH]

By Others

Sexual harassment of a student, including harassment committed by another student, includes unwelcome sexual advances; requests for sexual favors; or sexually motivated physical, verbal, or nonverbal conduct when the conduct is so severe, persistent, or pervasive that it:

- Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
- 2. Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or

DATE ISSUED: 6/30/2022

FFH (LOCAL)

3. Otherwise adversely affects the student's educational opportunities.

Examples

Examples of sexual harassment of a student may include sexual advances; touching intimate body parts or coercing physical contact that is sexual in nature; jokes or conversations of a sexual nature; and other sexually motivated conduct, contact, or communications, including electronic communication.

Necessary or permissible physical contact such as assisting a child by taking the child's hand, comforting a child with a hug, or other physical contact not reasonably construed as sexual in nature is not sexual harassment.

Gender-Based Harassment

Gender-based harassment includes physical, verbal, or nonverbal conduct based on the student's gender, the student's expression of characteristics perceived as stereotypical for the student's gender, or the student's failure to conform to stereotypical notions of masculinity or femininity. For purposes of this policy, gender-based harassment is considered prohibited harassment if the conduct is so severe, persistent, or pervasive that the conduct:

- 1. Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
- 2. Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
- 3. Otherwise adversely affects the student's educational opportunities.

Examples

Examples of gender-based harassment directed against a student, regardless of the student's or the harasser's actual or perceived sexual orientation or gender identity, may include offensive jokes, name-calling, slurs, or rumors; cyberharassment; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

Dating Violence

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship. Dating violence also occurs when a person commits these acts against a person in a marriage or dating relationship with the individual who is or was once in a marriage or dating relationship with the person committing the offense.

For purposes of this policy, dating violence is considered prohibited harassment if the conduct is so severe, persistent, or pervasive that the conduct:

- 2. Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
- 3. Otherwise adversely affects the student's educational opportunities.

Examples

Examples of dating violence against a student may include physical or sexual assaults; name-calling; put-downs; or threats directed at the student, the student's family members, or members of the student's household. Additional examples may include destroying property belonging to the student, threatening to commit suicide or homicide if the student ends the relationship, attempting to isolate the student from friends and family, stalking, threatening a student's spouse or current dating partner, or encouraging others to engage in these behaviors.

When the District receives a report of prohibited conduct that includes dating violence, the appropriate District official shall immediately notify the parent or guardian of the student who has been identified in the report as the alleged victim or perpetrator.

Investigation of Reports Other Than Title IX

The following procedures apply to all allegations of prohibited conduct other than allegations of harassment prohibited by Title IX. [See FFH(LEGAL)] For allegations of sex-based harassment that, if proved, would meet the definition of sexual harassment under Title IX, including sexual harassment, gender-based harassment, and dating violence, see the procedures below at Response to Title IX Sexual Harassment.

The District may request, but shall not require, a written report. If a report is made orally, the District official shall reduce the report to written form.

Interim Action

If appropriate and regardless of whether a criminal or regulatory investigation regarding the alleged conduct is pending, the District shall promptly take interim action calculated to address prohibited conduct or bullying prior to the completion of the District's investigation.

District Investigation

The investigation may be conducted by the District official or a designee, such as the principal, or by a third party designated by the District, such as an attorney. When appropriate, the principal shall be involved in or informed of the investigation.

The investigation may consist of personal interviews with the person making the report, the person against whom the report is filed, and others with knowledge of the circumstances surrounding the allegations. The investigation may also include analysis of other information or documents related to the allegations.

Criminal Investigation

If a law enforcement or regulatory agency notifies the District that a criminal or regulatory investigation has been initiated, the District shall confer with the agency to determine if the District investigation would impede the criminal or regulatory investigation. The District shall proceed with its investigation only to the extent that it does not impede the ongoing criminal or regulatory investigation. After the law enforcement or regulatory agency has finished gathering its evidence, the District shall promptly resume its investigation.

Concluding the Investigation

Absent extenuating circumstances, such as a request by a law enforcement or regulatory agency for the District to delay its investigation, the investigation should be completed within ten District business days from the date of the report; however, the investigator shall take additional time if necessary to complete a thorough investigation.

The investigator shall prepare a written report of the investigation. The report shall include a determination of whether prohibited conduct or bullying occurred. The report shall be filed with the District official overseeing the investigation.

areas where prohibited conduct has occurred, and reaffirming the District's policy against discrimination, harassment, and retaliation.

Bullying

If the results of an investigation indicate that bullying occurred, as defined by FFI, the District official shall refer to FFI for appropriate notice to parents and District action. The District official shall refer to FDB for transfer provisions.

Improper Conduct If the investigation reveals improper conduct that did not rise to the level of prohibited conduct or bullying, the District may take disciplinary action in accordance with the Student Code of Conduct or other corrective action reasonably calculated to address the conduct.

Confidentiality

To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation and comply with applicable law.

Appeal

A student or parent who is dissatisfied with the outcome of the investigation may appeal through FNG(LOCAL), beginning at the appropriate level. A student or parent has the right to file a complaint with the United States Department of Education Office for Civil Rights.

Response to Title IX Sexual Harassment

For purposes of the District's response to reports of harassment prohibited by Title IX, definitions can be found in FFH(LEGAL).

General Response

When the District receives notice or an allegation of conduct that, if proved, would meet the definition of sexual harassment under Title IX, the Title IX coordinator shall promptly contact the complainant to:

- Discuss the availability of supportive measures and inform the complainant that they are available, with or without the filing of a formal complaint;
- Consider the complainant's wishes with respect to supportive measures; and
- Explain to the complainant the option and process for filing a formal complaint.

The District's response to sexual harassment shall treat complainants and respondents equitably by offering supportive measures to both parties, as appropriate, and by following the Title IX formal complaint process before imposing disciplinary sanctions or other actions that are not supportive measures against a respondent.

FFH (LOCAL)

If a formal complaint is not filed or dismissed, the District reserves the right to investigate and respond to prohibited conduct in accordance with Board policies and the Student Code of Conduct. The Title IX coordinator also reserves the right to sign a formal complaint, initiating the Title IX grievance process, if it would be deliberately indifferent not to investigate and respond to the prohibited conduct in accordance with Board policies and the Student Code of Conduct.

Title IX Formal Complaint Process

To distinguish the process described below from the District's general grievance policies [see DGBA, FNG, and GF], this policy refers to the grievance process required by Title IX regulations for responding to formal complaints of sexual harassment as the District's "Title IX formal complaint process."

The Superintendent shall ensure the development of a Title IX formal complaint process that complies with legal requirements. [See FFH(LEGAL)] The formal complaint process shall be posted on the District's website. In compliance with Title IX regulations, the District's Title IX formal complaint process shall address the following basic requirements:

- 1. Equitable treatment of complainants and respondents;
- 2. An objective evaluation of all relevant evidence;
- A requirement that the Title IX coordinator, investigator, decision-maker, or any person designated to facilitate an informal resolution process not have a conflict of interest or bias;
- 4. A presumption that the respondent is not responsible for the alleged sexual harassment until a determination is made at the conclusion of the Title IX formal complaint process;
- Time frames that provide for a reasonably prompt conclusion
 of the Title IX formal complaint process, including time frames
 for appeals and any informal resolution process, and that allow for temporary delays or the limited extension of time
 frames with good cause and written notice as required by law;
- A description of the possible disciplinary sanctions and remedies that may be implemented following a determination of responsibility for the alleged sexual harassment;
- 7. A statement of the standard of evidence to be used to determine responsibility for all Title IX formal complaints of sexual harassment:
- 8. Procedures and permissible bases for the complainant and respondent to appeal a determination of responsibility or a

- dismissal of a Title IX formal complaint or any allegations therein:
- 9. A description of the supportive measures available to the complainant and respondent;
- 10. A prohibition on using or seeking information protected under a legally recognized privilege unless the individual holding the privilege has waived the privilege;
- Additional formal complaint procedures in 34 C.F.R. 106.45(b), including written notice of a formal complaint, consolidation of formal complaints, recordkeeping, and investigation procedures; and
- 12. Other local procedures as determined by the Superintendent.

Standard of Evidence

The standard of evidence used to determine responsibility in a Title IX formal complaint of sexual harassment shall be the preponderance of the evidence.

Retaliation

The District prohibits retaliation by a student or District employee against a student alleged to have experienced discrimination or harassment, including dating violence, or another student who, in good faith, makes a report of harassment or discrimination, files a complaint of harassment or discrimination, serves as a witness, or participates in an investigation. The definition of prohibited retaliation under this policy also includes retaliation against a student who refuses to participate in any manner in an investigation under Title IX. In the absence of a formal complaint, allegations of retaliation shall be investigated under Investigation of Reports Other Than Title IX, above.

Examples

Examples of retaliation may include threats, intimidation, coercion, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

False Claim

A student who intentionally makes a false claim or offers false statements in a District investigation regarding discrimination or harassment, including dating violence, shall be subject to appropriate disciplinary action in accordance with law.

Records Retention

The District shall retain copies of allegations, investigation reports, and related records regarding any prohibited conduct in accordance with the District's records control schedules, but for no less than the minimum amount of time required by law. [See CPC]

moval, and an opportunity to respond to the reasons for the removal. The student may not be returned to the regular class pending the conference.

Mitigating Factors

Before ordering removal to a DAEP, the CBC must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history, and whether the student has a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct, regardless of whether the decision of the behavior coordinator concerns a mandatory or discretionary action.

Following the conference, and whether or not each requested person is in attendance after valid attempts to require the person's attendance, the CBC, after considering any mitigating factors under Education Code 37.001(a)(4) [see FO], shall order the placement of the student for a period consistent with the Student Code of Conduct.

Appeal

If district policy allows a student to appeal to the board or the board's designee a decision of the CBC or other appropriate administrator, the decision of the board or the board's designee is final and may not be appealed.

- 1. Does not threaten the safety of other students or teachers;
- 2. Will not be detrimental to the educational process; and
- 3. Is not contrary to the best interests of the district's students.

If a board or designee determines that the student should remain in an alternative education program, the board or designee shall reconvene the committee before the beginning of each school year to review the student's placement in an alternative education program.

Education Code 37.306

Appeal

A student or the student's parent or guardian may appeal a decision by a board or designee to place the student in an alternative education program by requesting a conference among the board or designee, the student's parent or guardian, and the student. The conference is limited to the factual question of whether the student is required to register as a sex offender under Chapter 62.

If a board or designee determines at the conclusion of the conference that the student is required to register as a sex offender, the student is subject to placement in an alternative education program.

The decision of a board or designee is final and may not be appealed.

Education Code 37.311

Liability

The above provisions regarding placement of a student who is a registered sex offender do not:

- Waive any liability or immunity of a governmental entity or its officers or employees; or
- 2. Create any liability for or a cause of action against a governmental entity or its officers or employees.

Education Code 37.312

Special Education Student

The placement of a student with a disability who receives special education services must be made in compliance with the Individuals with Disabilities Education Act (20 U.S.C. Section 1400 et seq.).

The review of the student's placement may be made only by a duly constituted ARD committee [see EHBAB]. The ARD committee

Transfer Students

Except where a student under court supervision transfers during a mandatory placement, a district shall determine whether to place a transfer student who is a registered sex offender in the appropriate alternative education program or in a regular classroom. A district shall follow the procedures at REVIEW, above, in making the determination. *Education Code* 37.308

Disciplinary Alternative Education Program (DAEP) Placement

The DAEP shall be provided in a setting other than the student's regular classroom. An elementary school student may not be placed in a DAEP classroom with a student who is not an elementary school student.

For purposes of DAEP, elementary classification shall be kindergarten–grade 5 and secondary classification shall be grades 6–12.

Summer programs provided by the district shall serve students assigned to a DAEP separately from those students who are not assigned to the program.

A student who is expelled for an offense that otherwise would have resulted in a DAEP placement does not have to be placed in a DAEP in addition to the expulsion.

In deciding whether to place a student in a DAEP, regardless of whether the action is mandatory or discretionary, the campus behavior coordinator shall take into consideration:

Self-defense (see glossary),

Intent or lack of intent at the time the student engaged in the conduct,

- 1. The student's disciplinary history,
- 2. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct,
- 3. A student's status in the conservatorship of the Department of Family and Protective Services (foster care), or
- 4. A student's status as homeless.

Discretionary Placement: Misconduct That May Result in DAEP Placement

A student may be placed in a DAEP for the following conduct violations:

Misconduct Identified in State Law

In accordance with state law, a student **may** be placed in a DAEP for any of the following offenses:

- Engaging in bullying that encourages a student to commit or attempt to commit suicide.
- Inciting violence against a student through group bullying.
- Releasing or threatening to release intimate visual material of a minor or of a student who is
 18 years of age or older without the student's consent.
- Involvement in a public-school fraternity, sorority, or secret society, or gang including participating as a member or pledge, or soliciting another person to become a pledge or member of a public-school fraternity, sorority, secret society, or gang. (See **glossary**.)
- Involvement in criminal street gang activity. (See glossary.)
- Criminal mischief, not punishable as a felony.
- Assault (no bodily injury) with threat of imminent bodily injury.
- Assault by offensive or provocative physical contact.

In accordance with state law, a student **may** be placed in a DAEP if the superintendent or the superintendent's designee has reasonable belief (see **glossary**) that the student engaged in conduct punishable as a felony, other than aggravated robbery or those listed as offenses in Title 5 (see **glossary**) of the Penal Code, that occurs off school property and not at a school-sponsored or school-related event, if the student's presence in the regular classroom threatens the safety of other students or teachers or will be detrimental to the educational process.

The campus behavior coordinator **may** place a student in a DAEP for off-campus conduct for which DAEP placement is required by state law if the administrator does not have knowledge of the conduct before the first anniversary of the date the conduct occurred.

Mandatory Placement: Misconduct That Requires DAEP Placement

A student **must** be placed in a DAEP if the student:

- Engages in conduct relating to a false alarm or report (including a bomb threat) or a terroristic threat involving a public school. (See **glossary**.)
- Commits the following offenses on school property, within 300 feet of school property as measured from any point on the school's real property boundary line, or while attending a school-sponsored or school-related activity on or off school property:
 - Engages in conduct punishable as a felony.
 - Commits an assault (see **glossary**) under Penal Code 22.01(a)(1).
 - Sells, gives, or delivers to another person or possesses, uses, or is under the influence
 of a controlled substance or a dangerous drug in an amount not constituting a felony
 offense. (School-related felony drug offenses are addressed in **Expulsion** on page 36.)
 (See **glossary** for "under the influence" "controlled substance," and "dangerous drug.")
 - Sells, gives, or delivers to another person or possesses, uses, or is under the influence of marijuana or THC. A student with a valid prescription for low-THC cannabis as authorized by Chapter 487 of the Health and Safety Code does not violate this provision.
 - Sells, gives, or delivers to another person an alcoholic beverage; commits a serious act or offense while under the influence of alcohol; or possesses, uses, or is under the influence of alcohol.
 - Behaves in a manner that contains the elements of an offense relating to abusable volatile chemicals.
 - Sells, gives, or delivers to another person or possesses or uses an e-cigarette.
 - Behaves in a manner that contains the elements of the offense of public lewdness or indecent exposure. (See glossary.)
 - Engages in conduct that contains the elements of an offense of harassment against an employee under Penal Code 42.07(a)(1), (2), (3), or (7).
- Engages in expellable conduct and is six to nine years of age.
- Commits a federal firearms violation and is younger than six years of age.
- Engages in conduct that contains the elements of the offense of retaliation against any school employee or volunteer on or off school property. (Committing retaliation in combination with another expellable offense is addressed in **Expulsion** on page 36.)

- Engages in conduct punishable as aggravated robbery or a felony listed under Title 5 (see **glossary**) of the Penal Code when the conduct occurs off school property and not at a school-sponsored or school-related event and:
- 7. The student receives deferred prosecution (see **glossary**),
- 8. A court or jury finds that the student has engaged in delinquent conduct (see **glossary**), or
- 9. The superintendent or designee has a reasonable belief (see **glossary**) that the student engaged in the conduct.

Sexual Assault and Campus Assignments

A student shall be transferred to another campus if:

- The student has been convicted of continuous sexual abuse of a young child or disabled individual or convicted of or placed on deferred adjudication for sexual assault or aggravated sexual assault against another student on the same campus; and
- The victim's parent or another person with the authority to act on behalf of the victim requests that the board transfer the offending student to another campus.

If there is no other campus in the district serving the grade level of the offending student, the offending student shall be transferred to a DAEP.

Process

Removals to a DAEP shall be made by the campus behavior coordinator.

Conference

When a student is removed from class for a DAEP offense, the campus behavior coordinator or appropriate administrator shall schedule a conference within three school days with the student's parent, the student, and, in the case of a teacher removal, the teacher.

At the conference, the campus behavior coordinator or appropriate administrator shall provide the student:

- Information, orally or in writing, of the reasons for the removal;
- An explanation of the basis for the removal; and
- An opportunity to respond to the reasons for the removal.

Following valid attempts to require attendance, the district may hold the conference and make a placement decision regardless of whether the student or the student's parents attend the conference.

Consideration of Mitigating Factors

In deciding whether to place a student in a DAEP, regardless of whether the action is mandatory or discretionary, the campus behavior coordinator shall take into consideration:

- 1. Self-defense (see glossary),
- 2. Intent or lack of intent at the time the student engaged in the conduct,
- 3. The student's disciplinary history,
- 4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct.

- 5. A student's status in the conservatorship of the Department of Family and Protective Services (foster care), or
- 6. A student's status as homeless.

Placement Order

After the conference, if the student is placed in a DAEP, the campus behavior coordinator shall write a placement order. A copy of the DAEP placement order and information for the parent or person standing in parental relation to the student regarding the process for requesting a full individual and initial evaluation of the student for purposes of special education services shall be sent to the student and the student's parent.

Not later than the second business day after the conference, the board's designee shall deliver to the juvenile court a copy of the placement order and all information required by Section 52.04 of the Family Code.

If the student is placed in a DAEP and the length of placement is inconsistent with the guidelines included in this Code of Conduct, the placement order shall give notice of the inconsistency.

DAEP at Capacity

If a DAEP is at capacity at the time the campus behavior coordinator is deciding placement for conduct related to marijuana, THC, an e-cigarette, alcohol, or an abusable volatile chemical, the student shall be placed in ISS then transferred to a DAEP for the remainder of the period if space becomes available before the expiration of the period of the placement.

If a DAEP is at capacity at the time the campus behavior coordinator is deciding placement for a student who engaged in violent conduct, a student placed in a DAEP for conduct related to marijuana, THC, an e-cigarette, alcohol, or an abusable volatile chemical may be placed in ISS to make a position in the DAEP available for the student who engaged in violent conduct. If a position becomes available in a DAEP before the expiration of the period of the placement for the student removed, the student shall be returned to a DAEP for the remainder of the period.

Coursework Notice

The parent or guardian of a student placed in DAEP shall be given written notice of the student's opportunity to complete, at no cost to the student, a foundation curriculum course in which the student was enrolled at the time of removal, and which is required for graduation. The notice shall include information regarding all methods available for completing the coursework.

Length of Placement

The campus behavior coordinator shall determine the duration of a student's placement in a DAEP.

The duration of a student's placement shall be determined case by case based on the seriousness of the offense, the student's age and grade level, the frequency of misconduct, the student's attitude, and statutory requirements.

The maximum period of DAEP placement shall be one calendar year, except as provided below.

Unless otherwise specified in the placement order, days absent from a DAEP shall not count toward fulfilling the total number of days required in a student's DAEP placement order.

The district shall administer the required pre- and post-assessments for students assigned to DAEP for a period of 90 days or longer in accordance with established district administrative procedures for administering other diagnostic or benchmark assessments.

Exceeds One Year

Placement in a DAEP may exceed one year when a review by the district determines that the student is a threat to the safety of other students or to district employees.

The statutory limitations on the length of a DAEP placement do not apply to a placement resulting from the board's decision to place a student who engaged in the sexual assault of another student so that the students are not assigned to the same campus.

Exceeds School Year

Students who are in a DAEP placement at the end of one school year may be required to continue that placement at the start of the next school year to complete the assigned term of placement.

For placement in a DAEP to extend beyond the end of the school year, the campus behavior coordinator or the board's designee must determine that:

- 1. The student's presence in the regular classroom or campus presents a danger of physical harm to the student or others, or
- 2. The student has engaged in serious or persistent misbehavior (see **glossary**) that violates the district's Code of Conduct.

Exceeds 60 Days

For placement in a DAEP to extend beyond 60 days or the end of the next grading period, whichever is sooner, a student's parent shall be given notice and the opportunity to participate in a proceeding before the board or the board's designee.

Appeals

Questions from parents regarding disciplinary measures should be addressed to the campus administration.

Student or parent appeals regarding a student's placement in a DAEP should be addressed in accordance with policy FNG(LOCAL). A copy of this policy may be obtained from the principal's office, the campus behavior coordinator's office, the central administration office, or through Policy On Line at the following address: http://pol.tasb.org/home/index/367

Appeals shall begin at Level 1 with the principal.

The district shall not delay disciplinary consequences pending the outcome of an appeal. The decision to place a student in a DAEP cannot be appealed beyond the board.

Restrictions During Placement

State law prohibits a student placed in a DAEP for reasons specified in state law from attending or participating in school-sponsored or school-related extracurricular activities.

The district shall provide transportation to students in a DAEP.

For seniors who are eligible to graduate and are assigned to a DAEP at the time of graduation, the last day of placement in the program shall be the last instructional day, and the student shall

be allowed to participate in the graduation ceremony and related graduation activities unless otherwise specified in the DAEP placement order.

Placement Review

A student placed in a DAEP shall be provided a review of his or her status, including academic status, by the campus behavior coordinator or the board's designee at intervals not to exceed 120 days. In the case of a high school student, the student's progress toward graduation and the student's graduation plan shall also be reviewed. At the review, the student or the student's parent shall be given the opportunity to present arguments for the student's return to the regular classroom or campus. The student may not be returned to the classroom of a teacher who removed the student without that teacher's consent except under the circumstances described on page 24, Returning a Student to the Classroom.

Additional Misconduct

If during the term of placement in a DAEP the student engages in additional misconduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted, and the campus behavior coordinator may enter an additional disciplinary order as a result of those proceedings.

Notice of Criminal Proceedings

When a student is placed in a DAEP for certain offenses, the office of the prosecuting attorney shall notify the district if:

- Prosecution of a student's case was refused for lack of prosecutorial merit or insufficient evidence, and no formal proceedings, deferred adjudication (see glossary), or deferred prosecution will be initiated; or
- 2. The court or jury found a student not guilty or made a finding that the student did not engage in delinquent conduct or conduct indicating a need for supervision, and the case was dismissed with prejudice.

If a student was placed in a DAEP for such conduct, on receiving the notice from the prosecutor, the superintendent or designee shall review the student's placement and schedule a review with the student's parent not later than the third day after the superintendent or designee receives notice from the prosecutor. The student may not be returned to the regular classroom pending the review.

After reviewing the notice and receiving information from the student's parent, the superintendent or designee may continue the student's placement if there is reason to believe that the presence of the student in the regular classroom threatens the safety of other students or teachers.

The student or the student's parent may appeal the superintendent's decision to the board. **The student may not be returned to the regular classroom pending the appeal.** In the case of an appeal, the board shall, at the next scheduled meeting, review the notice from the prosecutor and receive information from the student, the student's parent, and the superintendent or designee, and confirm or reverse the decision of the superintendent or designee. The board shall make a record of the proceedings.

If the board confirms the decision of the superintendent or designee, the student and the student's parent may appeal to the Commissioner of Education. The student may not be returned to the regular classroom pending the appeal.

Withdrawal During Process

When a student violates the district's Code of Conduct in a way that requires or permits the student to be placed in a DAEP and the student withdraws from the district before a placement order is completed, the campus behavior coordinator may complete the proceedings and issue a placement order. If the student then re-enrolls in the district during the same or a subsequent school year, the district may enforce the order at that time, less any period of the placement that has been served by the student during enrollment in another district. If the campus behavior coordinator or the board fails to issue a placement order after the student withdraws, the next district in which the student enrolls may complete the proceedings and issue a placement order.

Newly Enrolled Students

The district shall decide on a case-by-case basis whether to continue the placement of a student who enrolls in the district and was assigned to a DAEP in an open-enrollment charter school or another district including a district in another state. The district may place the student in the district's DAEP or a regular classroom setting.

When a student enrolls in the district with a DAEP placement from a district in another state, the district has the right to place the student in DAEP to the same extent as any other newly enrolled student if the behavior committed is a reason for DAEP placement in the receiving district.

State law requires the district to reduce a placement imposed by a district in another state that exceeds one year so that the total placement does not exceed one year. After a review, however, the placement may be extended beyond a year if the district determines that the student is a threat to the safety of other students or employees, or the extended placement is in the best interest of the student.

Emergency Placement Procedure

When an emergency placement is necessary because the student's behavior is so unruly, disruptive, or abusive that it seriously interferes with classroom or school operations, the student shall be given oral notice of the reason for the action. Not later than the tenth day after the date of the placement, the student shall be given the appropriate conference required for assignment to a DAEP.

Transition Services

In accordance with law and district procedures, campus staff shall provide transition services to a student returning to the regular classroom from an alternative education program, including a DAEP. See policy FOCA(LEGAL) for more information.

Working Together

Experience and research tell us that a child succeeds in education with good communication and a strong partnership between home and school. A parent's involvement and engagement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child every day to make the most of the educational opportunities the school provides.
- Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.
- Becoming familiar with all your child's school activities and with the academic programs, including special programs, offered in the district.
- Discussing with the school counselor or principal any questions you may have about the options and opportunities available to your child.
- Reviewing the requirements and options for graduation with your child in middle school and again while your child is enrolled in high school.

Dyslexia Information, Definition, and
Instructional Components

What is Dyslexia?

Dyslexia is a specific learning disability that is neurological in origin. It is characterized by difficulties with accurate and/or fluent word

recognition and by poor spelling and decoding abilities. These difficulties typically result from a deficit in the phonological component of language that is often unexpected in relation to other cognitive abilities and the provision of effective classroom instruction. Secondary consequences may include problems in reading comprehension and reduced reading experience that can impede growth of vocabulary and background

knowledge. (Adopted by the International Dyslexia Association, November 12, 2002).

Reading Problems Have Nothing To Do With Intelligence...

Reading/Thinking Strategies

- 1. Schema: Use What You Know
- *Relate to the reading personally
- *Make connections with things you already know
- 2. Make Inferences
- *Predict what will happen
- *Form an opinion
- 3. Ask Ouestions
- *What do you wonder?
- *What didn't the author tell you?

Why Is Dyslexia Intervention Important?

Dyslexia instruction will provide the student with a multisensory teaching approach to help the student be successful. It will include the following instructional components:

- *Language Development
- *Sound and Symbol Awareness
- *Alphabetic Knowledge
- *Handwriting
- *Reading
- *Spelling
- *Vocabulary
- *Comprehension
- *Organization/Study Skills

What you can expect

for your child . . .

The student to teacher ratio in dyslexia intervention is 8:1. Your child will receive individualized instruction beginning in kit 1, through kit 7, for approximately 3–6 years (depending on his/her degree of reading difficulty) from a highly trained dyslexia interventionist.

Besides improving their reading, spelling, and critical thinking skills, dyslexia intervention will help students be successful in other areas as well. Students report:

- *Improved confidence and self-esteem
- *Increased time spent reading for pleasure
- *A way to word attack and word decode

Parental Involvement:

Ensure that your child listens to electronic books or audio books using one of the programs in the resources section of this flyer.

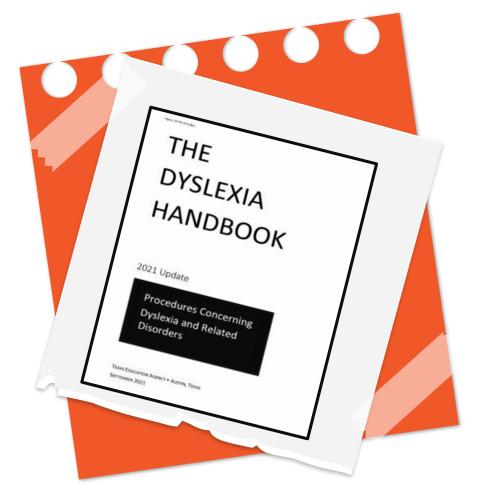

Also, if possible, listen along and/or discuss the reading/thinking strategies together.

Definition of Dyslexia

Texas Education Code (TEC) §38.003 defines dyslexia in the following way:

"Dyslexia" means a disorder of constitutional origin manifested by a difficulty in learning to read, write, or spell, despite conventional instruction, adequate intelligence, and sociocultural opportunity."

(The Dyslexia Handbook, 2021 Update, 1)

The International Dyslexia Association (IDA) defines "dyslexia" in the following way:

Dyslexia is a specific learning disability that is neurobiological in origin. It is characterized by difficulties with accurate and/or fluent word recognition and by poor spelling and decoding abilities. These difficulties typically result from a deficit in the phonological component of language that is often unexpected in relation to other cognitive abilities and the provision of effective classroom instruction. Secondary consequences may include problems in reading comprehension and reduced reading experience that can impede growth of vocabulary and background knowledge.

Primary Characteristics of Dyslexia

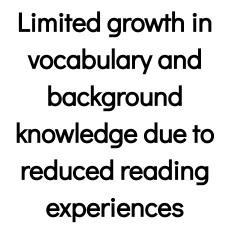

Secondary Consequences of Dyslexia

comprehension

Difficulty with aspects of written language

Risk Factors

Preschool

- Delay in learning to talk
- Difficulty with rhyming
- Difficulty pronouncing words (e.g., "pusgetti" for "spaghetti," "mawn lower" for "lawn mower")
- Poor auditory memory for nursery rhymes and chants
- Difficulty adding new vocabulary words
- Inability to recall the right word (word retrieval)
- Trouble learning and naming letters and numbers and remembering the letters in his/ her name
- Aversion to print (e.g., doesn't enjoy following along if a book is read aloud)

Kindergarten and First Grade

- Difficulty breaking words into smaller parts, or syllables (e.g., "baseball" can be pulled apart into
 "base" "ball" or "napkin" can be pulled apart into "nap" "kin")
- Difficulty identifying and manipulating sounds in syllables (e.g., "man" sounded out as /m//ă//n/)
- Difficulty remembering the names of letters and recalling their corresponding sounds
- Difficulty decoding single words (reading single words in isolation)
- Difficulty spelling words the way they sound (phonetically) or remembering letter sequences in very common words seen often in print (e.g., "sed" for "said")

Risk Factors

Second Grade and Third Grade

Many of the previously described behaviors remain problematic along with the following:

- Difficulty recognizing common sight words (e.g., "to," "said," "been")
- Difficulty decoding single words
- Difficulty recalling the correct sounds for letters and letter patterns in reading
- Difficulty connecting speech sounds with appropriate letter or letter combinations and omitting letters in words for spelling (e.g., "after" spelled "eftr")
- Difficulty reading fluently (e.g., reading is slow, inaccurate, and/or without expression)
- Difficulty decoding unfamiliar words in sentences using knowledge of phonics
- Reliance on picture clues, story theme, or guessing at words
- Difficulty with written expression

Fourth Grade through Sixth Grade

Many of the previously described behaviors remain problematic along with the following:

- Difficulty reading aloud (e.g., fear of reading aloud in front of classmates)
- Avoidance of reading (particularly for pleasure)
- Difficulty reading fluently (e.g., reading is slow, inaccurate, and/or without expression)
- Difficulty decoding unfamiliar words in sentences using knowledge of phonics
- Acquisition of less vocabulary due to reduced independent reading
- Use of less complicated words in writing that are easier to spell than more appropriate words (e.g., "big" instead of "enormous")
- Reliance on listening rather than reading for comprehension

Risk Factors

Middle School and High School

Many of the previously described behaviors remain problematic along with the following:

- Difficulty with the volume of reading and written work
- Frustration with the amount of time required and energy expended for reading
- Difficulty reading fluently (e.g., reading isslow, inaccurate, and/or without expression)
- Difficulty decoding unfamiliar words in sentences using knowledge of phonics
- Difficulty with written assignments
- Tendency to avoid reading (particularly for pleasure)
- Difficulty learning a foreign language

Postsecondary

Some students will not be identified as having dyslexia prior to entering college. The early years of reading difficulties evolve into slow, labored reading fluency. Many students will experience extreme frustration and fatigue due to the increasing demands of reading as the result of dyslexia. In making a diagnosis for dyslexia, a student's reading history, familial/genetic predisposition, and assessment history are critical. Many of the previously described behaviors may remain problematic along with the following:

- Difficulty pronouncing names of people and places or parts of words
- · Difficulty remembering names of people and places
- Difficulty with word retrieval
- Difficulty with spoken vocabulary
- Difficulty completing the reading demands for multiple course requirements
- Difficulty with notetaking
- Difficulty with written production
- Difficulty remembering sequences (e.g., mathematical and/or scientific formulas)

Definition of Dysgraphia

Texas Education Code (TEC) §38.003 defines dysgraphia in the following way:

"Dysgraphia is a written language disorder in serial production of strokes to form a handwritten letter. This involves not only motor skills but also language skills-finding, retrieving, and producing letters, which is a subword-level language skills. The impaired handwriting may interfere with spelling and/or composing, but individuals with only dysgraphia do not have difficulty with reading (Berninger, Richards, & Abbott, 2015)

(The Dyslexia Handbook, 2021 Update, 60)

THE DYSLEXIA HANDBOOK 2021 Update Procedures Concerning Dyslexia and Related Disorders TRANS EDUCATION AGENCY - AUSTIN, TRANS SOFTEMBER 2023

Texas Education Code (TEC) §38.003 defines dysgraphia in the following way:

"A review of recent evidence indicates that dysgraphia is best defined as a neurodevelopmental disorder manifested by *illegible and/or inefficient handwriting* due to difficulty with letter formation. This difficulty is the result of deficits in *graphomotor function* (hand movements used for writing) and/or *storing and retrieving orthographic codes* (letter forms) (Berninger, 2015). *Secondary consequences may include problems with spelling and written expression*. The difficulty is not solely due to lack of instruction and is not associated with other developmental or neurological conditions that involve motor impairment."

Assessment

Dyslexia and Related Disorders

Dyslexia and Related Disorders

The evaluation and identification process for dyslexia can be multifaceted. The process involves both state and federal requirements that must be followed. The evaluation and identification process for students suspected of having Dyslexia and/or Related Disorders is guided by the Individuals with Disabilities Education Act (IDEA)

The 2021 Dyslexia Handbook streamlines the process of identification and clarifles that anytime the district suspects that a student has dyslexia or a related disorder, the district must seek parental consent for a Full Individual Initial Evaluation (FIIE) under the IDEA.

HB 3928: TEA Guidance

Dyslexia and Related Disorder Website

Please note: House Bill 3928 was passed by the 88th Texas Legislature (Regular Session) and impacts dyslexia evaluation, identification, and instruction. While the agency works to update the necessary materials, be aware that the law is effective immediately. The State Board of Education's proposed timeline for its required changes will be communicated as that timeline is determined and communicated to the agency.

The agency has created resources to assist with the implementation of HB 3928:

- HB 3928 FAQs: Dyslexia Evaluation, Identification, and Instruction (August 2023) Spanish coming soon

TEC §29.0031

Dyslexia is a specific learning disability

HB 3928 created TEC §29.0031 that now states dyslexia is an example of and meets the definition of a SLD under IDEA. This is in conformity with IDEA's federal regulations at 34 C.F.R. §300.8(c)(10), which specifically lists dyslexia as an example of an SLD.

HB 3928 SBOE Tasks

- Revise its Dyslexia Handbook to no longer provide a distinction between standard protocol dyslexia instruction and other types of dyslexia instruction, including specially designed instruction.
- Determine the qualifications and training requirements for a required multidisciplinary team and admission, review, and dismissal (ARD) committee member when a student is suspected of, and is later identified with, dyslexia.

SBOE has until June 30, 2024, to update the Dyslexia Handbook.

TEA has created a Frequently Asked Questions (FAQ) document on HB 3928 and updated Appendix A: Questions and Answers related to the Dyslexia Handbook.

RIC

Parent Request for Evaluation

Parents may ask for a meeting with the campus to discuss their concerns and/or to request a full individual evaluation for dyslexia or a related disorder <u>at any time</u>. This request can be made to their child's teacher, the campus counselor, or the diagnostician. It can be in writing, in person, or over the phone.

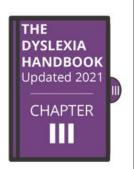

Disagreements with the Evaluation

Parents/guardians right to request an evaluation

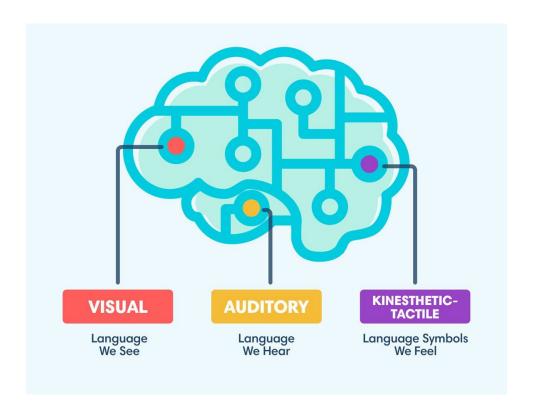

Under the IDEA, if the school refuses the request to evaluate, it must give parents prior written notice of its refusal to evaluate, including an explanation of why the school refuses to conduct an FIIE, the information that was used as the basis for the decision, and a copy of the Notice of Procedural Safeguards. Should the parent disagree with the school's refusal to conduct an evaluation, the parent has the right to initiate dispute resolution options including; mediation, state complaints, and due process hearings. Additionally, the parent may request an Independent Educational Evaluation (IEE) at public expense. Should the parent believe that their child is eligible for Section 504 aids, accommodations, and services the parent may request an evaluation under Section 504.

Dyslexia and Related Disorder

HB 3928- FAQ

Is an evidence-based dyslexia program (also known as SPDI) considered SDI, i.e., a special education service?

Yes, an evidence-based dyslexia program is a special education service.

The bill amends TEC §7.102(c)(28) regarding the SBOE authority on dyslexia services and gives the SBOE until June 30, 2024, to complete the rulemaking process required to update the Handbook to no longer provide a distinction between standard protocol dyslexia instruction and other types of dyslexia instruction.

Therefore, in order to provide clear guidance on how to implement the bill while the field waits for the Handbook changes, this document explains how LEAs should comply with the requirement not to have such distinctions in dyslexia instruction.

HB 3928-FAQ

What about students who currently receive evidence-based dyslexia programs through an accommodation plan under Section 504?

- LEAs cannot unilaterally decide to discontinue the provision of an evidence-based dyslexia program to a student who currently receives it through a Section 504 plan.
- Section 504 committees must begin the process of discussing a student's continued need for an evidence-based dyslexia program and submitting referrals for FIIEs, as soon as possible but no later than by the end of the 2024-2025 school year.

Instructional Accommodations

Accommodations are changes to materials, actions, or techniques, <u>including the use of technology</u>, that enable students with disabilities to participate meaningfully in grade-level course instruction.

- Minimizes impact of disability by providing equitable access to grade-level or course instruction in the general education classroom.
- Not one size fits all; the impact of dyslexia on each individual student determines the necessary
 accommodation.
- Accommodations may:
 - Adapt delivery of instruction
 - o Provide variation in the way a student communicates knowledge
 - Allow for changes to the environment

State Assessment Accommodations

When making decisions about accommodations, <u>instruction</u> is always the foremost priority. Not all accommodations used in the classroom are allowed during a state assessment.

- Accessibility Features are procedures & materials that are allowed for any student who needs them.

Talking Books Program

Senate Bill (SB) 2075 requires school districts to notify the parents or guardians of students determined, on the basis of dyslexia screening or reading instrument results to have dyslexia or a related disorder, or to be at risk for dyslexia or other reading difficulties, to have access to the Talking Book Program (TBP) maintained by the Texas State Library and Archives Commission. The TBP provides students with reading disabilities the ability to borrow audiobooks free of charge and includes over 100,000 titles, hundreds of which are in Spanish.

The District may require such a student to obtain the certification of a physician that the student is physically and emotionally able to continue participation in the normal education program or activity so long as such certification is required of all students for other physical or emotional conditions requiring the attention of a physician.

Separate Program

A district that operates a separate, voluntary program or activity for pregnant students shall ensure that the separate portion is comparable to that offered to nonpregnant students.

Leave of Absence

If the District does not maintain a leave policy for its students, or if a student does not otherwise qualify for leave under such a policy, the District shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy, and recovery therefrom as a justification for a leave of absence for as long as the student's physician deems medically necessary.

At the end of the leave, the District shall reinstate the student to the status she held when the leave began.

TEENAGE
PREGNANT AND PARENTING
STUDENTS (TAPPS)
PROGRAM

Are you a student facing the uncertainty and stress of being pregnant or a parent?

We can help.

Whether you are a teenage parent or are currently pregnant, this can be a very scary time in your life. You're facing many challenges, and the added responsibilities of being both a student and a parent may make it difficult for

The Teenage Pregnant and Parenting
Students (TAPPS) program is available to help
you adjust academically, mentally, and
physically so that you can cope with the stress
and demands of being a school-age parent.

Through parenting education and a variety of support services, the TAPPS program offers assistance so that you can remain in school and

experience success as both a student and a parent. TAPPS services are offered at each of the five IISD high

schools by a Student Advocate Counselor or PRS Specialist; however, the TAPPS program does extend services to middle school students as needed. All students have the option of remaining on their home campus or transferring to Barbara Cardwell Career Preparatory Center (BCCPC).

There is a *Student Advocate Counselor or PRS Specialist* at each of the high schools, and the *TAPPS Coordinator* is available to assist you with any questions you may have regarding the program.

CEHI instruction can be offered in her home, at her hospital bedside, or in the CEHI classroom at BCCPC. The location of the instruction depends on the individual situation and is determined by the program staff. CEHI is offered during her maternity leave, which will last six weeks after the delivery. Instruction is provided by a certified teacher, 4 hours per week for most students.

Students may receive assistance with the cost of daycare. Once your baby is born, you should contact the PRS Specialist or Student Advocate Counselor, as they can provide you with an application, explain the program guidelines, and answer any questions you may have. They will also provide you with a list of approved daycare centers that can be used.

SUPPORT GROUPS

Support groups may be held in the afternoon and/ or weekends for the purpose of discussing optional topics for TAPPS students. This will be led by TAPPS staff.

Possible topics: Creating and Reaching Goals, Difficulties in being a Teen Parent, Legal Services, Budgeting Finances, and many more!!!

TRANSPORTATION

Bus transportation is provided to any pregnant student enrolled in Irving ISD. Transportation is also provided for IISD students and their children when the children are attending daycare. Transportation is provided by TAPPS buses and is only available to transport to and from school and/or daycare facilities within the Irving ISD boundary lines. Students must provide safe car seats for their child.

How to Use This Guide

This course description guide is provided for the convenience of parents and students in selecting courses for high school. Course listings follow the same order as the subject areas on the graduation program charts. Electives are listed within each subject area. The grade level indicated represents the normal progression of courses. Students may enroll for a course at a different grade level provided the prerequisite has been met. Some courses may be available only at selected campuses. Those are noted with a location code. No location indicates the course is offered at all high school campuses. All elective courses listed in this guide will be offered if enrollments are enough and if qualified teachers are available.

Graduation Requirements

All entering freshmen will default to the Foundation High School program with a Distinguished Level of Achievement which will include the completion of at least one endorsement and Algebra II; the endorsement may be changed if a new endorsement can be completed. Students who choose to graduate without an endorsement must wait until the end of the sophomore year and have parent or guardian permission. All endorsements and performance acknowledgements will be indicated on a student's transcript.

STAAR End of Course (EOC) Requirements for High School Students

Irving Independent School District Grade Classification of Students

- Students are classified once a year at the end of the school year in June. The only exception is
 for those students who attend summer school or those students who participate in a district
 program designed for grade acceleration. The classification of students who attend summer
 school is revised, if applicable, in August. Only seniors are reclassified when correspondence,
 CBE or Dual course grades are received.
- 2. If an error is discovered in a student's classification or if the school receives new records that reflect more or fewer credits, the counselors submit a correction immediately.
- Classification of students is based on the number of credits earned and courses completed as indicated below. There are two exceptions to this rule: students in Gifted and Talented (G/T) programs and new immigrant students. The credit and classification breakdown are published in the student handbook.
 - Freshmen 0 5½ credits
 - Sophomore 6 11½
 - Junior 12 17½
 - Senior 18 +
- 4. <u>Classification of G/T students</u> G/T students who earn 6 or more credits in middle school will remain in the normal progression of their class.
- 5. <u>Classification of ELL Immigrant Students</u> Because all students receiving a diploma from an accredited Texas public school must meet the state graduation requirements, including passing all required STAAR EOC tests. New ELL students should not be enrolled in a grade level higher than 11th grade regardless of age or years completed in their country of origin. Students who have graduated <u>from high school</u> in another country may not be enrolled regardless of age. Please refer these students to a post-secondary institution <u>and/or</u> adult ESOL classes.
- 6. <u>Three Year Graduates</u> Students who wish to graduate in three years will need to consult with their counselor preferably no later than the end of their freshman year. Three-year graduates may be classified as seniors during the course of their third year of high school or mid-term if they have enough credits to graduate.

Early College and Dual Credit Program Offerings

The early college and dual credit program offerings help connect students to college before graduating high school by providing ALL students the opportunity for an early college experience through dual credit. Interested students should contact their school counselor.

Irving ISD has an instructional partnership with Dallas College to offer dual credit courses for students enrolled in Irving ISD high schools. The dual credit program allows students the opportunity to earn college credit while in high school. Dual credit courses are offered in a variety of subject areas including math, science, English, economics, history, government and technical education courses.

Irving ISD has designed several pathways, as indicated in the table below, for students to earn college credit through the Irving ISD dual credit program: Dual Credit – Basic, Dual Credit – Core, Associates of Arts or Associates of Science allowing a student to earn anywhere from 24 hours to 60 hours of college credit.

Texas Success Initiative Assessment (TSIA)

Students who are interested in taking dual credit courses, must show readiness to take college level courses. The TSIA 2.0 is the assessment instrument used to determine college readiness for non-exempt students, as required by the Texas Success Initiative and approved by the Texas Higher Education Coordinating Board (THECB).

TSIA helps determine whether students are ready for college-level coursework in English language arts and reading (ELAR) and mathematics. These are foundational subjects for other college coursework. The results of the TSIA 2.0 assessment, in conjunction with academic background, goals, and interests, are used by school counselors to place students in the appropriate courses that match their achievement level.

Not all students will need to take the TSIA 2.0. If college readiness standards are met on the End-of-Course examination (EOC), SAT, ACT, or in a college preparatory course, they may be exempt or waived from taking the TSIA.

To learn more about TSIA, contact your school counselor. If you are viewing this digitally, then click here for more details.

Frequently Asked Questions

What is Honors?

Honors courses are available to students in middle and high school. These courses foster a high level of engagement and are open to any student who is willing and prepared to take on challenging course work. The course goes beyond the state standards and is designed to be appropriately rigorous to prepare students to be successful in Advanced Placement (AP) Courses. Within high school, honors courses are available in English Language Arts, Mathematics, Science, Social Studies and Languages Other Than English (LOTE).

What is AP?

Advanced Placement (AP) courses allow students to participate in college-level courses and possibly earn college credit while still in high school. This is accomplished by taking an end of course AP exam designed by The College Board.

The score earned on the AP exam determines college credit. Each university sets the standard for the qualifying score for credit. Consult your intended university for more information on awarding credit. AP courses are offered in English Language Arts, Mathematics, Social Studies, Science, Languages Other Than English, Art and Music. Students enrolled in Advanced Placement (AP) course are required to take the AP Exam for the course in May. Failure to do so will result in the loss of AP weighted points for the course in which the exam is not taken. The test fees for AP tests are paid by the school district.

What is GT?

Gifted and talented (GT) services are specifically designed for the strengths and learning needs of the gifted learner, grades K-12. Specially trained teachers provide learning opportunities with course content that is either above-grade level or goes beyond the state standards, allowing student to excel and compete at the national level. The students demonstrate skills in self-directed learning, thinking, research and communication and develop innovative products and performances that reflect creativity, individuality and professional-level quality. Students must qualify for these accelerated courses through a referral and assessment process. Gifted courses available at high school are:

English: English 2 GT, GTISM I-IV, AP Capstone Seminar and Research Mathematics: Geometry GT, Algebra II GT Science: Chemistry GT, AP Physics 1

What is Dual Credit?

Dual Credit is a pre-college program through which qualified high school students can enroll in specifically approved classes taught by qualified high school teachers on the high school campus during normal high school hours. Students receive "dual credit", i.e. both high school and college credit for their work.

What is Concurrent Enrollment?

High school juniors and seniors can earn college credit at the same time they are completing requirements for high school graduation. Concurrent enrollment courses are taught on the college campus by college professors and high school students can participate in classes right along with full time college students. Some concurrent enrollment courses may be taken for both college credit as well as high school credit, while other courses may be taken strictly for college credit.

Concurrent Enrollment

Students wishing to take courses at North Lake College for college credit need to see their counselor.

What is PRN and FND courses?

Principles (PRN)-Courses designed with modifications to the grade level curriculum. Enrollment in Principles level courses is based on the recommendations from the Individualized Education Program.

Fundamentals (FND)-Courses focus on the prerequisite skills to the grade level curriculum. Enrollment in fundamentals level courses is based on the recommendations from the Individualized Education Program.

If you have any questions or concerns, please contact your school counselor.

Frequently Asked Questions

What is Honors?

Honors courses are available to students in middle and high school. These courses foster a high level of engagement and are open to any student who is willing and prepared to take on challenging course work. The course goes beyond the state standards and is designed to be appropriately rigorous to prepare students to be successful in Advanced Placement (AP) courses. Within high school, Honors courses are available in English Language Arts and Reading, Mathematics, Science, Social Studies, and Languages other than English (LOTE).

What is AP?

Advanced Placement (AP) courses allow students to participate in college-level courses and possibly earn college credit while still in high school. This is accomplished by taking an end of course AP exam designed by The College Board. The score earned on the AP exam determines college credit. Each university sets the standard for the qualifying score for credit. Texas public universities must award college credit for scores of 3 or higher. Consult your intended university for more information on awarding credit. AP courses are offered in English Language Arts and Reading, Mathematics, Social Studies, Science, Languages other than English, Art, and Music. Students enrolled in Advanced Placement (AP) courses are required to take the AP Exam for the course in May. Failure to do so will result in the loss of AP weighted points for the course in which the exam is not taken. The test fees for AP tests are paid by the school district.

What is GT?

Gifted and talented (GT) services are specifically designed for the strengths and learning needs of the gifted learner, grades K-12. Specially trained teachers provide learning opportunities with course content that is either above-grade level or goes beyond the state standards, allowing students to excel and compete at the national level. The students demonstrate skills in self-directed learning, thinking, research and communication and develop innovative products and performances that reflect creativity, individuality, and professional-level quality. Students must qualify for these accelerated courses through a referral and assessment process. Gifted courses available in middle school are:

English: Honors GT English/Humanities 6, Honors GT English/Humanities 7, Honors GT English 1/Humanities

Mathematics: Honors GT Math 6, Honors GT Math 7, Honors GT Algebra 1

Science: Honors GT Science 6, Honors GT Science 7, Honors GT Biology

What are PRN and FND courses?

Principles (PRN) - Courses designed with modifications to the grade level curriculum. Enrollment in Principles level courses is based on the recommendations from the Individualized Education Plan.

Fundamentals (FND) - Courses focus on the prerequisite skills to the grade level curriculum. Enrollment in fundamentals level courses is based on the recommendations from the Individualized Education Plan.

Please contact your school counselor if additional information is needed.

Compensation Definitions

Minimum of the Salary Range

The Minimum of the Range is the lowest salary rate for that specific position.

Midpoint of the Salary Range

The Midpoint of the Range represents the market value for the position and is the salary amount halfway between the lowest and highest salary rate for that specific position.

Maximum of the Salary Range

The Maximum of the Range is the highest salary rate for that specific position.

Internal Equity

Internal equity identifies and addresses equity in employee compensation between employees who are considered similarly situated and are performing similarly.

Internal equity does not attempt to make pay exactly the same for employees simply because they are in the same job title. Consideration is taken of the similarities and dissimilarities in experience, skills, abilities, and record of job performance, and aligns the pay fairly and equitably based on those factors.

External Market Equity

External market equity is an assessment of external market compensation that attempts to ensure competitiveness in pay practices for the same duties. This process is used as a tool to compare similar positions with external organizations and industries to align pay practices.

Promotion

Promotion is a job movement from a position in a lower classification/range/salary schedule to a <u>different position</u> in a higher classification/range/salary schedule.

A promotion increase is applied to the employee's current base salary, less any stipends paid for supplemental duties.

Demotion

Demotion is a job movement from a position in a higher classification/range/salary schedule to a <u>different</u> <u>position</u> in a lower classification/range/salary schedule.

A reduction in pay may occur when an employee is reassigned to a different job in a pay range with a daily/hourly rate midpoint that is less than the daily/hourly rate midpoint of the previous job's pay range. Any reduction in pay is subject to approval by the Superintendent or designee.

Lateral

A lateral transfer is a movement to another job assigned to the same pay grade.

Position Reassignment

Position reassignment is a movement from a pay range structure to an experience-based placement scale (teacher, counselor, or librarian). Salary placement will be made according to years of creditable experience.

Compensation, Benefits, and Leaves Handbook - revised July 2024

Reinstatement

Reinstatement occurs when an employee is rehired following a separation or break in service from the District.

Salary Proration

Salary proration occurs when an employee starts their new position after the start date for the position calendar, and salary is determined based on the total number of days remaining.

Supplemental Pay

Supplemental pay is an additional stipend or extra-duty pay that is paid in addition to, but separate from, regular base salary. **Supplemental pay is authorized on a year-to-year basis and is not to be considered a property right.** Supplemental pay will be discontinued upon cessation of assignment, which can occur at any time, or upon the occurrence of an event that otherwise causes the employee to be ineligible to receive the supplemental pay.

Job Classification/Reclassification

Job classification/reclassification is the process of accurately and objectively defining the position/job duties, responsibilities, tasks, level of authority, and minimum requirements.

All positions, except for teachers, librarians, counselors, substitutes, and part-time/temporary, are assigned to pay grades based on the skill, effort, and responsibility required for the job assignment.

Compensation Laws

Fair Labor Standards Act (FLSA)

There are four (4) major provisions of the FLSA: Minimum Wage, Overtime Pay, Child Labor, and Recordkeeping. Unless exempt, covered employees must be paid at least the minimum wage and not less than one and one-half times their regular rates of pay for overtime hours worked.

Positions considered exempt for FLSA purposes must meet one of the following exemptions:

- Executive
- Administrative
- Professional*
- Computer Employees
- Highly Compensated Employees

*The Department of Labor has determined that substitute teachers whose primary responsibility is teaching the same subjects as the everyday teacher for whom they substitute are exempt under the FLSA.

All substitute teachers shall accept assignments through the Frontline absence management system. All days (and half days) worked shall be imported to the MUNIS payroll system by the Payroll Department.

Positions typically considered non-exempt for the purposes of the FLSA are noted below:

- Paraprofessional staff (clerical, aides, and technical staff)
- Auxiliary (custodial, maintenance, food service, transportation, security/police, etc.)
- Substitute staff for paraprofessionals and auxiliary staff

The district has determined the exempt status of each position and recorded the status on a job description. The job description serves the function of notifying the employee of their respective job duties and responsibilities, but also their status under the FLSA.

The FLSA requires employers to:

- pay all covered non-exempt employees, for all hours worked, at least the Federal Minimum Wage of \$7.25 per hour effective July 24, 2009;
- pay at least one and one-half times the non-exempt employees' regular rates of pay for all hours worked over 40 in the workweek;
- comply with the youth employment standards; and
- comply with the recordkeeping requirements

Hours Worked - Non-Exempt Employees

Covered non-exempt employees must be paid for *all* hours worked in a <u>workweek</u>. In general, compensable hours worked include all time an employee is on duty or at a prescribed place of work and any time that an employee is suffered or permitted to work. This would generally include work performed at home, travel time, waiting time, training, and probationary periods.

The district has established the following workweek for all non-exempt staff:

Saturday 12:00 am through Friday 11:59 p.m.

Specific FLSA guidelines include the following [excerpts from FLSA Fact Sheet #22 are denoted in italics]:

<u>Suffered or Permitted to Work</u>: Work not requested but suffered or permitted to be performed is work time that must be paid by the district. For example, an employee may voluntarily continue to work at the end of a shift to finish an assigned task or to correct errors. The reason is immaterial. The hours are work time and are compensable.

If the supervisor allows or permits the employee to perform the work, the hours are compensable. If the employee is not authorized to work but performs the work anyway, the employee shall be paid for compensable work hours but shall be subject to disciplinary action for failure to follow an administrative directive.

<u>Waiting Time</u>: Whether waiting time is hours worked under the Act depends upon the particular circumstances. The facts may show that the employee was engaged to wait (which is work time),

or the facts may show that the employee was waiting to be engaged (which is not work time).

If an employee is engaged to wait, such as a bus driver on a field trip, the waiting time shall be compensable. The District shall compensate the bus driver at his/her regular rate of pay for all driving and wait time hours.

<u>Emergency Work Time</u>: If an employee is requested and/or directed to report to his/her worksite for an emergency such as a plumbing leak, damage to a building, etc., he/she shall be compensated for all "actual" work minutes/hours in addition to two (2) "extra" hours for reporting to address the emergency. The extra work hours will not be subject to overtime as they do not represent work hours under the FLSA definition.

Rest and Meal Periods: Rest periods of short duration, usually 20 minutes or less, are common in the industry (and promote the employee's efficiency) and are customarily paid for as working time. These short periods must be counted as hours worked. Unauthorized extensions of authorized work breaks need not be counted as hours worked when the employer has expressly and unambiguously communicated to the employee that the authorized break may only last for a specific length of time, that any extension of the break is contrary to the employer's rules, and any extension of the break will be punished. Bona fide meal periods (typically 30 minutes or more) generally need not be compensated as work time. The employee must be completely relieved from duty for the purpose of eating regular meals. The employee is not relieved if he/she is required to perform any duties, whether active or inactive while eating.

If a non-exempt employee is not completely relieved from duty [during a non-paid lunch break], he/she shall be compensated for the meal period. It shall be the employee's responsibility to notify his/her immediate supervisor and complete the *Timekeeping Correction Form* in the event that a meal has been missed or they were not completely relieved of duty during a meal period. The compensable meal period shall be added to the employee's work hours in the timekeeping system.

<u>Sleeping Time</u>: An employee who is required to be on duty for less than 24 hours is working even though he/she is permitted to sleep or engage in other personal activities when not busy. An employee required to be on duty for 24 hours or more may agree with the employer to exclude from hours worked bona fide regularly scheduled sleeping periods of not more than 8 hours, provided adequate sleeping facilities are furnished by the employer, and the employee can usually enjoy an uninterrupted night's sleep. No reduction is permitted unless at least 5 hours of sleep is taken.

Although rare, in the event that a non-exempt employee is on duty for more than 24 hours, such as a bus driver on an overnight field trip, the employee shall be provided with sleep facilities and at least five (5) hours of uninterrupted sleep time. A total of eight (8) sleep hours shall be excluded from the employee's work hours unless the employee was granted less than eight (8) hours of actual sleep time. In that event, the actual number of sleep hours shall be excluded from the compensable hours.

<u>Travel time</u>: Attendance at lectures, meetings, training programs, and similar activities need not be

counted as working time only if four criteria are met, namely: it is outside normal hours, it is voluntary, not job-related, and no other work is concurrently performed.

- Home-to-work travel: An employee who travels from home before the regular workday and returns to his/her home at the end of the workday is engaged in ordinary home-to-work travel, which is not work time.
- Home to Work on a Special One-Day Assignment in Another City: An employee who regularly works at a fixed location in one city is given a special one-day assignment in another city and returns home the same day. The time spent traveling to and returning from the other city is work time, except that the employer may deduct/not count that time the employee would normally spend commuting to the regular work site.
- <u>Travel That is All in a Day's Work</u>: Time spent by an employee in travel as part of their principal
 activity, such as travel from job site to job site during the workday, is work time and must be
 counted as hours worked.
- Travel Away from Home Community: Travel that keeps an employee away from home overnight is travel away from home. Travel away from home is work time when it cuts across the employee's workday. The time is not only hours worked on regular working days during normal working hours but also during corresponding hours on non-working days. As an enforcement policy, the Division will not consider as work time that time spent in travel away from home outside of regular working hours as a passenger on an airplane, train, boat, bus, or automobile.

Generally, non-exempt employees shall be compensated for hours at training, workshops, etc., if the training is job-related. An exception shall be for training to maintain a license or certification required to maintain their position, such as bus driver certification.

Hours while traveling away from the home community for training shall be compensable during the employee's normal work schedule (Monday-Friday) and during the same work schedule on Saturday and Sunday, regardless of the mode of transportation. Other hours while traveling shall be compensable if the employee is driving as opposed to a passenger.

FLSA Fact Sheet #22 - Hours Worked

Overtime

Policies DEAB, DEC

Unless specifically exempted, employees covered by the Act must receive overtime pay for hours

worked in excess of 40 in a workweek at a rate not less than time and one-half their regular rates of pay. The regular rate of pay includes all remuneration for employment except certain payments excluded by the Act itself.

Non-exempt employees are paid on either an Annualized Salary Method or Direct Hourly Method. All non-exempt employees shall be paid based on the *actual number of hours* worked per workweek.

Non-exempt employees paid on an annualized salary method are generally paid for a 40-hour or less workweek and do not earn additional pay unless they work more than 40 hours. In the event that the non-exempt employee who is paid on an annualized basis exceeds his/her normal work hours, he/she shall be compensated for the additional hours in compensatory time (default) or paid time, as approved by the immediate supervisor and the superintendent.

Exceptions include the following:

Non-exempt staff performing a separate job will be paid for their work hours for the respective number of hours and rate of the separate job. Work hours in excess of 40 in the aggregate of all jobs, will be paid at the overtime rate of the weighted average of the earnings for the primary job and secondary job(s).

Paraprofessional staff (who are non-exempt) are paid on an Annualized Salary Method, this includes:

Aides

Clerical

Secretarial

Technical (Campus Tech, Network Tech I, Service Desk, Telecommunication Tech,

Cybersecurity Administrator non-degreed)

Non-exempt staff on the Transportation pay scale

Non-exempt employees paid on a Direct Hourly Method include:

Custodial

Maintenance

Food Service

Substitute auxiliary staff

Part-time, temporary, and seasonal staff

Non-Exempt employees paid on an Annualized Salary Method

The total hours worked per workweek will be reviewed to determine if the employee exceeded their normal, forty [40] hour workweek. Work time exceeding forty [40] hours shall be compensated as compensatory time or *paid time.

In the event that the employee did not work their normal, weekly work hours, he/she shall apply

comp time, if applicable, and/or paid leave hours or be docked their regular rate of pay for the missed hours.

*Unused compensatory time shall be paid out in August.

Employees paid on a Direct Hourly Method

The total hours worked per workweek will be extracted from the automated timekeeping system (KRONOS) and imported into the payroll system (MUNIS). The payroll department will verify that all hours worked are collected through the timekeeping system (KRONOS) and imported to (MUNIS). Actual work hours shall be paid in accordance with the district's pay date cutoff periods. Employees on a direct hourly method do not earn compensatory time, thus, may not use hours worked on a non-duty day to cover an absence. Employees are encouraged to track their work hours to verify the total hours paid on their paycheck match their actual hours worked.

Non-exempt employees paid on a direct hourly method may not receive a paycheck during months that they are not scheduled to work; therefore, the employee will be deducted additional premiums during the months scheduled to work, to cover the summer months.

The FLSA provides that where State or local government employees, solely at their option, work occasionally or sporadically on a part-time basis for the same public agency in a different capacity from their regular employment, the hours worked in the different jobs shall not be combined for the purpose of determining overtime liability under the Act. (CFR 553.30)

The district has *opted to* count all work hours in primary and/or secondary positions as hours worked for the purpose of overtime compensation. This choice by the district may be revoked at any time. Such overtime compensation shall be accrued as compensatory time or paid overtime, as approved.

The FLSA states that where an employee in a single workweek works at two or more different types of work for which different straight-time rates have been established, the regular rate for that week is the weighted average of such rates. That is, the earnings from all such rates are added together, and this total is then divided by the total number of hours worked at all jobs.

Overtime pay for multiple hourly rates shall be paid at 1 ½ times the **weighted average of the pay rates**. For example, if a paraprofessional employee works 40 hours at his/her regular hourly rate of \$12.00 and an additional 10 hours at an hourly rate of \$14.00, he/she would be paid at one-half the weighted average of the hourly rates (\$6.20). See the Illustration below:

Weighted Average Overtime Calculati	on Sample		
Position	# Hours	Hourly Rate	Total
Para	40	\$12.00	\$480.00
After School	10	\$14.00	\$140.00
Total Pay(Straight Time)	50		\$620.00
Overtime Hours	10		
Weighted Rate	\$620/50=\$12.40	\$12.40	
1/2 Time Weighted Rate		\$6.20	
OT Extra Pay(10 hours @ 1/2 weighted rate)	10*6.2		\$62.00
Total Gross Pay			\$682.00

Overtime pay for a single type of work [with a single hourly rate] shall be paid at 1 ½ times the regular hourly rate.

Example 1 - Overtime During Normal Week (Paraprofessional)

If an employee works 46 hours during the standard workweek, the employee is entitled to 9 hours (6 hours x 1.5 OT) of compensatory time:

· 40 hours @ regular pay + 9 hours comp time

Example 2 – Workweek That Includes Paid Holiday (261 workdays)

If Monday is a paid holiday, but the employee works 8 hours on Monday, then the employee will have physically worked 40 hours that week and will be paid for 8 hours of holiday pay. Paid holiday and floating holiday hours count toward the computation of overtime. Although the employee did not physically work more than 40 hours, he/she will be paid 1.5 OT for physically working on a holiday:

- · 40 hours (including paid holiday) @ \$10.00/hour = \$400 regular pay
- \cdot 8 hours physically worked on the holiday = \$120 overtime pay (\$10.00 x 1.5 = \$15 x 8 = \$120)

Example 3 – Workweek That Includes Paid Holiday (Paraprofessional)

If a non-exempt employee is sick one day during the week and uses 8 hours of sick leave, but then works an extra 10 hours outside of the normal schedule, there is overtime only for the hours worked over 40.40 hours - 8 sick + 10 hours = 42 hours worked that week:

- · 8 hours paid sick leave
- · 32 hours @ regular pay
- · 2 hours OT @ 1.5 = 3 hours comp time

FLSA Fact Sheet #23 - Overtime

Child Labor

The FLSA restricts the work hours and types of occupations for workers between the ages of 14 and 17. The most restrictive limitations are for workers between the ages of 14 and 15. The limitations include the following:

- outside school hours:
- no more than 3 hours on a school day, including Fridays;
- no more than 8 hours on a non-school day;
- no more than 18 hours during a week when school is in session;
- no more than 40 hours during a week when school is not in session;
- between 7 a.m. and 7 p.m.—except between June 1 and Labor day (extended to 9 p.m.).

The Human Resources Department shall record the age of all minor workers (defined as under 18 years of age) in the MUNIS HR/Payroll System. The Payroll Department shall monitor compliance with the FLSA regarding the type of occupation and work hour limitations. The immediate supervisor shall be provided information about the limitations of their respective minor worker(s). The district has set the minimum hiring age at 18 years of age.

Compensatory Time

Non-exempt employees may be compensated for overtime at the time-and-a-half rate with compensatory time off (comp time) or direct pay. The district has opted to compensate employees with compensatory time (default) unless otherwise approved by the appropriate administrator and the superintendent. The following applies to all non-exempt employees:

- Employees can accumulate up to 60 hours of comp time.
- Comp time must be used in the duty year that it is earned.

- Use of comp time may be at the employee's request with supervisor approval, as workload permits, or at the supervisor's direction.
- An employee shall be required to use comp time before using available paid leave (e.g., sick, personal, vacation).
- Comp time not used in the duty year will be paid off on the August paycheck.

Recordkeeping (Timekeeping System)

Every covered employer must keep certain records for each non-exempt worker. The Act requires no particular form for the records but does require that the records include certain identifying information about the employee and data about the hours worked and the wages earned. The law requires this information to be accurate.

The district has implemented the KRONOS Timekeeping System to collect *all* work hours for non-exempt employees. **All work hours for the regular job, extra-duty assignments, training, missed lunches, waiting time, etc., must be entered in the KRONOS timekeeping system by the employee and verified by the employer.**

Timekeeping methods shall include barcoded ID badges, time clocks, and laptops.

The Payroll Department shall extract all work hours from the timekeeping system and import into the MUNIS payroll system. The overtime option is turned off for the non-exempt employees paid on an annualized salary method since the district has opted to compensate these non-exempt employees for extra work hours with compensatory time. Exceptions to the default option of compensatory time, such as overtime pay, will be adjusted in the KRONOS timekeeping system by the Payroll Department. Overtime hours for all other non-exempt employees paid on the direct-hours method shall be imported from the timekeeping system to the MUNIS payroll system.

It shall be an employee's responsibility to ensure that all work hours are submitted in accordance with district pay cycles through the timekeeping system. Federal and state laws require IISD to keep an accurate record of time worked in order to calculate employee pay and benefits. At the present time, KRONOS is the official timekeeping software used to track and document work time. Time worked is time "actually spent" on the job performing assigned duties or responsibilities.

The appropriate immediate supervisor or designated reviewer shall verify and submit all timecards for non-exempt staff assigned to their campus or department according to the established payroll pay periods and deadlines. Refer to Pay Date Schedules and Payroll Deadlines. Payroll Calendars

Automated Timekeeping System

The timekeeping system allows an employee to clock in and out with the use of barcoded ID badges, time clocks, and laptops that are connected through the district's Wi-Fi network.

The timekeeping data can be edited or corrected by an authorized reviewer and/or supervisor. Supervisors shall review and approve timekeeping records on a weekly basis.

Hierarchy of Approvals - Approval Path

An approval path shall be established for every campus and department. The approval path at the campuses shall include:

- Employee reviews and approves his/her own timekeeping data, including any extra duty
- Secretary reviews and approves the timekeeping data edits as necessary to make corrections in consultation with the employee and supervisor
- Campus principal or supervisor reviews and approves the timekeeping data

The approval path for departments shall include the employee and their immediate supervisor before payroll processing. Both the employee and their immediate supervisor are responsible for the submission of accurate timekeeping data to payroll.

Time Clock Procedures:

All time clock corrections shall be submitted by the non-exempt employee on the appropriate form and submitted to their immediate supervisor for approval and entry in the timekeeping system. The *Timekeeping Correction Form*, issued by the supervisor, must be used to report all timeclock corrections such as missed punches, lost, or misplaced time clock ID card (badge), etc.

An employee must clock out when leaving their campus or work assignment for reasons unrelated to assigned tasks (including lunch and personal reasons).

The FLSA (Fair Labor Standards Act) requires all non-exempt employees to submit an accurate recording of their time worked each work week. All non-exempt employees must clock in and out for lunch daily.

In addition, all leave and absences for non-exempt staff shall be submitted through a Leave of Absence Request Form by the employee and verified/approved by the supervisor. An employee's failure to submit a leave request form will negatively impact their payroll disbursement. All absences for non-exempt employees are extracted from the KRONOS timekeeping system and imported to the MUNIS payroll system by the Payroll Department. Corrections and/or adjustments shall be posted directly in the MUNIS system by the Payroll Department.

The Payroll Department shall aggregate all work and leave hours to ensure payroll disbursements are accurate and in compliance with the FLSA.

Sample Timesheet

Every non-exempt employee should become familiar with how to read their timesheet. A Time Detail Report reflects the following information:

- Employee name
- Time period workweek

- Date
- Time in actual time
- Time out actual time
- Job Code
- Transfer Code extra duty not related to regular job
- Total hours per day
- Lunch break deducted (employee must complete a Timekeeping Correction Form when canceling lunch break)
- Total hours during the workweek

A sample of a Time Detail Report is illustrated below. The sample includes all work hours from Monday through Friday, including an absence. The time sheet will reflect the total number of hours worked for the workweek or time period selection.

An employee is responsible for always maintaining possession of his/her ID badge for the purpose of clocking in/out. Employees must report lost badges or temporary misplacement of badges to their immediate supervisor. Failure or non-compliance with the district's timekeeping procedures shall be subject to appropriate disciplinary action.

An employee's due process for violation of the district's timekeeping procedures shall be as follows:

- 1. Oral warning/discussion
- 2. Written counseling document
- 3. Recommendation for suspension
- 4. Recommendation for termination

Falsifying timekeeping records or directing or coercing others to do is a violation of the *Educator Code of Ethics*. [Refer to Board Policy DH Legal, Local and Exhibit]

An employee that falsifies their timekeeping record or the timekeeping record of another employee shall be subject to immediate termination. Falsifying of timecards may include, but is not limited to: Punching in or out for another employee or having another employee punch in or out for them; fraudulent time entry, photocopying of one's own or someone else's badge.

Travel Expense Reimbursement

Policy DEE

Before any travel expenses are incurred by an employee, the employee's supervisor must give approval in writing. For pre-approved travel and expenses, employees will be reimbursed for mileage and other travel expenditures according to the current rate schedule established by the district. After returning from pre-approved travel, employees must submit receipts, to the extent possible, to reconcile actual expenses with those expenses that were pre-approved to be reimbursed for allowable expenses other than mileage. Approval of leave for "School Business" does not equate to approval for coverage or reimbursement of travel costs and expenses. Travel costs and reimbursement must be pre-approved in writing by the employee's supervisor utilizing the forms and procedures established by the district.

Benefits Laws

Breaks for Expression of Breast Milk

Policies DEAB, DG

The District supports the practice of expressing breast milk and makes reasonable accommodations for the needs of employees who express breast milk (Nursing Mother). A place, other than a multiple-user bathroom, that is shielded from view and free from intrusion from other employees and the public where the employee can express breast milk will be provided.

A reasonable amount of break time will be provided when the employee has a need to express milk. Breaks of about 15 minutes every 3 hours may be necessary early on, but need will diminish as the child begins eating solid food. Nursing Mother/Employee must work with their supervisor to establish a reasonable break schedule for this purpose that should, whenever possible, run concurrently with any break and/or meal periods already designated for the Nursing Mother and/or worksite. For non-exempt employees, breaks longer than 15-20 minutes are unpaid, and therefore the employee must clock out. Prior to the need to express milk, the employee is to contact the Benefits Office to complete the Express Milk Schedule Request Form. The right to these breaks ends one year after the child's birth or when the employee has no need to express breast milk for the child, whichever occurs first.

The Providing Urgent Maternal Protections of Nursing Mothers Act (PUMP Act) requires an employee to notify the district if they believe the district is out of compliance in providing breaks for a nursing mother. The employee must give the district 10 days to come into compliance before making any claim of liability against the district. An employee with concerns of non-compliance should contact the Benefits Office at (972) 600 - 5211.

Pregnant Workers Fairness Act (PWFA)

The Pregnant Workers Fairness Act (PWFA) provides consideration of accommodations to employees who have known limitations related to pregnancy, childbirth, or related medical conditions. An employee seeking a PWFA accommodation should contact the Benefits Office at (972) 600 - 5211 to begin the interactive process.

Compensation and Benefits Policies

Salaries, Wages, and Stipends

Policies DEA, DEAA, DEAB

Employees are paid in accordance with administrative guidelines and an established pay structure. The district's pay plans are reviewed by the administration each year and adjusted as needed. All district positions are classified as exempt or non-exempt according to federal law. Professional employees and academic administrators are generally classified as exempt and are paid monthly salaries. Exempt employees are not entitled to overtime compensation and may be required to work over 40 hours per workweek, as required to complete the responsibilities and duties of their position. Other employees are generally classified as non-exempt and are paid an hourly wage or salary and receive compensatory time or overtime pay for each hour worked beyond 40 in a workweek. (See Overtime Compensation, page 7.)

Classroom teachers, full-time librarians, full-time nurses, and full-time counselors will be paid no less than the minimum state salary schedule. Contract employees who perform extracurricular or supplemental duties may be paid a stipend in addition to their salary according to the district's extra-duty pay schedule. Supplemental duty assignments paid via stipend may be ended at any time and employees do not have a property or contract right to such supplemental duty assignments or the associated stipend pay.

Employees should contact the Office of Human Resources for more information about the district's pay schedules or their own pay.

Annualized Compensation

Policy DEA

The district shall pay all exempt and non-exempt paraprofessional employees using an Annualized Salary Method over 12 months. Note: The annualized salary for a late hire shall be adjusted based on the remaining pay dates in the school year. An annualized salary is the estimated salary for a

school year based on a daily rate of pay; and the estimated number of days the employee is scheduled to work in a school year.

These employees shall be paid in equal monthly payments beginning with the first pay period of the school year. Employees generally receive their first paycheck as noted below, although there may be some exceptions:

```
10-month employee – First paycheck in September
11-month employee – First paycheck in August
12-month employee – First paycheck in July
```

If an employee paid on an Annualized Salary Method separates from service before their last working day of the school year, the employee shall receive in his or her final paycheck the unpaid amount the employee has earned from the beginning of the 12-month pay period until the date of separation.

Non-exempt employees are paid on either an Annualized Salary Method or Direct Hourly Method. All non-exempt employees shall be paid based on the *actual number of hours* worked per workweek. Most employees paid on an Annualized Salary Method are generally paid for a 40-hour workweek and do not earn additional pay unless they work more than 40 hours.

Employees paid on an Annualized Salary Method include:

Aides
Clerical
Secretarial
Technical (Campus Tech, Network Tech I, Service Desk, Telecommunication Tech,
Cybersecurity Administrator non-degreed)

Employees paid on a Direct Hourly Method include:

Custodial
Maintenance
Food Service
Substitute auxiliary staff
Part-time, temporary, and seasonal staff
Transportation

The Annualized Salary Method is described and illustrated in a document titled, *Everything You Need to Know About Your Annualized Salary*. The document is available on the Compensation and Benefits web page under <u>Salary Schedules</u> (https://www.irvingisd.net/Page/605).

Bad Weather & Disaster - Pay and Attendance

The District is mandated by the Fair Labor Standards Act (FLSA) to pay exempt employees who work any part of a workweek their full salary for that entire workweek. If the district is closed for the whole workweek and the employee performs no work, the FLSA does not require that the exempt employee be paid.

The Fair Labor Standards Act (FLSA) requires the District to compensate all non-exempt employees for every hour worked in any capacity for the district. What it does <u>not</u> require is that a non-exempt employee be paid for hours not worked due to the unavailability of work. Whether the district is closed for part of a day, part of a week, or a full week or more, the law does not require the district to pay non-exempt employees for time they did not work. In fact, if the district does pay a non-exempt employee for time not worked, the district may be challenged under the "gift of public funds" section of the Texas Constitution.

To mitigate violations of the Texas Constitution, the District shall not make non-FLSA required payments to exempt or non-exempt employees in the absence of a Board policy or resolution authorizing the expenditure of public funds for such purpose.

Pay During Closings - Days not scheduled to be made up

The Superintendent at times may elect to close school for a day(s) due to severe weather or other safety concerns, with the approval of the Board. Board Policy DEA Local states that:

If the Board chooses to pay employees during an emergency closure for which the workdays are not scheduled to be made up at a later date, then that authorization shall be by resolution or other Board action and shall reflect the purpose served by the expenditure. [See EB for the authority to close schools].

Pay During Declared Disasters

After authorization by resolution or other Board action and in accordance with such authorization, non-exempt employees who are required to work during an emergency closing for a disaster, as declared by a federal, state, or local official or the Board, shall be paid at the rate of one and one-half times their regular rate of pay for all hours worked up to 40 hours per week. Overtime for time worked over 40 hours in a week shall be calculated and paid according to law.

Employment After Retirement

Individuals receiving retirement benefits from the Teacher Retirement System (TRS) may be employed in limited circumstances on a part-time, or less than half-time, basis without affecting their benefits according to TRS rules and state law. Senate Bill 202 (effective 2021-2022 school year) prohibits school districts from reducing the salary of a rehired TRS retiree who is subject to

the TRS surcharges. Detailed information about employment after retirement is available in the TRS publication Employment After Retirement. Employees can contact TRS for additional information by calling 800-223-8778 or 512-542-6400. Information is also available on the TRS website (www.trs.state.tx.us). It shall be an employee's responsibility to verify the impact of work after retirement on their retirement annuity, if any.

Fraud and Falsification of Records

All employees should act with integrity and diligence in duties involving the district's financial resources. The district prohibits fraud and financial impropriety.

Falsification of payroll records is considered fraud and will not be tolerated. Employees who falsify payroll records shall be subject to disciplinary action, up to and including termination of employment.

Job Classification

The Superintendent or designee shall classify each job title within the compensation plans based on the qualifications and duties of the position. Within these classifications, the Superintendent or designee shall determine appropriate pay for new employees and employees reassigned to different positions.

The Superintendent or designee shall determine the classification of positions or employees as "exempt" or "non-exempt" for purposes of compliance with the Fair Labor Standards Act (FLSA). The FLSA classification of each position shall be recorded on the job description for the position.

Professional employees and academic administrators are generally classified as exempt and are paid monthly salaries. They are not entitled to overtime compensation and may be required to work over 40 hours per workweek, as required to complete the responsibilities and duties of their position. Professional employees may be eligible for extra duty pay or stipends for additional assignments.

Non-exempt employees shall be compensated on an hourly basis and shall be compensated for all hours worked. They shall receive compensatory time or paid time for each hour worked beyond their normal work schedule.

FLSA Fact Sheet #7 FLSA for Local Governments

Pay Raises & Adjustments in Salary

The Superintendent shall recommend to the Board an amount for employee pay increases as part of the annual budget adoption process.

The midpoint of each pay grade shall serve as the base for calculating annual increases. Using this base will enable all employees on the same pay grade to receive the same monthly and/or hourly pay increase.

For example, a three percent (3%) increase for employees assigned to the PG 030 pay scale, would be calculated based on 3% of the midpoint hourly rate (\$15.91), for an hourly increase of .48 cents. The hourly increase, multiplied by the workday and the number of days per year, will result in the estimated annual increase of \$718.08 for a paraprofessional with an 8-hour workday scheduled to work 187 days per school year.

Example: \$15.91 per hour [midpoint of PG 030] * .03 = \$.48 per hour increase, \$.47 per hour increase * 8 hrs/day * 187 days/year = \$718.08 annual pay increase.

A contract employee's pay shall not be increased after the performance on the contract has begun unless there is a change in the employee's job assignment or duties that warrants additional compensation. Any such changes in pay during the term of the contract shall require Superintendent approval.

The Superintendent may grant a pay increase to a non-contract employee after duties have begun only when there is a change in the employee's job assignment or duties, or when an adjustment in the market value of the job warrants additional compensation. The Superintendent shall report any such pay increases to the Board at the next regular meeting.

Adjustment in Pay - Promotion

A promotion occurs when an employee is placed on a *higher* pay grade, except for general structure changes or position reclassification. The new salary rate shall be equal to or greater than the minimum rate for the new range, but in no case shall it exceed the maximum rate for the new range. The employee's years of job-related experience, experience with the district, and the salary level of similar employees shall be considered in determining the new pay rate.

Adjustment in Pay - Reclassification

A position may be reclassified into a different pay grade to maintain external/internal equity with similar positions. Reclassification is not a promotion or demotion of the employee. Position reclassifications may or may not result in an adjustment of pay. An increase may be necessary if the employee is below the minimum of the new pay grade or the current incumbent's pay rate is not comparable to employees in a similar position.

Adjustment in Pay - Demotion

A demotion occurs when an employee is placed on a *lower* pay grade, except for general structure changes or position reclassification. The new salary rate shall be equal to or greater than the minimum rate for the new range, but in no case shall it exceed the maximum rate for the new range. The employee's years of job-related experience, experience with the district, and the salary level of similar employees shall be considered in determining the new pay rate.

Paychecks & Pay Dates

Irving ISD is a paperless district and requires employees to choose direct deposit or pay cards. Employees will have their paychecks electronically deposited into a designated account unless specific circumstances or law require otherwise.

It is an employee's responsibility to ensure that the Payroll Department has the employee's account banking information (bank routing number and account number) on file prior to the scheduled pay dates.

An employee's payroll statement contains detailed information, including deductions, withholding information, and the amount of leave accumulated. Employees should contact the Payroll Office for more information.

All professional and paraprofessional staff are paid on a 12-payment plan (Annualized Salary Method) and are paid on a **monthly basis**, generally around the 27th of the month. Non-exempt maintenance, custodial, and food service employees, as well as Guest Educators (substitutes), are paid on a **bi-weekly basis**. Pay date schedules are included in this Compensation Handbook and are posted on the district's website at the beginning of each school year.

Note: The district has implemented an exception to the 12-payment plan for new employees to the district hired on a 10-month calendar (this does not include bi-weekly employees). New hires that meet these requirements shall be provided an option to be paid an August check equal to \$1,800.00 for professionals and \$900.00 for paraprofessionals. Employees who elect this option shall authorize a deduction to their salary starting in September through August in the monthly amount \$150.00 for professional employees and \$75.00 for paraprofessional employees. In the event the employee leaves the district prior to paying back the full amount, their final payout check will be deducted for the remaining balance due.

If an employee separates from the district before completing their full work schedule, either due to resignation, retirement or termination, the employee will not receive all of the scheduled 12 paychecks. He/she will receive a "pay-off" based on the actual number of days that the employee worked during the school year. The following sections describe the payoff, or final paycheck, issuance for employees who separate due to resignation or termination.

Final Paycheck at Separation Before Completing Work Schedule

The final check for all employees will typically be in the month following the separation date.

Final Paycheck at End of School Year Separation

10-month employees: Last paycheck and benefits end in August

11-month employees: Last paycheck and benefits end in July

12-month employees: Last paycheck and benefits end in June

The final paychecks for retirements at any time other than the end of the school year will be in the month following the separation date.

All employees who plan to separate from the district shall complete an Exit Form with the Human Resources Department.

In addition, if an employee is retiring through the Teacher Retirement System, the Payroll Department must ensure that the appropriate TRS form(s) are submitted by the retiree and completed and submitted on behalf of the employee to TRS.

NOTE: Always keep the payroll department informed of your current mailing address!

Payroll Direct Deposit

The district requires automatic payroll deposit to a savings or checking account. Employees will have their paychecks electronically deposited into an account at a financial institution as designated by each employee. Contact the Payroll Department regarding the automatic payroll deposit service.

Payroll Deductions

Policy CFEA

The district is required to make the following automatic payroll deductions:

- Teacher Retirement System of Texas (TRS)* or FICA Alternative 457b
- Medicare, and
- Federal income tax
- Child support and spousal maintenance, if applicable
- Delinquent federal education loan payments, if applicable

*Exception – Non-TRS eligible employees, such as substitute, part-time, temporary employees, and TRS retirees.

Employees may elect to include deductions for the employee's share of premiums, for health, dental, life, and vision insurance and annuities. Employees may also request payroll deductions to pay membership dues to some professional organizations. Deductions will be taken from the employee's paycheck provided that the paycheck covers all deductions. In the event that the paycheck does not cover all deductions, the employee shall be responsible for bringing their share of premiums to the Benefits Department on or before the end of the month.

An employee's pay will be reduced in daily or hourly increments for absences that occur on a scheduled workday after all paid leave benefits have been depleted. Salary deductions are automatically made for unauthorized or unpaid leave.

Overpayments

Employees are not entitled to any funds the district overpays. An overpayment occurs if an employee is paid more than the amount the employee should have been paid under the assigned pay grade and applicable supplemental pay. If an overpayment is reported in the current fiscal year, a payment plan will be developed to recoup the payment. Generally, an overpayment will be paid in one pay cycle. However, if this creates an undue hardship for the employee, the district has the discretion to develop a plan for regular payroll deductions in the same fiscal year. An agreement between an employee and the district must be in place in order to deduct any overpayment.

Verification of Pay

The Payroll Department makes every effort to ensure that an employee's pay, leave, and other information are correct. Unfortunately, mistakes can occur. It is the employee's responsibility to

Compensation, Benefits, and Leaves Handbook - revised July 2024

review the payroll information on their pay stub each pay date for accuracy, including but not limited to compensation, leave, federal withholding status, and deductions.

Workweek for Overtime Purposes

For purposes of FLSA compliance, the workweek for District employees shall be 12:00 a.m. Saturday and ends 11:59 p.m. Friday.

Workload and Work Schedules

<u>Professional Employees</u>. Professional employees and academic administrators are exempt from overtime pay and are employed on a 10-, 11-, or 12-month basis, according to the work schedules set by the district. A school calendar is adopted each year, designating the work schedule for teachers as well as all school holidays. Notice of work schedules, including start and end dates and scheduled holidays, will be distributed each school year.

Classroom teachers will have planning periods for instructional preparation, including conferences. The schedule of planning periods is set at the campus level but must provide at least 450 minutes within each two-week period in blocks of not less than 45 minutes within the instructional day. Teachers and librarians are entitled to a duty-free lunch period of at least 30 minutes. The district may require teachers to supervise students during lunch one day a week when no other personnel is available. As exempt employees, teachers may be required to work more than 40 hours per week to, among other things, complete their professional responsibilities, attend training and/or meetings, and perform the duties of their position.

<u>Paraprofessional and Auxiliary Employees</u>. Support employees are employed at will and receive notification of the required duty days, holidays, and hours of work for their position on an annual basis. Paraprofessional and auxiliary employees are not exempt from overtime and are not authorized to work in excess of their assigned schedule without prior approval from their supervisor.

Work Schedules 2024-2025 (https://www.irvingisd.net/Page/3227)

Salary Schedules

The district has adopted a midpoint salary schedule system. The salary schedule comprises six (6) job classifications: Administrative/Professional, Paraprofessionals, Technical, Facilities, Food/Nutrition Services, and Transportation.

Each job classification has three (3) pay levels: Minimum, Midpoint, and Maximum. Generally, the Minimum salary is the lowest pay for a position, the Midpoint is the average market value, and the Maximum is the highest pay for a position. Pay placement above the midpoint requires Superintendent or designee approval.

In addition, each job classification contains up to twelve (12) pay grades. The pay grades represent the opportunity for employee advancement within the job classification. For example, in the Food and Nutrition Services Department, there are four (4) opportunities for advancement within the job classification: Food Service Worker, Food Service Manager Trainee, Food Service Manager, and Food Service Supervisor.

All positions shall be assigned a pay grade on the district's Salary Schedule. All exempt positions shall be assigned to the AP – Administrative/Professional Job Classification. Non-exempt positions shall be assigned to the Paraprofessional, Facilities, and Food and Nutrition Services Job Classification. The Technical Salary Schedule includes exempt and non-exempt positions. Pay ranges on the Salary Schedule allow for initial placement on the scale between the minimum and midpoint salary. The initial placement shall be based on the employee's job-related work experience, local experience with the district, and the placement of employees in similar positions and shall occur at the time of the employee's hire. For purposes of initial placement on the salary schedule, the term "hire," shall include not only the hiring of a new employee into a position but also the promotion, demotion, or reclassification of an existing employee into a new position.

Newly established jobs should be analyzed, and range assignments determined prior to hiring personnel for the position. This procedure accomplishes two objectives. First, the appropriate pay range becomes part of the recruitment and hiring strategy for the district. Second, a consistent practice of salary administration is established at the initiation of each new job.

The Salary Schedule is reviewed annually and adjusted according to the budgeted amounts approved by the board. This annual review process does not impact an individual employee's placement on the salary schedule but may impact the salary amounts associated with a given position. Classroom teachers, full-time librarians, full-time nurses, and full-time counselors shall be paid no less than the minimum state salary schedule. Contract employees who perform extracurricular or supplemental duties may be paid a stipend in addition to their salary according to the district's extra-duty pay schedule.

Classification/Differential Pay for Guest Educators (Substitutes)

A substitute is defined by the Teacher Retirement System for membership eligibility purposes as a worker that is assigned to fill in for an employee whether the employee is absent for a single absence or a long-term absence. A worker that is assigned to work as the "teacher of record" in a position that is vacant or newly created is not classified as a substitute but instead classified as a temporary employee.

All substitutes for support personnel shall be paid at least the Federal minimum wage hourly rate. The rate shall be established and posted on the district's salary schedule. A list of approved substitutes shall be maintained by an HR Administrator and distributed to each operational area supervisor or director.

For information about incentives and differential pay for Substitutes (Guest Educators), please refer to the Board-approved salary schedule.

Initial Placement on Salary Schedule

Initial placement on the salary schedule shall be based on the guidelines below and shall be based on the prior employment information reported by the employee on the job application prior to hire. Acceptable documentation shall include:

- Teacher Service Record (FIN-115 or similar form)
- Other acceptable documentation from the prior employer

It is the responsibility of the employee to submit original service records to Irving ISD. Also, it is the responsibility of the issuing school district and the employee to ensure that service records are true and correct and that all service recorded on the service record is accurate. Copies will not be accepted.

- The service records can also be electronically sent directly from the previous district or educational institution to the Human Resources/Employee Services Department at <u>servicerecords@irvingisd.net</u>. Employee service records must be notarized if they are not received directly from the previous district or educational institution as the official document of record.
- Employees who provide service records with verifiable, creditable experience may receive additional salary if service records are submitted via servicerecords@irvingisd.net no later than 5:00 pm by the last day of their assigned work calendar, following the hire date of the current school year. Service records received after the last day of the assigned work calendar of the current school year hired will not qualify for/or receive retroactive payment. Service records received after this date that qualify for a salary adjustment will be processed at the beginning of the new [next] school year.

Only experience earned in a Texas public school district will be used to place the employee on the salary schedule. Other experiences, such as private school, out-of-state/county, and private sector experience, will be used to place the employee on the salary schedule only after receipt of acceptable, verifiable prior employment documentation.

A year of creditable experience in a Texas school district shall be based on the state regulations (TAC 153.1021(f)) as noted below:

Year Service Rendered	Minimum Days at 100% of the Day	Minimum Days at 50%-99% of the Day	Minimum Full-time Equivalent Days
Beginning 1998-1999	90	180	90
Beginning 1988-1989			85
1987-1988 to 1978-1979	85	170	85
1977-1978	85	175	
1976-1977 to 1972-1973	90	180	
Prior to 1972-1973	90	180	

This table will be used to evaluate creditable years of experience from other sources such as private school, out-of-state, out-of-country and private sector.

Teachers, Nurses, Librarians, and Counselors

Hiring rates for classroom teachers, nurses, librarians, and counselors shall be based on creditable years of experience according to state regulations (<u>TAC 153.1021 Recognition of Creditable Years of Service</u>) and the district's teacher and counselor hiring salary schedule. Additional information regarding the calculation of creditable years of service for certified CTE teachers is included below.

At the time of hire, the salary placement will be based on reported Texas public school district experience. Additional years of experience may be granted after receipt and approval of creditable experience at a private or out-of-state school.

Other creditable years of experience may be available for the following types of work experience in accordance with state regulations:

- Substitute teachers Beginning with the 1998-1999 school year, a certified substitute teacher, as defined in subsection (a) of the TAC, employed in an entity recognized for years of service as prescribed by subsection (g) of this section is eligible for creditable service, provided that the educator held a valid Texas teaching certificate or a valid teaching certificate from the state where the school is located at the time the service was earned. All eligible prior-year service in this area can be claimed for placement on the 1998-1999 minimum salary schedule. This also applies to out-of-state substitute teaching experience. It does not apply to out-of-country substitute experience.
- Teacher aides Beginning with the 2004-2005 contractual year, a teacher aide who subsequently attains certification may count up to two years of full-time equivalency of direct student instruction for salary increment purposes. Such experience must be verified on the teacher service record form (FIN-115) or a similar form containing the same information.

Adult basic education program credit - A person teaching adult basic education is eligible
for creditable service if the program was operated by a public school and the person held a
valid teaching certificate.

Career and Technical Education Teachers

Effective since the 2022-2023 school year, certified Career and Technology Education (CTE) teachers (including ROTC) employed for at least 50% of the time in an approved career and technology position may be granted credit for work experience that is directly related to the career and technical field in which they are currently teaching.

- 1 year of placement credit on the teacher scale for every 1 full year of related experience up to 10 years (1:1 credit); and
- 1 year of placement credit on the teacher scale for every 2 full years of related experience for more than 10 years (1:2 credit) up to 20 years.

Example: Salary placement for a health sciences teacher with 12 full years of previous nursing experience:

```
1:1 credit up to 10 years = 10 years

1:2 credit for years 11 and 12 = 1 year

= 11 years of credit
```

Certified CTE teachers (including ROTC), hired prior to the 2022-2023 school year employed for at least 50% of the time in Marketing, Health Science, or Trade and Industrial Education in an approved CTE position may be granted credit for two years of full-time wage-earning experience in their occupational field. Experience must be verified through a Statement of Qualifications completed by the educator preparation program. As with all other district positions, the calculation of creditable years of service for placement of employees on the salary schedule occurs at the time of hire.

Other Personnel

Hiring rates for all other employees will be determined on an individual basis based on job-related qualifications, salary history, and salaries of other employees in the position. Job postings may advertise a starting salary range up to the midpoint of the pay range.

Hiring rates for persons other than teachers, nurses, librarians, and counselors will be set in accordance with these guidelines:

- 1. New hires in positions that require little or no previous job experience will be placed at the minimum of the pay range whenever possible.
- 2. New hires with Texas school district job-specific experience or special skills may be hired at a rate appropriate for the credited years of experience noted below:
 - a. Job-specific experience shall be on a year-for-year (1:1) ratio. Credit may be given for similar job experience at a one-year for every two years (1:2) ratio.
 - b. Teachers promoted to a campus or central administrator shall be given credit on a one-year for every two years (1:2) ratio, when possible.
 - c. School Substitute experience shall be on a year-for-year (1:1) ratio with proof of working at least 90 full days in a school year. Such experience must be verified on a service record or district letterhead (Public, Private, Charter).
- 3. New hires with a non-Texas school district, private sector job-specific experience, or special skills may be hired at a rate that is appropriate for the credited years of experience and shall be determined on an individual basis. The starting pay may also be determined with consideration given to each new employee's qualifications for the job and previous salary history.
- 4. Whenever possible, new employees will not start at pay rates above other district employees with comparable experience in the same position.
- 5. Salary credit for work experience that is <u>directly job-related</u> will generally be given in accordance with the district's compensation plan.
- 6. All starting salaries above the midpoint of a pay range must be approved by the Superintendent or designee.

Salary Differentials – College Degree and/or College Hours

<u>Teachers</u>

Teachers who have earned a master's degree, as evidenced by an official transcript, shall be placed on the Teacher Master's Salary Schedule. Teachers who have earned a Doctorate Degree shall be placed on the Teacher Doctorate Salary Schedule. The date Human Resources received the conferred degree shall be used to prorate the salary differential for teachers who acquire an additional degree during the school year. New teacher hires shall present their official transcript showing their master's or doctorate degree within 30 days of hire to receive the additional salary. Teachers who receive an advanced degree mid-year shall present their official transcript within 30 days of the degree being conferred to receive the additional salary. Transcipts received after the last day of the employee's assigned work calendar of the current school year hired will not qualify for/or recieve retroactive payment. The salary adjustment will be processed at the beginning of the new [next] school year.

Supplemental Pay/Stipends - Exempt Staff

All supplemental pay shall be paid through the normal payroll process subject to the established pay dates and payroll deadlines on the employee's regular paycheck.

Stipends shall be paid either after the activity is complete, throughout the school year on a prorated basis, or at the end of the school year based on the process noted below.

The Campus Principal or appropriate administrator shall comply with the following guidelines:

Supplemental & Extra Duty Pay

- All supplemental duties performed by professional and support staff, such as staff development, tutoring, detention, homebound, etc., shall be recorded in the KRONOS timekeeping system and shall be balanced on a weekly basis. The rate of pay shall be in accordance with the district's **Stipend and Extra Duty Pay Schedule** and shall include the appropriate budget code number.
- 2. Non-exempt employees shall record all work hours via the district's timekeeping system. Work hours in excess of 40 hours per workweek shall be compensated at 1 ½ times their regular rate of pay <u>or</u> accrued at 1 ½ times as compensatory time, as appropriate.
- 3. Professional staff shall earn supplemental compensation for designing and facilitating district-wide professional learning directly tied to classroom learning and programs. Eligibility for earning supplemental compensation must meet the following criteria:
 - a. The professional staff is a full-time, active employee of the district.
 - b. Supplemental duties are performed outside of the employee's normal duty day or calendar contract day.
 - c. Is pre-approved and authorized by the coordinating department and human resources.
 - d. The employee must submit a time log documenting time spent planning and facilitating professional learning.
 - e. An employee who earns supplemental compensation cannot also earn Required PL Exchange credit for the same project.
 - f. No district employee shall attend professional development training at the district's expense <u>after</u> they have submitted their letter of resignation. Note: It shall be the employee's responsibility to immediately notify their administrative supervisor if they have been scheduled to attend professional development training after submitting their letter of resignation. The employee shall also immediately return any travel funds and travel credit card. If an employee attends professional development <u>after</u> their resignation, they shall be responsible for repayment to the district of all registration and travel expenses, or they shall have the funds deducted from their final paycheck.

- 4. Extra duty pay for curriculum writing shall be pre-approved by the respective campus or central administrative supervisor and the Human Resources Department. Professional employees shall be notified, in writing, that if they elect to voluntarily resign after completing the curriculum writing project(s), they will not be paid unless they submit the completed curriculum in a digital format to their administrative supervisor. After review and approval of the curriculum, the administrative supervisor shall submit a request for supplemental pay to the Payroll Department in accordance with the established deadlines. Note: Non-exempt staff shall not be assigned to write curriculum.
 - a. No district employee shall perform any curriculum writing projects <u>after</u> they have submitted their letter of resignation. Note: There shall be <u>no</u> extra duty pay for either professional or non-exempt employees after they have ceased to be employees of the district.

Stipend Pay

- 1. For pre-approved annual stipends, such as athletic coaches, club sponsors, department heads, grade level heads, etc., the campus principal (or administrator) shall identify each individual who is to receive a stipend by submitting a list of stipends and the recommended individual to the Human Resources office. A master list of the recommendations shall be due by the date provided by Human Resources (in the month of August).
- 2. The Campus Principal shall submit changes to stipend assignments using the online Personnel Action Form (PAF) to Human Resources as they occur.
- 3. The Campus Principal (or administrator) shall monitor the performance of the assignments. Assignment expectations, such as conducting club meetings once a week, or once a month, shall be communicated to each individual assigned a stipend activity. If an employee fails to perform the assigned duty satisfactorily or the needs of the campus change, the campus principal may recommend to Human Resources to terminate the stipend duty, pay a prorated amount for the time lapsed, and reassign the duty to another staff member. The new staff member approved to take the re-assigned duty would only receive the balance of the annual stipend amount.
- 4. Stipends and extra duty pay paid with federal funds shall be subject to approval from the Grants Administrator, as appropriate.
- 5. All stipends and extra duty pay rates shall be approved by the School Board on the **Employee Salary Schedule**.
- 6. No extra duty assignment shall be assigned to a staff member without the approval of the Superintendent or designee. Retroactive payments will not be made for work performed prior to the approval of the extra duty pay assignment [except as provided in item 1 above for pre-approved annual stipends].

- 7. Additional contract days, at an employee's full rate of pay, are not defined as extra duty pay. Additional contract days shall be pre-approved by the Superintendent or designee. The additional salary expense must be included in the appropriate salary budget code(s).
- 8. Changes to stipend assignments, if any, during the school year, shall be promptly submitted by the campus principal or administrator, as appropriate, to Human Resources via electronic Personnel Action Form (PAF). The campus principal or administrator is responsible for communicating stipend assignment changes to impacted employees.

Supplemental Pay/Stipends – Non-Exempt Staff

Salary earned other than in the primary position shall be paid as it is earned, as a supplement to the regular paycheck, subject to the established pay dates and payroll deadlines.

Food Service employees attending annual training in the areas of sanitation, food safety or other job-related training shall be paid their normal rate of pay.

As a general rule, non-exempt staff shall not be scheduled to receive an annual stipend for co-curricular or extracurricular duties.

The assignment of supplemental duties shall not create any expectation of continued assignment to that same duty or any other duty.

Performance Pay - Teacher Incentive Allotment

For any funds received by Irving ISD for a designated teacher under the Teacher Incentive Allotment (TIA), ninety (90) percent will be paid to the designated teacher. The remaining ten (10) percent will be used for administrative expenses and professional development. Should the district receive funding for a designated teacher who has resigned or retired, the district will forward payment to the resigned or retired teacher as soon as practicable. TIA payments will be made by August 31st.

Employee Benefits

All eligible employees shall receive benefits in accordance with the Summary of Employee Benefits. The plan year for all benefits shall be September 1 through August 31.

If any questions arise regarding Benefits, please contact the Benefits Assistant at 972-600-5241 or via email at: HR-CompAndBenefits@irvingisd.net.

Group Health and Life Insurance

Group health insurance coverage is provided through TRS-ActiveCare, the statewide public school employee health insurance program. The district's contribution to employee insurance premiums is determined annually by the Board. Employees eligible for health insurance coverage include the following:

- Employees who are active, contributing TRS members
- Employees who are <u>not</u> contributing TRS members and who are regularly scheduled to work at least 10 hours per week (non-TRS members are <u>not</u> eligible for the district insurance contribution)

The insurance plan year is from September 1 through August 31. Current employees can make changes in their insurance coverage during open enrollment. Detailed descriptions of insurance coverage, employee cost, and eligibility requirements are provided to all employees during their open enrollment on mybenefitshub.com/irvingisd. Information is also available on the Compensation and Benefits website. Employees should contact the Benefits Assistant at 972-600-5241 for more information.

TRS retirees who are enrolled in TRS-Care (retiree health insurance program) and employees who are not contributing TRS members who are regularly scheduled to work less than 10 hours per week are <u>not</u> eligible to participate in TRS-ActiveCare.

Basic life insurance coverage for eligible employees is also provided at district cost for the employee only. Additional coverage for dependents, at employee cost, is optional.

Employer-provided group health, telehealth, and life insurance coverage and benefits will terminate at the end of the month of separation.

Separation at the end of the school year will extend insurance coverage to August 31 if the employee has completed their entire work schedule for that school year. 11-month and 12-month employees who wish to extend their health and supplemental benefits through August 31 will need to submit a request in writing to the Benefits Office. Otherwise, benefits will end in the month in which the final paycheck is received.

Supplemental Insurance

Policy CRD

At their own expense, employees may enroll in approved supplemental insurance programs for dental, vision, short-term disability, individual life, hospital, intensive care, and cancer. Premiums for these programs can be paid by payroll deduction. Employees should contact the Benefits Assistant for more information.

Cafeteria Plan Benefits (Section 125)

Employees may be eligible to participate in the Cafeteria Plan (Section 125) and, under IRS regulations, must either accept or reject this benefit. This plan enables eligible employees to pay certain insurance premiums on a pretax basis (i.e., medical, vision, cancer and dread disease, and dental). A third-party administrator handles employee claims made on these accounts.

New employees must accept or reject this benefit during their first month of employment. All employees must accept or reject this benefit on an annual basis and during the specified time period.

Workers' Compensation Insurance

Policy CRE

The district, in accordance with state law, provides workers' compensation benefits to employees who suffer a work-related illness or are injured on the job. The district is officially recognized by the State of Texas as providing coverage under a self-insurance program for workers' compensation coverage, effective September 1, 1992, and the program is administered by an independent third-party administrator.

Benefits help pay for medical treatment and make up for part of the income lost while recovering. Specific benefits are prescribed by law depending on the circumstances of each case.

All work-related accidents or injuries should be reported immediately to the Risk Management Office. Employees who are unable to work because of a work-related injury will be notified of their rights and responsibilities under the Texas Labor Code. See Workers' Compensation Benefits, page 49 for information on use of paid leave for such absences. Refer to the Risk Management Department website for more information.

Unemployment Compensation Insurance

Policy CRF

Employees who have been laid off or terminated through no fault of their own may be eligible for unemployment compensation benefits. Employees are not eligible to collect unemployment benefits during regularly scheduled breaks in the school year or the summer months if they have employment contracts or reasonable assurance of returning to service. Employees with questions about unemployment benefits should contact the Risk Management Department.

Teacher Retirement

All personnel employed on a regular basis for at least four and one-half months are members of the Teacher Retirement System of Texas (TRS). Guest Educators not receiving TRS service retirement benefits who work at least 90 days a year are eligible to purchase a year of creditable service in TRS, once employed in an eligible position. TRS provides members with an annual statement of their account showing all deposits and the total account balance for the year ending August 31, as well as an estimate of their retirement benefits.

Employees who plan to retire under TRS should notify their supervisor and the Office of Human Resources as soon as possible. Information on the application procedures for TRS benefits is available from TRS at Teacher Retirement System of Texas, 1000 Red River Street, Austin, TX 78701-2698, or call 800-223-8778 or 512-542-6400. TRS information is also available on the website (www.trs.texas.gov). See page 17 for information on restrictions of employment for retirees in Texas public schools.

Reimbursement of Local Leave Upon Retirement

Policy DEC

The following leave provisions shall apply to local leave earned beginning on the original effective date of this program. An employee who retires from the district shall be eligible for payment for accumulated local leave* and/or Exemplary Attendance Days under the following conditions:

- 1. The employee is retiring from TRS voluntarily and is not being discharged or non-renewed from Irving ISD.
- The employee provides advance written notice of intent to retire to the Office of Human Resources by the last Monday of November (mid-year retirement) or the first Monday of March (end-of-year retirement).
- 3. The employee is eligible for retirement benefits from the Teacher Retirement System of Texas (TRS).
- 4. The effective date of the resignation is the employee's last workday as scheduled on the employment dates of the school calendar.
- 5. The employee seeking reimbursement for local sick leave must have a balance of at least 15 state personal leave days. Please note that once the employee and supervisor have signed the Leave Request Form, it may not be changed. (i.e., an employee cannot elect to

use sick days and later request to change them to personal days. These requests will be denied.) It is the responsibility of the employee to verify the absences are reported correctly.

6. All Exemplary Attendance Days are eligible for buyback upon retirement.

The employee shall receive payment for each day of local leave at a rate of \$100 per day up to a maximum of 60 days, and Exemplary Attendance days may be sold in addition to local days at the same rate. The employee's balance of local leave shall be reduced to zero upon payment.

The rate established by the Board shall be in effect until the Board adopts a new rate. Any changes to the rate shall apply beginning with the school year following the adoption of the rate change.

<u>Exceptions</u>: After the first Monday of March, requests for reimbursement of leave upon retirement shall be considered for approval by the Superintendent or designee only for reasons due to extenuating circumstances.

Holidays

Irving ISD provides regular full-time Facilities, Grounds, Operations, Security, Transportation, Warehouse, and Science Center employees who are scheduled to work 261 days during the District's fiscal year with 8 regular plus 2 floating holidays as scheduled by the Superintendent or designee. Employees who are still in their 30-day probationary period are not eligible for holiday pay. At the completion of the 30-day evaluation period, employees are eligible for fixed holiday pay only. All holidays must be taken in full-day increments. The Security and Operations division, because of the nature of their work, follows different guidelines for the use of holidays. Questions from security or operations employees should be directed to the department director.

- Two [2] of the ten [10] holidays will be designated as floating holidays.
- New employees must wait 6 months following the date of placement as a regular employee before taking floating holidays.

The use of paid holidays will be according to procedures developed by department directors and in keeping with the different staffing needs of the various departments.

In order to receive holiday pay, an employee must have been paid for the day immediately before and the day immediately following the holiday. The pay can be for regular pay, sick leave pay, vacation pay, or pay received from the Sick Leave Bank. Holiday pay will be calculated based on the employee's straight-time pay rate (as of the date of the holiday) multiplied by the number of hours the employee would otherwise have worked on that day. Paid holiday and floating holiday hours count toward the computation of overtime.

^{*}Unused non-duty days are not eligible for reimbursement

Leave and Absence Management

Policies DEC, DECA, DECB

The district offers employees paid and unpaid leaves of absence in times of personal need. This handbook describes the basic types of leave available and restrictions on leaves of absence. Employees who expect to be absent for an extended period of more than five days should call the Human Resources Benefits office for information about applicable leave benefits, payment of insurance premiums, and requirements for communicating with the district.

Use of Leave

Leave is available for the employee's use in accordance with Board Policy DEC (LOCAL). State personal leave is earned at a rate of 5 state personal days for full-time employees. Local leave is earned over the course of an employee's contract and is based on the length of the employee's contract: 5 days for 10-month employees, 6 days for 11-month employees, or 7 days for 12-month employees. See Local Leave below for more information. Local leave is posted on either July 1 for 12-month positions, August 1 for 11-month positions, or September 1 for 10-month positions. If an employee leaves the district before the end of the work year, the cost of any unearned leave days taken shall be deducted from the employee's final paycheck.

Paid leave must be used in four (4) hour increments (half day A.M. or half day P.M.) for positions which normally require a substitute, even if a substitute is not employed. Earned comp time must be used before any available paid state and local leave. Unless an employee requests a different order, available paid state and local leave will be used in the following order:

- Local Sick
- State Sick (if available)
- State Personal
- Exemplary Attendance

Employees must follow district and department or campus procedures to report or request any leave of absence and complete the appropriate form or certification. Please note that once the employee and supervisor have signed the Leave Request Form, it may not be changed. (i.e., an employee cannot elect to use sick days and later request to change them to personal days. These requests will be denied.) It is the responsibility of the employee to verify the absences are reported correctly.

Immediate Family. For purposes of leave other than Family Medical Leave under the FMLA, immediate family is defined as the following:

- Spouse
- Son or daughter, including a biological, adopted, or foster child, a son- or daughter-in-law, a stepchild, a legal ward, or a child for whom the employee stands in loco parentis.

- Parent, stepparent, parent-in-law, or another individual who stands in loco parentis to the employee.
- Sibling, stepsibling, and sibling-in-law
- Grandparent and grandchild
- Any person residing in the employee's household at the time of illness or death

For purposes of Family Medical Leave under the FMLA, the definition of family is limited to a spouse, parent, son, or daughter, and next of kin. The definition of these is found in Policy DECA (LEGAL).

Medical Certification

Any employee, who is absent five (5) or more days because of a personal or family illness, must submit a medical certification from a qualified health care provider confirming the specific dates of the illness, the reason for the illness, and—in the case of personal illness—the employee's fitness to return to work.

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits covered employers from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we ask that employees and healthcare providers do not provide any genetic information in any medical certification. 'Genetic information,' as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member, or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

Continuation of Health Insurance

Employees, on an approved leave of absence other than Family Medical Leave through the FMLA, may continue their insurance benefits at their own expense. Health insurance benefits for employees on paid leave and leave designated under the Family and Medical Leave Act will be paid by the district as they were prior to the leave. Otherwise, the district does not pay any portion of insurance premiums for employees who are on unpaid leave.

Under TRS-Active Care rules, an employee is no longer eligible for insurance through the district after six months of unpaid leave other than Family Medical Leave through the FMLA. If an employee's unpaid leave extends for more than six months, the district will provide the employee with notice of COBRA rights.

Personal Leave

State law entitles all full-time employees to five days of paid personal leave per year. Personal leave is available for use at the beginning of the year. A day of personal leave is equivalent to the

number of hours per day in an employee's usual assignment, whether full-time or part-time. State personal leave accumulates without limit, is transferable to other Texas school districts, and generally transfers to education service centers. Personal leave may be used for two general purposes: non-discretionary and discretionary.

- Non-discretionary (Local and State Sick). Leave taken for personal or family illness, family emergency, a death in the family, or active military service is considered non-discretionary leave. Reasons for this type of leave allow very little, if any, advance planning. Non-discretionary leave may be used in the same manner as state sick leave.
- <u>Discretionary (State Personal).</u> Leave taken at an employee's discretion that can be scheduled in advance is considered discretionary leave. An employee wishing to take discretionary personal leave must submit a request to his or her principal or supervisor five (5) days in advance of the anticipated absence. The effect of the employee's absence on the educational program or department operations, as well as the availability of Guest Educators, will be considered by the principal or supervisor.
- <u>Guidelines for Use of Discretionary Personal Leave.</u> The use of discretionary personal leave
 is limited to a maximum of five (5) days per school year, with no more than three (3)
 consecutive days. Discretionary personal leave may not be used on:
 - o The day before or after designated holidays
 - o Professional, staff learning and/or purposeful planning days
 - o First or last day of school
 - o End of semester, or year-end exams
 - o Standardized, state testing dates

If a need arises to take discretionary personal leave that exceeds the above limits and/or aforementioned restricted days, a **Request for Personal Leave Exception** form (available at www.irvingisd.net/hr) must be completed; these types of requests cannot be requested via the Request for Leave & Absence form. There is no guarantee that a Request for Personal Leave Exception will be granted or that, if an exception for leave is granted, it will be authorized as paid leave.

<u>Leave Proration</u>. If an employee separates from employment with the district before his or her last duty day of the year or begins employment after the first duty day, state personal leave will be prorated based on the actual time employed. When an employee separates from employment before the last duty day of the school year, the employee's final paycheck will be reduced by the amount of state personal leave the employee used beyond his or her pro-rata entitlement for the school year.

State Sick Leave

State sick leave accumulated before 1995 is available for use and may be transferred to other school districts in Texas. State sick leave can be used only in half or full-day increments, except

when coordinated with family and medical leave taken on an intermittent or reduced-schedule basis or when coordinated with workers' compensation benefits.

State sick leave may be used for the following reasons only:

- Employee illness
- Illness in the employee's immediate family
- Family emergency (i.e., natural disasters or life-threatening situations)
- Death in the immediate family
- Active military service

Local Leave

The District provides additional sick leave beyond the state minimum leave program. All employees shall earn paid local leave each year at the rate of one-half leave day for each eighteen (18) days of employment for the first 180 workdays of the employment year. One day shall then be earned for each twenty-two (22) workdays of the employment year, up to the maximum given for each type of position. Paid local leave shall be available as follows:

- An employee in a ten-month position, or who normally works less than 202 days, shall earn five paid local leave days per year.
- An employee in an 11-month position, or who normally works between 202 and 224 days, shall earn six paid local leave days per year. This shall include 11-month custodians.
- An employee in a 12-month position, or who normally works more than 224 days, shall earn seven paid local leave days per year.

Local leave shall only be used for the same terms and conditions of state sick leave accumulated before the 1995-96 school year. Local leave shall accumulate to a maximum of sixty (60) days and have no cash value except through the buy-back program at retirement.

<u>Leave Proration</u>. If an employee separates from employment with the district before his or her last duty day of the year, or begins employment after the first duty day, local sick leave will be prorated based on the actual time employed. When an employee separates from employment before the last duty day of the school year, the employee's final paycheck will be reduced by the amount of local sick leave the employee used beyond his or her pro rata entitlement for the school year.

School Business Leave

Most school business absences occur when campus/district administrators request for their employees to attend an event/conference. All school business leave must be pre-approved in writing by the employee's supervisor before the date of the absence. Approval of leave for school business does not equate to approval for coverage or reimbursement of travel costs and expenses. Travel costs must be pre-approved in writing by the employee's supervisor utilizing the forms and procedures established by the district. For additional information regarding coverage or reimbursement of travel costs, please refer to Policy DEE.

Vacation

Policy DED

A District employee who is employed in a 261-day position with one or more years of continuous employment shall be granted ten working days of paid vacation per year. An eligible employee who has completed at least six months but less than one year of employment shall be granted 5/6 of a working day of paid vacation for each month of employment.

An employee must be employed a minimum of six months before taking vacation days. All earned vacation days must be used within 18 months or shall be lost. Vacation days shall not accumulate beyond 18 months.

Employees who work 261 days shall observe the holiday schedule as established by the Superintendent.

Non-Duty Days

Professional and paraprofessional staff employed on a 12-month 230 workday assignment have flexible unpaid leave days outside of the District's defined annual holiday schedule. These days are termed "non-duty" days. The District determines the number of non-duty days prior to July 1 each year. Non-duty days may be taken during the duty year and shall be taken at such times that will least interfere with the performance of the employee's duties and the staffing needs of the District. An employee shall be required to obtain advance approval from his or her supervisor before taking non-duty days and must provide sufficient notice to allow the supervisor to consider the District's staffing needs before approval of non-duty schedules.

<u>Professional Staff (Exempt)</u>. An employee may request to carry over no more than two (2) non-duty days to the next school year by completing a Non-Duty Carry-Over Request Form. All carryover non-duty days must be used before the end of December of the carry-over plan year. Non-duty days not used will be removed from the employee's available leave balance. Should the employee leave the district, the employee will only be paid for non-duty days worked in excess of the number of non-duty days taken during the plan year.

<u>Paraprofessional Staff (Non-Exempt)</u>. An employee may request to carry over no more than two (2) non-duty days to the next plan year by completing a Non-Duty Carry-Over Request Form. All carryover non-duty days must be used before the end of December of the carry-over plan year. Should the employee separate from the district, any days carried from the previous year shall be paid at their daily rate on their final paycheck.

<u>Leave Proration</u>. If an employee separates from employment with the district before his or her last duty day of the year, or begins employment after the first duty day, non-duty leave will be prorated based on the actual time employed. When an employee separates from employment before the last duty day of the school year, the employee's final paycheck will be reduced by the amount of non-duty leave the employee used beyond his or her pro rata entitlement for the school year.

Catastrophic Leave Bank (Formerly Sick Leave Bank)

The Board authorizes the establishment of a Catastrophic Leave Bank with membership available to all full-time employees on a voluntary basis. The purpose of the Bank is to provide income replacement for members that experience a personal catastrophic illness/injury that forces the member to exhaust all leave time earned and lose compensation from the district. Examples of catastrophic illnesses include heart attack, stroke, cancer, etc.

The Superintendent or designee(s) shall develop the administrative regulations concerning membership, contribution or usage of days, procedures for applying for leave days from the Bank, the methods for selection of the appeals committee of the Bank, the term of office for the appeals committee members, the duties and responsibilities of the advisory committee, and all other procedures and operations of the Bank as the Superintendent or designee may deem necessary for the Bank to function. Bank guidelines for membership and usage are found on the Compensation and Benefits page of the Human Resources Department website.

Family and Medical Leave Act (FMLA)—General Provisions

The following text is from the federal notice, Employee Rights and Responsibilities Under the Family and Medical Leave Act. Specific information that the district has adopted to implement the FMLA follows this general notice.

Leave Entitlements

Eligible employees who work for a covered employer can take up to 12 weeks of unpaid, job-protected leave in a 12-month period for the following reasons:

- The birth of a child or placement of a child for adoption or foster care;
- To bond with a child (leave must be taken within 1 year of the child's birth or placement);
- To care for the employee's spouse, child, or parent who has a qualifying serious health condition;
- For the employee's own qualifying serious health condition that makes the employee unable to perform the employee's job;
- For qualifying exigencies related to the foreign deployment of a military member who is the employee's spouse, child, or parent.

An eligible employee who is a covered service member's spouse, child, parent, or next of kin may also take up to 26 weeks of FMLA leave in a single 12-month period to care for the servicemember with a serious injury or illness.

An employee does not need to use leave in one block. When it is medically necessary or otherwise permitted, employees may take leave intermittently or on a reduced schedule.

Employees shall use all paid leave while taking FMLA leave which includes but is not limited to comp time, local leave, state personal leave, state sick leave, exemplary attendance, vacation, and floating holidays. Employees receiving non-duty days shall also be required to take available non-duty days while on an approved FMLA status. If an employee substitutes accrued paid leave for FMLA leave, the employee must comply with the employer's normal paid leave policies.

Benefits and Protections

While employees are on FMLA leave, employers must continue health insurance coverage as if the employees were not on leave.

Upon return from FMLA leave, most employees must be restored to the same job or one nearly identical to it with equivalent pay, benefits, and other employment terms and conditions.

An employer may not interfere with an individual's FMLA rights or retaliate against someone for using or trying to use FMLA leave, opposing any practice made unlawful by the FMLA, or being involved in any proceeding under or related to the FMLA.

Eligibility Requirements

An employee who works for a covered employer must meet three criteria in order to be eligible for FMLA leave. The employee must:

- Have worked for the employer for at least 12 months;
- Have at least 1,250 hours of service in the 12 months before taking leave; and
- Work at a location where the employer has at least 50 employees within 75 miles of the employee's worksite.

Requesting Leave

Generally, employees must give 30 days' advance notice of the need for FMLA leave. If it is not possible to give 30 days' notice, an employee must notify the employer as soon as possible and, generally, follow the employer's usual procedures.

Employees do not have to share a medical diagnosis but must provide enough information to the employer so it can determine if the leave qualifies for FMLA protection.

Sufficient information could include informing an employer that the employee is or will be unable to perform his or her job functions, that a family member cannot perform daily activities, or that hospitalization or continuing medical treatment is necessary. Employees must inform the employer if the need for leave is for a reason for which FMLA leave was previously taken or certified.

Employers can require a certification or periodic recertification supporting the need for leave. If the employer determines that the certification is incomplete, it must provide a written notice indicating what additional information is required.

Employer Responsibilities

Once an employer becomes aware that an employee's need for leave is for a reason that may qualify under the FMLA, the employer must notify the employee if he or she is eligible for FMLA leave and, if eligible, must also provide a notice of rights and responsibilities under the FMLA. If the employee is not eligible, the employer must provide a reason for ineligibility.

Employers must notify their employees if leave will be designated as FMLA leave, and if so, how much leave will be designated as FMLA leave.

Enforcement

Employees may file a complaint with the U.S. Department of Labor, Wage and Hour Division, or may bring a private lawsuit against an employer.

The FMLA does not affect any federal or state law prohibiting discrimination or supersede any state or local law or collective bargaining agreement that provides greater family or medical leave rights.

Local Family and Medical Leave Provisions

Eligible employees can take up to 12 weeks of unpaid leave in the 12-month period measured forward from the date an individual employee's first FML begins.

<u>Use of Paid Leave</u>. FML runs concurrently with accrued sick and personal leave, temporary disability leave, temporary medical leave, compensatory time, assault leave, and absences due to a work-related illness or injury. The district will designate the leave as FML, if applicable, and notify the employee that accumulated leave will run concurrently with FML.

<u>Combined Leave for Spouses</u>. Spouses who are employed by the district are limited to a combined total of 12 weeks of FML to care for a parent with a serious health condition; or for the birth, adoption, or foster placement of a child. Military caregiver leave for spouses is limited to a combined total of 26 weeks.

<u>Intermittent Leave</u>. When medically necessary or in the case of a qualifying exigency, an employee may take leave intermittently or on a reduced schedule. The district shall permit the use of intermittent or reduced-schedule leave for the care of a newborn child or for the adoption or placement of a child with the employee.

<u>Fitness for Duty</u>. An employee that takes FML due to the employee's own serious health condition shall provide, before resuming work, a fitness-for-duty certification from the health care provider. If certification of the employee's ability to perform essential job functions is required, the district shall provide a list of essential job functions (e.g., job description) to the employee with the FMLA designation notice to share with the health care provider. An employee who attempts to return from FML without first submitting a fitness-for-duty certification may be asked to leave work until such a certification has been provided.

<u>Reinstatement</u>. An employee returning to work at the end of FML will be returned to the same position held when the leave began or to an equivalent position with equivalent employment benefits, pay, and other terms and conditions of employment.

In certain cases, instructional employees desiring to return to work at or near the conclusion of a semester may be required to continue on family and medical leave until the end of the semester. The additional time off is not counted against the employee's FMLA entitlement, and the district will maintain the employee's group health insurance and reinstate the employee at the end of the leave according to the procedures outlined in the policy (see DECA (LEGAL)).

<u>Failure to Return</u>. If, at the expiration of FML, the employee is able to return to work but chooses not to do so, the district may require the employee to reimburse the district's share of insurance premiums paid during any portion of FML when the employee was on unpaid leave. If the employee fails to return to work for a reason beyond the employee's control, such as a continuing personal or family serious health condition or a spouse being unexpectedly transferred more than 75 miles from the district, the district may not require the employee to reimburse the district's share of premiums paid.

<u>District Contact</u>. Employees that require FML or have questions should contact the Office of Human Resources for details on eligibility, requirements, and limitations.

Temporary Disability Leave

Certified Employees. Any full-time employee whose position requires certification from the State Board for Educator Certification (SBEC) is eligible for temporary disability leave. The purpose of temporary disability leave is to provide job protection to full-time educators who cannot work for an extended period of time because of a mental or physical disability of a temporary nature. Temporary disability leave must be taken as a continuous block of time. It may not be taken intermittently or on a reduced schedule. Pregnancy and conditions related to pregnancy are treated the same as any other temporary disability. Employees must request approval for temporary disability leave. An employee's notification of need for extended absence due to the employee's own medical condition shall be accepted as a request for temporary disability leave. The request must be accompanied by a physician's statement confirming the employee's inability to work and estimating a probable date of return. If disability leave is approved, the length of leave is no longer than 180 calendar days.

If an employee is placed on temporary disability leave involuntarily, he or she has the right to request a hearing before the Board of Trustees. The employee may protest the action and present additional evidence of fitness to work.

When an employee is ready to return to work, the Office of Human Resources should be notified at least 30 days in advance. The return-to-work notice must be accompanied by a physician's statement confirming that the employee is able to resume regular duties. Certified employees returning from leave will be reinstated to the school to which they were previously assigned if an appropriate position is available. If an appropriate position is not available, the employee may be assigned to another campus, subject to the approval of the campus principal. If a position is not available before the end of the school year, the employee will be reinstated to a position at the original campus at the beginning of the following school year.

Temporary Medical Leave for Noncontract Employees

A full-time non-contract employee who is not eligible for temporary disability leave as provided by the Education Code shall, upon request, be granted a temporary medical leave of absence for the period of time during which the employee is physically unable to perform regular duties due to an illness or disability. Temporary medical leave shall be made available only after the employee has exhausted all paid leave benefits, including vacation/non-duty. Temporary medical leave shall be unpaid. [See (DEC Local) for temporary medical leave placement].

Employees must request approval for temporary medical leave. An employee's notification of the need for extended absence due to the employee's own medical condition shall be accepted as a request for temporary medical leave. The request must be accompanied by a physician's statement confirming the employee's inability to work and estimating a probable date of return. If disability leave is approved, the length of leave is no longer than 45 calendar days per 12- month period. For purposes of an employee's entitlement to temporary medical leave, the 12- month period shall be measured backward from the date the employee used temporary medical leave.

When an employee is ready to return to work, the Office of Human Resources should be notified at least 30 days in advance or as soon as possible. The return-to-work notice must be accompanied by a physician's statement confirming that the employee is able to resume regular duties.

*Employees on Temporary Disability Leave or Temporary Medical Leave are responsible for the total cost of the medical insurance premium, which includes the District's contribution. If paid leave (personal illness & personal day accruals) is exhausted and/or sufficient funds are unavailable in the employee's paycheck, the employee must remit payment to the District to cover the cost of medical and supplemental insurance premiums.

Workers' Compensation Benefits

An employee absent from duty because of a job-related illness or injury may be eligible for workers' compensation weekly income benefits if the absence exceeds seven calendar days. An employee receiving workers' compensation wage benefits for a job-related illness or injury may choose to use available partial-day increments of sick leave or any other paid leave benefits to make up the difference between wage benefits and pre-injury or pre-illness wages. While an employee is receiving workers' compensation wage benefits, the district will charge available leave proportionately so that the employee receives an amount equal to the employee's regular salary.

Assault Leave

Assault leave provides extended job income and benefits protection to an employee who is injured as the result of a physical assault suffered during the performance of his or her job. An incident involving an assault is a work-related injury and should be immediately reported to the supervisor and the Office of Human Resources. An injury is treated as an assault if the person causing the injury could be prosecuted for assault or could not be prosecuted only because that person's age or mental capacity renders the person not responsible for purposes of criminal liability. An employee who is physically assaulted at work may take all the leave time medically necessary (up to two years) to recover from the physical injuries he or she sustained. At the request of an employee, the district will immediately assign the employee to assault leave. Days of leave granted under the assault leave provision will not be deducted from accrued personal leave and must be coordinated with workers' compensation benefits. Upon investigation, the district may change the assault leave status and charge leave used against the employee's accrued paid leave. The employee's pay will be deducted if accrued paid leave is not available.

Assault leave works in conjunction with workers' compensation. Employees seeking assault leave need to complete an Employee First Report of Injury form #732-001 and the Request for Leave and Absence form #909-001.

Bereavement Leave

Absences reported due to death in the family require the use of any combination of accrued local sick leave, state sick leave, and/or state personal leave, not to exceed five (5) workdays per occurrence. If no accrued leave is available, absences will be unpaid.

Jury Duty

Policies DEC, DG

The district provides paid leave to employees who are summoned to jury duty, including service on a grand jury. The district will not discharge, threaten to discharge, intimidate, or coerce any regular employee because of a juror or grand juror service or for the employee's attendance or scheduled attendance in connection with the service in any court in the United States. Employees who report to the court for jury duty may keep any compensation the court provides. An employee should

report a summons for jury duty to his or her supervisor as soon as it is received and may be required to provide the district with a copy of the summons to document the need for leave.

An employee may be required to report back to work as soon as they are released from jury duty. The supervisor may consider the travel time required and the nature of the individual's position when determining the need to report to work midday upon release from jury duty. A copy of the release from jury duty or documentation of time spent at the court may be required.

Compliance with a Subpoena

Employees will be paid while on leave to comply with a valid subpoena to appear in a civil, criminal, legislative, or administrative proceeding and will not be required to use personal leave. Employees may be required to submit documentation of their need for leave for court appearances.

Truancy Court Appearances

An employee who is a parent, guardian of a child, or a court-appointed guardian ad litem of a child who is required to miss work to attend a truancy court hearing may use personal leave or compensatory time for the absence. Employees who do not have paid leave available will be docked for any absence required because of the court appearance.

Religious Observance

The district will reasonably accommodate an employee's request for absence for a religious holiday or observance. Accommodations such as changes to work schedules or approving a day of absence will be made unless they pose an undue hardship to the district. The employee may use any accumulated personal leave for this purpose. Employees who have exhausted applicable paid leave may be granted an unpaid day of absence.

Military Leave

<u>Paid Leave for Military Service</u>. Any employee who is a member of the Texas National Guard, Texas State Guard, a reserve component of the United States Armed Forces, or a member of a state or federally-authorized Urban Search and Rescue Team is entitled to paid leave when engaged in authorized training or duty orders by proper authority. Paid military leave is limited to 15 days each fiscal year. In addition, an employee is entitled to use available vacation or state and local sick or personal leave during a time of active military service. The district cannot require the use of accumulated leave. Prior to claiming military leave the employee must complete a Leave of Absence Request form and then present the complete form along with authorized training or duty orders from the appropriate authority to the Office of Human Resources.

Reemployment after Military Leave. Employees who leave the district to enter into the United States uniformed services or who are ordered to active duty as a member of the military force of any state (e.g., National or State Guard) may return to employment if they are honorably

discharged. Employees who wish to return to the district will be reemployed provided they can be qualified to perform the required duties. Employees returning to work following military leave should contact the Office of Human Resources. In most cases, the length of federal military service cannot exceed five (5) years.

<u>Continuation of Health Insurance</u>. Employees who perform service in the uniformed services may elect to continue their health plan coverage at their own cost for a period not to exceed 24 months. Employees should contact the Office of Human Resources for details on eligibility, requirements, and limitations.

Absence Reporting

All district employees who may need a Guest Educator (Substitute) shall submit their absences through the Frontline absence management system. Employees may submit their absences via phone or web access using their secure password. The respective campus or department immediate supervisor shall verify and reconcile all absences in the Frontline system prior payroll cutoff date.

Use of the Frontline system to collect and track absences is in lieu of an individual Absence From Duty Report.

All absences for non-exempt employees shall be entered in the Kronos timekeeping system. The Payroll Department shall import the absences from both systems into the Munis payroll system.

Professional staff are not subject to use timekeeping; therefore, it is essential that every professional staff member accurately report their absences using an Absence From Duty Request Form. Failure to report all absences may be construed as a fraudulent request for pay – a violation of the Educators Code of Ethics. Violations shall be subject to disciplinary action, up to and including termination of employment.

The Payroll Department shall use the Frontline absence data for educators (teachers) to validate against the working days reported by their respective Guest Educator (Substitute) through the timekeeping system.

Introduction

The purpose of this handbook is to provide information that will help with questions and pave the way for a successful year. While employment with Irving ISD is subject to all Irving ISD Board of Trustees Policies (www.irvingisd.net/BoardPolicy), not all District policies and procedures are included in this handbook. Those that are, have been summarized. Suggestions for additions and improvements to this handbook are welcome and may be sent to the Executive Director of Human Resources.

In addition, the information provided in this handbook will be supplemented via the District's Intranet found on the District's website www.irvingisd.net. This site contains a number of helpful resources that can be downloaded when needed. Individual campuses will provide information pertinent to that specific campus, i.e. fire drill schedules, bell schedules, and other operational procedures, including periodic updates or changes.

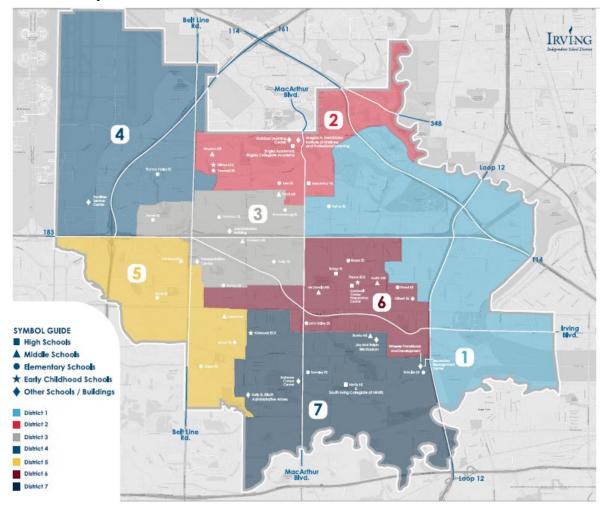

This handbook is neither a contract nor a substitute for the official District policy manual. Nor is it intended to alter the at-will status of noncontract employees in any way. Rather, it is a guide to, and a brief explanation of, District policies and procedures related to employment. These policies and procedures can change at any time; these changes shall supersede any handbook provisions that are not compatible with the change. For more information, please refer to the Board Policy Manual, which can be accessed online at www.irvingisd.net/BoardPolicy.

Employees may refer to the policy codes that are associated with handbook topics, confer with their supervisor, or call the appropriate District office for additional information.

Employees are required to complete all Annual e-Courses on the Staff page at www.irvingisd.net/compliance. Please check the referenced website for a complete updated list and deadlines for completion. An acknowledgment of your understanding of this handbook should be completed through the annual e-Courses module.

Board of Trustees

Policies BA, BB series, BD series, and BE series

Texas law grants the Board of Trustees the power to govern and oversee the management of the District's schools. The Board is the policy-making body within the District and has overall responsibility for the curriculum, school taxes, annual budget, employment of the Superintendent and other professional staff, and facilities. The Board has complete and final control over school matters within limits established by state and federal laws and regulations.

The Board of Trustees is elected by the citizens of the District to represent the community's commitment to a strong educational program for the District's children. Board members serve a three-year term through general elections held in May. Board members serve without compensation, must be qualified voters, and must reside in the District.

Current Board members include:

- Dr. Rosemary Robbins, President, District 1
- **A.D. Jenkins**, Vice President, District 5
- Michael Kelley, Secretary, District 2
- Nuzhat Hye, District 4

- Lisa Lobb, District 6
- Randy Randle, District 7
- Mary Richarte, District 3

The Board usually meets once a month at 7:00 p.m. in the Boardroom of the Administration Building, 2621W. Airport Freeway, Irving, Texas 75062; with a work session preceding the meeting at 5:00 p.m. Special meetings may be called when necessary. A written notice of regular and special meetings will be posted on the District website at www.irvingisd.net/BoardCalendar in the Board of Trustees section at least 72 hours before the scheduled meeting time. The written notice will show the date, time, place, and subjects of each meeting. In emergencies, a meeting may be held with one-hour notice.

All meetings are open to the public. In certain circumstances, Texas Law permits the Board to go into a closed session from which the public and others are excluded.

Closed sessions may occur for such things as discussing prospective gifts or donations, realproperty acquisition, certain personnel matters including employee complaints, security matters, student discipline, or consulting with attorneys regarding pending litigation.

Advance notices of all meetings are posted at the Administration Building and distributed to the news media by the Communications Department. Board meeting information is also available at the IISD website: www.irvingisd.net/BoardCalendar.

Addressing the Board

Trustees encourage public involvement and listen to views and concerns about the District. However, residents who have a specific problem or concern should first voice their concern through regular administrative channels rather than going directly to the Board.

Individuals who wish to address the Board during a Board meeting about an action item on the agenda should come forward to the podium when requested by the Board President. The Board President will ask for public input on some action items as they are considered by the Board.

Individuals who wish to address the Board on an item not on the action agenda should complete a Public Input Card, which is available at the registration table. After completing the card, it can be given to any Board member or administrator so the individual can be recognized during the "Public Comment" section of the agenda. Those wishing to speak to the Board must live within the attendance zones of Irving ISD. For more information about the Board of Trustees, access: www.irvingisd.net/SchoolBoard.

Employment

Equal Employment Opportunity

Policies DAA, DIA

In its efforts to promote nondiscrimination and as required by law, Irving ISD does not discriminate against any employee or applicant for employment because of race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, age, disability, military status, genetic information, or on any other basis prohibited by law. Additionally, the District does not discriminate against an employee or applicant who acts to oppose such discrimination or participates in the investigation of a complaint related to a discriminatory employment practice.

Employment decisions will be made on the basis of each applicant's job qualifications, experience, and abilities.

In accordance with Title IX, the District does not discriminate on the basis of sex and is required not to discriminate on the basis of sex in its educational programs or activities. The requirement not to discriminate extends to employment. Inquiries about the application of Title IX may be referred to the District's Title IX coordinator, Dr. Reny Lizardo, to the Assistant Secretary for Civil Rights of the Department of Education, or both.

The District designates and authorizes the following employee as the Title IX coordinator for employees to address concerns or inquiries regarding discrimination based on sex, including sexual harassment: Dr. Reny Lizardo, Executive Director of Campus Operations, 2621 W Airport Fwy, Irving, TX 75062, rlizardo@irvingisd.net, 972-600-5023. Reports can be made at any time and by any person, including during non-business hours, by mail, email, or phone. During District business hours, reports may also be made in person.

The District designates and authorizes the following employee as the ADA/Section 504 coordinator for employees for concerns regarding discrimination on the basis of a disability: Sofia Lopez, Director of At-Risk & Responsive Services, 2621 W Airport Fwy, Irving, TX 75062, soflopez@irvingisd.net, 972-600-5027.

Questions or concerns relating to discrimination for any other reason should be directed to the Superintendent.

Americans with Disabilities (ADA)

Policies DAA, DBB

The District does not discriminate against any qualified individual on the basis of disability in job application procedures, hiring, advancement, or discharge of employees, compensation, job training, and other terms, conditions, and privileges of employment. 42 U.S.C. 12112(a); 29C.F.R.R. 1630.4(b); Labor Code 21.051

Reasonable Accommodations. The District is required, absent undue hardship, to make reasonable accommodations for an otherwise qualified individual who meets the definition of disability under the statute. Requests for consideration of reasonable accommodations should be directed to the Risk Management Department. See www.irvingisd.net/RiskManagement.

Job Vacancy Announcements

Policy DC

Announcements of job vacancies by position and location are posted on a regular basis to the District's website. See https://www.irvingisd.net/careers.

Employment after Retirement

Policy DC

Individuals receiving retirement benefits from the Teacher Retirement System (TRS) may be employed under certain circumstances on a full- or part-time basis without affecting their benefits, according to TRS rules and state law. Detailed information about employment after retirement is available in the TRS publication *Employment after Retirement*. Employees can contact TRS for additional information by calling 800-223-8778 or 512-542-6400. Information is also available on the TRS website (www.trs.texas.gov).

Contract and Non-Contract Employment

Policy DC series

State law requires the District to employ all full-time professional employees in positions requiring a certificate from the State Board for Educator Certification (SBEC) and nurses under probationary, term, or continuing contracts. Employees in all other positions are employed at-will or by a contract that is not subject to the procedures for nonrenewal or termination under Chapter 21 of the Texas Education Code. The paragraphs that follow provide a general description of the employment arrangements used by the District.

Probationary Contracts. Nurses and full-time professional employees new to the District and employed in positions requiring SBEC certification must receive a probationary contract during their first year of employment. Former employees who are hired after a two-year lapse in District employment or employees who move to a position requiring a new class of certification may also be employed by probationary contract. Probationary contracts are one-year contracts.

Under the District of Innovation plan, Irving ISD has flexibility in offering a probationary contract for up to three years to teachers who have been employed as a teacher in public education for at least five (5) of the eight (8) years preceding employment with the District.

For those with less experience, the probationary period will be three school years (i.e., three one-year contracts) with an optional fourth school year if the Board determines it is doubtful a term or continuing contract should be given.

Term Contracts. Full-time professionals employed in positions requiring certification and nurses will be employed by term contracts after they have successfully completed the probationary period. The terms and conditions of employment are detailed in the contract and employment policies. All employees will receive a copy of their contract. Employment policies can be accessed online or physical copies will be provided upon request.

Noncertified Professional and Administrative Employees. Employees in professional and administrative positions that do not require SBEC certification (such as non-instructional administrators or those who do not supervise an employee on a Chapter 21 contract) may be employed on either an at-will basis or on a non-chapter 21 contract. At-will employment is not for any specified term and may be terminated at any time by either the employee or the District.

Paraprofessional and Auxiliary Employees. All paraprofessional and auxiliary employees, regardless of certification, are employed at-will and not by contract. Employment is not for any specified term and may be terminated at any time by either the employee or the District.

Certification and Licenses

Policies DBA, DF

Professional employees whose positions require SBEC certification or professional license are responsible for taking actions to ensure their credentials do not lapse. Employees must submit documentation, in a timely manner, that they have passed the required certification exam and/or obtained or renewed their credentials to the Office of Human Resources – Attention: Certification Officer. Employees licensed by the Texas Department of Licensing and Regulations (TDLR) must notify the Office of Human Resources Staffing Coordinator when there is action against, or revocation of, their license.

A certified employee's contract may be voided without Chapter 21 due process and employment terminated if the individual does not hold a valid certificate or fails to fulfill the requirements necessary to renew or extend a temporary certificate, emergency certificate, probationary certificate, or permit. A contract may also be voided if SBEC suspends or revokes certification because of an individual's failure to comply with criminal history background checks. Contact the Office of Human Resources Staffing Coordinator if you have any questions regarding certification or licensure requirements.

Recertification of Employment Authorization

Policy DC

At the time of hire all employees must complete the Employment Eligibility Verification Form (Form I-9) and present documents to verify identity and employment authorization.

Employees whose immigration status, employment authorization, or employment authorization documents have expired must present new documents that show current employment authorization. Employees should file the necessary application or petition sufficiently in advance to ensure that they maintain continuous employment authorization or valid employment authorization documents. Contact the Office of Human Resources if you have any questions regarding reverification of employment authorization.

Searches and Alcohol and Drug Testing

Policy CQ, DHE

Noninvestigatory searches in the workplace, including accessing an employee's desk, phone, file cabinets, or work area to obtain information needed for usual business purposes may occur when an employee is unavailable. Therefore, employees are hereby notified that they have no legitimate expectation of privacy in those places. In addition, the District reserves the right to conduct searches when there is reasonable cause to believe a search will uncover evidence of work-related misconduct. Such an investigatory search may include mandatory drug and alcohol testing if the suspected violation relates to drug or alcohol use. The District may search the employee, the employee's personal items, and work areas including District-owned technology resources, lockers, and private vehicles parked on District premises or work sites, or used in District business. Refusal to submit to testing or similar good cause search may constitute grounds for disciplinary action, up to and including termination.

Examinations During Employment. The Superintendent or designee may require an employee to undergo a medical examination/test if information received from the employee, the employee's supervisor, or other sources indicates the employee has a physical or mental impairment that interferes with the employee's ability to perform essential job functions or poses a direct threat to the health or safety of the employee or others.

Employees Required to Have a Commercial Driver's License. Any employee whose duties require a commercial driver's license (CDL) is subject to alcohol and drug testing. This includes all drivers who operate a motor vehicle designed to transport 16 or more people counting the driver, drivers of large vehicles, or drivers of vehicles used in the transportation of hazardous materials. Teachers, coaches, or other employees who primarily perform duties other than driving are subject to testing requirements if their duties include driving a commercial motor vehicle.

Drug testing will be conducted before an individual assumes driving responsibilities. Alcohol and drug tests will be conducted when reasonable suspicion exists, at random, when an employee returns to duty after engaging in prohibited conduct, and as a follow-up measure. Testing may be conducted following accidents. Return-to-duty and follow-up testing will be conducted if an employee who has violated the prohibited alcohol conduct standards or tested positive for alcohol or drugs is allowed to return to duty.

All employees required to have a CDL or who otherwise are subject to alcohol and drug testing will receive a copy of the District's policy, the testing requirements, and detailed information on alcohol and drug abuse and the availability of assistance programs.

Employees with questions or concerns relating to alcohol and drug testing policies and related educational material should contact the Office of Human Resources.

Vehicle Safety and Use Guidelines and Procedures

Policy CNB

The following established guidelines and procedures are for all employees who operate a vehicle while conducting District business.

Purpose

To control the risk of loss in the operation of vehicles used in the conduct of Irving ISD business.

Summary

It shall be the practice of Irving ISD to promote the safe and accident-free operation of all vehicles used in conducting school business through proper driver management and safe driving practices.

The driver's license must be shown to the driver's manager or other District administrators if requested. An employee driver shall immediately notify their supervisor when their driver's license has expired, been suspended, revoked, or restricted, or in the event of an accident, or receipt of any citations within 24 hours or by the end of the next business day. If revocations, suspensions, restrictions, or citations are challenged in court, the decision must be reported to the supervisor within 24 hours or by the end of the next business day after the decision. Failure to do so may result in loss of driving privileges or other disciplinary action.

Age Requirement

Drivers under the age of 21 are prohibited from operating vehicles owned by Irving ISD. Exemptions to this rule may be granted on a case-by-case basis for employees 18 years of age or older with no history of violations or preventable accidents on their driving record.

DEFINITIONS:

<u>District vehicle</u> - any vehicle owned, leased, or rented by Irving ISD.

<u>Privately Owned Vehicle (POV)</u> - any vehicle that is not owned, leased, or rented by the District but operated for the benefit of the District, and the District is reimbursing the owner/operator for any portion of the operating expense (e.g., driving a personal vehicle and collecting mileage and/or stipend.)

<u>Preventable Accident</u>: one in which the driver failed to exercise every reasonable precaution to prevent the accident.

<u>Major Preventable Accident</u>: one in which the driver deliberately and knowingly failed to exercise reasonable precautions to prevent the accident. This includes, but is not limited to, driving under the influence of drugs or alcohol, reckless driving, or excessive speeding as indicated on the traffic citation or determined by a reliable witness(es).

Non-Preventable Accident: one which includes, but is not limited to:

- Driver's vehicle was legally and properly parked
- Driver's vehicle was struck in the rear

Procedure

- A. General Requirements for all Drivers of Vehicle on District Business include:
 - i. Any Irving ISD driver shall have one and only one valid driver's license for the type of vehicle to be operated, issued within the requirements of their state of residence. They shall be physically and mentally fit, and, if required, meet physical requirements outlined in the Department of Transportation Regulations.
 - ii. Adherence to all traffic laws is mandatory; however, the driver is also expected to take reasonable defensive action, including reducing speed, when confronted with unfavorable driving situations, including road or weather conditions.
 - iii. All District-related vehicle accidents, whether preventable or nonpreventable, will be thoroughly investigated, and appropriate vehicle accident reports will be prepared and submitted to the Director of Risk Management.
 - iv. Unsafe driving techniques, reckless driving, texting, or driving under the influence of intoxicating, illegal, or prohibited substances will not be tolerated and shall be grounds for corrective action, up to and including termination.
 - v. District vehicles are to be driven only by the operator to whom the vehicle has been assigned or another operator to whom Irving ISD has authorized to operate a particular vehicle. District-owned leased, or rented vehicles are to be used only for District business and for transportation to and from the driver's usual place of employment when it is convenient to the District.

- Personal use is not permitted. Under no circumstances are hitchhikers or unapproved non-District passengers allowed in District vehicles.
- vi. When a person operates a POV on District business, they will maintain liability insurance with at least state-required minimum limits. Proof of insurance will be required and maintained in the supervisor's driver personnel file. The supervisor will ensure current proof of insurance is on file before approving a mileage reimbursement.
- vii. If the vehicle is equipped with safety belts, it shall be properly fastened and used at all times by all occupants of District vehicles and POVs.
- viii. A driver of a District vehicle or POV will assume costs resulting from traffic violations or criminal charges (excluding property damage or personal injury). This includes traffic fines, parking fines, bail bonds, legal defense of criminal charges, etc. The District expects all drivers to operate vehicles legally and safely.

- x. The District's legal obligations and those of the insurance company must be met whenever an accident occurs while driving on District business. The following reporting requirements are necessary:
 - Police reports The employee who was involved in an accident (no limit on dollar value) must complete any report required by law enforcement and prepare an IISD Vehicle Accident Report form or its equivalent. If necessary, the supervisor of the employee involved will prepare the report. Reports must be completed within twenty-four (24) hours and submitted to Irving ISD Safety and Security.
 - Suppose the accident was serious or involved a fatality. In that case, the employee's supervisor, Irving ISD Human Resources, and Irving ISD Safety and Security must be notified by telephone or radio immediately.
 - 2. Supervisor's Vehicle Accident Investigation A thorough investigation of each accident is essential to identifying the necessary action to prevent a recurrence. The immediate supervisor,

of the vehicle operator involved in an accident is to complete the report as soon as possible, with a preliminary report forwarded to Irving ISD Safety and Security no less than forty-eight (48) hours following the accident.

3. Accident Review Process - The Vehicle Accident Review Committee (VARC) shall be comprised of at least the following three members of the District, which will include the: Vehicle Operator's Supervisor, Safety Training representative, and Human Resources. The Director of Benefits, Risk Management, and HR Systems may also be engaged in an advisory capacity. In the absence of official citation, the Accident Review Process will be used to determine the type of accident: Preventable, Major Preventable, or Non-Preventable. The Vehicle Operator has the right to dispute the determination reached by the VARC using the District process for employee appeals and as outlined in District policy DGBA. A copy of all documentation shall be provided to Irving ISD Risk Management.

xi. Drug testing may be required after an accident. See Irving ISD Board Policies DBB and DHE.

- xii. Violations of the District and state motor vehicle rules and procedures will result in corrective action, up to and including the recommendation of termination of employment, depending on the severity of the violation and based on the following disciplinary guidelines:
 - 1st Preventable Accident This will result in the review of a driver safety video and a written performance correction notice/summary of conference. The employee will not be allowed to operate District motorized equipment until all requirements are complete.
 - 2. 2nd Preventable Accident This will result in the required completion of a Defensive Driving course (at the expense of the District), review of a driver safety video, a written performance correction notice/summary of conference, and the employee will not be allowed to operate District motorized equipment until all requirements are complete.
 - 3. 3rd Preventable Accident Driver will be subject to termination or assignment to a position not requiring vehicle operation.
 - NOTE: If an exception to the above guide is made, the driver's supervisor must prepare a written statement as to why the employee

should be exempted. This statement must be approved by the superintendent (or designee) of Irving ISD and included in the employee's permanent personnel file.

- xiii. Escalation of correction notices based on repeated preventable accidents (i.e., 1st, 2nd, 3rd) will be based on a 36-month window beginning on the date of the 1st Preventable Accident. The driver's supervisor shall provide a copy of all documentation to the Director of Benefits, Risk Management, and HR Systems immediately following finalization of the accident review process.
- xiv. A Preventable Accident remains in the employee file but will no longer be counted towards disciplinary decisions after 36 months from the date of the accident.
- xv. Major Preventable Accidents may result in immediate termination at the discretion of the Human Resources Department.
- xvi. Approved drivers who have their Driver's License suspended or invalidated, for any reason will be disqualified from operating a District vehicle and will be subject to termination.
- xvii. Any driver must advise their supervisor immediately in case of a moving violation conviction, or accident, on or off the job. Failure to advise the supervisor or attempt to conceal the information will result in corrective action, up to and including termination.
- xviii. An employee who has obtained 10 points on their driving record with the State of Texas will be disqualified from operating a District vehicle and will be subject to termination.

Motor Vehicle Review (MVR) Review

District vehicle drivers must read and sign a Motor Vehicle Record (MVR) consent form that permits Irving ISD to complete a motor vehicle background check.

All drivers shall have their MVR reviewed prior to driving a District vehicle for the first time. Employees whose job descriptions include driving a District vehicle shall have their MVR reviewed upon hire. MVR checks are valid for one (1) year. Drivers with unacceptable MVRs shall be prohibited from operating an Irving ISD vehicle. Any change in the status of an MVR will result in an immediate MVR review and possible change in driving status.

Each year, each employee operating a District vehicle or POV for the benefit of the District will complete the online Driver Request Form to conduct a driver's record check. The form can be located on the Risk Management website (https://www.irvingisd.net/riskmanagement).

Driving Requirements

Employees and officials who drive District-owned vehicles on District business must follow all rules outlined in this program. When operating District vehicles, drivers should remember that their driving habits reflect on the District and its other employees and officials. Irving ISD vehicles must be used legally, courteously, and safely.

- Drivers must wear seat belts and require seat belts to be worn by their passengers.
- Alcohol, tobacco products, e-cigarettes, and other vapor products are not allowed in District vehicles.
- Drivers must not place or answer phone calls while driving District vehicles unless using a hands-free device. If no hands-free device is available, drivers must pull off the road to a safe location to place or answer calls.
- Drivers must do a walk-around inspection of any District vehicle before driving it to check for any visible maintenance or safety issues.
- Drivers are not allowed to operate a District vehicle continuously for more than 10 hours per day in good driving conditions and are strongly encouraged to plan mini breaks every two hours during long periods of driving.
- Drivers are responsible for the care of District vehicles assigned to them and may be held responsible for improper care and abuse of the vehicle. Misconduct could lead to withdrawal of driving privileges and/or disciplinary actions.

Department of Transportation (DOT) Regulated Vehicles

Any vehicle traveling across state lines with a gross vehicle weight rating over 10,000 lbs. (e.g., box trucks/moving vans) is subject to DOT regulations. Each driver must have a DOT compliant driver file maintained in the Transportation Department before being allowed to drive vehicles within this classification.

In addition to a DOT-compliant driver file, any driver of a vehicle with a gross vehicle weight rating over 26,000 lbs. (e.g., dump trucks, large construction vehicles, buses) must possess a valid commercial driver's license and be in compliance with DOT regulations.

The Irving ISD Transportation Department will be responsible for evaluating the applicability of DOT regulations to this District's operations and ensuring compliance with those regulations. All drivers of DOT-regulated vehicles will have responsibilities beyond those outlined in this policy and will receive additional training and information.

Point System for Screening District Drivers

Irving ISD uses a point system to screen drivers who drive District vehicles. Points are assessed based on violations listed on the driver's MVR as well as for preventable vehicle accidents. Irving

ISD will use points to apply disciplinary action as follows:

- **3-5 points**: Driver will receive a courtesy letter/email.
- **6-9 points**: Driver will receive a warning and must successfully complete a driver improvement course.
- **10-and above points**: Driving privileges will be suspended and the employee will be subject to termination.

Points will accumulate for a period of 3 years before they are removed, with the exception of points received for major violations listed. Points received for major violations will remain for a period of 10 years. Points issued for vehicle incidents and violations are determined from the point classification descriptions below. Violations and points listed below are to be used as a guide and are not intended to be all-inclusive. Penalty points will be awarded as appropriate based on severity for any violations not specifically listed in this document.

Penalty Points for Major Violations

Assess ten (10) penalty points for each major violation if the date is within ten (10) years of the date of the driving record evaluation. Major violations include:

Driving while intoxicated (DWI)

Driving under influence (DUI)

Assault with motor vehicle Felony involving a motor vehicle

Fleeing a police officer Administrative License Revocation (ALR)

Penalty Points for Moving Violations

Assess three (3) penalty points for each moving violation if the date is within three (3) years of the date of the driving record evaluation. Moving violations are defined as all moving traffic violations not listed in the major violations category. They do not include non-moving administrative offenses. Examples of moving violations include, but are not limited to:

Speeding Disregarding a traffic signal

Disregarding a stop sign Failure to use turn signal

Failure to yield right of way Improper passing

Tailgating Failure to wear a seat belt

Cell phone use in a school zone Failure to stop at stop sign

Racing/speeding contest Careless/reckless driving

Penalty Points for Preventable Vehicle Accidents

Points for preventable vehicle accidents will be assessed immediately for accidents in a District vehicle or when identified on the driver's MVR. Multiple accidents will be assessed points on a graduated scale as follows: Assess three (3) penalty points for the first preventable accident. Assess three (3) additional penalty points for a second preventable accident within three years of the date of the first accident. Assess four (4) additional penalty points for a third preventable accident within three years of the date of the first accident. Three preventable vehicle accidents within a three-year period will add to 10 points and result in the suspension of driving privileges until the driver does not have three vehicle accidents occurring within the previous three years. Drivers issued penalty points as a result of vehicle accidents shall be notified of their right to appeal.

Appeal of Vehicle Accident Penalty Points

Drivers issued penalty points as a result of vehicle accidents may request a review by the VARC. The VARC shall review information pertinent to the accident, which should include the Texas Peace Officer's Crash Report if available. In examining this report, consideration of such items as charges filed, investigators' narrative, diagram, and factors/conditions contributing to the accident should assist in making a determination as to whether or not the assessment of penalty points is appropriate.

If the VARC reviews the accident report and other pertinent information and determines that the driver was not a cause of the accident, no penalty points will be assessed. If the VARC determines that the applicant was a cause of the accident, penalty points shall be assessed as appropriate.

White Fleet Rental Vehicles

If an employee or official wishes to utilize a white fleet rental vehicle, he/she must:

- Be an approved Irving ISD driver.
- Possess an acceptable MVR as specified by this program.
- Possess a valid and current driver's license for the type of vehicle to be driven and be prepared to show the license.

- Every person in a utility vehicle must have a seat. No extra riders.
- Utility vehicles shall not be operated on public roadways. Operation on campus roadways

 all applicable traffic laws.
- Drivers must yield to pedestrians at all times.
- Occupants of the vehicles must remain seated in the designated passenger compartment or designated seats when the vehicle is in motion. Arms and legs must remain in the vehicle.
- Every effort should be made to prevent equipment or supplies from protruding out of the side of the vehicle while in transit.
- Use directional or hand signals before making a turn.
- Set the parking brake when not in transit.

- Utility vehicles must not be operated at night unless equipped with head and taillights.
- Utility vehicles should not be driven through playgrounds at any time when the playground is occupied.

The following rules apply to the towing of trailers:

- The driver must have experience and training in towing trailers.
- All District-owned trailers should be pulled with District-owned vehicles when possible.
 When a trailer is pulled by a non-District vehicle, the insurance of the non-District vehicle becomes primary for the non-District vehicle and the attached trailer.
- Any vehicle used to pull a trailer must meet all required towing specifications for the trailer.
- Driver must conduct a pre-trip walk-around inspection before pulling a trailer.
- The trailer must be of a type designed for the intended usage.
- The trailer should be loaded from front to rear and balanced from side to side. When connected, the trailer and the tow vehicle should be level at the hitching point.
- All cargo must be secured with appropriate tie-downs and/or chains.
- Drivers must travel at a reduced speed and maintain a safe following distance. Posted speed limits must be followed with a max speed limit of 60 mph.
- Tires should be blocked before uncoupling a trailer.
- Whenever possible, a spotter should be used when backing up.

Vehicle Security

The security of Irving ISD vehicles is of high importance. Drivers are expected to take all reasonable steps to ensure that vehicles and cargo are secure from theft and vandalism.

When unattended:

- Vehicle interiors shall be secured: windows up, doors locked, and keys removed.
- Cargo should not be left unattended.

- Tools should be secured inside the vehicle or in exterior locked compartments and out of sight.
- Vehicles that are parked off-site should be parked in a well-lit area, and should not be parked on the street.
- Do not leave target theft items (especially computers) in plain view inside a locked vehicle.

Pre-Trip Walk-Around Inspections

District vehicle drivers are responsible for conducting walk-around inspections of the vehicle and reporting any defects or damage to the Facilities Services Department before driving each day or shift. Drivers must also note defects or damage to seats, seat belts, interior lights, engine warning lights, rearview mirrors, and emergency equipment.

Defects or damage must be reported to the Facilities Services Department shop manager or foreman. The shop manager or foreman will evaluate the vehicle and ensure that all hazards are repaired promptly. Vehicles that are unsafe to drive must be placed out of service immediately.

Safety: All employees will exercise discretion and good judgment while operating a motor vehicle for District business. While conducting District business, employees will operate District vehicles and personal vehicles in a safe and prudent manner and are required to comply with all traffic regulations, laws, and ordinances. Any employee found to be operating a District vehicle in an unsafe or any manner that would bring discredit to the District will have their vehicle privileges revoked and will be subject to discipline.

Health Safety Training

Policies DBA, DMA

Certain employees who are involved in physical activities for students must maintain and submit to the District proof of current certification or training in first aid, cardiopulmonary resuscitation (CPR), the use of an automated external defibrillator (AED), concussion, and extracurricular athletic activity safety. Certification or documentation of training must be issued by the American Red Cross, the American Heart Association, or another organization that provides equivalent training and certification. Employees subject to this requirement must submit their certification or documentation to their department supervisor or campus principal before the first day of school.

Reassignments and Transfers

Policy DK

All personnel are subject to assignment and reassignment by the Superintendent or designee when the Superintendent or designee determines that the assignment or reassignment is in the best interest of the District. Reassignment is a transfer to another position, department, or facility that does not necessitate a change in the employment contract. Campus reassignments should be approved by the principal at the receiving campus except when reassignments are due to enrollment shifts or program changes. Extracurricular or supplemental duty assignments may be reassigned at any time unless an extracurricular or supplemental duty assignment is part of a dual-assignment contract. Employees who object to a reassignment may follow the District process for employee complaints as outlined in this handbook and Board Policy DGBA (LOCAL). A reassignment will not be delayed pending the outcome of an appeal.

When enrollment shifts or program changes have occurred, the reassignments will be determined in the following manner:

- 1. The reassignment decision(s) will be restricted to the grade level or department specified (except in extenuating circumstances).
- 2. The principal/supervisor may accept volunteer(s) for reassignment.
- The teacher with the fewest number of current uninterrupted years of service in the Irving Independent School District will be reassigned.
- 4. If two or more teachers have the same tenure (#3 above), then total years' teaching service will be the final determinate.

An employee with the required qualifications for a position may request a transfer to another campus or department during the transfer window. Employees desiring to transfer to another campus or location may fill out the internal application in TalentEd Recruit and Hire, the District online application system. Teacher transfers must be completed by the deadline as set by the Office of Human Resources. Transfer requests submitted after the deadline will be coordinated by the Office of Human Resources and must be agreed upon by all parties involved.

Workload and Work Schedules

Policies DEAB, DK, DL

Professional Employees. Professional employees and academic administrators are exempt from overtime pay and are employed on a 10-, 11-, or 12-month basis, according to the work schedules set by the District. A school calendar is adopted each year designating the work schedule for teachers and all school holidays. Notice of work schedules including start and end dates and scheduled holidays will be distributed each school year.

Classroom teachers will have planning periods for instructional preparation including conferences. The schedule of planning periods is set at the campus level but must provide at least 450 minutes within each two-week period in blocks not less than 45 minutes within the instructional day. Teachers and librarians are entitled to a duty-free lunch period of at least 30 minutes. The District may require teachers to supervise students during lunch one day a week when no other personnel are available.

Paraprofessional and Auxiliary Employees. Support employees are employed at-will and receive notification of the required duty days, holidays, and hours of work for their position on an annual basis. Paraprofessional and auxiliary employees must be compensated for overtime and are not authorized to work in excess of their assigned schedule without prior approval from their supervisor. Working outside of the assigned duty schedule includes responding to text messages and/or telephone calls. Paraprofessionals and auxiliary employee positions are not allowed to work from home under any circumstances. See Overtime Compensation on the *Compensation, Benefits, and Leaves Handbook* (link available on page 28 of this handbook).

Notification to Parents Regarding Qualifications

Policies DK, DBA

In schools receiving Title I funds, the District is required by the *Every Student Succeeds Act* (ESSA) to notify parents at the beginning of each school year that they may request information regarding the professional qualifications of their child's teacher. ESSA also requires that parents be notified if their child has been assigned or taught for four or more consecutive weeks by a teacher who does not meet applicable state certification or licensure requirements.

Texas law requires that parents be notified if their child is assigned for more than 30 consecutive instructional days to a teacher who does not hold an appropriate teaching certificate. This notice is not required if parental notice under ESSA is sent. Inappropriately certified or uncertified teachers include individuals on an emergency permit (including individuals waiting to take a certification exam) and individuals who do not hold any certificate or permit. Information relating to teacher certification will be made available to the public upon request. Employees who have questions about their certification status can call the Office of Human Resources.

Outside Employment and Tutoring

Policy DBD

Employees are required to disclose in writing to their immediate supervisor any outside employment that may create a potential conflict of interest with their assigned duties and responsibilities or the best interest of the District. Supervisors will consider outside employment on a case-by-case basis and determine whether it should be prohibited because of a conflict of interest.

Performance Evaluation

Policy DN series

Evaluation of an employee's job performance is a continuous process that focuses on improvement. Performance evaluation is based on an employee's assigned job duties and other job-related criteria. All employees will participate in the evaluation process with their assigned supervisor at least annually. Written evaluations will be completed on forms approved by the District. Reports, correspondence, and memoranda also can be used to document performance information. All employees will receive a copy of their written evaluation, participate in a performance conference with their supervisor, and have the opportunity to respond to the evaluation.

Upon receiving a report, a nursing review committee may review a nurse's nursing services, qualifications, and quality of patient care, as well as merits of a complaint concerning a nurse, and a determination or recommendation regarding a complaint. A nurse may request, orally or in writing, a determination by the committee regarding conduct requested of the nurse believed to violate the nurse's duty to a patient.

Employee Involvement

Policies BQA, BQB

At both the campus and District levels, Irving ISD offers opportunities for input in matters that affect employees and influence the instructional effectiveness of the District. As part of the District's planning and decision-making process, employees are elected to serve on District- or campus-level advisory committees. Plans and detailed information about the shared decision-making process are available in each campus office or from the Office of School Leadership.

Professional Learning

Policy DMA

Professional learning activities are organized to meet the needs of employees and the District. Professional learning for instructional personnel is predominantly campus-based, related to achieving campus performance objectives, addressed in the Campus Improvement Plan, and approved by a campus-level advisory committee. Professional learning for non-instructional personnel is designed to meet specific licensing requirements (e.g., bus drivers) and continued employee skill development. Failure to meet requirements for professional learning may result in a loss of compensation, and/or be reflected on the employee's annual performance evaluation. The District offers extensive face-to-face, digital, and virtual professional learning programs throughout the year. These sessions can be found with the online registration system on the professional learning website. These sessions are offered at no charge to District employees. Individuals holding renewable SBEC certificates are responsible for obtaining the required training hours and maintaining appropriate documentation.

Complaints and Grievances

Policy DGBA

In an effort to hear and resolve employee concerns or complaints in a timely manner and at the lowest administrative level possible, the Board has adopted an orderly grievance process. Employees are encouraged to discuss their concerns or complaints with their supervisors or an appropriate administrator at any time.

The formal process provides all employees with an opportunity to be heard up to the highest level of management if they are dissatisfied with an administrative response. Once all administrative procedures are exhausted, employees can bring concerns or complaints to the Board of Trustees. For ease of reference, the District's policy concerning the process of bringing concerns and complaints is noted in Board Policy <u>DGBA (LOCAL)</u>.

Employee Conduct and Welfare

- Maintain confidentiality in all matters relating to students and coworkers.
- Report to work according to the assigned schedule.

Discrimination, Harassment, and Retaliation

Policies DH, DIA

Employees shall not engage in prohibited harassment, including sexual harassment, of other employees, unpaid interns, student teachers, or students. While acting in the course of their employment, employees shall not engage in prohibited harassment of other persons including Board members, vendors, contractors, volunteers, or parents. A substantiated charge of harassment will result in disciplinary action up to and including termination.

Individuals who believe they have been discriminated or retaliated against or harassed are encouraged to promptly report such incidents to the campus principal, supervisor, or appropriate District official. If the campus principal, supervisor, or District official is the subject of a complaint, the complaint should be made directly to the Superintendent. A complaint against the Superintendent may be made directly to the Board.

Any District employee who believes that he or she has experienced prohibited conduct based on sex, including sexual harassment, or believes that another employee has experienced such prohibited conduct, should immediately report the alleged acts. The employee may report the alleged acts to his or her supervisor, the campus principal, the Title IX coordinator, or the Superintendent. The District's Title IX coordinator's name and contact information is listed in the *Equal Employment Opportunity* section of this handbook.

The District's policy that includes definitions and procedures for reporting and investigating discrimination, harassment, and retaliation is noted in Board Policy DIA (LOCAL) and FFH (LOCAL).

Harassment of Students

Policies DF, DH, DHB, FFG, FFH, FFI

Sexual and other harassment of students by employees are forms of discrimination and are prohibited by law. Romantic or inappropriate social relationships between students and District employees are prohibited.

Employees who suspect a student may have experienced prohibited harassment are obligated to report their concerns to the campus principal or other appropriate District official. Any District employee who suspects or receives direct or indirect notice that a student or group of students has or may have experienced prohibited conduct based on sex (as defined by Board policy), including sexual harassment, of a student shall immediately notify the District's Title IX coordinator, the ADA/Section 504 coordinator, or superintendent and take any other steps required by District policy. Any employee who fails to timely report suspected discrimination may be subject to disciplinary action, up to and including a recommendation for termination of employment.

All allegations of prohibited harassment of a student by an employee or adult will be reported to the student's parents and promptly investigated. An employee who knows of or has reasonable cause to believe that child abuse or neglect occurred, must also report his or her knowledge or suspicion to the appropriate authorities, as required by law. See the *Reporting Suspected Child Abuse* section and the *Bullying* section of this handbook for additional information. The District's policy that includes definitions and procedures for reporting and investigating harassment of students is reprinted below:

Definitions

"Solicitation of a romantic relationship" means deliberate or repeated acts that can be reasonably interpreted as the solicitation by an educator of a relationship with a student that is romantic in nature. A romantic relationship is often characterized by a strong emotional or sexual attachment and/or patterns of exclusivity, but does not include appropriate educator-student relationships that arise out of legitimate contexts such as familial connections or longtime acquaintance. The following acts, considered in context, may

constitute prima facie evidence of the solicitation by an educator of a romantic relationship with a student:

- 1. Behavior, gestures, expressions, or communications with a student that are unrelated to the educator's job duties and evidence a romantic intent or interest in the student, including statements or acts of love, affection, or attraction. Factors that may be considered in determining the romantic intent of such communications or behavior include:
 - a. The nature of the communications or behaviors;
 - b. The timing of the communications or behaviors;
 - c. The extent of the communications or behaviors;
 - d. Whether the communications or acts were made openly or secretly;
 - e. The extent that the educator attempts to conceal the communications or acts;
 - f. If the educator claims to be counseling a student, SBEC may consider whether the educator's job duties included counseling, whether the educator reported the subject of the counseling to the student's guardians or to the appropriate school personnel, or, in the case of alleged abuse or neglect, whether the educator reported the abuse or neglect to the appropriate authorities; and
 - g. Any other evidence tending to show the context of the communications or interactions between educator and student.
- 2. Making inappropriate comments about a student's body or attractiveness, creating or transmitting sexually suggestive photographs or images, or encouraging the student to transmit sexually suggestive photographs or images.
- 3. Making sexually demeaning comments to a student.
- 4. Making comments about a student's potential sexual performance.
- 5. Requesting details of a student's sexual history.
- 6. Requesting a date, sexual contact, or any activity intended for the sexual gratification of the educator.
- 7. Engaging in conversations regarding the sexual problems, preferences, or fantasies of either party.
- 8. Inappropriate hugging, kissing, or excessive touching.
- 9. Providing the student with drugs or alcohol.
- 10. Violating written directives from school administrators regarding the educator's behavior toward a student.
- 11. Suggestions that a romantic relationship is desired after the student graduates, including post-graduation plans for dating or marriage.

12. Any other acts tending to show that the educator solicited a romantic relationship with the student. 19 TAC 249.3(51)

Sexual harassment of a student by a District employee includes both welcome and unwelcome sexual advances; requests for sexual favors; sexually motivated physical, verbal, or nonverbal conduct; or other conduct or communication of a sexual nature when:

- A District employee causes the student to believe that the student must submit to the conduct in order to participate in a school program or activity, or that the employee will make an educational decision based on whether or not the student submits to the conduct; or
- 2. The conduct is so severe, persistent, or pervasive that it:
 - a. Affects the student's ability to participate in or benefit from an educational program or activity, or otherwise adversely affects the student's educational opportunities; or
 - b. Creates an intimidating, threatening, hostile, or abusive educational environment.

Sexual harassment of a student, including harassment committed by another student, includes unwelcome sexual advances; requests for sexual favors; or sexually motivated physical, verbal, or nonverbal conduct when the conduct is so severe, persistent, or pervasive that it:

- Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
- 2. Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
- 3. Otherwise adversely affects the student's educational opportunities.

Certain Offenses Against Students – Mandatory Termination *Policy DF*

If a district receives notice that SBEC has revoked the certificate of a person based on conviction of or placement on deferred adjudication community supervision for an offense for which the person is required to register as a sex offender under Code of Criminal Procedure, Chapter 62; a conviction of a felony under Penal Code Title 5 if the victim of the offense was under 18 years of age at the time the offense was committed; or conviction of or placement on deferred adjudication community supervision for an offense under Penal Code 43.24 (Sale, Distribution, or Display of Harmful Material to Minor), the district shall:

- 1. Immediately remove the person whose certificate has been revoked from campus or from an administrative office, as applicable, to prevent the person from having any contact with a student; and
- 2. If the person is employed under a probationary or term contract, with the approval of the board or its designee:

- a. Suspend the person without pay;
- b. Provide the person with written notice that the person's contract is void [see Notice to Employee, below]; and
- c. Terminate the employment of the person as soon as practicable.

Reporting Suspected Child Abuse

Policies DG, FFG, GRA

All employees with reasonable cause to believe that a child's physical or mental health or welfare has been adversely affected by abuse or neglect, as defined by Texas Family Code §261.001, are required by state law to make a report to a law enforcement agency, Child Protective Services (CPS), or appropriate state agency (e.g., state agency operating, licensing, certifying, or registering the facility) within 48 hours of the event that led to the suspicion. Alleged abuse or neglect involving a person responsible for the care, custody, or welfare of the child (including a teacher) must be reported to CPS.

Employees are also required to make a report if they have reasonable cause to believe that an adult was a victim of abuse or neglect as a child and they determine in good faith that the disclosure of the information is necessary to protect the health and safety of another child, elderly person, or person with a disability.

Reports to Child Protective Services can be made online at https://www.txabusehotline.org/Login/Default.aspx or to the Texas Abuse Hotline (800-252-5400). State law specifies that an employee may not delegate to or rely on another person or administrator to make the report.

Under state law, any person reporting or assisting in the investigation of reported child abuse or neglect is immune from liability unless the report is made in bad faith or with malicious intent. In addition, the District is prohibited from retaliating against an employee who, in good faith, reports child abuse or neglect or who participates in an investigation regarding an allegation of child abuse or neglect.

An employee's failure to make the required report may result in prosecution as a Class A misdemeanor. The offense of failure to report by a professional may be a state jail felony if it is shown the individual intended to conceal the abuse or neglect. In addition, a certified employee's failure to report may result in disciplinary procedures by SBEC for a violation of the Texas Educators' Code of Ethics.

Employees who suspect that a student has been or may be abused or neglected should also report their concerns to the campus principal. This includes students with disabilities who are no longer minors. Employees are not required to report their concern to the principal before making a report to the appropriate agency.

Reporting the concern to the principal does not relieve the employee of the requirement to report it to the appropriate state agency. In addition, employees must cooperate with investigators of child abuse and neglect, including by providing their name, professional role, and contact information. Interference with a child abuse investigation by denying an interviewer's request to interview a student at school or requiring the presence of a parent or school administrator against the authority of the duly authorized investigator is prohibited.

Sexual Abuse and Maltreatment of Children

The District has established a plan for addressing sexual abuse and other maltreatment of children, which may be accessed at www.irvingisd.net/reportabuse. As an employee, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused or maltreated. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. Maltreatment is defined as abuse or neglect. Anyone who has reasonable cause to believe that a child has been or may be abused or neglected has a legal responsibility under state law for reporting the suspected abuse or neglect following the procedures described above in the *Reporting Suspected Child Abuse* section of this handbook.

Reporting Crime

Policy DG

The Texas Whistleblower Act protects District employees who make good faith reports of violations of law by the District to an appropriate law enforcement authority. The District is prohibited from suspending, terminating the employment of, or taking other adverse personnel action against, an employee who makes a report under the Act. State law also provides employees with the right to report a crime witnessed at the school to any peace officer with authority to investigate the crime.

Scope and Sequence

Policy DG

If a teacher determines that students need more or less time in a specific area to demonstrate proficiency in the Texas Essential Knowledge and Skills (TEKS) for that subject and grade level, the District will not penalize the teacher for not following the District's scope and sequence. The District may take appropriate action if a teacher does not follow the District's scope and sequence based on documented evidence of a deficiency in classroom instruction. This documentation can be obtained through observation or substantiated and documented third-party information.

Technology Resources

Policy CQ

The District's technology resources, including its networks, computer systems, email accounts, devices connected to its networks, and all District-owned devices used on or off school property, are primarily for administrative and instructional purposes. Limited personal use is permitted if the use:

- Imposes no tangible cost to the District
- Does not unduly burden the District's technology resources
- Has no adverse effect on job performance or on a student's academic performance
- Complies with the District's acceptable use guidelines and policies

Electronic mail transmissions and other use of the technology resources are not confidential and can be monitored at any time to ensure appropriate use.

Employees are required to abide by the provisions of the District's acceptable use agreement and administrative procedures. Failure to do so can result in suspension of access or termination of privileges and may lead to disciplinary and/or legal action. Employees with questions about computer use and data management can contact Technology Services.

Personal Use of Electronic Communications

Policies CQ, DH

Electronic communications include all forms of social media, such as text messaging, instant messaging, electronic mail (email), web logs (blogs), wikis, electronic forums (chat rooms), videosharing websites (e.g., YouTube), editorial comments posted on the Internet, and social network sites (e.g., Facebook, Twitter, LinkedIn, Instagram). Electronic communications also include all forms of telecommunication such as landlines, cell phones, and web-based applications.

As role models for the District's students, employees are responsible for their public conduct even when they are not acting as District employees. Employees will be held to the same professional standards in their public use of electronic communications as they are for any other public conduct. If an employee's use of electronic communications interferes with the employee's ability to effectively perform his or her job duties, the employee is subject to disciplinary action, up to and including termination of employment. If an employee wishes to use a social network site or similar media for personal purposes, the employee is responsible for the content on the employee's page, including content added by the employee, the employee's friends, or members of the public who can access the employee's page, and for web links on the employee's page. The employee is also responsible for maintaining privacy settings appropriate to the content.

An employee who uses electronic communications for personal purposes shall observe the following:

- The employee may not set up or update the employee's personal social network page(s) using the District's computers, network, or equipment.
- The employee shall limit use of personal electronic communication devices to send or receive calls, text messages, pictures, and videos to breaks, mealtimes, and before and after scheduled work hours, unless there is an emergency or the use is authorized by a supervisor to conduct District business.
- The employee shall not use the District's logo or other copyrighted material of the District without express, written consent.
- An employee may not share or post, in any format, information, videos, or pictures
 obtained while on duty or on District business unless the employee first obtains written
 approval from the employee's immediate supervisor and the parents of a student, as
 necessary under law. Employees should be cognizant that they have access to
 information and images that, if transmitted to the public, could violate privacy concerns.
- The employee continues to be subject to applicable state and federal laws, local policies, administrative regulations, and the Texas Educators' Code of Ethics, even when communicating regarding personal and private matters, regardless of whether the employee is using private or public equipment, on or off campus. These restrictions include:
 - o Confidentiality of student records [See Policy FL]
 - Confidentiality of health or personnel information concerning colleagues, unless disclosure serves lawful professional purposes or is required by law [See DH (EXHIBIT)]
 - Confidentiality of District records, including educator evaluations and private email addresses. [See Policy GBA]
 - o Copyright law [See Policy CY]
 - o Prohibition against harming others by knowingly making false statements about a colleague or the school system. [See DH (EXHIBIT)]
 - o Records retention [See Policy CPC]

See *Electronic Communications between Employees, Students, and Parents*, below, for regulations on employee communication with students through electronic media.

Electronic Communications between Employees, Students, and Parents *Policy DH, CQ*

Employees are not permitted to communicate with students electronically. A certified or licensed employee, or any other employee designated in writing by the superintendent or a campus principal, may use electronic communications with students who are currently enrolled in the District only under the following conditions:

- 1. Communication is related to the employee's professional responsibilities;
- 2. Content of the communication is directly related to educational programs or schoolsponsored extracurricular activities;
- 3. Communications are directed to a group of students (no individual messages) or the student's parent is included on the communication.

All electronic communication should be through District email, a District-approved communication platform, or utilizing a device provided by the District. If an employee communicates with a student or parent using a personal device, the employee does not have a right to privacy with respect to those communications. All communications with students and parents may be subject to public records disclosure requirements and must be provided to the District by forwarding the communication to District servers and providing the communication to District personnel upon request. Employees are not required to provide students with their personal phone number or email address.

An employee is not subject to the provisions regarding electronic communications with a student to the extent the employee has a social or family relationship with a student. For example, an employee may have a relationship with a niece or nephew enrolled in the District, a student who is the child of an adult friend, a student who is a friend of the employee's child, or a student who is a member or participant in the same civic, social, recreational, or religious organization. An employee who claims an exception based on a social relationship shall provide written consent from the student's parent authorizing electronic communication between the employee and the student using a form provided by the District [See Policy DH(EXHIBIT)]. The written consent form shall include an acknowledgment by the parent that:

- The employee has provided the parent with a copy of this protocol;
- The employee and the student have a social relationship outside of school;
- The parent understands that the employee's communications with the student are excepted from District regulation; and

• The parent is solely responsible for monitoring electronic communications between the employee and the student.

The following definitions apply for the use of electronic media with students:

- Electronic communications means any communication facilitated by the use of any
 electronic device, including a telephone, cellular telephone, computer, computer
 network, personal data assistant, or pager. The term includes email, text messages,
 instant messages, and any communication made through an Internet website,
 including a social media website or a social networking website.
- Communicate means to convey information and includes a one-way communication
 as well as a dialogue between two or more people. A public communication by an
 employee that is not targeted at students (e.g., a posting on the employee's personal
 social network page or a blog) is not a communication: however, the employee may
 be subject to District regulations on personal electronic communications.
 Unsolicited contact from a student through electronic means is not a
 communication.
- Certified or licensed employee means a person employed in a position requiring SBEC certification or a professional license, and whose job duties may require the employee to communicate electronically with students. The term includes, but is not limited to, classroom teachers, including interim teachers who may not be fully certified, counselors, principals, librarians, paraprofessionals, nurses, educational diagnosticians, licensed therapists, coaches, and athletic trainers.

The employee continues to be subject to applicable state and federal laws, local policies, administrative regulations, and the Texas Educators' Code of Ethics including:

- Compliance with the Public Information Act and the Family Educational Rights and Privacy Act (FERPA), including retention and confidentiality of student records. [See Policies CPC and FL]
- Copyright law [Policy CY]
- Prohibitions against soliciting or engaging in sexual conduct or a romantic relationship with a student. [See Policy DH]

Upon written request from a parent or student, the employee shall discontinue communicating with the student through email, group text messaging, group instant messaging, or any other form of communication.

All staff are required to use school email accounts for all electronic communications with parents. Communication about school issues with parents through personal email accounts or text messages are not permitted.

Personal Phone Calls. Personal phone calls during working hours distract employees from their job responsibilities and may be disruptive to coworkers. Employees should therefore limit the placing or receiving of personal calls during working hours to those required only in emergency situations. This procedure applies to the use of District phone equipment as well as cellular phones. Employees are expected to inform friends and family members of this procedure and will be held accountable for their actions under the District's disciplinary procedure.

Employees contacted by creditors or collection agencies should immediately inform the caller of this procedure and end the call. They should then follow up with the agency in writing advising them not to call them at work. Creditors failing to honor such a request can be reported to the Federal Trade Commission at www.ftc.gov.

Public Information on Private Devices

Policy DH, GB, CQ

Employees should not maintain District information on privately owned devices. If an employee does have work-related information on a privately-owned device, the employee may be directed to provide access to such work-related information upon request. Employees do not hold individual privacy rights to work-related information, which may be subject to the Public Information Act or FERPA disclosure. The District will make reasonable efforts to obtain public information in compliance with the Public Information Act. Reasonable efforts may include:

- Verbal or written directive
- Remote access to District-owned devices and services

Criminal History Background Checks

Policy DBAA

Employees may be subject to a review of their criminal history record information at any time during employment. National criminal history checks based on an individual's fingerprints, photo, and other identification will be conducted on certain employees and entered into the Texas Department of Public Safety (DPS) Clearinghouse. The District has established procedures for handling and processing all cash collections/payments at the campus and administrative office/department/division levels.

Campus-based employees should consult with their principal regarding the responsibilities for accepting, receiving, and depositing cash from students and for all school-related activities. If applicable, non-campus-based employees should consult with their administrator for cash handling procedures involving their office/department/division.

The District has established Board policy regarding activity funds. The principal (campus administrator) is responsible for the school's activity funds. Inappropriate cash handling can lead to administrative and legal action. Parent Teacher Association (PTA) and booster club officers are responsible for their organization's operations and fundraisers including the handling of funds for their organization.

Each individual booster club is to be regulated by its guidelines as an independent non-profit organization and is subject to UIL regulations and Board policy. Further, District property is not to be "borrowed," taken off District premises, or utilized for non-District purposes by any employee or other person. Policy CK series

The District has developed and promotes a comprehensive program to ensure the safety and security of its employees, students, and visitors. See the *Emergencies* section of this handbook for additional information.

Employees must follow established protocols and response to emergencies for each campus and department. Refer to written security procedures specific to your location and work area.

A person, including an employee, who holds a license to carry a handgun may transport or store a handgun or other firearm or ammunition in a locked vehicle in a parking lot, garage, or other District-provided parking area, provided the handgun or firearm or ammunition is not in plain view. To ensure the safety of all persons, employees who observe or suspect a violation of the District's weapons policy should report it to their supervisor, School Resource Officer, or call the Irving Police Department immediately.

Policy GKC

Authorized visitors will receive directions or be escorted to their destination. Employees who observe an unauthorized individual on the District premises should immediately direct him or her to the building office or contact the administrator in charge. District employees, including those on family/medical leave, are not allowed to bring family members to the workplace during normal working hours. Brief visits (e.g., an employee brings his/her child, grandchild or other relative in to introduce that child to co-workers) may be allowed provided the employee supervises the visitors at all times during the visit and the visit must be coordinated and approved by the employee's supervisor in advance of the visit. Supervisors should take the following into consideration when evaluating requested visits to the workplace:

Employees should locate evacuation diagrams posted in their work areas and be familiar with shelter in place, secure, and lockdown procedures. Emergency drills will be conducted to familiarize employees and students with safety and evacuation procedures. Each campus is equipped with an automatic external defibrillator and stop-the-bleed kits. Fire extinguishers are located throughout all District buildings. Employees should know the location of these devices and the procedures for their use.

Tornado Occurrence

Should emergency situations such as a tornado warning or other severe weather occur, principals are charged with the responsibility of exercising judgment with extreme caution for the safety and welfare of students. Based upon U.S. Weather Bureau reports, school buses may be detained at the schools until it is determined that it is safe to dismiss the students.

Principals may grant students special permission to leave with parents.

Ice, Snow, and Hazardous Street Conditions

The District's schools will remain open, provided buildings can be comfortably heated and students can arrive at school safely. When conditions of inclement weather, icy roads, or lack of adequate heat exist, the Superintendent or designee will make a decision as to the closing of schools either for the entire day or a portion of the day.

If schools are closed or delayed in opening for the day, the Superintendent or designee will notify all IISD parents and staff using the SchoolMessenger notification system. All efforts will be made to send the notification by 5:45 a.m. the morning of a change in school operations. If the decision to close or delay school is made in the evening prior, then both parents and staff will receive notification via SchoolMessenger. All efforts will be made to send the notification by 10:00 p.m. the evening before a change in school operations. In addition, information regarding a

change in the school day will be posted at the IISD website and area news media will also be notified.

In the event that the SchoolMessenger notification fails to reach any staff members, principals and central office administrators are instructed to make telephone contact with employees immediately after receiving operational plans from the Superintendent or designee. All principals will devise campus plans for notifying their staff members of the day's revised procedures and central office administrators will notify all personnel under their supervision.

On a day of school closing or delayed opening, messages will also be posted at the IISD website, www.irvingisd.net, on the radio and television stations listed above under Emergency School Closing and on social media networks maintained by the Office of Communications.

In the event of a late opening, all school personnel are expected to be on duty one hour prior to the determined delayed starting time for students. Buses will be scheduled to run one hour later than the regular schedule. Principals are advised to develop bell schedules, lunch schedules, etc., for delayed starting times of 9:00 a.m., 9:30 a.m., and 10:00 a.m. The latest delayed starting time that will be considered by the District is 10:00 a.m.

Purchasing Procedures

Policy CH

All requests for purchases must be submitted to the Purchasing Department through the official District requisition accounting system. No purchases, charges, or commitments to buy goods or services for the District can be made without a properly drawn purchase order. In an emergency declared by the Board of Trustees or their delegated proxy or in the event that there are technical problems with the accounting software that prevent the production of a purchase order, the Superintendent or designee may grant permission to purchase without a properly drawn purchase order. The District will not reimburse employees or assume responsibility for purchases or expenses made without authorization. Employees are not permitted to use District funds to purchase supplies or equipment for personal use. The Purchasing website has links to the Purchasing Manual and Quick Tips or you may contact the Purchasing Department for additional information.

Name and Address Changes

It is important that employment records be kept up to date. Employees must notify the Office of Human Resources if there are any changes or corrections to their name and marital status.

Home address, contact telephone number, and emergency contact changes should be made through Employee Self Service.

Personnel Records

Policy DBA, GBA

Employees may choose to have the following personal information withheld:

- Address
- Phone number, including personal cell phone number
- Emergency contact information
- Information that reveals whether they have family members

The choice to not allow public access to this information or change an existing choice may be made at any time by completing a privacy form at the Office of Human Resources. New or terminated employees have 14 days after hire or termination to submit a request. Otherwise, personal information may be released to the public until a request to withhold the information described above is submitted or another exception for release of information under law applies, as confirmed by the Office of the Texas Attorney General. An employee is responsible for notifying the District if he or she is personally subject to any exception for disclosure of personal or confidential information specific to the employee.

A written notice of resignation should be submitted to the Office of Human Resources (as the Superintendent's designee). of misconduct for any of the acts listed in the *Reports to Texas Education Agency* section. The Superintendent will notify SBEC when an employee resigns and there is reasonable evidence to indicate that the employee has engaged in such misconduct.

Non-Contract Employees. Non-contract employees may resign their position at any time. The superintendent will notify TEA within seven business days of receiving a report from a principal, or of knowing about an employee's resignation or termination following an alleged incident of misconduct described above.

Upon separation of employment, all District owned property, ID card and resources must be returned to the supervisor. Absent exigent circumstances, an employee is responsible for removing their own personal property from their workspace prior to their last effective date of employment.

Dismissal or Nonrenewal of Contract Employees

Policies DF Series, DHB

Employees on probationary or term contracts can be dismissed during the school year according to the procedures outlined in District policies. Employees on probationary or term contracts can be terminated or non-renewed, respectively, at the end of the contract term. Contract employees dismissed during the school year, suspended without pay, or subject to a reduction in force are entitled to receive notice of the recommended action, an explanation of the charges against them, and an opportunity for a hearing. The timelines and procedures to be followed when a suspension, termination, or nonrenewal occurs will be provided when a written notice is given to an employee.

The principal is required to notify the Superintendent of an educator's termination within seven business days following an alleged incident of misconduct for any of the acts listed in the Reports to Texas Education Agency. The Superintendent will notify SBEC when an employee is terminated and there is evidence to indicate that the employee has engaged in such misconduct.

The same advance notification requirements for termination or non-renewal of a contract do not apply when a contract employee is dismissed for failing to obtain or maintain appropriate certification or when the employee's certification is revoked for misconduct. Information on the timelines and procedures can be found in the DF series policies that are provided to employees or are available online.

Dismissal of Non-Contract Employees

Policies DCD, DP

Non-Contract employees are employed at will and may be dismissed without notice, a description of the reasons for dismissal, or a hearing. It is unlawful for the District to dismiss any employee for reasons of race, color, religion, gender, national origin, age, disability, military status, genetic information, any other basis protected by law, or in retaliation for the exercise of certain protected legal rights. Non-Contract employees who are dismissed have the right to grieve the termination. The dismissed employee must follow the District process outlined in this handbook when pursuing the grievance. See the *Complaints and Grievances* section of this handbook.

The principal or other supervisor is required to notify the Superintendent of a non-certified employee's resignation or termination within seven business days following an alleged incident of misconduct where the allegations pertained to the abuse of a student, or involvement in a romantic relationship with or solicitation or engagement in sexual conduct with a student or minor. The Superintendent will notify TEA within seven business days of receiving a report from a principal or other supervisor, or of knowing about an employee's resignation or termination following an alleged incident of misconduct described above.

Discharge of Convicted Employees

Policy DF

The District shall discharge any employee who has been convicted of or placed on deferred adjudication community supervision for an offense requiring the registration as a sex offender or convicted of a felony under Title 5 Penal Code if the victim was a minor.

If the offense is more than 30 years before the date the person's employment began or the person satisfied all terms of the court order entered on conviction the requirement to discharge does not apply.

Job Abandonment

Policy DEC

Employees who are absent from work for three consecutive working days either without notice or without approval may be deemed to have voluntarily resigned from the District and may be separated from the District due to job abandonment (i.e. failure to fulfill duties or responsibilities, repeated and continued neglect of duties, etc.) in accordance with District policy.

Exit Interviews and Procedures

Any employee leaving the District is required to complete an employee exit form. Leaving employees are also encouraged to participate in an exit interview. Information on the continuation of benefits, release of information, and procedures for requesting references will be provided at this time. Separating employees are asked to provide the District with a forwarding address and phone number and complete a questionnaire that provides the District with feedback on his or her

employment experience. All District keys, books, property, including intellectual property, and equipment must be returned upon separation from employment. Absent exigent circumstances, employees are responsible for removing their own personal property from their workspace prior to their last effective day of employment with the District.

Reports to Texas Education Agency

Policies DF, DHB, DHC

Certified Employees: The resignation or termination of a certified employee must be reported to the Division of Investigations at TEA if there is any evidence that the employee was involved in any of the following:

The reporting requirements above are in addition to the Superintendent's ongoing duty to notify TEA when a certified employee or an applicant for certification has a reported criminal history or engaged in conduct violating the assessment security procedures established under TEC §39.0301. "Reported criminal history" means any formal criminal justice system charges and dispositions including arrests, detentions, indictments, criminal information, convictions, deferred adjudications, and probations in any state or federal jurisdiction that is obtained by a means other than the Fingerprint-based Applicant Clearinghouse of Texas (FACT).

Student Issues

Equal Educational Opportunities

Policies FB, FFH

In an effort to promote nondiscrimination and as required by law, Irving ISD does not discriminate on the basis of race, color, religion, national origin, age, sex, or disability in providing education services, activities, and programs, including Career and Technical Education (CTE) programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972, as amended; and Section 504 of the Rehabilitation Act of 1973, as amended.

Questions or concerns about discrimination against students based on sex, including sexual harassment, should be directed to Dr. Reny Lizardo, Executive Director of Campus Operations and Attendance PK-12, 2621 W Airport Fwy, Irving, TX 75062, relizardo@irvingisd.net 972-600-5023, the District Title IX coordinator for students. Questions or concerns about discrimination on the basis of a disability should be directed to Sofia Lopez, Director of At-Risk & Responsive Services, 2621 W Airport Fwy, Irving, TX 75062, soflopez@irvingisd.net, 972-600-5027, the District ADA/Section 504 coordinator. All other questions or concerns relating to discrimination based on any other reasons should be directed to the Superintendent.

Student Records

Policy FL

Student records are confidential and are protected from unauthorized inspection or use. Employees should take precautions to maintain the confidentiality of all student records. The following people are the only people who have general access to a student's records:

 Parents: Married, separated or divorced unless parental rights have been legally terminated and the school has been given a copy of the court order terminating parental rights. • Legal Guardians: Adult(s) granted the legal rights to access the student's educational records by a court of law or lawfully executed document.

NOTE: The term "parents" is used in this Handbook to include both parents and legal guardians, as defined above.

- The student: The rights of parents transfer to a student who turns 18 or is enrolled in an institution of postsecondary education. A District is not prohibited from granting the student access to the student's records before this time.
- School officials with legitimate educational interests.

The student handbook provides parents and students with detailed information on student records. Parents or students who want to review student records should be directed to the Records Officer for assistance.

Teachers may display students' assignments, which may include personally identifiable student information, in classrooms or elsewhere on campus as recognition of student achievement.

However, the District will seek parental consent (Student Directory Information Form Release of Directory Information for School-Sponsored Purposes) before displaying students' original work (such as artwork, special projects, photographs taken by students, original videos or voice recordings, and other original works) on the District's website, a website affiliated with or sponsored by the District, such as a campus or classroom website, and in District publications, which may include printed materials, videos, or other methods of mass communication. Teachers shall approve classroom assignments for appropriateness and acceptability before posting or transmitting.

No personally identifiable information about a District student will be posted on a webpage under the District's control unless the District has received written consent from the student's parent. An exception may be made for directory information as allowed by the Family Educational Rights and Privacy Act and District policy.

Parent and Student Complaints

Policy FNG

In an effort to hear and resolve parent and student complaints in a timely manner and at the lowest administrative level possible, the Board has adopted orderly processes for handling complaints on different issues. Any campus office or the Superintendent's office can provide parents and students with information on filing a complaint.

Parents are encouraged to discuss problems or complaints with the teacher or the appropriate administrator at any time. Parents and students with complaints that cannot be resolved to their satisfaction should be directed to the campus principal. The formal complaint process provides

parents and students with an opportunity to be heard up to the highest level of management, the District's Board of Trustees, if they are dissatisfied with a principal's response.

Administering Medication to Students

Policy FFAC

Only designated employees may administer prescription medication, nonprescription medication, and herbal or dietary supplements to students. Exceptions apply to the self-administration of asthma medication, medication for anaphylaxis (e.g., EpiPen®), and medication for diabetes management if the medication is self-administered in accordance with District policy and procedures. A student who must take any other medication during the school day must bring a written request from his or her parent and the medicine in its original, properly labeled container to the school nurse.

If the medication is to be provided at school, the medication label shall be in English. The parent may obtain an English label from the pharmacist. Contact the principal or school nurse for information on procedures that must be followed when administering medication to students.

Dietary Supplements

Policies DH, FFAC

District employees are prohibited by state law from knowingly selling, marketing, or distributing a dietary supplement that contains performance-enhancing compounds to a student with whom the employee has contact as part of his or her school District duties. In addition, employees may not knowingly endorse or suggest the ingestion, intranasal application, or inhalation of a performance-enhancing dietary supplement to any student.

National School Lunch Program

Meals are available for employees to purchase through their campus or assigned-building's cafeteria. The price for employee-purchased meals must be set by the District in accordance with federal guidelines. No free cafeteria food is available for any employee or other adult. Please note that eating without payment, giving away, or mishandling food that has been subsidized through the National School Lunch Program can constitute a federal crime and result in disciplinary consequences and criminal penalties; this includes eating cafeteria food that is intended for students.

Psychotropic Drugs

Policy FFAC

A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on perception, emotion, or behavior and is commonly described as a mood- or behavior-altering substance.

District employees are prohibited by state law from doing the following:

- Recommending that a student use a psychotropic drug
- Suggesting a particular diagnosis
- Excluding from class or school-related activity a student whose parent refuses to consent to a psychiatric evaluation or to authorize the administration of a psychotropic drug to a student

Student Conduct and Discipline

Policies in the FN series and FO series

Students are expected to follow the classroom rules, campus rules, and rules listed in the Student Handbook and Student Code of Conduct. Teachers and administrators are responsible for taking disciplinary action based on a range of discipline management strategies that have been adopted by the District. Other employees that have concerns about a particular student's conduct should contact the classroom teacher or campus principal. The Student Handbook and Student Code of Conduct are accessible on the District's website.

Student Attendance

Policy FEB

Teachers and staff should be familiar with the District's policies and procedures for attendance accounting. These procedures require minor students to have parental consent before they are allowed to leave campus. When absent from school, the student upon returning to school, should bring a note signed by the parent that describes the reason for the absence. These requirements are addressed in campus training and in the Student Handbook. Contact the campus principal or designee for additional information.

Bullying

Policy FFI

Bullying is defined by §TEC 37.0832. All employees are required to report student complaints of bullying, including cyberbullying, to their administrative supervisor. The District's policy includes definitions and procedures for reporting and investigating bullying of students and is available in Board Policy FFI(LOCAL), a copy of which is included as <u>Appendix B of this Handbook</u>.

Hazing

Policy FNCC

Students must have prior approval from the principal or designee for any type of "initiation rites" of a school club or organization. While most initiation rites are permissible, engaging in or permitting "hazing" is a criminal offense. Any teacher, administrator, or employee who observes a student engaged in any form of hazing, who has reason to know or suspect that a student intends to engage in hazing or has engaged in hazing must report that fact or suspicion to the designated campus administrator.

STUDENT WELFARE FREEDOM FROM BULLYING

FFI (LOCAL)

Note:

This policy addresses bullying of District students. For purposes of this policy, the term bullying includes cyberbullying.

For provisions regarding discrimination and harassment involving District students, see FFH. Note that FFI shall be used in conjunction with FFH for certain prohibited conduct. For reporting requirements related to child abuse and neglect, see FFG.

Bullying Prohibited

The District prohibits bullying, including cyberbullying, as defined by state law. Retaliation against anyone involved in the complaint process is a violation of District policy and is prohibited.

Examples

Bullying of a student could occur by physical contact or through electronic means and may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, or ostracism.

Minimum Standards

In accordance with law, the Superintendent shall develop administrative procedures to ensure that minimum standards for bullying prevention are implemented.

Retaliation

The District prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, serves as a witness, or participates in an investigation.

Examples

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

False Claim

A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding bullying shall be subject to appropriate disciplinary action.

Timely Reporting

Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the District's ability to investigate and address the prohibited conduct.

Reporting Procedures

Student Report

To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, school counselor, principal, or other District employee. The Superintendent shall develop procedures allowing a student to anonymously report an alleged incident of bullying.

dent or group of students has or may have experienced bullying

shall immediately notify the principal or designee.

Report Format A report may be made orally or in writing. The principal or designee

shall reduce any oral reports to written form.

Periodic Monitoring The Superintendent shall periodically monitor the reported counts

of bullying incidents, and that declines in the count may represent not only improvements in the campus culture because bullying declines but also declines in the campus culture because of a decline

in openness to report incidents.

Notice of Report When an allegation of bullying is reported, the principal or de-

signee shall notify a parent of the alleged victim on or before the third business day after the incident is reported. The principal or designee shall also notify a parent of the student alleged to have engaged in the conduct within a reasonable amount of time after

the incident is reported.

Prohibited Conduct The principal or designee shall determine whether the allegations

in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or discrimination on the basis of race, color, religion, sex, gender, national origin, or disability. If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determi-

nation on each type of conduct.

Investigation of Report

The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bul-

lying during the course of an investigation, if appropriate.

Concluding the Investigation

Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary to complete a thorough investiga-

tion.

The principal or designee shall prepare a final, written report of the investigation. The report shall include a determination of whether bullying occurred, and if so, whether the victim used reasonable self-defense. A copy of the report shall be sent to the Superinten-

dent or designee.

Notice to Parents If an incident of bullying is confirmed, the principal or designee

shall promptly notify the parents of the victim and of the student

who engaged in bullying.

A student who is a victim of bullying and who used reasonable selfdefense in response to the bullying shall not be subject to disciplinary action.

The discipline of a student with a disability is subject to applicable state and federal law in addition to the Student Code of Conduct.

Corrective Action

Examples of corrective action may include a training program for the individuals involved in the complaint, a comprehensive education program for the school community, follow-up inquiries to determine whether any new incidents or any instances of retaliation have occurred, involving parents and students in efforts to identify problems and improve the school climate, increasing staff monitoring of areas where bullying has occurred, and reaffirming the District's policy against bullying.

Transfers

The principal or designee shall refer to FDB for transfer provisions.

Counseling

The principal or designee shall notify the victim, the student who engaged in bullying, and any students who witnessed the bullying of available counseling options.

As indicated in 19 Administrative Code 230.77(g)(4)(B), emergency permits for JROTC instructors must be reissued every year.

19 TAC 230.71(b), (c)

Renewal Requirements and Procedures Effective with the 2017–18 school year, these renewal provisions no longer apply for emergency permits, with the exception of teachers of students with visual impairments. 19 TAC 230.73(f)

A superintendent, designee, or authorized representative may renew an emergency permit for the same assignment in the same district for which the initial emergency permit was activated.

No individual may continue in the same assignment for more than one school year of service on an emergency permit, except that emergency permits used fewer than 90 calendar days may be renewed for one additional year of service, if needed.

The total of semester credit hours or the equivalent contact hours required to obtain certification appropriate for the assignment shall determine the number of emergency permit renewals for which the individual may be eligible.

For six semester credit hours or less plus appropriate examination requirements, an individual is not eligible for renewal.

For seven semester credit hours or more plus appropriate examination requirements, an individual is eligible for one renewal.

The superintendent or his or her designee or authorized representative may renew an emergency permit provided the following requirements and procedures are met:

A district may not deny to the employee or his or her representative access to information relating to the employee on the grounds that the information is considered confidential by privacy principles under the Public Information Act. A district may assert as grounds for denial of access other provisions of the Public Information Act or other laws that are not intended to protect the employee's privacy interests.

If a district determines that information in the employee's records is exempt from disclosure under an exception of Government Code Chapter 552, Subchapter C, other than an exception intended to protect the privacy interest of the requestor or the person whom the requestor is authorized to represent, it shall submit a written request for a decision to the attorney general before disclosing the information. "Criminal history record information" (CHRI) means information collected about a person by a criminal justice agency that consists of identifiable descriptions and notations of arrests, detentions, indictments, information, and other formal criminal charges and their dispositions. *Gov't Code 411.082(2)*

"National criminal history record information" (NCHRI) means criminal history record information obtained from DPS under Government Code Chapter 411, Subchapter F, and the Federal Bureau of Investigation (FBI) under Government Code 411.087. *Education Code 22.081(2)*

Districts may subscribe to a person in the clearinghouse, if the entity has the authority to view the record. Entities shall unsubscribe from a person when it no longer has authority to view a record.

Districts shall validate their subscriptions in accordance with DPS policies. "Validation" is a process whereby the subscriber reviews a subscription to determine whether they are still authorized to receive CHRI on that individual and updates the subscription accordingly. Validations are required on a yearly basis.

Districts shall maintain compliance with the FBI Criminal Justice Information Services Security Policy. Districts shall allow DPS and

EMPLOYMENT PRACTICES AT-WILL EMPLOYMENT

DCD (LEGAL)

The employment-at-will doctrine is the law of Texas, under which an employer has no duty to an employee regarding continuation of employment. <u>Jones v. Legal Copy, Inc.</u>, 846 S.W.2d 922 (Tex. App.—Houston [1st Dist.] 1993, no writ)

The employment-at-will doctrine places no duties on an employer regarding an employee's continued employment and thus bars contract and tort claims based on the decision to discharge an employee. <u>Sabine Pilot Serv., Inc. v. Hauck</u>, 687 S.W.2d 733 (Tex. 1985)

In Texas, at-will employment is presumed unless shown otherwise. <u>Gonzales v. Galveston Ind. Sch. Dist.</u>, 865 F.Supp. 1241 (S.D. Tex. 1994)

Employment for an indefinite term may be terminated at-will and without cause, except as otherwise provided by law. <u>Garcia v. Reeves Cnty., Tex.</u>, 32 F.3d 200 (5th Cir. 1994); <u>Irby v. Sullivan</u>, 737 F.2d 1418 (5th Cir. 1984); <u>Winters v. Houston Chronicle Pub.</u> Co., 795 S.W.2d 723 (Tex. 1990)

Exception

An at-will employee cannot be discharged if the sole reason for the discharge was that the employee refused to perform an illegal act. <u>Sabine Pilot Serv., Inc. v. Hauck</u>, 687 S.W.2d 733 (Tex. 1985) [See DG, DGA, DGB for other exceptions]

- 2. Electronically at the employee's last known email address;

A district may not satisfy this requirement solely by posting information in the workplace.

In addition, a district may provide employees with IRS publications and forms, or information prepared by the comptroller, relating to the earned income tax credit.

Decreasing Pay

The commissioner has held that a district may reduce educator compensation if it gives sufficient warning of a possible reduction in pay when educators can still unilaterally resign from their contracts. A sufficient warning must be both formal enough and specific enough to give educators a meaningful opportunity to decide whether to continue employment with a district. <u>Brajenovich v. Alief Indep. Sch. Dist.</u>, Tex. Comm'r of Educ. Decision No. 021-R1O-1106 (2009)

Widespread Salary Reductions

The following provisions apply only to a widespread reduction in the amount of annual salaries paid to classroom teachers in a district based primarily on district financial conditions rather than on teacher performance.

For any school year in which a district has reduced the amount of the annual salaries paid to classroom teachers from the amount paid for the preceding school year, the district shall reduce the amount of the annual salary paid to each district administrator or other professional employee by a percent or fraction of a percent that is equal to the average percent or fraction of a percent by which teacher salaries have been reduced.

Education Code 21.4032

A board may not reduce salaries until the district has complied with the requirements at Education Code 21.4022 [see Salary Reduction/Furlough Process, below]. *Education Code 21.4022*

Furlough Program

In accordance with district policy [see DFFA], a board may implement a furlough program and reduce the number of days of service otherwise required under Education Code 21.401 [see DC] by not more than six days of service during a school year if the commissioner certifies that the district will be provided with less state and local funding for that year than was provided to the district for the 2010–11 school year. *Education Code 21.4021(a)*

A board may not implement a furlough program until the district has complied with the requirements at Education Code 21.4022 [see Salary Reduction/Furlough Process, below]. *Education Code* 21.4022

Funding Levels

Not later than July 1 of each year, the commissioner shall determine for each district whether the estimated amount of state and local funding per student in weighted average daily attendance to be provided to the district under the Foundation School Program for maintenance and operations for the following school year is less than the amount provided to the district for the 2010–11 school year. If the amount estimated to be provided is less, the commissioner shall certify the percentage decrease in funding to be provided to the district. *Education Code 48.010*

Salaries

Notwithstanding Education Code 21.402 (minimum salary schedule), a board may reduce the salary of an employee who is furloughed in proportion to the number of days by which service is reduced. Any reduction in the amount of the annual salary must be equally distributed over the course of the employee's current contract with the district.

Furlough Days

A furlough program must subject all contract personnel to the same number of furlough days. An educator may not be furloughed on a day that is included in the number of days of instruction required under Education Code 25.081 [see EB]. Implementation of a furlough program may not result in an increase in the number of required teacher workdays. An educator may not use personal, sick, or any other paid leave while the educator is on a furlough.

Contract Resignation

If a board adopts a furlough program after the date by which a teacher must give notice of resignation from a probationary, term, or continuing contract [see DFE], an employee who subsequently resigns is not subject to sanctions imposed by SBEC.

No Appeal

A decision by a board to implement a furlough program is final and may not be appealed and does not create a cause of action or require collective bargaining.

Salary Reduction / Furlough Process

A board may not implement a furlough program under Education Code 21.4021 or reduce salaries until the district has complied with the requirements below.

Any explanation of a furlough program must state the specific number of furlough days proposed to be required; and

Pay Administration

The Superintendent shall implement the compensation plan and establish procedures for plan administration consistent with the budget. The classification of each job title within the compensation plan shall be based on the qualifications, duties, and market value of the position.

Annualized Salary

The District shall pay all salaried employees over 12 months in equal monthly or semi-monthly installments, regardless of the number of months employed during the school year. Salaried employees hired during the school year shall be paid in accordance with administrative regulations.

Pay Increases

The Superintendent shall recommend to the Board an amount for employee pay increases as part of the annual budget. Any pay adjustments for individual employees shall be determined within the approved budget following established procedures.

Midyear Pay Increases

Contract Employees A contract employee's pay may be increased after performance on the contract has begun only if authorized by the compensation plan of the District or there is a change in the employee's job assignment or duties during the term of the contract that warrants additional compensation. Any such changes in pay that do not conform with the compensation plan shall require Board approval. [See DEA(LEGAL) for provisions on pay increases and public hearing requirements.]

Noncontract Employees

The Superintendent may grant a pay increase to a noncontract employee after duties have begun because of a change in the employee's job assignment or to address pay equity. The Superintendent shall report any such pay increases to the Board at the next regular meeting.

Pay During Closing

Breaks for Nonexempt Employees Rest periods of up to 20 minutes must be counted as hours worked. Coffee breaks or time for snacks are rest periods, not meal periods. 29 C.F.R. 785.18

Bona fide meal periods of 30 minutes or more are not counted as hours worked if the employee is completely relieved from duty. The employee is not relieved from duty if the employee is required to perform any duties, whether active or inactive, while eating. For example, an office employee who is required to eat at his or her desk is working while eating. It is not necessary that an employee be permitted to leave the premises if the employee is otherwise completely freed from duties during the meal period. 29 C.F.R. 785.19

Compensatory Time Accrual Nonexempt employees may receive, in lieu of overtime compensation, compensatory time off at a rate of not less than one and onehalf hours for each hour of overtime work, pursuant to an agreement or understanding arrived at between the employer and employee before the performance of the work. Such agreement or understanding may be informal, such as when an employee works overtime knowing that the employer rewards overtime with compensatory time.

An employee may accrue not more than 240 hours of compensatory time. If the employee's overtime work included a public safety activity, an emergency response activity, or a seasonal activity, the employee may accrue not more than 480 hours of compensatory time. After the employee has reached these limits, the employee shall be paid overtime compensation for additional overtime work.

Payment for Accrued Time Compensation paid to an employee for accrued compensatory time shall be paid at the regular rate earned by the employee at the time of payment. An employee who has accrued compensatory time off shall be paid for any unused compensatory time upon separation from employment at the rates set forth at 29 U.S.C. 207(o)(4).

Use

An employee who has requested the use of compensatory time shall be permitted to use such time within a reasonable period after making the request if the use of the compensatory time does not unduly disrupt the operations of the district.

Exempt Employees

The minimum wage and overtime provisions do not apply to any employee employed in a bona fide executive, administrative, or professional capacity. 29 U.S.C. 213(a)(1)

Academic Administrators

The term "employee employed in a bona fide administrative capacity" includes an employee:

- Compensated on a salary or fee basis at a rate of not less than \$684 per week, exclusive of board, lodging, or other facilities; or on a salary basis which is at least equal to the entrance salary for teachers in the district by which employed; and
- 2. Whose primary duty is performing administrative functions directly related to academic instruction or training in a district or department or subdivision thereof.

"Performing administrative functions directly related to academic instruction or training" means work related to the academic operations and functions in a school rather than to administration along the lines of general business operations. Such academic administrative functions include operations directly in the field of education. Jobs relating to areas outside the educational field are not within the definition of academic administration.

Employees engaged in academic administrative functions include:

- The superintendent or other head of an elementary or secondary school system, and any assistants, responsible for administration of such matters as curriculum, quality and methods of instructing, measuring and testing the learning potential and achievement of students, establishing and maintaining academic and grading standards, and other aspects of the teaching program;
- 2. The principal and any vice principals responsible for the operation of an elementary or secondary school;
- Academic counselors who perform work such as administering school testing programs, assisting students with academic problems and advising students concerning degree requirements; and
- 4. Other employees with similar responsibilities.

Jobs relating to building management and maintenance, jobs relating to the health of the students, and academic staff such as social workers, psychologists, lunchroom managers, or dietitians do not perform academic administrative functions, although such employees may qualify for another exemption.

Salary Basis

To qualify as an exempt executive, administrative, or professional employee, the employee must be compensated on a salary basis, unless the employee is a teacher. Subject to the exceptions listed in the rule, an employee must receive the full salary for any week in which the employee performs any work, without regard to the number of days or hours worked. A district that makes improper deductions from salary shall lose the exemption if the facts demonstrate that the district did not intend to pay exempt employees on a salary basis. 29 C.F.R. 541.600, .602(a), .603

Partial-Day Deductions A district employee who otherwise meets the salary basis requirements shall not be disqualified from exemption on the basis that the employee is paid according to a pay system established by statute, ordinance, or regulation, or by a policy or practice established pursuant to principles of public accountability, under which the employee accrues personal leave and sick leave and which requires the employee's pay to be reduced or the employee to be placed on leave without pay for absences for personal reasons or because of illness or injury of less than one workday when accrued leave is not used by an employee because:

- 1. Permission for its use has not been sought or has been sought and denied:
- 2. Accrued leave has been exhausted; or
- 3. The employee chooses to use leave without pay.

Deductions from the pay of a district employee for absences due to a budget-required furlough shall not disqualify the employee from being paid on a salary basis except in the workweek in which the furlough occurs and for which the employee's pay is accordingly reduced.

29 C.F.R. 541.710

Safe Harbor Policy If a district has a clearly communicated policy that prohibits improper pay deductions and includes a complaint mechanism, reimburses employees for any improper deductions, and makes a good faith commitment to comply in the future, the district will not lose the exemption unless the district willfully violates the policy by con-

The best evidence of a clearly communicated policy is a written policy that was distributed to employees before the improper pay deductions by, for example, providing a copy of the policy to employees upon hire, publishing the policy in an employee handbook, or publishing the policy on a district's intranet.

29 C.F.R. 541.603(d)

Teachers

The term "employee employed in a bona fide professional capacity" includes any employee with a primary duty of teaching, tutoring, instructing, or lecturing in the activity of imparting knowledge and who is employed and engaged in this activity as a teacher in an elementary or secondary school system by which the employee is employed. The salary basis requirements do not apply to teaching professionals.

Exempt teachers include:

- 1. Regular academic teachers;
- 2. Teachers of kindergarten or nursery school pupils;
- 3. Teachers of gifted or disabled children;
- 4. Teachers of skilled and semi-skilled trades and occupations;
- 5. Teachers engaged in automobile driving instruction;
- 6. Home economics teachers; and
- 7. Vocal or instrumental music instructors.

Those faculty members who are engaged as teachers but also spend a considerable amount of their time in extracurricular activities such as coaching athletic teams or acting as moderators or advisors in such areas as drama, speech, debate, or journalism are engaged in teaching. Such activities are a recognized part of the schools' responsibility in contributing to the educational development of the student.

The possession of an elementary or secondary teacher's certificate provides a clear means of identifying the individuals contemplated as being within the scope of the exemption for teaching professionals. Teachers who possess a teaching certificate qualify for the exemption regardless of the terminology (e.g., permanent, conditional, standard, provisional, temporary, emergency, or unlimited) used by the state to refer to different kinds of certificates. However, a teacher who is not certified may be considered for

Classification of Positions

The Superintendent or designee shall determine the classification of positions or employees as "exempt" or "nonexempt" for purposes of payment of overtime in compliance with the Fair Labor Standards Act (FLSA).

Exempt

The District shall pay employees who are exempt from the overtime pay requirements of the FLSA on a salary basis. The salaries of these employees are intended to cover all hours worked, and the District shall not make deductions that are prohibited under the FLSA.

An employee who believes deductions have been made from his or her salary in violation of this policy should bring the matter to the District's attention, through the District's complaint policy. [See DGBA] If improper deductions are confirmed, the District will reimburse the employee and take steps to ensure future compliance with the FLSA.

Nonexempt

Nonexempt employees may be compensated on an hourly basis or on a salary basis. Employees who are paid on an hourly basis shall be compensated for all hours worked. Employees who are paid on a salary basis are paid for up to and including a 40-hour workweek.

A nonexempt employee shall have the approval of his or her supervisor before working overtime. An employee who works overtime without prior approval is subject to discipline but shall be compensated in accordance with the FLSA.

Workweek Defined

For purposes of FLSA compliance, the workweek for District employees shall begin at 12:00 a.m. Saturday and end at 11:59 p.m. Friday.

Compensatory Time

At the District's option, nonexempt employees may receive compensatory time off, rather than overtime pay, for overtime work. The employee shall be informed in advance if overtime hours will accrue compensatory time rather than pay.

Accrual

Compensatory time earned by nonexempt employees may not accrue beyond a maximum of 60 hours. If an employee has a balance of more than 60 hours of compensatory time, the District shall require the employee to use the compensatory time, or at the District's option, the District shall pay the employee for the compensatory time.

Use

An employee shall use compensatory time within the duty year in which it is earned. If an employee has any unused compensatory time remaining as of June 30, the District shall pay the employee for the compensatory time.

Exchange Days

As an exception to the requirement to use compensatory time within the duty year in which it is earned, with the approval of the principal, campus noninstructional paraprofessional employees may carry over an amount not to exceed the number of hours needed for the next school year's exchange days. Exchange days are those used in exchange for assigned duty days during the school year in order to extend the usual holidays on the District calendar, e.g., taking off the entire week of Thanksgiving.

RENEWAL PLAN

Introduction

The 84th Legislative Session, through House Bill 1842, created Districts of Innovation (DOI) in Chapter 12A of the Texas Education Code. This law allows independent school districts to access flexibilities available to Texas' open enrollment charter schools. Districts are permitted to adopt these flexibilities through the approval of a school district's board of trustees. Irving ISD adopted the innovation plan in 2017. The term of the Local Innovation Plan is for a period of five years, beginning at the start of the 2017-18 school year and ending at the 2021-22 school year.

Background and Process

On December 12, 2017, the Irving ISD Board of Trustees voted to approve a Resolution, allowing the district to initiate the process to be designated as a District of Innovation. Moreover, the Board voted to approve the original District of Innovation plan on April 4, 2017. The plan was amended on three separate occasions over the five-year period.

On February 22, 2022, the Irving ISD Board of Trustees and the Superintendent appointed a District Advisory Committee composed of teachers, principals, parents, administrators, and community members. The committee membership represented a cross-section of the District. The committee met on March 3, 2022, and March 10, 2022, to review and revise the DOI plan for renewal. In addition, the committee was provided the final document for their approval on March 24, 2022, to finalize the proposed DOI language. The District Advisory Committee held a public meeting on May 12, 2022, on the approval DOI plan.

Term of DOI Plan

The term of the plan will be for five years, May 16, 2022 through May 16, 2027 (**pending board approval May 16, 2022**), unless terminated or amended earlier by the Board of Trustees in

accordance with the law. In addition, the Board of Trustees may consider exemptions in the form of an amendment at any time during the term of this plan.

Innovations

Irving ISD seeks exemptions from the following Texas Education Code provisions:

Designation of Campus Discipline Coordinator

Texas Education Code 37.0012(a)

FO(LEGAL)

Innovation:

Texas Education Code 37.0012(a) states that a person at each campus must be designated to serve as the Campus Behavior Discipline Coordinator. The person designated may be the principal of the campus or any other campus administrator selected by the principal.

Rationale/Benefits:

Relief from this status will allow the following opportunities:

- Principals and Assistant Principals already serve to monitor and respond to campus behaviors and discipline concerns and it is necessary in Irving ISD.
- The collaboration between a principal and their assistant principal(s) is valued in implementing Chapter 37 of TEC.
- Developing rapport with students, administrators can hold students accountable while supporting students to effectively monitor their own behavior.
- Having both Principals and Assistant Principals respond to behavior and discipline
 concerns allows for better use of staff resources to address student behavior in a timely
 manner. Students will benefit when behaviors are addressed immediately rather than
 waiting for the availability of a single Campus Behavior Coordinator to respond.

Planning and Preparation Periods

Texas Education Code 21.404

DL(LEGAL)(LOCAL)

Innovation:

Texas Education Code 21.404 requires each classroom teacher to receive at least 450 minutes within each two-week period for instructional preparation, including parent-teacher conferences, evaluating students' work, and planning. A planning and preparation period under this section may not be less than 45 minutes within the instructional day. During a planning and preparation period, a classroom teacher may not be required to participate in any other activity.

Rationale/Benefits:

- To best serve the students of Irving ISD, we propose flexibility in meeting the needs of our students by affording secondary teachers an opportunity to voluntarily provide temporary classroom coverage for other classes during their planning time, on an asneeded basis
- The District would afford those teachers with additional compensation for voluntarily opting to participate in assisting the campus with their ongoing needs to provide constant, appropriate supervision for all students.
- This innovation allows for greater school-based decision making, assists in maintaining an orderly learning environment for all students, and allows school administrators to more effectively ensure the safety and security of all students.

Probationary Contracts

Texas Education Code 21.102

DCA(LEGAL)

Innovation:

Texas Education Code 21.102 states that new hires entitled to a Chapter 21 are generally employed for up to three years on a probationary contract. An exception to this rule is for employees who have been employed as a teacher in public education for at least five of the eight years immediately preceding employment by the District; under current law, these employees (if rehired) are entitled to a term contract in their second year of employment (this procedure is commonly referred to as the "five of eight" rule.) Texas Education Code 21.102 also limits the District from extending probationary contracts for a fourth year without seeking Board approval in the event there is doubt as to whether the teacher should be given a term contract.

Rationale/Benefits:

- Flexibility in offering a probationary contract for up to three years for employees hired under the "five of eight" rule will allow the District to provide more support and/or coaching to employees new to the District and/or newly promoted to a new position prior to offering a term contract.
- This innovation would allow the District to place employees who meet the "five of eight" criteria for years of experience outside the District to be placed on a probationary contract for up to three years upon hire into the District.
- Flexibility in offering a teacher a fourth year on a probationary contract would allow the
 District to provide teachers with additional opportunity for professional growth and
 increase opportunities for employee retention for those employees prior to offering a
 term contract to those employees.

Removal of Individuals from District Property/Facilities

Texas Education Code 37.105

GKA(LOCAL)(LEGAL)

Innovation:

Texas Education Code 37.105 states the District must maintain a record of each verbal warning of potential removal from district property/facilities, including the name of the person to whom the warning was issued and the date of the issuance. At the time a person is refused entry or removed from district property/facilities, the District is also required to provide to the person written information explaining the appeal process.

Rationale/Benefits:

- To better ensure the safety and security of students and staff in Irving ISD, we propose
 that the District not be required to maintain a record of each verbal warning of potential
 removal from District property/facilities, nor be required to provide written information
 explaining the appeal process to those who have been refused entry to District
 property/facilities or removed from District property/facilities.
- Under this innovation, District staff/administrators will be better able to maintain an orderly and safe environment for students, staff and visitors and ensure that potentially dangerous or disruptive situations are handled as expeditiously as possible.

Teacher Certification

Texas Education Code (21.003) and 21.053

DBA(LEGAL, LOCAL) and DK(LEGAL)
DCA(LOCAL) and DCE(LOCAL)

Innovation:

Texas Education Code 21.003(a) requires that all district teachers be certified in accordance with rules adopted by the State Board for Educator Certification (SBEC). A person may not be employed as a teacher, teacher intern or teacher trainee, librarian, educational aide, administrator, educational diagnostician, or school counselor by a school district unless the person holds an appropriate certificate or permit issued as provided by Subchapter B. Similarly, Texas Education Code 21.053 prevents a Chapter 21 contract from being binding or an educator from being paid without a valid certificate with an effective date prior to the first date of work.

Rationale/Benefits:

• These exemptions allow the District to hire the most qualified candidates for teaching positions that are difficult to fill, if qualified and certified teachers are not available.

- Under this innovation, the District can best use local discretion to hire teachers who meet
 District teaching qualifications in high needs areas; Career and Technology (with an
 addendum to attain qualifications in three years), Advanced Math/Science, and Dual
 Credit programs.
- The District will set local criteria in order to maintain high standards of excellence in hiring.

Uniform School Start Date

Texas Education Code 25.0811

EB(LEGAL)

Innovation:

Texas Education Code 25.0811 prohibits a school district from beginning instruction for students for a school year before the fourth Monday in August and ending instruction prior to May 15.

Rationale/Benefits:

- Under this innovation, the District is able to balance the instructional time/days per semester.
- This exemption also offers flexibility at the start and end of the school year to create opportunities for professional development, discretion in calendar planning, and additional instructional days for students before required state assessments.

What Constitutes a Report?

- Suspicion: a feeling or thought that something is possible, likely, or true
 - Should I? or Shouldn't I? ☐ The answer is ALWAYS YES.
- Child-serving professionals have no obligation to:
 - Investigate
 - Prove/provide evidence

 - Any of these SIGNIFICANTLY hinders the criminal investigation

What does the law say?

- If a professional has <u>cause to believe</u> that a child's physical or mental health or welfare has been adversely affected by abuse or neglect by <u>any person</u>, the professional <u>shall</u> make a report not later than the 48th hour after the hour they first suspect that the child has been or may be abused or neglected. <u>A professional may not delegate to or rely on another person to make the report.</u>

What do you do if a child makes an outcry about abuse?

- Respond in a calm, non-judgmental way

The policies must be consistent with the Family Code Chapter 261 and 40 Administrative Code Chapter 700 (CPS) regarding investigations by DFPS, including regulations governing investigation of abuse by school personnel and volunteers. [See GRA]

The policies must require a report to DFPS if the alleged abuse or neglect involves a person responsible for the care, custody, or welfare of the child and must notify school personnel of the following:

- Penalties under Penal Code 39.06 (misuse of official information), Family Code 261.109 (failure to report), and 19 Administrative Code Chapter 249 (actions against educator's certificate) for failure to submit a required report of child abuse or neglect;

19 TAC 61.1051(b)(2)

The policies may not require that school personnel report suspicions of child abuse or neglect to a school administrator before making a report to one of the agencies listed above.

The policies must:

- 1. Include the current toll-free number for DFPS;
- Provide for cooperation with law enforcement child abuse investigations without the consent of the child's parent, if necessary, including investigations by DFPS; and
- 3. Include child abuse anti-victimization programs in elementary and secondary schools consisting of age-appropriate, research-based prevention designed to promote self-protection and prevent sexual abuse and trafficking.

19 TAC 61.1051(b)(5)-(b)(8)

Annual Distribution and Staff Development

The policies required by these provisions and adopted by the board shall be distributed to all personnel at the beginning of each school year. The policies shall be addressed in staff development programs at regular intervals determined by a board. 19 TAC 61.1051(c) [See also DH and GRA]

What Constitutes a Report?

- Suspicion: a feeling or thought that something is possible, likely, or true
 - Should I? or Shouldn't I? ☐ The answer is ALWAYS YES.
- Child-serving professionals have no obligation to:
 - Investigate
 - Prove/provide evidence
 - Push for an outcry of abuse
 - Any of these SIGNIFICANTLY hinders the criminal investigation

What does the law say?

- If a professional has <u>cause to believe</u> that a child's physical or mental health or welfare has been adversely affected by abuse or neglect by <u>any person</u>, the professional <u>shall</u> make a report not later than the 48th hour after the hour they first suspect that the child has been or may be abused or neglected. <u>A professional may not delegate to or rely on another person to make the report.</u>

- A person <u>commits an offense</u> if the person is required to make a report under Section 261.101(A) and, knowingly fails to make a report as provided in this chapter.

What do you do if a child makes an outcry about abuse?

- Respond in a calm, non-judgmental way
- Know when and where to seek outside help
- Child should be viewed with compassion
 - Offer support and intervention
 - This may mean a report to police and/or CPS

Who else should I tell?

- Should I tell my campus principal?
 - Best practice is to tell your campus principal and school counselor, but we cannot require that you do so, because the law states that you can choose to remain anonymous.
- Board Policy FFG Local
 - Any person who has cause to believe that a child has been or may be abused or neglected by any person shall make a report immediately as required by law. Reports shall be made in accordance with FFG(EXHIBIT).

 - Reporting your suspicion to a school counselor, a principal, or another school staff member does NOT fulfill your responsibilities under the law. Furthermore, the District cannot require you to report your suspicion first to a school administrator.

What happens next?

- CPS Statewide Intake decides whether an investigation should be opened
 - Decision is based on whether it appears, from the information provided, that abuse/neglect has occurred or will occur
- If an investigation is not opened, the call is still logged into the computer
- Report again if another incident occurs
- Whether an investigation is opened or not opened, the person who made the report is now asked to let the State take over.
- You must not continue probing the student or asking questions of the family about what has happened.

Student Code of Conduct

Accessibility

If you have difficulty accessing the information in this document because of disability, please contact the Executive Director of Campus Operations at 972-600-5023.

Purpose

The Student Code of Conduct ("Code" or "Code of Conduct"), as required by Chapter 37 of the Texas Education Code, provides methods and options for managing student behavior, preventing and intervening in student discipline problems, and imposing discipline.

The law requires the district to define misconduct that may—or must—result in a range of specific disciplinary consequences, including removal from a regular classroom or campus, out-of-school suspension, placement in a disciplinary alternative education program (DAEP), placement in a juvenile justice alternative education program (JJAEP), or expulsion from school.

This Code of Conduct has been adopted by Irving Independent School Board of Trustees and developed with the advice of the district-level planning and decision-making committee which included the Executive Director of Campus Operations, the Executive Directors of School Leadership, and the Chief of Schools. It provides information to parents and students regarding standards of conduct, consequences of misconduct, and procedures for administering discipline. This Code of Conduct remains in effect during summer school and at all school-related events and activities outside the school year until the board adopts an updated version for the next school year.

In accordance with state law, the Code of Conduct shall be posted at each school campus or shall be available for review at the campus principal's office. Additionally, the Code shall be available at the campus behavior coordinator's office and posted on the district's website. Parents shall be notified of any conduct violation that may result in a student being suspended, placed in a DAEP or JJAEP, expelled, or taken into custody by a law enforcement officer under Chapter 37 of the Education Code.

Because the Code of Conduct is adopted by the district's board of trustees, it has the force of policy. In the event of a conflict between the Code of Conduct and the Student Handbook, the Code of Conduct shall prevail.

Please note: The discipline of students with disabilities who are eligible for services under federal law (Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973) is subject to the provisions of those laws.

School District Authority and Jurisdiction

School rules and the district's authority to administer discipline apply whenever the interest of the district is involved, on or off school grounds, in conjunction with or independent of classes and school-sponsored activities.

The district has disciplinary authority over a student:

- 1. During the regular school day;
- 2. While the student is traveling on district transportation;
- 3. During lunch periods in which a student is allowed to leave campus;
- 4. At any school-related activity, regardless of time or location;
- 5. For any school-related misconduct, regardless of time or location;
- 6. When retaliation against a school employee, board member, or volunteer occurs or is threatened, regardless of time or location;
- 7. When a student engages in cyberbullying, as defined by Education Code 37.0832;
- 8. When criminal mischief is committed on or off school property or at a school-related event;
- 9. For certain offenses committed within 300 feet of school property as measured from any point on the school's real property boundary line;
- 10. For certain offenses committed while on school property or while attending a school-sponsored or school-related activity of another district in Texas;
- 11. When the student commits a felony, as provided by Education Code 37.006 or 37.0081;
- 12. When the student is required to register as a sex offender.

Campus Behavior Coordinator

As required by law, a person at each campus must be designated to serve as the campus behavior coordinator. The designated person may be the principal, or any other campus administrator selected by the principal. The campus behavior coordinator is primarily responsible for maintaining student discipline. The district shall post on its website and in the Student Handbook, for each campus, the email address and telephone number of the person serving as campus behavior coordinator. Contact information may be found at https://www.irvingisd.net/.

Threat Assessment and Safe and Supportive School Team

The campus behavior coordinator or other appropriate administrator will work closely with the campus threat assessment and safe and supportive school team to implement the district's threat assessment policy and procedures, as required by law, and shall take appropriate disciplinary action in accordance with the Code of Conduct.

Searches

District officials may conduct searches of students, their belongings, and their vehicles in accordance with state and federal law and district policy. Searches of students shall be conducted in a reasonable and nondiscriminatory manner. Refer to the district's policies at FNF(LEGAL) and FNF(LOCAL) for more information regarding investigations and searches.

School District Authority and Jurisdiction

The district has the right to search a vehicle driven to school and parked on school property whenever there is reasonable suspicion to believe it contains articles or materials prohibited by the district.

Desks, lockers, district-provided technology, and similar items are the property of the district and are provided for student use as a matter of convenience. District property is subject to search or inspection at any time without notice.

Reporting Crimes

The principal *or* campus behavior coordinator and other school administrators as appropriate shall report crimes as required by law and shall call local law enforcement when an administrator suspects that a crime has been committed on campus.

Security Personnel

The board utilizes school resource officers (SROs) and security personnel. In accordance with law, the board has coordinated with the campus behavior coordinator and other district employees to ensure appropriate law enforcement duties are assigned to these persons. Provisions addressing the various types of security personnel can be found in the CKE policy series.

The law enforcement duties of school resource officers are: 1) To ensure a safe learning environment is in place and 2) To assist campus administrators with criminal matters.

"Parent" Defined

Throughout the Code of Conduct and related discipline policies, the term "parent" includes a parent, legal guardian, or other person having lawful control of the child.

Participating in Graduation Activities

The district has the right to limit a student's participation in graduation activities for violating the district's Code of Conduct.

Participation might include a speaking role, as established by district policy and procedures.

Students eligible to give the opening and closing remarks at graduation shall be notified by the campus principal. Notwithstanding any other eligibility requirements, in order to be considered eligible, a student shall not have engaged in any misconduct that resulted in an out-of-school suspension, removal to a DAEP, or expulsion during the semester immediately preceding graduation.

The valedictorian and salutatorian may also have speaking roles at graduation. No student shall be eligible to have such a speaking role if he or she engaged in any misconduct that resulted in an out-of-school suspension, removal to a DAEP, or expulsion during the semester immediately preceding graduation.

Unauthorized Persons

In accordance with Education Code 37.105, a school administrator, school resource officer (SRO), or district police officer shall have the authority to refuse entry to or eject a person from district property if the person refuses to leave peaceably on request and:

1. The person poses a substantial risk of harm to any person; or

School District Authority and Jurisdiction

2. The person behaves in a manner that is inappropriate for a school setting and persists in the behavior after being given a verbal warning that the behavior is inappropriate and may result in refusal of entry or ejection.

Appeals regarding refusal of entry or ejection from district property may be filed in accordance with policies FNG(LOCAL) or GF(LOCAL), as appropriate. However, the timelines for the district's grievance procedures shall be adjusted as necessary to permit the person to address the board in person within 90 calendar days, unless the complaint is resolved before a board hearing.

See **DAEP—Restrictions During Placement** for information regarding a student assigned to DAEP at the time of graduation.

Each student is expected to:

- Demonstrate courtesy, even when others do not.
- Behave in a responsible manner.
- Exercise self-discipline.
- Attend all classes regularly and on time.
- Bring appropriate materials and assignments to class.
- Meet district and campus standards of grooming and dress.
- Obey all campus and classroom rules.
- Respect the rights and privileges of students, teachers, and other district staff and volunteers.
- Respect the property of others, including district property and facilities.
- Cooperate with and assist the school staff in maintaining safety, order, and discipline.
- Adhere to the requirements of the Student Code of Conduct, Student Handbook, and District policies.

General Conduct Violations

The categories of conduct below are prohibited at school, in vehicles owned or operated by the district, and at all school-related activities, but the list does not include the most severe offenses. In the subsequent sections on **Out-of-School Suspension**, **DAEP Placement**, **Placement and/or Expulsion for Certain Offenses**, and **Expulsion**, those offenses that require or permit specific consequences are listed. Any offense, however, may be severe enough to result in **Removal from the Regular Educational Setting**

Levels of Student Misbehaviors and Corrective Actions

General Information

- Irving ISD strives to provide a safe, positive, and educationally- oriented environment in each of its schools, and all students are expected to behave in a manner that supports this goal. Behaviors that disrupt the school and/or educational environment, violate the law, and/or present other health or safety risks will not be tolerated. The Student Code of Conduct is Irving ISD's notification of behaviors that are not tolerated. Possible corrective actions for each level of misbehavior are provided below, but each campus's principal may consider other corrective actions as appropriate for each situation.
- Irving ISD strives to ensure that all of its students are free from bullying, cyberbullying and harassment, including violence in students' relationships. All charges of bullying, cyberbullying, harassment, sexual harassment, and dating violence are to be taken very seriously by our students, faculty, staff, administration, and parents. We will make every effort to handle and respond to each and every charge and complaint filed by our students and employees in a fair, thorough, and just manner. Every effort will be made to protect the due process rights of all victims and all alleged offenders.
- Some offenses are serious enough to warrant an automatic assignment to our disciplinary alternative educational placement campus, Student Reassignment Center (SRC) or expulsion from Irving ISD.
- Disciplinary Alternative Educational Placements (SRC placements) may be for 10 school days (for e-cigarette placements), 20 school days, or more depending on severity, and shall be determined based upon the factors listed in this code of conduct, Irving ISD's progressive discipline plan and the specific circumstances of each case. Please note the district reserves the right to assign placements longer than 30 days.
- For specific information regarding: (1) telecommunications devices and other devices (cell phones, etc.); (2) use of technology and the Internet both on and off campus, and;
 - (3) specific requirements regarding student dress code and uniforms, please review the Technology Regulations and Dress Code sections located in this Code of Conduct.
 - Corrective actions for disciplinary infractions may vary due to a number of factors. Individual campuses strive for consistency and may apply specific

corrective actions for various identified behaviors. Campus site-based decision making committees annually review school-specific discipline procedures and corrective actions, and may develop a range of corrective strategies to employ prior to a corrective action. However, when deciding whether to order suspension, removal to a disciplinary alternative education program, or expulsion, all campuses shall take into consideration:

- Seriousness of the offense;
- Student's age;
- Student's grade level;
- Ability and functioning level;
- Frequency and level of prior misbehaviors/disciplinary history;
- Student's attitude, including but not limited to student's level of truthfulness during initial investigation under the specific circumstances in each case;
- Effect of the misconduct on the school environment;
- Legal/statutory requirements;
- Self-defense (see Definitions), and;
- Intent or lack of intent at the time student engages in the misconduct.

Positive Behavioral Intervention and Supports

- In an effort to fully implement School-Wide Positive Behavioral Interventions and Supports, along with maximizing students' engagement and instructional time, each school in the Irving Independent School District will utilize corrective strategies in Misbehavior Groups One and Two prior to referring a student to campus administration for an office discipline referral. These corrective strategies include but are not limited to:
- Remove distractions;
- Proximity control;
- Proactively prompt desired behavior;
- Increase opportunities for active participation;
- Increase use of specific praise statements;
- Increase wait time for response;
- Restorative language;
- Redirect student:
- Review/Re-Teach expectations, and;

- Provide opportunities for student to practice expected behaviors and provide descriptive feedback.
- Restorative practices: A relational approach to building school climate and addressing student behavior that fosters belonging over exclusion, social engagement over control, and meaningful accountability over punishment.

Due Process

Every student has the right to be treated fairly. This includes any time a student has committed a behavior infraction and discipline consequences are being determined. Due process means that if students break a rule or law, they get to tell their side of the story and complete a written statement. Students who are witnesses to any situation may also be asked to tell their side of the story and complete a written statement. (See appendix for an example of a written statement)

It is important for parents/guardians and the community to understand that the Texas Education Code requires school districts to complete what is termed "administrative processes." These processes are separate and different from what a juvenile or adult court will do when a student breaks the law. To take action, the District has to show only reasonable suspicion or a preponderance of evidence that a student violated the Student Code of Conduct. The District does not have to show proof beyond a reasonable doubt. When a student is charged by law enforcement with a penal code violation, the District will act on that charge. The District continues the administrative discipline process even if the following occurs:

- The District attorney decides not to prosecute.
- The case is non-suited, reduced in severity, or cleared by exception.
- The police do not file a report.
- The grand jury no-bills in an adult proceeding.

Stay Away Agreements:

To enhance student safety, campuses may implement "Stay Away Agreements" to address severe or repeated incidents of bullying, harassment, sexual harassment, dating violence, or other student code of conduct violations. This agreement requires students involved to refrain from interacting with each other. The principal or their representative will oversee the agreement in a meeting involving the students and, if needed, their parents. It will outline the prohibited behaviors and define the locations covered, such as the campus or school bus, and any school events. Signature on the stay away agreement indicates receipt and not agreement. (See Glossary for example)

The District's Right to Interview Students

School officials have the legal authority and responsibility to investigate violations of the Student Code of Conduct and to <u>interview students</u> without prior notice to parents/legal guardians or the consent of parents/legal guardians in order to do so. This authority derives from the common law doctrine of "in loco parentis", which means school officials are standing in the place of the parents when students are at school or attending school activities. School officials, including law enforcement officers acting as school officials, exercise this authority to maintain the safety and security of the school environment. Except when a student is placed under arrest, any interview of a student conducted by School Resource Officers will be non-custodial in nature. In this context, "non-custodial" means the interview is voluntary, and the student may decline to answer questions or end the interview at any time. Parents will be contacted by an administrator after the investigation has concluded. (see local policy FNF and Glossary for example)

Disregard for Authority

Students shall not:

- Fail to comply with directives given by school personnel.
- Leave school grounds or school-sponsored events without permission.
- Disobey rules for conduct in district vehicles.
- Refuse to accept discipline or consequence assigned by a teacher or principal.

Mistreatment of Others

Students shall not:

- Use profanity or vulgar language or make obscene gestures.
- Fight or scuffle. (For assault, see DAEP—Placement and/or Expulsion for Certain Offenses)

Notification

The campus behavior coordinator shall promptly notify a student's parent by phone or in person of any violation that may result in in-school or out-of-school suspension, placement in a DAEP, placement in a JJAEP, or expulsion. The campus behavior coordinator shall also notify a student's parent if the student is taken into custody by a law enforcement officer under the disciplinary provisions of the Education Code.

A good-faith effort shall be made to provide written notice of the disciplinary action to the student, on the day the action was taken, for delivery to the student's parent. If the parent has not been reached by telephone or in person by 5:00 p.m. of the first business day after the day the disciplinary action was taken, the campus behavior coordinator shall send written notification by U.S. Mail. The district shall not delay a disciplinary consequence while a student or parent pursues a grievance. See policies FFH(LEGAL) and (LOCAL).

A bus driver may refer a student to the principal's office or the campus behavior coordinator's office to maintain effective discipline on the bus. The principal or campus behavior coordinator must employ additional discipline management techniques, as appropriate, which can include restricting or revoking a student's bus riding privileges.

To transport students safely, the vehicle operator must focus on driving and not be distracted by student misbehavior. Therefore, when appropriate disciplinary management techniques fail to improve student behavior or when specific misconduct warrants immediate removal, the principal or the campus behavior coordinator may restrict or revoke a student's transportation privileges, in accordance with law.

Bus Conduct

The State of Texas, through the Dallas County superintendent's office, provides free transportation for students living more than two miles from the school in their attendance area. All designated bus routes and stops are scheduled through the county superintendent's office. When riding school buses, students are under the direct supervision of school authorities and are subject to the same regulations governing conduct and behavior as when in the classroom. Students are expected to show respect for the driver's authority. Principals have the authority totemporarily deprive students of transportation privileges for repeated misconduct on buses.

Drivers are expected to confer with principals regarding any infractions of rules and regulations concerning the operation of school buses. Certain responsibilities go with the privilege of bus transportation. Cooperation of every person who rides the school bus or accompanies a student to a bus stop is necessary for the safetyand comfort of all.

- The emergency door will be used for emergencies only. Except in case of emergency, students will get on and off through the front door.
- The bus will travel on passable roads only. If, in the opinion of the bus driver, a road is
 impassable due to inclement weather, it will be the obligation of the student to meet the
 buson the nearest passable road, or it will be the obligation of the parent to get the
 student to school.
- Only students who live more than 2 miles from their home campus as designated by their verified enrollment address may be eligible for bus transportation to and from school. Transportation is not provided for students on transfer.

Back-in parking is not permitted. Permitsmay be revoked for abuse of parking rules. Students will not loiter in the parking lot or in cars. Cars may not be removed during school hours without a pass signed by an administrator. No adult or outsider will be permitted to remove a car without a pass signed by the principal or assistant principal. Principals may establish posted tow away zones at various locations at their campus. Violators will be dealt with by the school administration, and, in some cases, the cars may be towed away, or wheel immobilizer (boots) may be placed on wheels. Owners are responsible for paying towing and storage and/or immobilizer fees and/or costs. A law or ordinance regulating traffic on a public highway or street applies to the operation of a vehicle onschool property (TEC 37.102).

For violations of any of the above rules, a student will be reported to the school principal having supervisory control over the student.

Extracurricular Standards of Behavior - Board PolicyFO(LOCAL)

With the annual review and approval of the principal and Superintendent or designee, sponsors and coaches of extracurricular activities, including interscholastic athletics and marching band, may develop and enforce standards of behavior that are higher than the district-developed Code of Conduct and may condition membership or participation in the activity on adherence to those standards. Extracurricular standards of behavior may take into consideration conduct that occurs on or off school property. No provision of an extracurricular behavioral standard shall have the effect of discriminating on the basis of sex, race, disability, religion, or ethnicity. Students shall be informed of any extracurricular behavior standards at thebeginning of each school year, or in the case of interscholastic athletics and marching band, at the time the students report for work out or practices that

Removal from the Regular Educational Setting

occur prior to the actual beginning of classes. Students and their parents shall sign and return to the sponsor or coach a statement that they have read the extracurricular behavior standards and consent to them as a condition of participation in the activity. Organizational standards of behavior of an extracurricular activity are independent of the Code of Conduct. Violations of these extracurricular standards ofbehavior that are also violations of the Code of Conduct may result in independent disciplinary actions.

A student may be removed from participation in extracurricular activities or may be excluded from school honors for violations of organizational standards of behavior of an extracurricular activity or for violation of the Code of Conduct.

Interrogations, Searches and Electronic Surveillance – BoardPolicy FNF(LOCAL)

School authorities may search a student, student lockers, student automobiles or other possessions or property under a student's control and may seize any prohibited, illegal or otherwise unlawful contraband, including weapons, discovered as a result of the search. Such searches may be conducted when there is reasonable belief/cause or upon securing the student'svoluntary consent. The administration is authorized to utilize canines whose reliability and accuracy for sniffing out contraband has been established to aid in the search for contraband in school-owned property and automobiles parked on school property. **Metal detectors may be used in response to a safety concern or on a random basis to detect and deter weapons-related infractions.** If any contraband, including weapons, is found, the student is subject to appropriate disciplinary action, includingremoval, suspension, or expulsion. Electronic surveillance may be used to monitor student behavior and school owned property. Student behavior recorded on electronic surveillance equipment is subject to all provisions of the Code of Conduct.

Removal from the Regular Educational Setting

In addition to other discipline management techniques, misconduct may result in removal from the regular educational setting in the form of a routine referral or a formal removal.

Routine Referral

A routine referral occurs when a teacher sends a student to the campus behavior coordinator's office as a discipline management technique. The campus behavior coordinator shall employ alternative discipline management techniques, including progressive interventions. A teacher or administrator may remove a student from class for behavior that violates this Code of Conduct to maintain effective discipline in the classroom.

Formal Removal

A teacher may initiate a formal removal from class if:

- 1. A student's behavior has been documented by the teacher as repeatedly interfering with the teacher's ability to teach the class or with other students' ability to learn; or
- 2. The behavior is so unruly, disruptive, or abusive that the teacher cannot teach, and the students in the classroom cannot learn.

Within three school days of the formal removal, the campus behavior coordinator or appropriate administrator shall schedule a conference with the student's parent, the student, the teacher who removed the student from class, and any other appropriate administrator.

At the conference, the campus behavior coordinator or appropriate administrator shall inform the student of the alleged misconduct and the proposed consequences. The student shall have an opportunity to respond to the allegations.

When a student is removed from the regular classroom by a teacher and a conference is pending, the campus behavior coordinator or other administrator may place the student in:

- Another appropriate classroom.
- In-school suspension.
- Out-of-school suspension.
- DAEP

A teacher or administrator must remove a student from class if the student engages in behavior that under the Education Code requires or permits the student to be placed in a DAEP or expelled. When removing for those reasons, the procedures in the subsequent sections on DAEP or expulsion shall be followed.

Returning a Student to the Classroom

A student who has been formally removed from class by a teacher for conduct against the teacher containing the elements of assault, aggravated assault, sexual assault, or aggravated sexual assault may not be returned to the teacher's class without the teacher's consent.

A student who has been formally removed by a teacher for any other conduct may be returned to the teacher's class without the teacher's consent if the placement review committee determines that the teacher's class is the best or only alternative available.

Revoking of Transfers

The District has the right to revoke the transfer of a student for violating the District's Code of Conduct and/or District Policy and guidelines pertaining to transfers.

Student Publications

All publications edited, printed, or distributed in the name of or within one of the District's schools shall be under the control of the school administration and the School Board pursuant toBoard Policy FMA (LOCAL).

In-School Suspension

Misconduct

Students may be removed from the regular classroom and assigned to In-School-Suspension forany behavior listed in this Code of Conduct as a General Conduct Violation.

Process

A special area in each school may be designated as the In-School Suspension (ISS) room and supervised by a teacher, administrator, or other designated staff member. In this setting, the student receives, to the extent possible, assignments/instruction in each course with little or no opportunities for social interaction with peers. The intent of this disciplinary action is to deter student misbehavior, and reduce incidences of school disruption, while providing students the best educational opportunities possible. The length of time for this

action will be determined by the nature of the discipline problem and the cooperation of the student and his/her parents or guardians.

Although the length of assignment to In-School-Suspension is unlimited, no student should accumulate more than 30 days of placement in ISS during the school year.

The appropriate administrator will determine any restrictions on participation in school sponsored or school related extracurricular and co-curricular activities while serving theassignment to In-School-Suspension.

Out-of-School Suspension

Misconduct

Students may be suspended for behavior listed in the Code of Conduct as a general conduct violation, DAEP offense, or expellable offense.

The district shall not use out-of-school suspension for students in grade 2 or below unless the conduct meets the requirements established in law.

A student below grade 3 or a student who is homeless shall not be placed in out-of-school suspension unless, while on school property or while attending a school-sponsored or school-related activity on or off school property, the student engages in:

- Conduct that contains the elements of a weapons offense, as provided in Penal Code sections 46.02 or 46.05;
- Conduct that contains the elements of assault, sexual assault, aggravated assault, or aggravated sexual assault, as provided by the Penal Code; or
- Selling, giving, or delivering to another person or possessing, using, or being under the influence of any amount of marijuana, an alcoholic beverage, or a controlled substance or dangerous drug as defined by federal or state law.

The district shall use a positive behavior program as a disciplinary alternative for students below grade 3 who commit general conduct violations instead of suspension or placement in a DAEP. The program shall meet the requirements of law.

Process

State law allows a student to be suspended for no more than three school days per behavior violation, with no limit on the number of times a student may be suspended in a semester or school year.

Before being suspended a student shall have an informal conference with the campus behavior coordinator or appropriate administrator, who shall inform the student of the alleged misconduct and give the student an opportunity to respond to the allegation before the administrator makes a decision.

The campus behavior coordinator shall determine the number of days of a student's suspension, not to exceed three school days.

In deciding whether to order out-of-school suspension, the campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),

- 2. Intent or lack of intent at the time the student engaged in the conduct,
- 3. The student's disciplinary history,
- 4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct,
- 5. A student's status in the conservatorship of the Department of Family and Protective Services (foster care), or
- 6. A student's status as homeless.

The appropriate administrator shall determine any restrictions on participation in school-sponsored or school-related extracurricular and cocurricular activities.

Coursework During Suspension

The district shall ensure a student receives access to coursework for foundation curriculum courses while the student is placed in in-school or out-of-school suspension, including at least one method of receiving this coursework that doesn't require the use of the internet.

A Student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity before the beginning of the next school year to complete each course the student was enrolled in at the time of removal. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district.

Disciplinary Alternative Education Program (DAEP) Placement

The DAEP shall be provided in a setting other than the student's regular classroom. An elementary school student may not be placed in a DAEP classroom with a student who is not an elementary school student.

For purposes of DAEP, elementary classification shall be kindergarten–grade 5 and secondary classification shall be grades 6–12.

Summer programs provided by the district shall serve students assigned to a DAEP separately from those students who are not assigned to the program.

A student who is expelled for an offense that otherwise would have resulted in a DAEP placement does not have to be placed in a DAEP in addition to the expulsion.

In deciding whether to place a student in a DAEP, regardless of whether the action is mandatory or discretionary, the campus behavior coordinator shall take into consideration:

Self-defense (see glossary),

Intent or lack of intent at the time the student engaged in the conduct,

- 1. The student's disciplinary history,
- 2. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct,
- 3. A student's status in the conservatorship of the Department of Family and Protective Services (foster care), or
- 4. A student's status as homeless.

Discretionary Placement: Misconduct That May Result in DAEP Placement

A student may be placed in a DAEP for the following conduct violations:

Misconduct Identified in State Law

In accordance with state law, a student **may** be placed in a DAEP for any of the following offenses:

- Engaging in bullying that encourages a student to commit or attempt to commit suicide.
- Inciting violence against a student through group bullying.
- Releasing or threatening to release intimate visual material of a minor or of a student who is 18 years of age or older without the student's consent.
- Involvement in a public-school fraternity, sorority, or secret society, or gang including participating as a member or pledge, or soliciting another person to become a pledge or member of a public-school fraternity, sorority, secret society, or gang. (See **glossary**.)
- Involvement in criminal street gang activity. (See glossary.)
- Criminal mischief, not punishable as a felony.
- Assault (no bodily injury) with threat of imminent bodily injury.
- Assault by offensive or provocative physical contact.

In accordance with state law, a student **may** be placed in a DAEP if the superintendent or the superintendent's designee has reasonable belief (see **glossary**) that the student engaged in conduct punishable as a felony, other than aggravated robbery or those listed as offenses in Title 5 (see **glossary**) of the Penal Code, that occurs off school property and not at a school-sponsored or school-related event, if the student's presence in the regular classroom threatens the safety of other students or teachers or will be detrimental to the educational process.

The campus behavior coordinator **may** place a student in a DAEP for off-campus conduct for which DAEP placement is required by state law if the administrator does not have knowledge of the conduct before the first anniversary of the date the conduct occurred.

Mandatory Placement: Misconduct That Requires DAEP Placement

A student **must** be placed in a DAEP if the student:

- Engages in conduct relating to a false alarm or report (including a bomb threat) or a terroristic threat involving a public school. (See glossary.)
- Commits the following offenses on school property, within 300 feet of school property as measured from any point on the school's real property boundary line, or while attending a school-sponsored or school-related activity on or off school property:
 - Engages in conduct punishable as a felony.
 - Commits an assault (see **glossary**) under Penal Code 22.01(a)(1).
 - Sells, gives, or delivers to another person or possesses, uses, or is under the influence of a controlled substance or a dangerous drug in an amount not constituting a felony offense. (School-related felony drug offenses are addressed in **Expulsion**.) (See **glossary** for "under the influence" "controlled substance," and "dangerous drug.")
 - Sells, gives, or delivers to another person or possesses, uses, or is under the influence of marijuana or THC. A student with a valid prescription for low-THC cannabis as authorized by Chapter 487 of the Health and Safety Code does not violate this provision.
 - Sells, gives, or delivers to another person an alcoholic beverage; commits a serious act
 or offense while under the influence of alcohol; or possesses, uses, or is under the
 influence of alcohol.
 - Behaves in a manner that contains the elements of an offense relating to abusable volatile chemicals.
 - Sells, gives, or delivers to another person or possesses or uses an e-cigarette.
 - Behaves in a manner that contains the elements of the offense of public lewdness or indecent exposure. (See glossary.)
 - Engages in conduct that contains the elements of an offense of harassment against an employee under Penal Code 42.07(a)(1), (2), (3), or (7).
- Engages in expellable conduct and is six to nine years of age.
- Commits a federal firearms violation and is younger than six years of age.
- Engages in conduct that contains the elements of the offense of retaliation against any school employee or volunteer on or off school property. (Committing retaliation in combination with another expellable offense is addressed in **Expulsion**.)

- Engages in conduct punishable as aggravated robbery or a felony listed under Title 5 (see **glossary**) of the Penal Code when the conduct occurs off school property and not at a school-sponsored or school-related event and:
- 7. The student receives deferred prosecution (see **glossary**),
- 8. A court or jury finds that the student has engaged in delinquent conduct (see **glossary**), or
- 9. The superintendent or designee has a reasonable belief (see **glossary**) that the student engaged in the conduct.

Sexual Assault and Campus Assignments

A student shall be transferred to another campus if:

- The student has been convicted of continuous sexual abuse of a young child or disabled individual or convicted of or placed on deferred adjudication for sexual assault or aggravated sexual assault against another student on the same campus; and
- The victim's parent or another person with the authority to act on behalf of the victim requests that the board transfer the offending student to another campus.

If there is no other campus in the district serving the grade level of the offending student, the offending student shall be transferred to a DAEP.

Process

Removals to a DAEP shall be made by the campus behavior coordinator.

Conference

When a student is removed from class for a DAEP offense, the campus behavior coordinator or appropriate administrator shall schedule a conference within three school days with the student's parent, the student, and, in the case of a teacher removal, the teacher.

At the conference, the campus behavior coordinator or appropriate administrator shall provide the student:

- Information, orally or in writing, of the reasons for the removal;
- An explanation of the basis for the removal; and
- An opportunity to respond to the reasons for the removal.

Following valid attempts to require attendance, the district may hold the conference and make a placement decision regardless of whether the student or the student's parents attend the conference.

Consideration of Mitigating Factors

In deciding whether to place a student in a DAEP, regardless of whether the action is mandatory or discretionary, the campus behavior coordinator shall take into consideration:

- 1. Self-defense (see **glossary**),
- 2. Intent or lack of intent at the time the student engaged in the conduct,
- 3. The student's disciplinary history,
- 4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct,

- 5. A student's status in the conservatorship of the Department of Family and Protective Services (foster care), or
- 6. A student's status as homeless.

Placement Order

After the conference, if the student is placed in a DAEP, the campus behavior coordinator shall write a placement order. A copy of the DAEP placement order and information for the parent or person standing in parental relation to the student regarding the process for requesting a full individual and initial evaluation of the student for purposes of special education services shall be sent to the student and the student's parent.

Not later than the second business day after the conference, the board's designee shall deliver to the juvenile court a copy of the placement order and all information required by Section 52.04 of the Family Code.

If the student is placed in a DAEP and the length of placement is inconsistent with the guidelines included in this Code of Conduct, the placement order shall give notice of the inconsistency.

DAEP at Capacity

If a DAEP is at capacity at the time the campus behavior coordinator is deciding placement for conduct related to marijuana, THC, an e-cigarette, alcohol, or an abusable volatile chemical, the student shall be placed in ISS then transferred to a DAEP for the remainder of the period if space becomes available before the expiration of the period of the placement.

If a DAEP is at capacity at the time the campus behavior coordinator is deciding placement for a student who engaged in violent conduct, a student placed in a DAEP for conduct related to marijuana, THC, an e-cigarette, alcohol, or an abusable volatile chemical may be placed in ISS to make a position in the DAEP available for the student who engaged in violent conduct. If a position becomes available in a DAEP before the expiration of the period of the placement for the student removed, the student shall be returned to a DAEP for the remainder of the period.

Coursework Notice

The parent or guardian of a student placed in DAEP shall be given written notice of the student's opportunity to complete, at no cost to the student, a foundation curriculum course in which the student was enrolled at the time of removal, and which is required for graduation. The notice shall include information regarding all methods available for completing the coursework.

Length of Placement

The campus behavior coordinator shall determine the duration of a student's placement in a DAEP.

The duration of a student's placement shall be determined case by case based on the seriousness of the offense, the student's age and grade level, the frequency of misconduct, the student's attitude, and statutory requirements.

The maximum period of DAEP placement shall be one calendar year, except as provided below.

Unless otherwise specified in the placement order, days absent from a DAEP shall not count toward fulfilling the total number of days required in a student's DAEP placement order.

The district shall administer the required pre- and post-assessments for students assigned to DAEP for a period of 90 days or longer in accordance with established district administrative procedures for administering other diagnostic or benchmark assessments.

Exceeds One Year

Placement in a DAEP may exceed one year when a review by the district determines that the student is a threat to the safety of other students or to district employees.

The statutory limitations on the length of a DAEP placement do not apply to a placement resulting from the board's decision to place a student who engaged in the sexual assault of another student so that the students are not assigned to the same campus.

Exceeds School Year

Students who are in a DAEP placement at the end of one school year may be required to continue that placement at the start of the next school year to complete the assigned term of placement.

For placement in a DAEP to extend beyond the end of the school year, the campus behavior coordinator or the board's designee must determine that:

- 1. The student's presence in the regular classroom or campus presents a danger of physical harm to the student or others, or
- 2. The student has engaged in serious or persistent misbehavior (see **glossary**) that violates the district's Code of Conduct.

Exceeds 60 Days

For placement in a DAEP to extend beyond 60 days or the end of the next grading period, whichever is sooner, a student's parent shall be given notice and the opportunity to participate in a proceeding before the board or the board's designee.

Appeals

Questions from parents regarding disciplinary measures should be addressed to the campus administration.

Student or parent appeals regarding a student's placement in a DAEP should be addressed in accordance with policy FNG(LOCAL). A copy of this policy may be obtained from the principal's office, the campus behavior coordinator's office, the central administration office, or through Policy On Line at the following address: http://pol.tasb.org/home/index/367

Appeals shall begin at Level 1 with the principal.

The district shall not delay disciplinary consequences pending the outcome of an appeal. The decision to place a student in a DAEP cannot be appealed beyond the board.

Restrictions During Placement

State law prohibits a student placed in a DAEP for reasons specified in state law from attending or participating in school-sponsored or school-related extracurricular activities.

The district shall provide transportation to students in a DAEP.

For seniors who are eligible to graduate and are assigned to a DAEP at the time of graduation, the last day of placement in the program shall be the last instructional day, and the student shall

be allowed to participate in the graduation ceremony and related graduation activities unless otherwise specified in the DAEP placement order.

Placement Review

A student placed in a DAEP shall be provided a review of his or her status, including academic status, by the campus behavior coordinator or the board's designee at intervals not to exceed 120 days. In the case of a high school student, the student's progress toward graduation and the student's graduation plan shall also be reviewed. At the review, the student or the student's parent shall be given the opportunity to present arguments for the student's return to the regular classroom or campus. The student may not be returned to the classroom of a teacher who removed the student without that teacher's consent except under the circumstances described on page 24, Returning a Student to the Classroom.

Additional Misconduct

If during the term of placement in a DAEP the student engages in additional misconduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted, and the campus behavior coordinator may enter an additional disciplinary order as a result of those proceedings.

Notice of Criminal Proceedings

When a student is placed in a DAEP for certain offenses, the office of the prosecuting attorney shall notify the district if:

- Prosecution of a student's case was refused for lack of prosecutorial merit or insufficient evidence, and no formal proceedings, deferred adjudication (see glossary), or deferred prosecution will be initiated; or
- 2. The court or jury found a student not guilty or made a finding that the student did not engage in delinquent conduct or conduct indicating a need for supervision, and the case was dismissed with prejudice.

If a student was placed in a DAEP for such conduct, on receiving the notice from the prosecutor, the superintendent or designee shall review the student's placement and schedule a review with the student's parent not later than the third day after the superintendent or designee receives notice from the prosecutor. The student may not be returned to the regular classroom pending the review.

After reviewing the notice and receiving information from the student's parent, the superintendent or designee may continue the student's placement if there is reason to believe that the presence of the student in the regular classroom threatens the safety of other students or teachers.

The student or the student's parent may appeal the superintendent's decision to the board. **The student may not be returned to the regular classroom pending the appeal.** In the case of an appeal, the board shall, at the next scheduled meeting, review the notice from the prosecutor and receive information from the student, the student's parent, and the superintendent or designee, and confirm or reverse the decision of the superintendent or designee. The board shall make a record of the proceedings.

If the board confirms the decision of the superintendent or designee, the student and the student's parent may appeal to the Commissioner of Education. **The student may not be returned to the regular classroom pending the appeal.**

Withdrawal During Process

When a student violates the district's Code of Conduct in a way that requires or permits the student to be placed in a DAEP and the student withdraws from the district before a placement order is completed, the campus behavior coordinator may complete the proceedings and issue a placement order. If the student then re-enrolls in the district during the same or a subsequent school year, the district may enforce the order at that time, less any period of the placement that has been served by the student during enrollment in another district. If the campus behavior coordinator or the board fails to issue a placement order after the student withdraws, the next district in which the student enrolls may complete the proceedings and issue a placement order.

Newly Enrolled Students

The district shall decide on a case-by-case basis whether to continue the placement of a student who enrolls in the district and was assigned to a DAEP in an open-enrollment charter school or another district including a district in another state. The district may place the student in the district's DAEP or a regular classroom setting.

When a student enrolls in the district with a DAEP placement from a district in another state, the district has the right to place the student in DAEP to the same extent as any other newly enrolled student if the behavior committed is a reason for DAEP placement in the receiving district.

State law requires the district to reduce a placement imposed by a district in another state that exceeds one year so that the total placement does not exceed one year. After a review, however, the placement may be extended beyond a year if the district determines that the student is a threat to the safety of other students or employees, or the extended placement is in the best interest of the student.

Emergency Placement Procedure

When an emergency placement is necessary because the student's behavior is so unruly, disruptive, or abusive that it seriously interferes with classroom or school operations, the student shall be given oral notice of the reason for the action. Not later than the tenth day after the date of the placement, the student shall be given the appropriate conference required for assignment to a DAEP.

Transition Services

In accordance with law and district procedures, campus staff shall provide transition services to a student returning to the regular classroom from an alternative education program, including a DAEP. See policy FOCA(LEGAL) for more information.

Placement and/or Expulsion for Certain Offenses

This section includes two categories of offenses for which the Education Code provides unique procedures and specific consequences.

Registered Sex Offenders

Upon receiving notification in accordance with state law that a student is currently required to register as a sex offender, the district must remove the student from the regular classroom and determine appropriate placement unless the court orders JJAEP placement.

If the student is under any form of court supervision, including probation, community supervision, or parole, the student shall be placed in either DAEP or JJAEP for at least one semester.

If the student is not under any form of court supervision, the student may be placed in DAEP or JJAEP for one semester or placed in a regular classroom. The student may not be placed in the regular classroom if the board or its designee determines that the student's presence:

- 1. Threatens the safety of other students or teachers,
- 2. Will be detrimental to the educational process, or
- 3. Is not in the best interests of the district's students.

Review Committee

At the end of the first semester of a student's placement in an alternative educational setting and before the beginning of each school year for which the student remains in an alternative placement, the district shall convene a committee, in accordance with state law, to review the student's placement. The committee shall recommend whether the student should return to the regular classroom or remain in the placement. Absent a special finding, the board or its designee must follow the committee's recommendation.

The placement review of a student with a disability who receives special education services must be made by the ARD committee.

Newly Enrolled Students

If a student enrolls in the district during a mandatory placement as a registered sex offender, the district may count any time already spent by the student in a placement or may require an additional semester in an alternative placement without conducting a review of the placement.

Appeal

A student or the student's parent may appeal the placement by requesting a conference between the board or its designee, the student, and the student's parent. The conference is limited to the factual question of whether the student is required to register as a sex offender. Any decision of the board or its designee under this section is final and may not be appealed.

Certain Felonies

Regardless of whether DAEP placement or expulsion is required or permitted by one of the reasons in the DAEP Placement or Expulsion sections, in accordance with Education Code 37.0081, a student may be expelled and placed in either DAEP or JJAEP if the board or campus behavior coordinator makes certain findings, and the following circumstances exist in relation to aggravated robbery or a felony offense under Title 5 (see **glossary**) of the Penal Code. The student must have:

- Received deferred prosecution for conduct defined as aggravated robbery or a Title 5 felony offense;
- Been found by a court or jury to have engaged in delinquent conduct for conduct defined as aggravated robbery or a Title 5 felony offense;
- Been charged with engaging in conduct defined as aggravated robbery or a Title 5 felony offense:
- Been referred to a juvenile court for allegedly engaging in delinquent conduct for conduct defined as aggravated robbery or a Title 5 felony offense; or
- Received probation or deferred adjudication or have been arrested for, charged with, or convicted of aggravated robbery or a Title 5 felony offense.

<u>The district may expel the student and order placement under these circumstances regardless of:</u>

- 1. The date on which the student's conduct occurred,
- 2. The location at which the conduct occurred,
- 3. Whether the conduct occurred while the student was enrolled in the district, or
- 4. Whether the student has successfully completed any court disposition requirements imposed in connection with the conduct.

Hearing and Required Findings

The student must first have a hearing before the board or its designee, who must determine that in addition to the circumstances above that allow for the expulsion, the student's presence in the regular classroom:

- 1. Threatens the safety of other students or teachers,
- 2. Will be detrimental to the educational process, or
- 3. Is not in the best interest of the district's students.

Any decision of the board or the board's designee under this section is final and may not be appealed.

Length of Placement

The student is subject to the placement until:

- 1. The student graduates from high school,
- 2. The charges are dismissed or reduced to a misdemeanor offense, or
- 3. The student completes the term of the placement or is assigned to another program.

Placement Review

A student placed in a DAEP or JJAEP under this section is entitled to a review of his or her status, including academic status, by the campus behavior coordinator or board's designee at intervals not to exceed 120 days. In the case of a high school student, the student's progress toward graduation and the student's graduation plan shall also be reviewed. At the review, the student or the student's parent shall have the opportunity to present arguments for the student's return to the regular classroom or campus.

Newly Enrolled Students

A student who enrolls in the district before completing a placement under this section from another school district must complete the term of the placement.

Expulsion

In deciding whether to order expulsion, regardless of whether the action is mandatory or discretionary, the campus behavior coordinator shall take into consideration:

- 1. Self-defense (see glossary),
- 2. Intent or lack of intent at the time the student engaged in the conduct,
- 3. The student's disciplinary history,
- 4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct,
- 5. A student's status in the conservatorship of the Department of Family and Protective Services (foster care), or
- A student's status as homeless.

Discretionary Expulsion: Misconduct That May Result in Expulsion

Some of the following types of misconduct may result in mandatory placement in a DAEP, whether or not a student is expelled. (See **DAEP Placement**.)

Any Location

A student **may** be expelled for:

- Engaging in bullying that encourages a student to commit or attempt to commit suicide.
- Inciting violence against a student through group bullying.
- Releasing or threatening to release intimate visual material of a minor or of a student who is 18 years of age or older without the student's consent.
- Conduct that contains the elements of assault under Penal Code 22.01(a)(1) in retaliation against a school employee or volunteer.
- Criminal mischief, if punishable as a felony.
- Engaging in conduct that contains the elements of one of the following offenses against another student:
 - Aggravated assault.
 - Sexual assault.
 - Aggravated sexual assault.
 - Murder.
 - Capital murder.
 - Criminal attempt to commit murder or capital murder.
 - Aggravated robbery.
- Breach of computer security. (See glossary.)
- Engaging in conduct relating to a false alarm or report (including a bomb threat) or a terroristic threat involving a public school.

At School, Within 300 Feet, or at a School Event

A student **may** be expelled for committing any of the following offenses on or within 300 feet of school property, as measured from any point on the school's real property boundary line, or while attending a school-sponsored or school-related activity on or off school property:

Under Age Ten

When a student under the age of ten engages in behavior that is expellable behavior, the student shall not be expelled, but shall be placed in a DAEP. A student under age six shall not be placed in a DAEP unless the student commits a federal firearm offense.

Process

If a student is believed to have committed an expellable offense, the campus behavior coordinator or other appropriate administrator shall schedule a hearing within a reasonable time. The student's parent shall be invited in writing to attend the hearing.

Until a hearing can be held, the campus behavior coordinator or other administrator may place the student in:

- Another appropriate classroom.
- In-school suspension.
- Out-of-school suspension.
- DAEP.

Hearing

A student facing expulsion shall be given a hearing with appropriate due process. The student is entitled to:

- 1. Representation by the student's parent or another adult who can provide guidance to the student and who is not an employee of the district,
- 2. An opportunity to testify and to present evidence and witnesses in the student's defense, and

3. An opportunity to question the witnesses called by the district at the hearing.

After providing notice to the student and parent of the hearing, the district may hold the hearing regardless of whether the student or the student's parent attends.

Board Review of Expulsion

After the due process hearing, the expelled student may request that the board review the expulsion decisions. The student or parent must submit a written request to the superintendent within seven days after receipt of the written decision. The superintendent must provide the student or parent with written notice of the date, time, and place of the meeting at which the board will review the decision.

The board shall review the record of the expulsion hearing in a closed meeting unless the parent requests in writing that the matter be held in an open meeting. The board may also hear a statement from the student or parent and from the board's designee.

The board shall consider and base its decision on evidence reflected in the record and any statements made by the parties at the review. The board shall make and communicate its decision orally at the conclusion of the presentation. **Consequences shall not be deferred pending the outcome of the hearing.**

Expulsion Order

Before ordering the expulsion, the board or campus behavior coordinator shall take into consideration:

- 1. Self-defense (see glossary),
- 2. Intent or lack of intent at the time the student engaged in the conduct,
- 3. The student's disciplinary history,
- 4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct,
- 5. A student's status in the conservatorship of the Department of Family and Protective Services (foster care), or

If the student is expelled, the board or its designee shall deliver to the student and the student's parent a copy of the order expelling the student.

Not later than the second business day after the hearing, the Principal of the Student Reassignment Center shall deliver to the juvenile court a copy of the expulsion order and the information required by Section 52.04 of the Family Code.

If the length of the expulsion is inconsistent with the guidelines included in the Student Code of Conduct, the expulsion order shall give notice of the inconsistency.

Length of Expulsion

The length of an expulsion shall be based on the seriousness of the offense, the student's age and grade level, the frequency of misbehavior, the student's attitude, and statutory requirements.

The duration of a student's expulsion shall be determined on a case-by-case basis. The maximum period of expulsion is one calendar year, except as provided below.

An expulsion may not exceed one year unless, after review, the district determines that:

- 1. The student is a threat to the safety of other students or to district employees, or
- 2. Extended expulsion is in the best interest of the student.

State and federal law require a student to be expelled from the regular classroom for a period of at least one calendar year for bringing a firearm, as defined by federal law, to school. However, the superintendent may modify the length of the expulsion on a case-by-case basis.

Students who commit offenses that require expulsion at the end of one school year may be expelled into the next school year to complete the term of expulsion.

Withdrawal During Process

When a student's conduct requires or permits expulsion from the district and the student withdraws from the district before the expulsion hearing takes place, the district may conduct the hearing after sending written notice to the parent and student.

If the student then re-enrolls in the district during the same or subsequent school year, the district may enforce the expulsion order at that time, less any expulsion period that has been served by the student during enrollment in another district.

If the campus behavior coordinator or the board fails to issue an expulsion order after the student withdraws, the next district in which the student enrolls may complete the proceedings.

Additional Misconduct

If during the expulsion, the student engages in additional conduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted, and the campus behavior coordinator or the board may issue an additional disciplinary order as a result of those proceedings.

Restrictions During Expulsion

Expelled students are prohibited from being on school grounds or attending school-sponsored or school-related activities during the period of expulsion.

No district academic credit shall be earned for work missed during the period of expulsion unless the student is enrolled in a JJAEP or another district-approved program.

Newly Enrolled Students

The district shall decide on a case-by-case basis the placement of a student who is subject to an expulsion order from another district or an open-enrollment charter school upon enrollment in the district.

If a student expelled in another state enrolls in the district, the district may continue the expulsion under the terms of the expulsion order, may place the student in a DAEP for the period specified in the order, or may allow the student to attend regular classes if:

- 1. The out-of-state district provides the district with a copy of the expulsion order, and
- 2. The offense resulting in the expulsion is also an expellable offense in the district in which the student is enrolling.

If a student is expelled by a district in another state for a period that exceeds one year and the district continues the expulsion or places the student in a DAEP, the district shall reduce the period of the expulsion or DAEP placement so that the entire period does not exceed one year, unless after a review it is determined that:

- 1. The student is a threat to the safety of other students or district employees, or
- 2. Extended placement is in the best interest of the student.

Emergency Expulsion Procedures

When an emergency expulsion is necessary to protect persons or property from imminent harm, the student shall be given verbal notice of the reason for the action. Within ten days after the date of the emergency expulsion, the student shall be given appropriate due process required for a student facing expulsion.

DAEP Placement of Expelled Students

The district may provide educational services to any expelled student in a DAEP; however, educational services in the DAEP must be provided if the student is less than ten years of age.

Transition Services

In accordance with law and district procedures, campus staff shall provide transition services for a student returning to the regular classroom from placement in an alternative education program, including a DAEP or JJAEP. See policies FOCA(LEGAL) and FODA(LEGAL) for more information.

Frequently Asked Questions

What is Honors?

Honors courses are available to students in middle and high school. These courses foster a high level of engagement and are open to any student who is willing and prepared to take on challenging course work. The course goes beyond the state standards and is designed to be appropriately rigorous to prepare students to be successful in Advanced Placement (AP) courses. Within high school, Honors courses are available in English Language Arts and Reading, Mathematics, Science, Social Studies, and Languages other than English (LOTE).

What is AP?

Advanced Placement (AP) courses allow students to participate in college-level courses and possibly earn college credit while still in high school. This is accomplished by taking an end of course AP exam designed by The College Board. The score earned on the AP exam determines college credit. Each university sets the standard for the qualifying score for credit. Texas public universities must award college credit for scores of 3 or higher. Consult your intended university for more information on awarding credit. AP courses are offered in English Language Arts and Reading, Mathematics, Social Studies, Science, Languages other than English, Art, and Music. Students enrolled in Advanced Placement (AP) courses are required to take the AP Exam for the course in May. Failure to do so will result in the loss of AP weighted points for the course in which the exam is not taken. The test fees for AP tests are paid by the school district.

What is GT?

Gifted and talented (GT) services are specifically designed for the strengths and learning needs of the gifted learner, grades K-12. Specially trained teachers provide learning opportunities with course content that is either above-grade level or goes beyond the state standards, allowing students to excel and compete at the national level. The students demonstrate skills in self-directed learning, thinking, research and communication and develop innovative products and performances that reflect creativity, individuality, and professional-level quality. Students must qualify for these accelerated courses through a referral and assessment process. Gifted courses available in middle school are:

English: Honors GT English/Humanities 6, Honors GT English/Humanities 7, Honors GT English 1/Humanities

Mathematics: Honors GT Math 6, Honors GT Math 7, Honors GT Algebra 1

Science: Honors GT Science 6, Honors GT Science 7, Honors GT Biology

What are PRN and FND courses?

Principles (PRN) - Courses designed with modifications to the grade level curriculum. Enrollment in Principles level courses is based on the recommendations from the Individualized Education Plan.

Fundamentals (FND) - Courses focus on the prerequisite skills to the grade level curriculum. Enrollment in fundamentals level courses is based on the recommendations from the Individualized Education Plan.

Removal of Library Materials

Students' First Amendment rights are implicated by the removal of books from the shelves of a school library. A district shall not remove materials from a library for the purpose of denying students access to ideas with which the district disagrees. A district may remove materials because they are pervasively vulgar or based solely upon the educational suitability of the books in question.

Bd. of Educ. v. Pico, 457 U.S. 853 (1982)

Instructional Materials

Instructional materials selected for use in the public schools shall be furnished without cost to students attending those schools. - Observe virtual instruction while the parent's child is participating in virtual or remote learning to the same extent the parent would be entitled to observe in-person instruction of the child.

A district shall make teaching materials and tests readily available for parental review and may specify reasonable hours for such review.

Taking Home Materials

A student's parent is entitled to request that a district allow the student to take home any instructional materials used by the student. Subject to the availability of the instructional materials, a district or school shall honor the request. A student who takes home instructional materials must return the instructional materials to school at the beginning of the next school day if requested to do so by the student's teacher.

Students Without Reliable Access to Technology A district must provide the instructional materials to the student in printed format if the student does not have reliable access to technology at the student's home. This requirement does not require a

Note:

For information related to the selection process and accounting of instructional materials, as this term is defined by state law and rule, see CMD and EFA.

The District shall provide a wide range of instructional resources for students and faculty that present varying levels of difficulty, diversity of appeal, and a variety of points of view. Although the Superintendent shall ensure that professional staff select instructional resources in accordance with District policy and administrative regulations, the ultimate authority for determining and approving the curriculum and instructional program of the District lies with the Board.

Objectives

In this policy, "instructional resources" includes both instructional materials and library materials.

Instructional materials may include textbooks, supplementary resources for classroom use, and any other instructional resources, including electronic resources, used for formal or informal teaching and learning purposes. The primary objectives of instructional materials are to implement, enrich, and support the District's educational program.

Library materials may include printed and electronic library acquisitions and other ancillary or supplementary materials maintained in a campus library. In accordance with state and local guidelines, library collections should enrich and support the state and local curriculum. Collections should also provide materials of high interest to encourage student reading and learning for pleasure.

Library materials may be used to enhance the instructional program, for formal or informal teaching and learning purposes, and for voluntary inquiry or self-selected reading.

In accordance with state and local standards, school libraries are essential interactive collaborative learning environments, ever evolving to provide equitable physical and virtual access to ideas, information, and learning tools for the entire school community.

School libraries are essential, safe, and inviting centers for teaching and learning that provide equitable access to emerging technologies and physical and virtual collections of high quality, reflecting input from stakeholders.

Selection Criteria

DATE ISSUED: 10/7/2022

LDU 2022.03 EF(LOCAL)-X Adopted: 9/19/2022

- 5. Promote literacy.

Selection of resources is an ongoing process that includes the removal of resources no longer appropriate and the periodic replacement or repair of resources that still have educational value.

Additional Instructional Materials

In addition to the criteria above, District professional staff may select additional instructional materials in accordance with administrative regulations.

Library Materials

In addition to the criteria above, librarians and other professional staff shall ensure that library materials:

Gifts

Gifts of instructional resources shall be evaluated according to the provisions above and accepted or rejected in accordance with CDC(LOCAL).

Challenged Resources

A parent of a District student, a student who is 18 years of age or older, an individual employee, or any District resident may challenge an instructional resource used in the District's educational program on the basis that the instructional material fails to meet the standards set forth in this policy.

Instructional resources, including textbooks and their ancillary/supplementary materials approved through both state proclamation and local adoption process shall not be subject to reconsideration during the term of the adoption.

Guiding Principles

The following principles shall guide the Board and staff in responding to challenges of instructional resources:

- A complainant may raise an objection to an instructional resource used in a school's educational program, despite the fact that the professional staff selecting the resources were qualified to make the selection, followed the proper procedure, and adhered to the objectives and criteria for instructional resources set out in this policy.
- 2. A parent's ability to exercise control over instruction extends only to his or her own child as set forth in Education Code Chapter 26.
- Access to a challenged resource shall not be restricted during the reconsideration process, except the District may deny access to a child if requested by the child's parent.

The major criterion for the final decision on challenged resources is the appropriateness of the resource for its intended educational use. No challenged instructional resource shall be removed solely because of the ideas expressed therein.

DATE ISSUED: 10/7/2022 LDU 2022.03 EF(LOCAL)-X Adopted: 9/19/2022

Informal Reconsideration

When the District or a campus receives an objection about the appropriateness of an instructional resource, the appropriate administrator shall try to resolve the matter informally. The administrator shall explain the selection process and discuss the intended educational purpose for the instructional resource. If appropriate, the administrator may offer a concerned parent an alternative instructional resource to be used by that parent's child in place of the challenged material.

If the complainant wishes to make a formal challenge, the administrator shall provide the complainant a copy of this policy and a form to request a formal reconsideration of the instructional resource.

Formal Reconsideration

A complainant shall make any formal objection to an instructional resource on the Request for Reconsideration of Instructional Resources form [see EF(EXHIBIT)] and shall submit the completed and signed form to the principal. Upon receipt of the form, the principal shall appoint a reconsideration committee.

The reconsideration committee shall include at least one member of the instructional staff who has experience using the challenged resource with students or is familiar with the challenged resource's content. Other members of the committee may include District-level staff, library staff, secondary-level students, parents, and any other appropriate individuals.

All members of the committee shall review the challenged instructional resource in its entirety. As soon as reasonably possible, the committee shall meet and determine whether the challenged resource conforms to the principles of selection set out in this policy and whether the challenged material will continue to be used in the educational program. The committee shall prepare a written report of its findings. The Superintendent, other appropriate administrators, and the complainant shall receive copies of the report.

Frequency of Review

After an instructional resource has been reviewed through formal reconsideration, it shall not be reviewed again until it is evaluated in the periodic local selection or maintenance process, as applicable.

Appeal

The complainant may appeal the decision of the reconsideration committee in accordance with appropriate complaint policies, starting at the appropriate level. [See DGBA, FNG, and GF]

Interviews are held with interested students to explain the differences between earning an Associates or continuing at a comprehensive campus to pursue Advanced Placement courses. Middle School students have the opportunity to enroll in Advanced Placement courses as early as 8th grade and earn high school credit. Eighth grade students are also given a career assessment to provide guidance on selecting a high school CTE program of study as well as a wide range of career exploratory programs that are offered at the middle school level.

High School to Post Secondary

Counselors provide classroom guidance every year to high school students reviewing CCMR options and opportunities. Every High School holds a Fall Senior Parent Night to inform parents of FAFSA, TASFA, the College application process and Dallas County Promise. College Campus visits are done through AVID, as well as scholarship applications and completion deadlines.

A district wide College and Career Night is scheduled every year to give parents and students an opportunity to meet with college representatives and receive information on admission application requirements.

Through the Irving ISD partnership with Dallas College, High School students have the opportunity to enroll in Dual Credit classes with the potential of completing their core classes or earning an Associate's degree.

Irving ISD's Career and Technical Education department offers a wide range of career programs of study focused on preparing students for entry into postsecondary careers. Each career pathway includes a practicum course that allows students to participate in on-site student operated enterprises, off campus internships, or a hands-on capstone project. Students in four-year comprehensive CTE programs also earn industry recognized certifications allowing students to enter the workforce during or after high school. Irving ISD is located in the heart of the DFW Metroplex which uniquely makes available many business partnerships. These partnerships give students opportunities to learn about

post-secondary careers through industry guest speakers, tours of businesses and corporate headquarters, paid and unpaid internships, and job opportunities upon graduation. Business partners also serve on program advisory boards providing relevant industry input to all CTE cluster programs in an effort to better prepare students for post-secondary success.

Compensation Definitions

Minimum of the Salary Range

The Minimum of the Range is the lowest salary rate for that specific position.

Midpoint of the Salary Range

The Midpoint of the Range represents the market value for the position and is the salary amount halfway between the lowest and highest salary rate for that specific position.

Maximum of the Salary Range

The Maximum of the Range is the highest salary rate for that specific position.

Internal Equity

Internal equity identifies and addresses equity in employee compensation between employees who are considered similarly situated and are performing similarly.

Internal equity does not attempt to make pay exactly the same for employees simply because they are in the same job title. Consideration is taken of the similarities and dissimilarities in experience, skills, abilities, and record of job performance, and aligns the pay fairly and equitably based on those factors.

External Market Equity

External market equity is an assessment of external market compensation that attempts to ensure competitiveness in pay practices for the same duties. This process is used as a tool to compare similar positions with external organizations and industries to align pay practices.

Promotion

Promotion is a job movement from a position in a lower classification/range/salary schedule to a <u>different position</u> in a higher classification/range/salary schedule.

A promotion increase is applied to the employee's current base salary, less any stipends paid for supplemental duties.

Demotion

Demotion is a job movement from a position in a higher classification/range/salary schedule to a <u>different</u> <u>position</u> in a lower classification/range/salary schedule.

A reduction in pay may occur when an employee is reassigned to a different job in a pay range with a daily/hourly rate midpoint that is less than the daily/hourly rate midpoint of the previous job's pay range. Any reduction in pay is subject to approval by the Superintendent or designee.

Lateral

A lateral transfer is a movement to another job assigned to the same pay grade.

Position Reassignment

Position reassignment is a movement from a pay range structure to an experience-based placement scale (teacher, counselor, or librarian). Salary placement will be made according to years of creditable experience.

Compensation, Benefits, and Leaves Handbook - revised July 2024

Reinstatement

Reinstatement occurs when an employee is rehired following a separation or break in service from the District.

Salary Proration

Salary proration occurs when an employee starts their new position after the start date for the position calendar, and salary is determined based on the total number of days remaining.

Supplemental Pay

Supplemental pay is an additional stipend or extra-duty pay that is paid in addition to, but separate from, regular base salary. **Supplemental pay is authorized on a year-to-year basis and is not to be considered a property right.** Supplemental pay will be discontinued upon cessation of assignment, which can occur at any time, or upon the occurrence of an event that otherwise causes the employee to be ineligible to receive the supplemental pay.

Job Classification/Reclassification

Job classification/reclassification is the process of accurately and objectively defining the position/job duties, responsibilities, tasks, level of authority, and minimum requirements.

All positions, except for teachers, librarians, counselors, substitutes, and part-time/temporary, are assigned to pay grades based on the skill, effort, and responsibility required for the job assignment.

Compensation Laws

Fair Labor Standards Act (FLSA)

There are four (4) major provisions of the FLSA: Minimum Wage, Overtime Pay, Child Labor, and Recordkeeping. Unless exempt, covered employees must be paid at least the minimum wage and not less than one and one-half times their regular rates of pay for overtime hours worked.

Positions considered exempt for FLSA purposes must meet one of the following exemptions:

- Executive
- Administrative
- Professional*
- Computer Employees
- Highly Compensated Employees

*The Department of Labor has determined that substitute teachers whose primary responsibility is teaching the same subjects as the everyday teacher for whom they substitute are exempt under the FLSA.

All substitute teachers shall accept assignments through the Frontline absence management system. All days (and half days) worked shall be imported to the MUNIS payroll system by the Payroll Department.

Positions typically considered non-exempt for the purposes of the FLSA are noted below:

- Paraprofessional staff (clerical, aides, and technical staff)
- Auxiliary (custodial, maintenance, food service, transportation, security/police, etc.)
- Substitute staff for paraprofessionals and auxiliary staff

The district has determined the exempt status of each position and recorded the status on a job description. The job description serves the function of notifying the employee of their respective job duties and responsibilities, but also their status under the FLSA.

The FLSA requires employers to:

- pay all covered non-exempt employees, for all hours worked, at least the Federal Minimum Wage of \$7.25 per hour effective July 24, 2009;
- pay at least one and one-half times the non-exempt employees' regular rates of pay for all hours worked over 40 in the workweek;
- comply with the youth employment standards; and
- comply with the recordkeeping requirements

Hours Worked - Non-Exempt Employees

Covered non-exempt employees must be paid for *all* hours worked in a <u>workweek</u>. In general, compensable hours worked include all time an employee is on duty or at a prescribed place of work and any time that an employee is suffered or permitted to work. This would generally include work performed at home, travel time, waiting time, training, and probationary periods.

The district has established the following workweek for all non-exempt staff:

Saturday 12:00 am through Friday 11:59 p.m.

Specific FLSA guidelines include the following [excerpts from FLSA Fact Sheet #22 are denoted in italics]:

<u>Suffered or Permitted to Work</u>: Work not requested but suffered or permitted to be performed is work time that must be paid by the district. For example, an employee may voluntarily continue to work at the end of a shift to finish an assigned task or to correct errors. The reason is immaterial. The hours are work time and are compensable.

If the supervisor allows or permits the employee to perform the work, the hours are compensable. If the employee is not authorized to work but performs the work anyway, the employee shall be paid for compensable work hours but shall be subject to disciplinary action for failure to follow an administrative directive.

<u>Waiting Time</u>: Whether waiting time is hours worked under the Act depends upon the particular circumstances. The facts may show that the employee was engaged to wait (which is work time),

or the facts may show that the employee was waiting to be engaged (which is not work time).

If an employee is engaged to wait, such as a bus driver on a field trip, the waiting time shall be compensable. The District shall compensate the bus driver at his/her regular rate of pay for all driving and wait time hours.

<u>Emergency Work Time</u>: If an employee is requested and/or directed to report to his/her worksite for an emergency such as a plumbing leak, damage to a building, etc., he/she shall be compensated for all "actual" work minutes/hours in addition to two (2) "extra" hours for reporting to address the emergency. The extra work hours will not be subject to overtime as they do not represent work hours under the FLSA definition.

Rest and Meal Periods: Rest periods of short duration, usually 20 minutes or less, are common in the industry (and promote the employee's efficiency) and are customarily paid for as working time. These short periods must be counted as hours worked. Unauthorized extensions of authorized work breaks need not be counted as hours worked when the employer has expressly and unambiguously communicated to the employee that the authorized break may only last for a specific length of time, that any extension of the break is contrary to the employer's rules, and any extension of the break will be punished. Bona fide meal periods (typically 30 minutes or more) generally need not be compensated as work time. The employee must be completely relieved from duty for the purpose of eating regular meals. The employee is not relieved if he/she is required to perform any duties, whether active or inactive while eating.

If a non-exempt employee is not completely relieved from duty [during a non-paid lunch break], he/she shall be compensated for the meal period. It shall be the employee's responsibility to notify his/her immediate supervisor and complete the *Timekeeping Correction Form* in the event that a meal has been missed or they were not completely relieved of duty during a meal period. The compensable meal period shall be added to the employee's work hours in the timekeeping system.

<u>Sleeping Time</u>: An employee who is required to be on duty for less than 24 hours is working even though he/she is permitted to sleep or engage in other personal activities when not busy. An employee required to be on duty for 24 hours or more may agree with the employer to exclude from hours worked bona fide regularly scheduled sleeping periods of not more than 8 hours, provided adequate sleeping facilities are furnished by the employer, and the employee can usually enjoy an uninterrupted night's sleep. No reduction is permitted unless at least 5 hours of sleep is taken.

Although rare, in the event that a non-exempt employee is on duty for more than 24 hours, such as a bus driver on an overnight field trip, the employee shall be provided with sleep facilities and at least five (5) hours of uninterrupted sleep time. A total of eight (8) sleep hours shall be excluded from the employee's work hours unless the employee was granted less than eight (8) hours of actual sleep time. In that event, the actual number of sleep hours shall be excluded from the compensable hours.

<u>Travel time</u>: Attendance at lectures, meetings, training programs, and similar activities need not be

counted as working time only if four criteria are met, namely: it is outside normal hours, it is voluntary, not job-related, and no other work is concurrently performed.

- Home-to-work travel: An employee who travels from home before the regular workday and returns to his/her home at the end of the workday is engaged in ordinary home-to-work travel, which is not work time.
- Home to Work on a Special One-Day Assignment in Another City: An employee who regularly works at a fixed location in one city is given a special one-day assignment in another city and returns home the same day. The time spent traveling to and returning from the other city is work time, except that the employer may deduct/not count that time the employee would normally spend commuting to the regular work site.
- <u>Travel That is All in a Day's Work</u>: Time spent by an employee in travel as part of their principal
 activity, such as travel from job site to job site during the workday, is work time and must be
 counted as hours worked.
- Travel Away from Home Community: Travel that keeps an employee away from home overnight is travel away from home. Travel away from home is work time when it cuts across the employee's workday. The time is not only hours worked on regular working days during normal working hours but also during corresponding hours on non-working days. As an enforcement policy, the Division will not consider as work time that time spent in travel away from home outside of regular working hours as a passenger on an airplane, train, boat, bus, or automobile.

Generally, non-exempt employees shall be compensated for hours at training, workshops, etc., if the training is job-related. An exception shall be for training to maintain a license or certification required to maintain their position, such as bus driver certification.

Hours while traveling away from the home community for training shall be compensable during the employee's normal work schedule (Monday-Friday) and during the same work schedule on Saturday and Sunday, regardless of the mode of transportation. Other hours while traveling shall be compensable if the employee is driving as opposed to a passenger.

FLSA Fact Sheet #22 - Hours Worked

Overtime

Policies DEAB, DEC

Unless specifically exempted, employees covered by the Act must receive overtime pay for hours

worked in excess of 40 in a workweek at a rate not less than time and one-half their regular rates of pay. The regular rate of pay includes all remuneration for employment except certain payments excluded by the Act itself.

Non-exempt employees are paid on either an Annualized Salary Method or Direct Hourly Method. All non-exempt employees shall be paid based on the *actual number of hours* worked per workweek.

Non-exempt employees paid on an annualized salary method are generally paid for a 40-hour or less workweek and do not earn additional pay unless they work more than 40 hours. In the event that the non-exempt employee who is paid on an annualized basis exceeds his/her normal work hours, he/she shall be compensated for the additional hours in compensatory time (default) or paid time, as approved by the immediate supervisor and the superintendent.

Exceptions include the following:

Non-exempt staff performing a separate job will be paid for their work hours for the respective number of hours and rate of the separate job. Work hours in excess of 40 in the aggregate of all jobs, will be paid at the overtime rate of the weighted average of the earnings for the primary job and secondary job(s).

Paraprofessional staff (who are non-exempt) are paid on an Annualized Salary Method, this includes:

Aides

Clerical

Secretarial

Technical (Campus Tech, Network Tech I, Service Desk, Telecommunication Tech,

Cybersecurity Administrator non-degreed)

Non-exempt staff on the Transportation pay scale

Non-exempt employees paid on a Direct Hourly Method include:

Custodial

Maintenance

Food Service

Substitute auxiliary staff

Part-time, temporary, and seasonal staff

Non-Exempt employees paid on an Annualized Salary Method

The total hours worked per workweek will be reviewed to determine if the employee exceeded their normal, forty [40] hour workweek. Work time exceeding forty [40] hours shall be compensated as compensatory time or *paid time.

In the event that the employee did not work their normal, weekly work hours, he/she shall apply

comp time, if applicable, and/or paid leave hours or be docked their regular rate of pay for the missed hours.

*Unused compensatory time shall be paid out in August.

Employees paid on a Direct Hourly Method

The total hours worked per workweek will be extracted from the automated timekeeping system (KRONOS) and imported into the payroll system (MUNIS). The payroll department will verify that all hours worked are collected through the timekeeping system (KRONOS) and imported to (MUNIS). Actual work hours shall be paid in accordance with the district's pay date cutoff periods. Employees on a direct hourly method do not earn compensatory time, thus, may not use hours worked on a non-duty day to cover an absence. Employees are encouraged to track their work hours to verify the total hours paid on their paycheck match their actual hours worked.

Non-exempt employees paid on a direct hourly method may not receive a paycheck during months that they are not scheduled to work; therefore, the employee will be deducted additional premiums during the months scheduled to work, to cover the summer months.

The FLSA provides that where State or local government employees, solely at their option, work occasionally or sporadically on a part-time basis for the same public agency in a different capacity from their regular employment, the hours worked in the different jobs shall not be combined for the purpose of determining overtime liability under the Act. (CFR 553.30)

The district has *opted to* count all work hours in primary and/or secondary positions as hours worked for the purpose of overtime compensation. This choice by the district may be revoked at any time. Such overtime compensation shall be accrued as compensatory time or paid overtime, as approved.

The FLSA states that where an employee in a single workweek works at two or more different types of work for which different straight-time rates have been established, the regular rate for that week is the weighted average of such rates. That is, the earnings from all such rates are added together, and this total is then divided by the total number of hours worked at all jobs.

Overtime pay for multiple hourly rates shall be paid at 1 ½ times the **weighted average of the pay rates**. For example, if a paraprofessional employee works 40 hours at his/her regular hourly rate of \$12.00 and an additional 10 hours at an hourly rate of \$14.00, he/she would be paid at one-half the weighted average of the hourly rates (\$6.20). See the Illustration below:

Weighted Average Overtime Calculati	on Sample		
Position	# Hours	Hourly Rate	Total
Para	40	\$12.00	\$480.00
After School	10	\$14.00	\$140.00
Total Pay(Straight Time)	50		\$620.00
Overtime Hours	10		
Weighted Rate	\$620/50=\$12.40	\$12.40	
1/2 Time Weighted Rate		\$6.20	
OT Extra Pay(10 hours @ 1/2 weighted rate)	10*6.2		\$62.00
Total Gross Pay			\$682.00

Overtime pay for a single type of work [with a single hourly rate] shall be paid at 1 ½ times the regular hourly rate.

Example 1 - Overtime During Normal Week (Paraprofessional)

If an employee works 46 hours during the standard workweek, the employee is entitled to 9 hours (6 hours x 1.5 OT) of compensatory time:

· 40 hours @ regular pay + 9 hours comp time

Example 2 – Workweek That Includes Paid Holiday (261 workdays)

If Monday is a paid holiday, but the employee works 8 hours on Monday, then the employee will have physically worked 40 hours that week and will be paid for 8 hours of holiday pay. Paid holiday and floating holiday hours count toward the computation of overtime. Although the employee did not physically work more than 40 hours, he/she will be paid 1.5 OT for physically working on a holiday:

- · 40 hours (including paid holiday) @ \$10.00/hour = \$400 regular pay
- \cdot 8 hours physically worked on the holiday = \$120 overtime pay (\$10.00 x 1.5 = \$15 x 8 = \$120)

Example 3 – Workweek That Includes Paid Holiday (Paraprofessional)

If a non-exempt employee is sick one day during the week and uses 8 hours of sick leave, but then works an extra 10 hours outside of the normal schedule, there is overtime only for the hours worked over 40.40 hours - 8 sick + 10 hours = 42 hours worked that week:

- · 8 hours paid sick leave
- · 32 hours @ regular pay
- · 2 hours OT @ 1.5 = 3 hours comp time

FLSA Fact Sheet #23 - Overtime

Child Labor

The FLSA restricts the work hours and types of occupations for workers between the ages of 14 and 17. The most restrictive limitations are for workers between the ages of 14 and 15. The limitations include the following:

- outside school hours:
- no more than 3 hours on a school day, including Fridays;
- no more than 8 hours on a non-school day;
- no more than 18 hours during a week when school is in session;
- no more than 40 hours during a week when school is not in session;
- between 7 a.m. and 7 p.m.—except between June 1 and Labor day (extended to 9 p.m.).

The Human Resources Department shall record the age of all minor workers (defined as under 18 years of age) in the MUNIS HR/Payroll System. The Payroll Department shall monitor compliance with the FLSA regarding the type of occupation and work hour limitations. The immediate supervisor shall be provided information about the limitations of their respective minor worker(s). The district has set the minimum hiring age at 18 years of age.

Compensatory Time

Non-exempt employees may be compensated for overtime at the time-and-a-half rate with compensatory time off (comp time) or direct pay. The district has opted to compensate employees with compensatory time (default) unless otherwise approved by the appropriate administrator and the superintendent. The following applies to all non-exempt employees:

- Employees can accumulate up to 60 hours of comp time.
- Comp time must be used in the duty year that it is earned.

- Use of comp time may be at the employee's request with supervisor approval, as workload permits, or at the supervisor's direction.
- An employee shall be required to use comp time before using available paid leave (e.g., sick, personal, vacation).
- Comp time not used in the duty year will be paid off on the August paycheck.

Recordkeeping (Timekeeping System)

Every covered employer must keep certain records for each non-exempt worker. The Act requires no particular form for the records but does require that the records include certain identifying information about the employee and data about the hours worked and the wages earned. The law requires this information to be accurate.

The district has implemented the KRONOS Timekeeping System to collect *all* work hours for non-exempt employees. **All work hours for the regular job, extra-duty assignments, training, missed lunches, waiting time, etc., must be entered in the KRONOS timekeeping system by the employee and verified by the employer.**

Timekeeping methods shall include barcoded ID badges, time clocks, and laptops.

The Payroll Department shall extract all work hours from the timekeeping system and import into the MUNIS payroll system. The overtime option is turned off for the non-exempt employees paid on an annualized salary method since the district has opted to compensate these non-exempt employees for extra work hours with compensatory time. Exceptions to the default option of compensatory time, such as overtime pay, will be adjusted in the KRONOS timekeeping system by the Payroll Department. Overtime hours for all other non-exempt employees paid on the direct-hours method shall be imported from the timekeeping system to the MUNIS payroll system.

It shall be an employee's responsibility to ensure that all work hours are submitted in accordance with district pay cycles through the timekeeping system. Federal and state laws require IISD to keep an accurate record of time worked in order to calculate employee pay and benefits. At the present time, KRONOS is the official timekeeping software used to track and document work time. Time worked is time "actually spent" on the job performing assigned duties or responsibilities.

The appropriate immediate supervisor or designated reviewer shall verify and submit all timecards for non-exempt staff assigned to their campus or department according to the established payroll pay periods and deadlines. Refer to Pay Date Schedules and Payroll Deadlines. Payroll Calendars

Automated Timekeeping System

The timekeeping system allows an employee to clock in and out with the use of barcoded ID badges, time clocks, and laptops that are connected through the district's Wi-Fi network.

The timekeeping data can be edited or corrected by an authorized reviewer and/or supervisor. Supervisors shall review and approve timekeeping records on a weekly basis.

Hierarchy of Approvals - Approval Path

An approval path shall be established for every campus and department. The approval path at the campuses shall include:

- Employee reviews and approves his/her own timekeeping data, including any extra duty
- Secretary reviews and approves the timekeeping data edits as necessary to make corrections in consultation with the employee and supervisor
- Campus principal or supervisor reviews and approves the timekeeping data

The approval path for departments shall include the employee and their immediate supervisor before payroll processing. Both the employee and their immediate supervisor are responsible for the submission of accurate timekeeping data to payroll.

Time Clock Procedures:

All time clock corrections shall be submitted by the non-exempt employee on the appropriate form and submitted to their immediate supervisor for approval and entry in the timekeeping system. The *Timekeeping Correction Form*, issued by the supervisor, must be used to report all timeclock corrections such as missed punches, lost, or misplaced time clock ID card (badge), etc.

An employee must clock out when leaving their campus or work assignment for reasons unrelated to assigned tasks (including lunch and personal reasons).

The FLSA (Fair Labor Standards Act) requires all non-exempt employees to submit an accurate recording of their time worked each work week. All non-exempt employees must clock in and out for lunch daily.

In addition, all leave and absences for non-exempt staff shall be submitted through a Leave of Absence Request Form by the employee and verified/approved by the supervisor. An employee's failure to submit a leave request form will negatively impact their payroll disbursement. All absences for non-exempt employees are extracted from the KRONOS timekeeping system and imported to the MUNIS payroll system by the Payroll Department. Corrections and/or adjustments shall be posted directly in the MUNIS system by the Payroll Department.

The Payroll Department shall aggregate all work and leave hours to ensure payroll disbursements are accurate and in compliance with the FLSA.

Sample Timesheet

Every non-exempt employee should become familiar with how to read their timesheet. A Time Detail Report reflects the following information:

- Employee name
- Time period workweek

- Date
- Time in actual time
- Time out actual time
- Job Code
- Transfer Code extra duty not related to regular job
- Total hours per day
- Lunch break deducted (employee must complete a Timekeeping Correction Form when canceling lunch break)
- Total hours during the workweek

A sample of a Time Detail Report is illustrated below. The sample includes all work hours from Monday through Friday, including an absence. The time sheet will reflect the total number of hours worked for the workweek or time period selection.

An employee is responsible for always maintaining possession of his/her ID badge for the purpose of clocking in/out. Employees must report lost badges or temporary misplacement of badges to their immediate supervisor. Failure or non-compliance with the district's timekeeping procedures shall be subject to appropriate disciplinary action.

An employee's due process for violation of the district's timekeeping procedures shall be as follows:

- 1. Oral warning/discussion
- 2. Written counseling document
- 3. Recommendation for suspension
- 4. Recommendation for termination

Falsifying timekeeping records or directing or coercing others to do is a violation of the *Educator Code of Ethics*. [Refer to Board Policy DH Legal, Local and Exhibit]

An employee that falsifies their timekeeping record or the timekeeping record of another employee shall be subject to immediate termination. Falsifying of timecards may include, but is not limited to: Punching in or out for another employee or having another employee punch in or out for them; fraudulent time entry, photocopying of one's own or someone else's badge.

Travel Expense Reimbursement

Policy DEE

Before any travel expenses are incurred by an employee, the employee's supervisor must give approval in writing. For pre-approved travel and expenses, employees will be reimbursed for mileage and other travel expenditures according to the current rate schedule established by the district. After returning from pre-approved travel, employees must submit receipts, to the extent possible, to reconcile actual expenses with those expenses that were pre-approved to be reimbursed for allowable expenses other than mileage. Approval of leave for "School Business" does not equate to approval for coverage or reimbursement of travel costs and expenses. Travel costs and reimbursement must be pre-approved in writing by the employee's supervisor utilizing the forms and procedures established by the district.

Benefits Laws

Breaks for Expression of Breast Milk

Policies DEAB, DG

The District supports the practice of expressing breast milk and makes reasonable accommodations for the needs of employees who express breast milk (Nursing Mother). A place, other than a multiple-user bathroom, that is shielded from view and free from intrusion from other employees and the public where the employee can express breast milk will be provided.

A reasonable amount of break time will be provided when the employee has a need to express milk. Breaks of about 15 minutes every 3 hours may be necessary early on, but need will diminish as the child begins eating solid food. Nursing Mother/Employee must work with their supervisor to establish a reasonable break schedule for this purpose that should, whenever possible, run concurrently with any break and/or meal periods already designated for the Nursing Mother and/or worksite. For non-exempt employees, breaks longer than 15-20 minutes are unpaid, and therefore the employee must clock out. Prior to the need to express milk, the employee is to contact the Benefits Office to complete the Express Milk Schedule Request Form. The right to these breaks ends one year after the child's birth or when the employee has no need to express breast milk for the child, whichever occurs first.

The Providing Urgent Maternal Protections of Nursing Mothers Act (PUMP Act) requires an employee to notify the district if they believe the district is out of compliance in providing breaks for a nursing mother. The employee must give the district 10 days to come into compliance before making any claim of liability against the district. An employee with concerns of non-compliance should contact the Benefits Office at (972) 600 - 5211.

Pregnant Workers Fairness Act (PWFA)

The Pregnant Workers Fairness Act (PWFA) provides consideration of accommodations to employees who have known limitations related to pregnancy, childbirth, or related medical conditions. An employee seeking a PWFA accommodation should contact the Benefits Office at (972) 600 - 5211 to begin the interactive process.

Compensation and Benefits Policies

Salaries, Wages, and Stipends

Policies DEA, DEAA, DEAB

Employees are paid in accordance with administrative guidelines and an established pay structure. The district's pay plans are reviewed by the administration each year and adjusted as needed. All district positions are classified as exempt or non-exempt according to federal law. Professional employees and academic administrators are generally classified as exempt and are paid monthly salaries. Exempt employees are not entitled to overtime compensation and may be required to work over 40 hours per workweek, as required to complete the responsibilities and duties of their position. Other employees are generally classified as non-exempt and are paid an hourly wage or salary and receive compensatory time or overtime pay for each hour worked beyond 40 in a workweek. (See Overtime Compensation, page 7.)

Classroom teachers, full-time librarians, full-time nurses, and full-time counselors will be paid no less than the minimum state salary schedule. Contract employees who perform extracurricular or supplemental duties may be paid a stipend in addition to their salary according to the district's extra-duty pay schedule. Supplemental duty assignments paid via stipend may be ended at any time and employees do not have a property or contract right to such supplemental duty assignments or the associated stipend pay.

Employees should contact the Office of Human Resources for more information about the district's pay schedules or their own pay.

Annualized Compensation

Policy DEA

The district shall pay all exempt and non-exempt paraprofessional employees using an Annualized Salary Method over 12 months. Note: The annualized salary for a late hire shall be adjusted based on the remaining pay dates in the school year. An annualized salary is the estimated salary for a

school year based on a daily rate of pay; and the estimated number of days the employee is scheduled to work in a school year.

These employees shall be paid in equal monthly payments beginning with the first pay period of the school year. Employees generally receive their first paycheck as noted below, although there may be some exceptions:

```
10-month employee – First paycheck in September
11-month employee – First paycheck in August
12-month employee – First paycheck in July
```

If an employee paid on an Annualized Salary Method separates from service before their last working day of the school year, the employee shall receive in his or her final paycheck the unpaid amount the employee has earned from the beginning of the 12-month pay period until the date of separation.

Non-exempt employees are paid on either an Annualized Salary Method or Direct Hourly Method. All non-exempt employees shall be paid based on the *actual number of hours* worked per workweek. Most employees paid on an Annualized Salary Method are generally paid for a 40-hour workweek and do not earn additional pay unless they work more than 40 hours.

Employees paid on an Annualized Salary Method include:

Aides
Clerical
Secretarial
Technical (Campus Tech, Network Tech I, Service Desk, Telecommunication Tech,
Cybersecurity Administrator non-degreed)

Employees paid on a Direct Hourly Method include:

Custodial
Maintenance
Food Service
Substitute auxiliary staff
Part-time, temporary, and seasonal staff
Transportation

The Annualized Salary Method is described and illustrated in a document titled, *Everything You Need to Know About Your Annualized Salary*. The document is available on the Compensation and Benefits web page under <u>Salary Schedules</u> (https://www.irvingisd.net/Page/605).

Bad Weather & Disaster - Pay and Attendance

The District is mandated by the Fair Labor Standards Act (FLSA) to pay exempt employees who work any part of a workweek their full salary for that entire workweek. If the district is closed for the whole workweek and the employee performs no work, the FLSA does not require that the exempt employee be paid.

The Fair Labor Standards Act (FLSA) requires the District to compensate all non-exempt employees for every hour worked in any capacity for the district. What it does <u>not</u> require is that a non-exempt employee be paid for hours not worked due to the unavailability of work. Whether the district is closed for part of a day, part of a week, or a full week or more, the law does not require the district to pay non-exempt employees for time they did not work. In fact, if the district does pay a non-exempt employee for time not worked, the district may be challenged under the "gift of public funds" section of the Texas Constitution.

To mitigate violations of the Texas Constitution, the District shall not make non-FLSA required payments to exempt or non-exempt employees in the absence of a Board policy or resolution authorizing the expenditure of public funds for such purpose.

Pay During Closings - Days not scheduled to be made up

The Superintendent at times may elect to close school for a day(s) due to severe weather or other safety concerns, with the approval of the Board. Board Policy DEA Local states that:

If the Board chooses to pay employees during an emergency closure for which the workdays are not scheduled to be made up at a later date, then that authorization shall be by resolution or other Board action and shall reflect the purpose served by the expenditure. [See EB for the authority to close schools].

Pay During Declared Disasters

After authorization by resolution or other Board action and in accordance with such authorization, non-exempt employees who are required to work during an emergency closing for a disaster, as declared by a federal, state, or local official or the Board, shall be paid at the rate of one and one-half times their regular rate of pay for all hours worked up to 40 hours per week. Overtime for time worked over 40 hours in a week shall be calculated and paid according to law.

Employment After Retirement

Individuals receiving retirement benefits from the Teacher Retirement System (TRS) may be employed in limited circumstances on a part-time, or less than half-time, basis without affecting their benefits according to TRS rules and state law. Senate Bill 202 (effective 2021-2022 school year) prohibits school districts from reducing the salary of a rehired TRS retiree who is subject to

the TRS surcharges. Detailed information about employment after retirement is available in the TRS publication Employment After Retirement. Employees can contact TRS for additional information by calling 800-223-8778 or 512-542-6400. Information is also available on the TRS website (www.trs.state.tx.us). It shall be an employee's responsibility to verify the impact of work after retirement on their retirement annuity, if any.

Fraud and Falsification of Records

All employees should act with integrity and diligence in duties involving the district's financial resources. The district prohibits fraud and financial impropriety.

Falsification of payroll records is considered fraud and will not be tolerated. Employees who falsify payroll records shall be subject to disciplinary action, up to and including termination of employment.

Job Classification

The Superintendent or designee shall classify each job title within the compensation plans based on the qualifications and duties of the position. Within these classifications, the Superintendent or designee shall determine appropriate pay for new employees and employees reassigned to different positions.

The Superintendent or designee shall determine the classification of positions or employees as "exempt" or "non-exempt" for purposes of compliance with the Fair Labor Standards Act (FLSA). The FLSA classification of each position shall be recorded on the job description for the position.

Professional employees and academic administrators are generally classified as exempt and are paid monthly salaries. They are not entitled to overtime compensation and may be required to work over 40 hours per workweek, as required to complete the responsibilities and duties of their position. Professional employees may be eligible for extra duty pay or stipends for additional assignments.

Non-exempt employees shall be compensated on an hourly basis and shall be compensated for all hours worked. They shall receive compensatory time or paid time for each hour worked beyond their normal work schedule.

FLSA Fact Sheet #7 FLSA for Local Governments

Pay Raises & Adjustments in Salary

The Superintendent shall recommend to the Board an amount for employee pay increases as part of the annual budget adoption process.

The midpoint of each pay grade shall serve as the base for calculating annual increases. Using this base will enable all employees on the same pay grade to receive the same monthly and/or hourly pay increase.

For example, a three percent (3%) increase for employees assigned to the PG 030 pay scale, would be calculated based on 3% of the midpoint hourly rate (\$15.91), for an hourly increase of .48 cents. The hourly increase, multiplied by the workday and the number of days per year, will result in the estimated annual increase of \$718.08 for a paraprofessional with an 8-hour workday scheduled to work 187 days per school year.

Example: \$15.91 per hour [midpoint of PG 030] * .03 = \$.48 per hour increase, \$.47 per hour increase * 8 hrs/day * 187 days/year = \$718.08 annual pay increase.

A contract employee's pay shall not be increased after the performance on the contract has begun unless there is a change in the employee's job assignment or duties that warrants additional compensation. Any such changes in pay during the term of the contract shall require Superintendent approval.

The Superintendent may grant a pay increase to a non-contract employee after duties have begun only when there is a change in the employee's job assignment or duties, or when an adjustment in the market value of the job warrants additional compensation. The Superintendent shall report any such pay increases to the Board at the next regular meeting.

Adjustment in Pay - Promotion

A promotion occurs when an employee is placed on a *higher* pay grade, except for general structure changes or position reclassification. The new salary rate shall be equal to or greater than the minimum rate for the new range, but in no case shall it exceed the maximum rate for the new range. The employee's years of job-related experience, experience with the district, and the salary level of similar employees shall be considered in determining the new pay rate.

Adjustment in Pay - Reclassification

A position may be reclassified into a different pay grade to maintain external/internal equity with similar positions. Reclassification is not a promotion or demotion of the employee. Position reclassifications may or may not result in an adjustment of pay. An increase may be necessary if the employee is below the minimum of the new pay grade or the current incumbent's pay rate is not comparable to employees in a similar position.

Adjustment in Pay - Demotion

A demotion occurs when an employee is placed on a *lower* pay grade, except for general structure changes or position reclassification. The new salary rate shall be equal to or greater than the minimum rate for the new range, but in no case shall it exceed the maximum rate for the new range. The employee's years of job-related experience, experience with the district, and the salary level of similar employees shall be considered in determining the new pay rate.

Paychecks & Pay Dates

Irving ISD is a paperless district and requires employees to choose direct deposit or pay cards. Employees will have their paychecks electronically deposited into a designated account unless specific circumstances or law require otherwise.

It is an employee's responsibility to ensure that the Payroll Department has the employee's account banking information (bank routing number and account number) on file prior to the scheduled pay dates.

An employee's payroll statement contains detailed information, including deductions, withholding information, and the amount of leave accumulated. Employees should contact the Payroll Office for more information.

All professional and paraprofessional staff are paid on a 12-payment plan (Annualized Salary Method) and are paid on a **monthly basis**, generally around the 27th of the month. Non-exempt maintenance, custodial, and food service employees, as well as Guest Educators (substitutes), are paid on a **bi-weekly basis**. Pay date schedules are included in this Compensation Handbook and are posted on the district's website at the beginning of each school year.

Note: The district has implemented an exception to the 12-payment plan for new employees to the district hired on a 10-month calendar (this does not include bi-weekly employees). New hires that meet these requirements shall be provided an option to be paid an August check equal to \$1,800.00 for professionals and \$900.00 for paraprofessionals. Employees who elect this option shall authorize a deduction to their salary starting in September through August in the monthly amount \$150.00 for professional employees and \$75.00 for paraprofessional employees. In the event the employee leaves the district prior to paying back the full amount, their final payout check will be deducted for the remaining balance due.

If an employee separates from the district before completing their full work schedule, either due to resignation, retirement or termination, the employee will not receive all of the scheduled 12 paychecks. He/she will receive a "pay-off" based on the actual number of days that the employee worked during the school year. The following sections describe the payoff, or final paycheck, issuance for employees who separate due to resignation or termination.

Final Paycheck at Separation Before Completing Work Schedule

The final check for all employees will typically be in the month following the separation date.

Final Paycheck at End of School Year Separation

10-month employees: Last paycheck and benefits end in August

11-month employees: Last paycheck and benefits end in July

12-month employees: Last paycheck and benefits end in June

The final paychecks for retirements at any time other than the end of the school year will be in the month following the separation date.

All employees who plan to separate from the district shall complete an Exit Form with the Human Resources Department.

In addition, if an employee is retiring through the Teacher Retirement System, the Payroll Department must ensure that the appropriate TRS form(s) are submitted by the retiree and completed and submitted on behalf of the employee to TRS.

NOTE: Always keep the payroll department informed of your current mailing address!

Payroll Direct Deposit

The district requires automatic payroll deposit to a savings or checking account. Employees will have their paychecks electronically deposited into an account at a financial institution as designated by each employee. Contact the Payroll Department regarding the automatic payroll deposit service.

Payroll Deductions

Policy CFEA

The district is required to make the following automatic payroll deductions:

- Teacher Retirement System of Texas (TRS)* or FICA Alternative 457b
- Medicare, and
- Federal income tax
- Child support and spousal maintenance, if applicable
- Delinquent federal education loan payments, if applicable

*Exception – Non-TRS eligible employees, such as substitute, part-time, temporary employees, and TRS retirees.

Employees may elect to include deductions for the employee's share of premiums, for health, dental, life, and vision insurance and annuities. Employees may also request payroll deductions to pay membership dues to some professional organizations. Deductions will be taken from the employee's paycheck provided that the paycheck covers all deductions. In the event that the paycheck does not cover all deductions, the employee shall be responsible for bringing their share of premiums to the Benefits Department on or before the end of the month.

An employee's pay will be reduced in daily or hourly increments for absences that occur on a scheduled workday after all paid leave benefits have been depleted. Salary deductions are automatically made for unauthorized or unpaid leave.

Overpayments

Employees are not entitled to any funds the district overpays. An overpayment occurs if an employee is paid more than the amount the employee should have been paid under the assigned pay grade and applicable supplemental pay. If an overpayment is reported in the current fiscal year, a payment plan will be developed to recoup the payment. Generally, an overpayment will be paid in one pay cycle. However, if this creates an undue hardship for the employee, the district has the discretion to develop a plan for regular payroll deductions in the same fiscal year. An agreement between an employee and the district must be in place in order to deduct any overpayment.

Verification of Pay

The Payroll Department makes every effort to ensure that an employee's pay, leave, and other information are correct. Unfortunately, mistakes can occur. It is the employee's responsibility to

Compensation, Benefits, and Leaves Handbook - revised July 2024

review the payroll information on their pay stub each pay date for accuracy, including but not limited to compensation, leave, federal withholding status, and deductions.							

Workweek for Overtime Purposes

For purposes of FLSA compliance, the workweek for District employees shall be 12:00 a.m. Saturday and ends 11:59 p.m. Friday.

Workload and Work Schedules

<u>Professional Employees</u>. Professional employees and academic administrators are exempt from overtime pay and are employed on a 10-, 11-, or 12-month basis, according to the work schedules set by the district. A school calendar is adopted each year, designating the work schedule for teachers as well as all school holidays. Notice of work schedules, including start and end dates and scheduled holidays, will be distributed each school year.

Classroom teachers will have planning periods for instructional preparation, including conferences. The schedule of planning periods is set at the campus level but must provide at least 450 minutes within each two-week period in blocks of not less than 45 minutes within the instructional day. Teachers and librarians are entitled to a duty-free lunch period of at least 30 minutes. The district may require teachers to supervise students during lunch one day a week when no other personnel is available. As exempt employees, teachers may be required to work more than 40 hours per week to, among other things, complete their professional responsibilities, attend training and/or meetings, and perform the duties of their position.

<u>Paraprofessional and Auxiliary Employees</u>. Support employees are employed at will and receive notification of the required duty days, holidays, and hours of work for their position on an annual basis. Paraprofessional and auxiliary employees are not exempt from overtime and are not authorized to work in excess of their assigned schedule without prior approval from their supervisor.

Work Schedules 2024-2025 (https://www.irvingisd.net/Page/3227)

Salary Schedules

The district has adopted a midpoint salary schedule system. The salary schedule comprises six (6) job classifications: Administrative/Professional, Paraprofessionals, Technical, Facilities, Food/Nutrition Services, and Transportation.

Each job classification has three (3) pay levels: Minimum, Midpoint, and Maximum. Generally, the Minimum salary is the lowest pay for a position, the Midpoint is the average market value, and the Maximum is the highest pay for a position. Pay placement above the midpoint requires Superintendent or designee approval.

In addition, each job classification contains up to twelve (12) pay grades. The pay grades represent the opportunity for employee advancement within the job classification. For example, in the Food and Nutrition Services Department, there are four (4) opportunities for advancement within the job classification: Food Service Worker, Food Service Manager Trainee, Food Service Manager, and Food Service Supervisor.

All positions shall be assigned a pay grade on the district's Salary Schedule. All exempt positions shall be assigned to the AP – Administrative/Professional Job Classification. Non-exempt positions shall be assigned to the Paraprofessional, Facilities, and Food and Nutrition Services Job Classification. The Technical Salary Schedule includes exempt and non-exempt positions. Pay ranges on the Salary Schedule allow for initial placement on the scale between the minimum and midpoint salary. The initial placement shall be based on the employee's job-related work experience, local experience with the district, and the placement of employees in similar positions and shall occur at the time of the employee's hire. For purposes of initial placement on the salary schedule, the term "hire," shall include not only the hiring of a new employee into a position but also the promotion, demotion, or reclassification of an existing employee into a new position.

Newly established jobs should be analyzed, and range assignments determined prior to hiring personnel for the position. This procedure accomplishes two objectives. First, the appropriate pay range becomes part of the recruitment and hiring strategy for the district. Second, a consistent practice of salary administration is established at the initiation of each new job.

The Salary Schedule is reviewed annually and adjusted according to the budgeted amounts approved by the board. This annual review process does not impact an individual employee's placement on the salary schedule but may impact the salary amounts associated with a given position. Classroom teachers, full-time librarians, full-time nurses, and full-time counselors shall be paid no less than the minimum state salary schedule. Contract employees who perform extracurricular or supplemental duties may be paid a stipend in addition to their salary according to the district's extra-duty pay schedule.

Classification/Differential Pay for Guest Educators (Substitutes)

A substitute is defined by the Teacher Retirement System for membership eligibility purposes as a worker that is assigned to fill in for an employee whether the employee is absent for a single absence or a long-term absence. A worker that is assigned to work as the "teacher of record" in a position that is vacant or newly created is not classified as a substitute but instead classified as a temporary employee.

All substitutes for support personnel shall be paid at least the Federal minimum wage hourly rate. The rate shall be established and posted on the district's salary schedule. A list of approved substitutes shall be maintained by an HR Administrator and distributed to each operational area supervisor or director.

For information about incentives and differential pay for Substitutes (Guest Educators), please refer to the Board-approved salary schedule.

Initial Placement on Salary Schedule

Initial placement on the salary schedule shall be based on the guidelines below and shall be based on the prior employment information reported by the employee on the job application prior to hire. Acceptable documentation shall include:

- Teacher Service Record (FIN-115 or similar form)
- Other acceptable documentation from the prior employer

It is the responsibility of the employee to submit original service records to Irving ISD. Also, it is the responsibility of the issuing school district and the employee to ensure that service records are true and correct and that all service recorded on the service record is accurate. Copies will not be accepted.

- The service records can also be electronically sent directly from the previous district or educational institution to the Human Resources/Employee Services Department at <u>servicerecords@irvingisd.net</u>. Employee service records must be notarized if they are not received directly from the previous district or educational institution as the official document of record.
- Employees who provide service records with verifiable, creditable experience may receive additional salary if service records are submitted via servicerecords@irvingisd.net no later than 5:00 pm by the last day of their assigned work calendar, following the hire date of the current school year. Service records received after the last day of the assigned work calendar of the current school year hired will not qualify for/or receive retroactive payment. Service records received after this date that qualify for a salary adjustment will be processed at the beginning of the new [next] school year.

Only experience earned in a Texas public school district will be used to place the employee on the salary schedule. Other experiences, such as private school, out-of-state/county, and private sector experience, will be used to place the employee on the salary schedule only after receipt of acceptable, verifiable prior employment documentation.

A year of creditable experience in a Texas school district shall be based on the state regulations (TAC 153.1021(f)) as noted below:

Year Service Rendered	Minimum Days at 100% of the Day	Minimum Days at 50%-99% of the Day	Minimum Full-time Equivalent Days
Beginning 1998-1999	90	180	90
Beginning 1988-1989			85
1987-1988 to 1978-1979	85	170	85
1977-1978	85	175	
1976-1977 to 1972-1973	90	180	
Prior to 1972-1973	90	180	

This table will be used to evaluate creditable years of experience from other sources such as private school, out-of-state, out-of-country and private sector.

Teachers, Nurses, Librarians, and Counselors

Hiring rates for classroom teachers, nurses, librarians, and counselors shall be based on creditable years of experience according to state regulations (<u>TAC 153.1021 Recognition of Creditable Years of Service</u>) and the district's teacher and counselor hiring salary schedule. Additional information regarding the calculation of creditable years of service for certified CTE teachers is included below.

At the time of hire, the salary placement will be based on reported Texas public school district experience. Additional years of experience may be granted after receipt and approval of creditable experience at a private or out-of-state school.

Other creditable years of experience may be available for the following types of work experience in accordance with state regulations:

- Substitute teachers Beginning with the 1998-1999 school year, a certified substitute teacher, as defined in subsection (a) of the TAC, employed in an entity recognized for years of service as prescribed by subsection (g) of this section is eligible for creditable service, provided that the educator held a valid Texas teaching certificate or a valid teaching certificate from the state where the school is located at the time the service was earned. All eligible prior-year service in this area can be claimed for placement on the 1998-1999 minimum salary schedule. This also applies to out-of-state substitute teaching experience. It does not apply to out-of-country substitute experience.
- Teacher aides Beginning with the 2004-2005 contractual year, a teacher aide who subsequently attains certification may count up to two years of full-time equivalency of direct student instruction for salary increment purposes. Such experience must be verified on the teacher service record form (FIN-115) or a similar form containing the same information.

Adult basic education program credit - A person teaching adult basic education is eligible
for creditable service if the program was operated by a public school and the person held a
valid teaching certificate.

Career and Technical Education Teachers

Effective since the 2022-2023 school year, certified Career and Technology Education (CTE) teachers (including ROTC) employed for at least 50% of the time in an approved career and technology position may be granted credit for work experience that is directly related to the career and technical field in which they are currently teaching.

- 1 year of placement credit on the teacher scale for every 1 full year of related experience up to 10 years (1:1 credit); and
- 1 year of placement credit on the teacher scale for every 2 full years of related experience for more than 10 years (1:2 credit) up to 20 years.

Example: Salary placement for a health sciences teacher with 12 full years of previous nursing experience:

```
1:1 credit up to 10 years = 10 years

1:2 credit for years 11 and 12 = 1 year

= 11 years of credit
```

Certified CTE teachers (including ROTC), hired prior to the 2022-2023 school year employed for at least 50% of the time in Marketing, Health Science, or Trade and Industrial Education in an approved CTE position may be granted credit for two years of full-time wage-earning experience in their occupational field. Experience must be verified through a Statement of Qualifications completed by the educator preparation program. As with all other district positions, the calculation of creditable years of service for placement of employees on the salary schedule occurs at the time of hire.

Other Personnel

Hiring rates for all other employees will be determined on an individual basis based on job-related qualifications, salary history, and salaries of other employees in the position. Job postings may advertise a starting salary range up to the midpoint of the pay range.

Hiring rates for persons other than teachers, nurses, librarians, and counselors will be set in accordance with these guidelines:

- 1. New hires in positions that require little or no previous job experience will be placed at the minimum of the pay range whenever possible.
- 2. New hires with Texas school district job-specific experience or special skills may be hired at a rate appropriate for the credited years of experience noted below:
 - a. Job-specific experience shall be on a year-for-year (1:1) ratio. Credit may be given for similar job experience at a one-year for every two years (1:2) ratio.
 - b. Teachers promoted to a campus or central administrator shall be given credit on a one-year for every two years (1:2) ratio, when possible.
 - c. School Substitute experience shall be on a year-for-year (1:1) ratio with proof of working at least 90 full days in a school year. Such experience must be verified on a service record or district letterhead (Public, Private, Charter).
- 3. New hires with a non-Texas school district, private sector job-specific experience, or special skills may be hired at a rate that is appropriate for the credited years of experience and shall be determined on an individual basis. The starting pay may also be determined with consideration given to each new employee's qualifications for the job and previous salary history.
- 4. Whenever possible, new employees will not start at pay rates above other district employees with comparable experience in the same position.
- 5. Salary credit for work experience that is <u>directly job-related</u> will generally be given in accordance with the district's compensation plan.
- 6. All starting salaries above the midpoint of a pay range must be approved by the Superintendent or designee.

Teachers who have earned a master's degree, as evidenced by an official transcript, shall be placed on the Teacher Master's Salary Schedule. The date Human Resources received the conferred degree shall be used to prorate the salary differential for teachers who acquire an additional degree during the school year. New teacher hires shall present their official transcript showing their master's or doctorate degree within 30 days of hire to receive the additional salary. Teachers who receive an advanced degree mid-year shall present their official transcript within 30 days of the degree being conferred to receive the additional salary. The salary adjustment will be processed at the beginning of the new [next] school year.

All supplemental pay shall be paid through the normal payroll process subject to the established pay dates and payroll deadlines on the employee's regular paycheck.

Stipends shall be paid either after the activity is complete, throughout the school year on a prorated basis, or at the end of the school year based on the process noted below.

The Campus Principal or appropriate administrator shall comply with the following guidelines:

If an employee attends professional development <u>after</u> their resignation, they shall be responsible for repayment to the district of all registration and travel expenses, or they shall have the funds deducted from their final paycheck.

- 4. Extra duty pay for curriculum writing shall be pre-approved by the respective campus or central administrative supervisor and the Human Resources Department. Professional employees shall be notified, in writing, that if they elect to voluntarily resign after completing the curriculum writing project(s), they will not be paid unless they submit the completed curriculum in a digital format to their administrative supervisor. Note: Non-exempt staff shall not be assigned to write curriculum.
 - a. No district employee shall perform any curriculum writing projects <u>after</u> they have submitted their letter of resignation. Note: There shall be <u>no</u> extra duty pay for either professional or non-exempt employees after they have ceased to be employees of the district.

Stipend Pay

- 1. For pre-approved annual stipends, such as athletic coaches, club sponsors, department heads, grade level heads, etc., the campus principal (or administrator) shall identify each individual who is to receive a stipend by submitting a list of stipends and the recommended individual to the Human Resources office. - 2. The Campus Principal shall submit changes to stipend assignments using the online Personnel Action Form (PAF) to Human Resources as they occur.
- 3. The Campus Principal (or administrator) shall monitor the performance of the assignments. Assignment expectations, such as conducting club meetings once a week, or once a month, shall be communicated to each individual assigned a stipend activity. If an employee fails to perform the assigned duty satisfactorily or the needs of the campus change, the campus principal may recommend to Human Resources to terminate the stipend duty, pay a prorated amount for the time lapsed, and reassign the duty to another staff member. The new staff member approved to take the re-assigned duty would only receive the balance of the annual stipend amount.
- 4. Stipends and extra duty pay paid with federal funds shall be subject to approval from the Grants Administrator, as appropriate.
- 5. All stipends and extra duty pay rates shall be approved by the School Board on the **Employee Salary Schedule**.
- 6. No extra duty assignment shall be assigned to a staff member without the approval of the Superintendent or designee. Retroactive payments will not be made for work performed prior to the approval of the extra duty pay assignment [except as provided in item 1 above for pre-approved annual stipends].

- 7. Additional contract days, at an employee's full rate of pay, are not defined as extra duty pay. Additional contract days shall be pre-approved by the Superintendent or designee. The additional salary expense must be included in the appropriate salary budget code(s).
- 8. Changes to stipend assignments, if any, during the school year, shall be promptly submitted by the campus principal or administrator, as appropriate, to Human Resources via electronic Personnel Action Form (PAF). The campus principal or administrator is responsible for communicating stipend assignment changes to impacted employees.

Supplemental Pay/Stipends - Non-Exempt Staff

Food Service employees attending annual training in the areas of sanitation, food safety or other job-related training shall be paid their normal rate of pay.

As a general rule, non-exempt staff shall not be scheduled to receive an annual stipend for co-curricular or extracurricular duties.

The assignment of supplemental duties shall not create any expectation of continued assignment to that same duty or any other duty.

Performance Pay - Teacher Incentive Allotment

For any funds received by Irving ISD for a designated teacher under the Teacher Incentive Allotment (TIA), ninety (90) percent will be paid to the designated teacher. The remaining ten (10) percent will be used for administrative expenses and professional development. Should the district receive funding for a designated teacher who has resigned or retired, the district will forward payment to the resigned or retired teacher as soon as practicable. TIA payments will be made by August 31st.

Employee Benefits

All eligible employees shall receive benefits in accordance with the Summary of Employee Benefits. The plan year for all benefits shall be September 1 through August 31.

If any questions arise regarding Benefits, please contact the Benefits Assistant at 972-600-5241 or via email at: HR-CompAndBenefits@irvingisd.net.

Group Health and Life Insurance

Basic life insurance coverage for eligible employees is also provided at district cost for the employee only. Additional coverage for dependents, at employee cost, is optional.

Employer-provided group health, telehealth, and life insurance coverage and benefits will terminate at the end of the month of separation.

Separation at the end of the school year will extend insurance coverage to August 31 if the employee has completed their entire work schedule for that school year. 11-month and 12-month employees who wish to extend their health and supplemental benefits through August 31 will need to submit a request in writing to the Benefits Office. Otherwise, benefits will end in the month in which the final paycheck is received.

Supplemental Insurance

Policy CRD

Cafeteria Plan Benefits (Section 125)

Employees may be eligible to participate in the Cafeteria Plan (Section 125) and, under IRS regulations, must either accept or reject this benefit. This plan enables eligible employees to pay certain insurance premiums on a pretax basis (i.e., medical, vision, cancer and dread disease, and dental). A third-party administrator handles employee claims made on these accounts.

New employees must accept or reject this benefit during their first month of employment. All employees must accept or reject this benefit on an annual basis and during the specified time period.

Workers' Compensation Insurance

Policy CRE

The district, in accordance with state law, provides workers' compensation benefits to employees who suffer a work-related illness or are injured on the job. The district is officially recognized by the State of Texas as providing coverage under a self-insurance program for workers' compensation coverage, effective September 1, 1992, and the program is administered by an independent third-party administrator.

Benefits help pay for medical treatment and make up for part of the income lost while recovering. Specific benefits are prescribed by law depending on the circumstances of each case.

All work-related accidents or injuries should be reported immediately to the Risk Management Office. Employees who are unable to work because of a work-related injury will be notified of their rights and responsibilities under the Texas Labor Code. See Workers' Compensation Benefits, page 49 for information on use of paid leave for such absences. Refer to the Risk Management Department website for more information.

Unemployment Compensation Insurance

Policy CRF

Employees who have been laid off or terminated through no fault of their own may be eligible for unemployment compensation benefits. Employees are not eligible to collect unemployment benefits during regularly scheduled breaks in the school year or the summer months if they have employment contracts or reasonable assurance of returning to service. Employees with questions about unemployment benefits should contact the Risk Management Department.

Teacher Retirement

All personnel employed on a regular basis for at least four and one-half months are members of the Teacher Retirement System of Texas (TRS). Guest Educators not receiving TRS service retirement benefits who work at least 90 days a year are eligible to purchase a year of creditable service in TRS, once employed in an eligible position. TRS provides members with an annual statement of their account showing all deposits and the total account balance for the year ending August 31, as well as an estimate of their retirement benefits.

Employees who plan to retire under TRS should notify their supervisor and the Office of Human Resources as soon as possible. Information on the application procedures for TRS benefits is available from TRS at Teacher Retirement System of Texas, 1000 Red River Street, Austin, TX 78701-2698, or call 800-223-8778 or 512-542-6400. TRS information is also available on the website (www.trs.texas.gov). See page 17 for information on restrictions of employment for retirees in Texas public schools.

Reimbursement of Local Leave Upon Retirement

Policy DEC

The following leave provisions shall apply to local leave earned beginning on the original effective date of this program. An employee who retires from the district shall be eligible for payment for accumulated local leave* and/or Exemplary Attendance Days under the following conditions:

- 1. The employee is retiring from TRS voluntarily and is not being discharged or non-renewed from Irving ISD.
- The employee provides advance written notice of intent to retire to the Office of Human Resources by the last Monday of November (mid-year retirement) or the first Monday of March (end-of-year retirement).
- 3. The employee is eligible for retirement benefits from the Teacher Retirement System of Texas (TRS).
- 4. The effective date of the resignation is the employee's last workday as scheduled on the employment dates of the school calendar.
- 5. The employee seeking reimbursement for local sick leave must have a balance of at least 15 state personal leave days. Please note that once the employee and supervisor have signed the Leave Request Form, it may not be changed. (i.e., an employee cannot elect to

use sick days and later request to change them to personal days. These requests will be denied.) It is the responsibility of the employee to verify the absences are reported correctly.

6. All Exemplary Attendance Days are eligible for buyback upon retirement.

The employee shall receive payment for each day of local leave at a rate of \$100 per day up to a maximum of 60 days, and Exemplary Attendance days may be sold in addition to local days at the same rate. The employee's balance of local leave shall be reduced to zero upon payment.

The rate established by the Board shall be in effect until the Board adopts a new rate. Any changes to the rate shall apply beginning with the school year following the adoption of the rate change.

<u>Exceptions</u>: After the first Monday of March, requests for reimbursement of leave upon retirement shall be considered for approval by the Superintendent or designee only for reasons due to extenuating circumstances.

Holidays

Irving ISD provides regular full-time Facilities, Grounds, Operations, Security, Transportation, Warehouse, and Science Center employees who are scheduled to work 261 days during the District's fiscal year with 8 regular plus 2 floating holidays as scheduled by the Superintendent or designee. Employees who are still in their 30-day probationary period are not eligible for holiday pay. At the completion of the 30-day evaluation period, employees are eligible for fixed holiday pay only. All holidays must be taken in full-day increments. The Security and Operations division, because of the nature of their work, follows different guidelines for the use of holidays. Questions from security or operations employees should be directed to the department director.

- Two [2] of the ten [10] holidays will be designated as floating holidays.
- New employees must wait 6 months following the date of placement as a regular employee before taking floating holidays.

The use of paid holidays will be according to procedures developed by department directors and in keeping with the different staffing needs of the various departments.

In order to receive holiday pay, an employee must have been paid for the day immediately before and the day immediately following the holiday. The pay can be for regular pay, sick leave pay, vacation pay, or pay received from the Sick Leave Bank. Holiday pay will be calculated based on the employee's straight-time pay rate (as of the date of the holiday) multiplied by the number of hours the employee would otherwise have worked on that day. Paid holiday and floating holiday hours count toward the computation of overtime.

^{*}Unused non-duty days are not eligible for reimbursement

Leave and Absence Management

Policies DEC, DECA, DECB

The district offers employees paid and unpaid leaves of absence in times of personal need. This handbook describes the basic types of leave available and restrictions on leaves of absence. Employees who expect to be absent for an extended period of more than five days should call the Human Resources Benefits office for information about applicable leave benefits, payment of insurance premiums, and requirements for communicating with the district.

Use of Leave

Leave is available for the employee's use in accordance with Board Policy DEC (LOCAL). State personal leave is earned at a rate of 5 state personal days for full-time employees. Local leave is earned over the course of an employee's contract and is based on the length of the employee's contract: 5 days for 10-month employees, 6 days for 11-month employees, or 7 days for 12-month employees. See Local Leave below for more information. Local leave is posted on either July 1 for 12-month positions, August 1 for 11-month positions, or September 1 for 10-month positions. If an employee leaves the district before the end of the work year, the cost of any unearned leave days taken shall be deducted from the employee's final paycheck.

Paid leave must be used in four (4) hour increments (half day A.M. or half day P.M.) for positions which normally require a substitute, even if a substitute is not employed. Earned comp time must be used before any available paid state and local leave. Unless an employee requests a different order, available paid state and local leave will be used in the following order:

- Local Sick
- State Sick (if available)
- State Personal
- Exemplary Attendance

Employees must follow district and department or campus procedures to report or request any leave of absence and complete the appropriate form or certification. Please note that once the employee and supervisor have signed the Leave Request Form, it may not be changed. (i.e., an employee cannot elect to use sick days and later request to change them to personal days. These requests will be denied.) It is the responsibility of the employee to verify the absences are reported correctly.

Immediate Family. For purposes of leave other than Family Medical Leave under the FMLA, immediate family is defined as the following:

- Spouse
- Son or daughter, including a biological, adopted, or foster child, a son- or daughter-in-law, a stepchild, a legal ward, or a child for whom the employee stands in loco parentis.

- Parent, stepparent, parent-in-law, or another individual who stands in loco parentis to the employee.
- Sibling, stepsibling, and sibling-in-law
- Grandparent and grandchild
- Any person residing in the employee's household at the time of illness or death

For purposes of Family Medical Leave under the FMLA, the definition of family is limited to a spouse, parent, son, or daughter, and next of kin. The definition of these is found in Policy DECA (LEGAL).

Medical Certification

Any employee, who is absent five (5) or more days because of a personal or family illness, must submit a medical certification from a qualified health care provider confirming the specific dates of the illness, the reason for the illness, and—in the case of personal illness—the employee's fitness to return to work.

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits covered employers from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we ask that employees and healthcare providers do not provide any genetic information in any medical certification. 'Genetic information,' as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member, or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

Continuation of Health Insurance

Employees, on an approved leave of absence other than Family Medical Leave through the FMLA, may continue their insurance benefits at their own expense. Health insurance benefits for employees on paid leave and leave designated under the Family and Medical Leave Act will be paid by the district as they were prior to the leave. Otherwise, the district does not pay any portion of insurance premiums for employees who are on unpaid leave.

Under TRS-Active Care rules, an employee is no longer eligible for insurance through the district after six months of unpaid leave other than Family Medical Leave through the FMLA. If an employee's unpaid leave extends for more than six months, the district will provide the employee with notice of COBRA rights.

Personal Leave

State law entitles all full-time employees to five days of paid personal leave per year. Personal leave is available for use at the beginning of the year. A day of personal leave is equivalent to the

number of hours per day in an employee's usual assignment, whether full-time or part-time. State personal leave accumulates without limit, is transferable to other Texas school districts, and generally transfers to education service centers. Personal leave may be used for two general purposes: non-discretionary and discretionary.

- Non-discretionary (Local and State Sick). Leave taken for personal or family illness, family emergency, a death in the family, or active military service is considered non-discretionary leave. Reasons for this type of leave allow very little, if any, advance planning. Non-discretionary leave may be used in the same manner as state sick leave.
- <u>Discretionary (State Personal).</u> Leave taken at an employee's discretion that can be scheduled in advance is considered discretionary leave. An employee wishing to take discretionary personal leave must submit a request to his or her principal or supervisor five (5) days in advance of the anticipated absence. The effect of the employee's absence on the educational program or department operations, as well as the availability of Guest Educators, will be considered by the principal or supervisor.
- <u>Guidelines for Use of Discretionary Personal Leave.</u> The use of discretionary personal leave
 is limited to a maximum of five (5) days per school year, with no more than three (3)
 consecutive days. Discretionary personal leave may not be used on:
 - o The day before or after designated holidays
 - o Professional, staff learning and/or purposeful planning days
 - o First or last day of school
 - o End of semester, or year-end exams
 - o Standardized, state testing dates

If a need arises to take discretionary personal leave that exceeds the above limits and/or aforementioned restricted days, a **Request for Personal Leave Exception** form (available at www.irvingisd.net/hr) must be completed; these types of requests cannot be requested via the Request for Leave & Absence form. There is no guarantee that a Request for Personal Leave Exception will be granted or that, if an exception for leave is granted, it will be authorized as paid leave.

<u>Leave Proration</u>. If an employee separates from employment with the district before his or her last duty day of the year or begins employment after the first duty day, state personal leave will be prorated based on the actual time employed. When an employee separates from employment before the last duty day of the school year, the employee's final paycheck will be reduced by the amount of state personal leave the employee used beyond his or her pro-rata entitlement for the school year.

State Sick Leave

State sick leave accumulated before 1995 is available for use and may be transferred to other school districts in Texas. State sick leave can be used only in half or full-day increments, except

when coordinated with family and medical leave taken on an intermittent or reduced-schedule basis or when coordinated with workers' compensation benefits.

State sick leave may be used for the following reasons only:

- Employee illness
- Illness in the employee's immediate family
- Family emergency (i.e., natural disasters or life-threatening situations)
- Death in the immediate family
- Active military service

Local Leave

The District provides additional sick leave beyond the state minimum leave program. All employees shall earn paid local leave each year at the rate of one-half leave day for each eighteen (18) days of employment for the first 180 workdays of the employment year. One day shall then be earned for each twenty-two (22) workdays of the employment year, up to the maximum given for each type of position. Paid local leave shall be available as follows:

- An employee in a ten-month position, or who normally works less than 202 days, shall earn five paid local leave days per year.
- An employee in an 11-month position, or who normally works between 202 and 224 days, shall earn six paid local leave days per year. This shall include 11-month custodians.
- An employee in a 12-month position, or who normally works more than 224 days, shall earn seven paid local leave days per year.

Local leave shall only be used for the same terms and conditions of state sick leave accumulated before the 1995-96 school year. Local leave shall accumulate to a maximum of sixty (60) days and have no cash value except through the buy-back program at retirement.

<u>Leave Proration</u>. If an employee separates from employment with the district before his or her last duty day of the year, or begins employment after the first duty day, local sick leave will be prorated based on the actual time employed. When an employee separates from employment before the last duty day of the school year, the employee's final paycheck will be reduced by the amount of local sick leave the employee used beyond his or her pro rata entitlement for the school year.

School Business Leave

Most school business absences occur when campus/district administrators request for their employees to attend an event/conference. All school business leave must be pre-approved in writing by the employee's supervisor before the date of the absence. Approval of leave for school business does not equate to approval for coverage or reimbursement of travel costs and expenses. Travel costs must be pre-approved in writing by the employee's supervisor utilizing the forms and procedures established by the district. For additional information regarding coverage or reimbursement of travel costs, please refer to Policy DEE.

Vacation

Policy DED

A District employee who is employed in a 261-day position with one or more years of continuous employment shall be granted ten working days of paid vacation per year. An eligible employee who has completed at least six months but less than one year of employment shall be granted 5/6 of a working day of paid vacation for each month of employment.

An employee must be employed a minimum of six months before taking vacation days. All earned vacation days must be used within 18 months or shall be lost. Vacation days shall not accumulate beyond 18 months.

Employees who work 261 days shall observe the holiday schedule as established by the Superintendent.

Non-Duty Days

Professional and paraprofessional staff employed on a 12-month 230 workday assignment have flexible unpaid leave days outside of the District's defined annual holiday schedule. These days are termed "non-duty" days. The District determines the number of non-duty days prior to July 1 each year. Non-duty days may be taken during the duty year and shall be taken at such times that will least interfere with the performance of the employee's duties and the staffing needs of the District. An employee shall be required to obtain advance approval from his or her supervisor before taking non-duty days and must provide sufficient notice to allow the supervisor to consider the District's staffing needs before approval of non-duty schedules.

<u>Professional Staff (Exempt)</u>. An employee may request to carry over no more than two (2) non-duty days to the next school year by completing a Non-Duty Carry-Over Request Form. All carryover non-duty days must be used before the end of December of the carry-over plan year. Non-duty days not used will be removed from the employee's available leave balance. Should the employee leave the district, the employee will only be paid for non-duty days worked in excess of the number of non-duty days taken during the plan year.

<u>Paraprofessional Staff (Non-Exempt)</u>. An employee may request to carry over no more than two (2) non-duty days to the next plan year by completing a Non-Duty Carry-Over Request Form. All carryover non-duty days must be used before the end of December of the carry-over plan year. Should the employee separate from the district, any days carried from the previous year shall be paid at their daily rate on their final paycheck.

<u>Leave Proration</u>. If an employee separates from employment with the district before his or her last duty day of the year, or begins employment after the first duty day, non-duty leave will be prorated based on the actual time employed. When an employee separates from employment before the last duty day of the school year, the employee's final paycheck will be reduced by the amount of non-duty leave the employee used beyond his or her pro rata entitlement for the school year.

Catastrophic Leave Bank (Formerly Sick Leave Bank)

The Board authorizes the establishment of a Catastrophic Leave Bank with membership available to all full-time employees on a voluntary basis. The purpose of the Bank is to provide income replacement for members that experience a personal catastrophic illness/injury that forces the member to exhaust all leave time earned and lose compensation from the district. Examples of catastrophic illnesses include heart attack, stroke, cancer, etc.

The Superintendent or designee(s) shall develop the administrative regulations concerning membership, contribution or usage of days, procedures for applying for leave days from the Bank, the methods for selection of the appeals committee of the Bank, the term of office for the appeals committee members, the duties and responsibilities of the advisory committee, and all other procedures and operations of the Bank as the Superintendent or designee may deem necessary for the Bank to function. Bank guidelines for membership and usage are found on the Compensation and Benefits page of the Human Resources Department website.

Family and Medical Leave Act (FMLA)—General Provisions

The following text is from the federal notice, Employee Rights and Responsibilities Under the Family and Medical Leave Act. Specific information that the district has adopted to implement the FMLA follows this general notice.

Leave Entitlements

Eligible employees who work for a covered employer can take up to 12 weeks of unpaid, job-protected leave in a 12-month period for the following reasons:

- The birth of a child or placement of a child for adoption or foster care;
- To bond with a child (leave must be taken within 1 year of the child's birth or placement);
- To care for the employee's spouse, child, or parent who has a qualifying serious health condition;
- For the employee's own qualifying serious health condition that makes the employee unable to perform the employee's job;
- For qualifying exigencies related to the foreign deployment of a military member who is the employee's spouse, child, or parent.

An eligible employee who is a covered service member's spouse, child, parent, or next of kin may also take up to 26 weeks of FMLA leave in a single 12-month period to care for the servicemember with a serious injury or illness.

An employee does not need to use leave in one block. When it is medically necessary or otherwise permitted, employees may take leave intermittently or on a reduced schedule.

Employees shall use all paid leave while taking FMLA leave which includes but is not limited to comp time, local leave, state personal leave, state sick leave, exemplary attendance, vacation, and floating holidays. Employees receiving non-duty days shall also be required to take available non-duty days while on an approved FMLA status. If an employee substitutes accrued paid leave for FMLA leave, the employee must comply with the employer's normal paid leave policies.

Benefits and Protections

While employees are on FMLA leave, employers must continue health insurance coverage as if the employees were not on leave.

Upon return from FMLA leave, most employees must be restored to the same job or one nearly identical to it with equivalent pay, benefits, and other employment terms and conditions.

An employer may not interfere with an individual's FMLA rights or retaliate against someone for using or trying to use FMLA leave, opposing any practice made unlawful by the FMLA, or being involved in any proceeding under or related to the FMLA.

Eligibility Requirements

An employee who works for a covered employer must meet three criteria in order to be eligible for FMLA leave. The employee must:

- Have worked for the employer for at least 12 months;
- Have at least 1,250 hours of service in the 12 months before taking leave; and
- Work at a location where the employer has at least 50 employees within 75 miles of the employee's worksite.

Requesting Leave

Generally, employees must give 30 days' advance notice of the need for FMLA leave. If it is not possible to give 30 days' notice, an employee must notify the employer as soon as possible and, generally, follow the employer's usual procedures.

Employees do not have to share a medical diagnosis but must provide enough information to the employer so it can determine if the leave qualifies for FMLA protection.

Sufficient information could include informing an employer that the employee is or will be unable to perform his or her job functions, that a family member cannot perform daily activities, or that hospitalization or continuing medical treatment is necessary. Employees must inform the employer if the need for leave is for a reason for which FMLA leave was previously taken or certified.

Employers can require a certification or periodic recertification supporting the need for leave. If the employer determines that the certification is incomplete, it must provide a written notice indicating what additional information is required.

Employer Responsibilities

Once an employer becomes aware that an employee's need for leave is for a reason that may qualify under the FMLA, the employer must notify the employee if he or she is eligible for FMLA leave and, if eligible, must also provide a notice of rights and responsibilities under the FMLA. If the employee is not eligible, the employer must provide a reason for ineligibility.

Employers must notify their employees if leave will be designated as FMLA leave, and if so, how much leave will be designated as FMLA leave.

Enforcement

Employees may file a complaint with the U.S. Department of Labor, Wage and Hour Division, or may bring a private lawsuit against an employer.

The FMLA does not affect any federal or state law prohibiting discrimination or supersede any state or local law or collective bargaining agreement that provides greater family or medical leave rights.

Local Family and Medical Leave Provisions

Eligible employees can take up to 12 weeks of unpaid leave in the 12-month period measured forward from the date an individual employee's first FML begins.

<u>Use of Paid Leave</u>. FML runs concurrently with accrued sick and personal leave, temporary disability leave, temporary medical leave, compensatory time, assault leave, and absences due to a work-related illness or injury. The district will designate the leave as FML, if applicable, and notify the employee that accumulated leave will run concurrently with FML.

<u>Combined Leave for Spouses</u>. Spouses who are employed by the district are limited to a combined total of 12 weeks of FML to care for a parent with a serious health condition; or for the birth, adoption, or foster placement of a child. Military caregiver leave for spouses is limited to a combined total of 26 weeks.

<u>Intermittent Leave</u>. When medically necessary or in the case of a qualifying exigency, an employee may take leave intermittently or on a reduced schedule. The district shall permit the use of intermittent or reduced-schedule leave for the care of a newborn child or for the adoption or placement of a child with the employee.

<u>Fitness for Duty</u>. An employee that takes FML due to the employee's own serious health condition shall provide, before resuming work, a fitness-for-duty certification from the health care provider. If certification of the employee's ability to perform essential job functions is required, the district shall provide a list of essential job functions (e.g., job description) to the employee with the FMLA designation notice to share with the health care provider. An employee who attempts to return from FML without first submitting a fitness-for-duty certification may be asked to leave work until such a certification has been provided.

<u>Reinstatement</u>. An employee returning to work at the end of FML will be returned to the same position held when the leave began or to an equivalent position with equivalent employment benefits, pay, and other terms and conditions of employment.

In certain cases, instructional employees desiring to return to work at or near the conclusion of a semester may be required to continue on family and medical leave until the end of the semester. The additional time off is not counted against the employee's FMLA entitlement, and the district will maintain the employee's group health insurance and reinstate the employee at the end of the leave according to the procedures outlined in the policy (see DECA (LEGAL)).

<u>Failure to Return</u>. If, at the expiration of FML, the employee is able to return to work but chooses not to do so, the district may require the employee to reimburse the district's share of insurance premiums paid during any portion of FML when the employee was on unpaid leave. If the employee fails to return to work for a reason beyond the employee's control, such as a continuing personal or family serious health condition or a spouse being unexpectedly transferred more than 75 miles from the district, the district may not require the employee to reimburse the district's share of premiums paid.

<u>District Contact</u>. Employees that require FML or have questions should contact the Office of Human Resources for details on eligibility, requirements, and limitations.

Temporary Disability Leave

Certified Employees. Any full-time employee whose position requires certification from the State Board for Educator Certification (SBEC) is eligible for temporary disability leave. The purpose of temporary disability leave is to provide job protection to full-time educators who cannot work for an extended period of time because of a mental or physical disability of a temporary nature. Temporary disability leave must be taken as a continuous block of time. It may not be taken intermittently or on a reduced schedule. Pregnancy and conditions related to pregnancy are treated the same as any other temporary disability. Employees must request approval for temporary disability leave. An employee's notification of need for extended absence due to the employee's own medical condition shall be accepted as a request for temporary disability leave. The request must be accompanied by a physician's statement confirming the employee's inability to work and estimating a probable date of return. If disability leave is approved, the length of leave is no longer than 180 calendar days.

If an employee is placed on temporary disability leave involuntarily, he or she has the right to request a hearing before the Board of Trustees. The employee may protest the action and present additional evidence of fitness to work.

When an employee is ready to return to work, the Office of Human Resources should be notified at least 30 days in advance. The return-to-work notice must be accompanied by a physician's statement confirming that the employee is able to resume regular duties. Certified employees returning from leave will be reinstated to the school to which they were previously assigned if an appropriate position is available. If an appropriate position is not available, the employee may be assigned to another campus, subject to the approval of the campus principal. If a position is not available before the end of the school year, the employee will be reinstated to a position at the original campus at the beginning of the following school year.

Temporary Medical Leave for Noncontract Employees

A full-time non-contract employee who is not eligible for temporary disability leave as provided by the Education Code shall, upon request, be granted a temporary medical leave of absence for the period of time during which the employee is physically unable to perform regular duties due to an illness or disability. Temporary medical leave shall be made available only after the employee has exhausted all paid leave benefits, including vacation/non-duty. Temporary medical leave shall be unpaid. [See (DEC Local) for temporary medical leave placement].

Employees must request approval for temporary medical leave. An employee's notification of the need for extended absence due to the employee's own medical condition shall be accepted as a request for temporary medical leave. The request must be accompanied by a physician's statement confirming the employee's inability to work and estimating a probable date of return. If disability leave is approved, the length of leave is no longer than 45 calendar days per 12- month period. For purposes of an employee's entitlement to temporary medical leave, the 12- month period shall be measured backward from the date the employee used temporary medical leave.

When an employee is ready to return to work, the Office of Human Resources should be notified at least 30 days in advance or as soon as possible. The return-to-work notice must be accompanied by a physician's statement confirming that the employee is able to resume regular duties.

*Employees on Temporary Disability Leave or Temporary Medical Leave are responsible for the total cost of the medical insurance premium, which includes the District's contribution. If paid leave (personal illness & personal day accruals) is exhausted and/or sufficient funds are unavailable in the employee's paycheck, the employee must remit payment to the District to cover the cost of medical and supplemental insurance premiums.

Workers' Compensation Benefits

An employee absent from duty because of a job-related illness or injury may be eligible for workers' compensation weekly income benefits if the absence exceeds seven calendar days. An employee receiving workers' compensation wage benefits for a job-related illness or injury may choose to use available partial-day increments of sick leave or any other paid leave benefits to make up the difference between wage benefits and pre-injury or pre-illness wages. While an employee is receiving workers' compensation wage benefits, the district will charge available leave proportionately so that the employee receives an amount equal to the employee's regular salary.

Assault Leave

Assault leave provides extended job income and benefits protection to an employee who is injured as the result of a physical assault suffered during the performance of his or her job. An incident involving an assault is a work-related injury and should be immediately reported to the supervisor and the Office of Human Resources. An injury is treated as an assault if the person causing the injury could be prosecuted for assault or could not be prosecuted only because that person's age or mental capacity renders the person not responsible for purposes of criminal liability. An employee who is physically assaulted at work may take all the leave time medically necessary (up to two years) to recover from the physical injuries he or she sustained. At the request of an employee, the district will immediately assign the employee to assault leave. Days of leave granted under the assault leave provision will not be deducted from accrued personal leave and must be coordinated with workers' compensation benefits. Upon investigation, the district may change the assault leave status and charge leave used against the employee's accrued paid leave. The employee's pay will be deducted if accrued paid leave is not available.

Assault leave works in conjunction with workers' compensation. Employees seeking assault leave need to complete an Employee First Report of Injury form #732-001 and the Request for Leave and Absence form #909-001.

Bereavement Leave

Absences reported due to death in the family require the use of any combination of accrued local sick leave, state sick leave, and/or state personal leave, not to exceed five (5) workdays per occurrence. If no accrued leave is available, absences will be unpaid.

Jury Duty

Policies DEC, DG

The district provides paid leave to employees who are summoned to jury duty, including service on a grand jury. The district will not discharge, threaten to discharge, intimidate, or coerce any regular employee because of a juror or grand juror service or for the employee's attendance or scheduled attendance in connection with the service in any court in the United States. Employees who report to the court for jury duty may keep any compensation the court provides. An employee should

report a summons for jury duty to his or her supervisor as soon as it is received and may be required to provide the district with a copy of the summons to document the need for leave.

An employee may be required to report back to work as soon as they are released from jury duty. The supervisor may consider the travel time required and the nature of the individual's position when determining the need to report to work midday upon release from jury duty. A copy of the release from jury duty or documentation of time spent at the court may be required.

Compliance with a Subpoena

Employees will be paid while on leave to comply with a valid subpoena to appear in a civil, criminal, legislative, or administrative proceeding and will not be required to use personal leave. Employees may be required to submit documentation of their need for leave for court appearances.

Truancy Court Appearances

An employee who is a parent, guardian of a child, or a court-appointed guardian ad litem of a child who is required to miss work to attend a truancy court hearing may use personal leave or compensatory time for the absence. Employees who do not have paid leave available will be docked for any absence required because of the court appearance.

Religious Observance

The district will reasonably accommodate an employee's request for absence for a religious holiday or observance. Accommodations such as changes to work schedules or approving a day of absence will be made unless they pose an undue hardship to the district. The employee may use any accumulated personal leave for this purpose. Employees who have exhausted applicable paid leave may be granted an unpaid day of absence.

Military Leave

<u>Paid Leave for Military Service</u>. Any employee who is a member of the Texas National Guard, Texas State Guard, a reserve component of the United States Armed Forces, or a member of a state or federally-authorized Urban Search and Rescue Team is entitled to paid leave when engaged in authorized training or duty orders by proper authority. Paid military leave is limited to 15 days each fiscal year. In addition, an employee is entitled to use available vacation or state and local sick or personal leave during a time of active military service. The district cannot require the use of accumulated leave. Prior to claiming military leave the employee must complete a Leave of Absence Request form and then present the complete form along with authorized training or duty orders from the appropriate authority to the Office of Human Resources.

Reemployment after Military Leave. Employees who leave the district to enter into the United States uniformed services or who are ordered to active duty as a member of the military force of any state (e.g., National or State Guard) may return to employment if they are honorably

discharged. Employees who wish to return to the district will be reemployed provided they can be qualified to perform the required duties. Employees returning to work following military leave should contact the Office of Human Resources. In most cases, the length of federal military service cannot exceed five (5) years.

<u>Continuation of Health Insurance</u>. Employees who perform service in the uniformed services may elect to continue their health plan coverage at their own cost for a period not to exceed 24 months. Employees should contact the Office of Human Resources for details on eligibility, requirements, and limitations.

Absence Reporting

All district employees who may need a Guest Educator (Substitute) shall submit their absences through the Frontline absence management system. Employees may submit their absences via phone or web access using their secure password. The respective campus or department immediate supervisor shall verify and reconcile all absences in the Frontline system prior payroll cutoff date.

Use of the Frontline system to collect and track absences is in lieu of an individual Absence From Duty Report.

All absences for non-exempt employees shall be entered in the Kronos timekeeping system. The Payroll Department shall import the absences from both systems into the Munis payroll system.

Professional staff are not subject to use timekeeping; therefore, it is essential that every professional staff member accurately report their absences using an Absence From Duty Request Form. Failure to report all absences may be construed as a fraudulent request for pay – a violation of the Educators Code of Ethics. Violations shall be subject to disciplinary action, up to and including termination of employment.

The Payroll Department shall use the Frontline absence data for educators (teachers) to validate against the working days reported by their respective Guest Educator (Substitute) through the timekeeping system.

Introduction

The purpose of this handbook is to provide information that will help with questions and pave the way for a successful year. While employment with Irving ISD is subject to all Irving ISD Board of Trustees Policies (www.irvingisd.net/BoardPolicy), not all District policies and procedures are included in this handbook. Those that are, have been summarized. Suggestions for additions and improvements to this handbook are welcome and may be sent to the Executive Director of Human Resources.

In addition, the information provided in this handbook will be supplemented via the District's Intranet found on the District's website www.irvingisd.net. This site contains a number of helpful resources that can be downloaded when needed. Individual campuses will provide information pertinent to that specific campus, i.e. fire drill schedules, bell schedules, and other operational procedures, including periodic updates or changes.

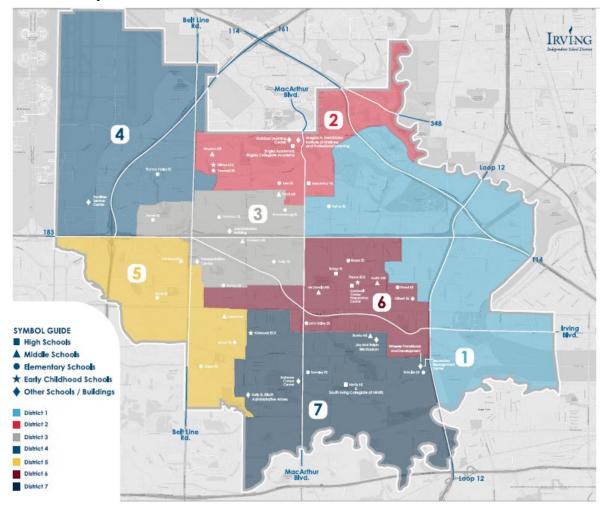

This handbook is neither a contract nor a substitute for the official District policy manual. Nor is it intended to alter the at-will status of noncontract employees in any way. Rather, it is a guide to, and a brief explanation of, District policies and procedures related to employment. These policies and procedures can change at any time; these changes shall supersede any handbook provisions that are not compatible with the change. For more information, please refer to the Board Policy Manual, which can be accessed online at www.irvingisd.net/BoardPolicy.

Employees may refer to the policy codes that are associated with handbook topics, confer with their supervisor, or call the appropriate District office for additional information.

Employees are required to complete all Annual e-Courses on the Staff page at www.irvingisd.net/compliance. Please check the referenced website for a complete updated list and deadlines for completion. An acknowledgment of your understanding of this handbook should be completed through the annual e-Courses module.

Board of Trustees

Policies BA, BB series, BD series, and BE series

Texas law grants the Board of Trustees the power to govern and oversee the management of the District's schools. The Board is the policy-making body within the District and has overall responsibility for the curriculum, school taxes, annual budget, employment of the Superintendent and other professional staff, and facilities. The Board has complete and final control over school matters within limits established by state and federal laws and regulations.

The Board of Trustees is elected by the citizens of the District to represent the community's commitment to a strong educational program for the District's children. Board members serve a three-year term through general elections held in May. Board members serve without compensation, must be qualified voters, and must reside in the District.

Current Board members include:

- Dr. Rosemary Robbins, President, District 1
- **A.D. Jenkins**, Vice President, District 5
- Michael Kelley, Secretary, District 2
- Nuzhat Hye, District 4

- Lisa Lobb, District 6
- Randy Randle, District 7
- Mary Richarte, District 3

The Board usually meets once a month at 7:00 p.m. in the Boardroom of the Administration Building, 2621W. Airport Freeway, Irving, Texas 75062; with a work session preceding the meeting at 5:00 p.m. Special meetings may be called when necessary. A written notice of regular and special meetings will be posted on the District website at www.irvingisd.net/BoardCalendar in the Board of Trustees section at least 72 hours before the scheduled meeting time. The written notice will show the date, time, place, and subjects of each meeting. In emergencies, a meeting may be held with one-hour notice.

All meetings are open to the public. In certain circumstances, Texas Law permits the Board to go into a closed session from which the public and others are excluded.

Closed sessions may occur for such things as discussing prospective gifts or donations, realproperty acquisition, certain personnel matters including employee complaints, security matters, student discipline, or consulting with attorneys regarding pending litigation.

Advance notices of all meetings are posted at the Administration Building and distributed to the news media by the Communications Department. Board meeting information is also available at the IISD website: www.irvingisd.net/BoardCalendar.

Addressing the Board

Trustees encourage public involvement and listen to views and concerns about the District. However, residents who have a specific problem or concern should first voice their concern through regular administrative channels rather than going directly to the Board.

Individuals who wish to address the Board during a Board meeting about an action item on the agenda should come forward to the podium when requested by the Board President. The Board President will ask for public input on some action items as they are considered by the Board.

Individuals who wish to address the Board on an item not on the action agenda should complete a Public Input Card, which is available at the registration table. After completing the card, it can be given to any Board member or administrator so the individual can be recognized during the "Public Comment" section of the agenda. Those wishing to speak to the Board must live within the attendance zones of Irving ISD. For more information about the Board of Trustees, access: www.irvingisd.net/SchoolBoard.

Individuals receiving retirement benefits from the Teacher Retirement System (TRS) may be employed under certain circumstances on a full- or part-time basis without affecting their benefits, according to TRS rules and state law. Detailed information about employment after retirement is available in the TRS publication *Employment after Retirement*. Employees can contact TRS for additional information by calling 800-223-8778 or 512-542-6400. Information is also available on the TRS website (www.trs.texas.gov).

Contract and Non-Contract Employment

Policy DC series

State law requires the District to employ all full-time professional employees in positions requiring a certificate from the State Board for Educator Certification (SBEC) and nurses under probationary, term, or continuing contracts. Employees in all other positions are employed at-will or by a contract that is not subject to the procedures for nonrenewal or termination under Chapter 21 of the Texas Education Code. The paragraphs that follow provide a general description of the employment arrangements used by the District.

Probationary Contracts. Nurses and full-time professional employees new to the District and employed in positions requiring SBEC certification must receive a probationary contract during their first year of employment. Former employees who are hired after a two-year lapse in District employment or employees who move to a position requiring a new class of certification may also be employed by probationary contract. Probationary contracts are one-year contracts.

Under the District of Innovation plan, Irving ISD has flexibility in offering a probationary contract for up to three years to teachers who have been employed as a teacher in public education for at least five (5) of the eight (8) years preceding employment with the District.

For those with less experience, the probationary period will be three school years (i.e., three one-year contracts) with an optional fourth school year if the Board determines it is doubtful a term or continuing contract should be given.

Term Contracts. Full-time professionals employed in positions requiring certification and nurses will be employed by term contracts after they have successfully completed the probationary period. The terms and conditions of employment are detailed in the contract and employment policies. All employees will receive a copy of their contract. Employment policies can be accessed online or physical copies will be provided upon request.

Noncertified Professional and Administrative Employees. Employees in professional and administrative positions that do not require SBEC certification (such as non-instructional administrators or those who do not supervise an employee on a Chapter 21 contract) may be employed on either an at-will basis or on a non-chapter 21 contract. At-will employment is not for any specified term and may be terminated at any time by either the employee or the District.

Paraprofessional and Auxiliary Employees. All paraprofessional and auxiliary employees, regardless of certification, are employed at-will and not by contract. Employment is not for any specified term and may be terminated at any time by either the employee or the District.

Certification and Licenses

Policies DBA, DF

Professional employees whose positions require SBEC certification or professional license are responsible for taking actions to ensure their credentials do not lapse. Employees must submit documentation, in a timely manner, that they have passed the required certification exam and/or obtained or renewed their credentials to the Office of Human Resources – Attention: Certification Officer. Employees licensed by the Texas Department of Licensing and Regulations (TDLR) must notify the Office of Human Resources Staffing Coordinator when there is action against, or revocation of, their license.

A certified employee's contract may be voided without Chapter 21 due process and employment terminated if the individual does not hold a valid certificate or fails to fulfill the requirements necessary to renew or extend a temporary certificate, emergency certificate, probationary certificate, or permit. A contract may also be voided if SBEC suspends or revokes certification because of an individual's failure to comply with criminal history background checks. Contact the Office of Human Resources Staffing Coordinator if you have any questions regarding certification or licensure requirements.

Recertification of Employment Authorization

Policy DC

At the time of hire all employees must complete the Employment Eligibility Verification Form (Form I-9) and present documents to verify identity and employment authorization.

Employees whose immigration status, employment authorization, or employment authorization documents have expired must present new documents that show current employment authorization. Employees should file the necessary application or petition sufficiently in advance to ensure that they maintain continuous employment authorization or valid employment authorization documents. Contact the Office of Human Resources if you have any questions regarding reverification of employment authorization.

Searches and Alcohol and Drug Testing

Policy CQ, DHE

Noninvestigatory searches in the workplace, including accessing an employee's desk, phone, file cabinets, or work area to obtain information needed for usual business purposes may occur when an employee is unavailable. Therefore, employees are hereby notified that they have no legitimate expectation of privacy in those places. In addition, the District reserves the right to conduct searches when there is reasonable cause to believe a search will uncover evidence of work-related misconduct. Such an investigatory search may include mandatory drug and alcohol testing if the suspected violation relates to drug or alcohol use. The District may search the employee, the employee's personal items, and work areas including District-owned technology resources, lockers, and private vehicles parked on District premises or work sites, or used in District business. Refusal to submit to testing or similar good cause search may constitute grounds for disciplinary action, up to and including termination.

Examinations During Employment. The Superintendent or designee may require an employee to undergo a medical examination/test if information received from the employee, the employee's supervisor, or other sources indicates the employee has a physical or mental impairment that interferes with the employee's ability to perform essential job functions or poses a direct threat to the health or safety of the employee or others.

Employees Required to Have a Commercial Driver's License. Any employee whose duties require a commercial driver's license (CDL) is subject to alcohol and drug testing. This includes all drivers who operate a motor vehicle designed to transport 16 or more people counting the driver, drivers of large vehicles, or drivers of vehicles used in the transportation of hazardous materials. Teachers, coaches, or other employees who primarily perform duties other than driving are subject to testing requirements if their duties include driving a commercial motor vehicle.

Drug testing will be conducted before an individual assumes driving responsibilities. Alcohol and drug tests will be conducted when reasonable suspicion exists, at random, when an employee returns to duty after engaging in prohibited conduct, and as a follow-up measure. Testing may be conducted following accidents. Return-to-duty and follow-up testing will be conducted if an employee who has violated the prohibited alcohol conduct standards or tested positive for alcohol or drugs is allowed to return to duty.

All employees required to have a CDL or who otherwise are subject to alcohol and drug testing will receive a copy of the District's policy, the testing requirements, and detailed information on alcohol and drug abuse and the availability of assistance programs.

Employees with questions or concerns relating to alcohol and drug testing policies and related educational material should contact the Office of Human Resources.

Vehicle Safety and Use Guidelines and Procedures

Policy CNB

The following established guidelines and procedures are for all employees who operate a vehicle while conducting District business.

Purpose

To control the risk of loss in the operation of vehicles used in the conduct of Irving ISD business.

Summary

It shall be the practice of Irving ISD to promote the safe and accident-free operation of all vehicles used in conducting school business through proper driver management and safe driving practices.

The driver's license must be shown to the driver's manager or other District administrators if requested. An employee driver shall immediately notify their supervisor when their driver's license has expired, been suspended, revoked, or restricted, or in the event of an accident, or receipt of any citations within 24 hours or by the end of the next business day. If revocations, suspensions, restrictions, or citations are challenged in court, the decision must be reported to the supervisor within 24 hours or by the end of the next business day after the decision. Failure to do so may result in loss of driving privileges or other disciplinary action.

Age Requirement

Drivers under the age of 21 are prohibited from operating vehicles owned by Irving ISD. Exemptions to this rule may be granted on a case-by-case basis for employees 18 years of age or older with no history of violations or preventable accidents on their driving record.

DEFINITIONS:

<u>District vehicle</u> - any vehicle owned, leased, or rented by Irving ISD.

<u>Privately Owned Vehicle (POV)</u> - any vehicle that is not owned, leased, or rented by the District but operated for the benefit of the District, and the District is reimbursing the owner/operator for any portion of the operating expense (e.g., driving a personal vehicle and collecting mileage and/or stipend.)

<u>Preventable Accident</u>: one in which the driver failed to exercise every reasonable precaution to prevent the accident.

<u>Major Preventable Accident</u>: one in which the driver deliberately and knowingly failed to exercise reasonable precautions to prevent the accident. This includes, but is not limited to, driving under the influence of drugs or alcohol, reckless driving, or excessive speeding as indicated on the traffic citation or determined by a reliable witness(es).

Non-Preventable Accident: one which includes, but is not limited to:

- Driver's vehicle was legally and properly parked
- Driver's vehicle was struck in the rear

Procedure

- A. General Requirements for all Drivers of Vehicle on District Business include:
 - i. Any Irving ISD driver shall have one and only one valid driver's license for the type of vehicle to be operated, issued within the requirements of their state of residence. They shall be physically and mentally fit, and, if required, meet physical requirements outlined in the Department of Transportation Regulations.
 - ii. Adherence to all traffic laws is mandatory; however, the driver is also expected to take reasonable defensive action, including reducing speed, when confronted with unfavorable driving situations, including road or weather conditions.
 - iii. All District-related vehicle accidents, whether preventable or nonpreventable, will be thoroughly investigated, and appropriate vehicle accident reports will be prepared and submitted to the Director of Risk Management.
 - iv. Unsafe driving techniques, reckless driving, texting, or driving under the influence of intoxicating, illegal, or prohibited substances will not be tolerated and shall be grounds for corrective action, up to and including termination.
 - v. District vehicles are to be driven only by the operator to whom the vehicle has been assigned or another operator to whom Irving ISD has authorized to operate a particular vehicle. District-owned leased, or rented vehicles are to be used only for District business and for transportation to and from the driver's usual place of employment when it is convenient to the District.

- Personal use is not permitted. Under no circumstances are hitchhikers or unapproved non-District passengers allowed in District vehicles.
- vi. When a person operates a POV on District business, they will maintain liability insurance with at least state-required minimum limits. Proof of insurance will be required and maintained in the supervisor's driver personnel file. The supervisor will ensure current proof of insurance is on file before approving a mileage reimbursement.
- vii. If the vehicle is equipped with safety belts, it shall be properly fastened and used at all times by all occupants of District vehicles and POVs.
- viii. A driver of a District vehicle or POV will assume costs resulting from traffic violations or criminal charges (excluding property damage or personal injury). This includes traffic fines, parking fines, bail bonds, legal defense of criminal charges, etc. The District expects all drivers to operate vehicles legally and safely.
- ix. Under no circumstances will fatigue be considered a valid excuse for an accident. The District does not expect any driver to endanger life and property by working beyond their physical endurance; therefore, the responsibility to avoid an accident due to fatigue rests solely with the driver.
- x. The District's legal obligations and those of the insurance company must be met whenever an accident occurs while driving on District business. The following reporting requirements are necessary:
 - Police reports The employee who was involved in an accident (no limit on dollar value) must complete any report required by law enforcement and prepare an IISD Vehicle Accident Report form or its equivalent. If necessary, the supervisor of the employee involved will prepare the report. Reports must be completed within twenty-four (24) hours and submitted to Irving ISD Safety and Security.
 - Suppose the accident was serious or involved a fatality. In that case, the employee's supervisor, Irving ISD Human Resources, and Irving ISD Safety and Security must be notified by telephone or radio immediately.
 - 2. Supervisor's Vehicle Accident Investigation A thorough investigation of each accident is essential to identifying the necessary action to prevent a recurrence. The immediate supervisor,

of the vehicle operator involved in an accident is to complete the report as soon as possible, with a preliminary report forwarded to Irving ISD Safety and Security no less than forty-eight (48) hours following the accident.

3. Accident Review Process - The Vehicle Accident Review Committee (VARC) shall be comprised of at least the following three members of the District, which will include the: Vehicle Operator's Supervisor, Safety Training representative, and Human Resources. The Director of Benefits, Risk Management, and HR Systems may also be engaged in an advisory capacity. In the absence of official citation, the Accident Review Process will be used to determine the type of accident: Preventable, Major Preventable, or Non-Preventable. The Vehicle Operator has the right to dispute the determination reached by the VARC using the District process for employee appeals and as outlined in District policy DGBA. A copy of all documentation shall be provided to Irving ISD Risk Management.

xi. Drug testing may be required after an accident. See Irving ISD Board Policies DBB and DHE.

- xii. Violations of the District and state motor vehicle rules and procedures will result in corrective action, up to and including the recommendation of termination of employment, depending on the severity of the violation and based on the following disciplinary guidelines:
 - 1st Preventable Accident This will result in the review of a driver safety video and a written performance correction notice/summary of conference. The employee will not be allowed to operate District motorized equipment until all requirements are complete.
 - 2. 2nd Preventable Accident This will result in the required completion of a Defensive Driving course (at the expense of the District), review of a driver safety video, a written performance correction notice/summary of conference, and the employee will not be allowed to operate District motorized equipment until all requirements are complete.
 - 3. 3rd Preventable Accident Driver will be subject to termination or assignment to a position not requiring vehicle operation.
 - NOTE: If an exception to the above guide is made, the driver's supervisor must prepare a written statement as to why the employee

should be exempted. This statement must be approved by the superintendent (or designee) of Irving ISD and included in the employee's permanent personnel file.

- xiii. Escalation of correction notices based on repeated preventable accidents (i.e., 1st, 2nd, 3rd) will be based on a 36-month window beginning on the date of the 1st Preventable Accident. The driver's supervisor shall provide a copy of all documentation to the Director of Benefits, Risk Management, and HR Systems immediately following finalization of the accident review process.
- xiv. A Preventable Accident remains in the employee file but will no longer be counted towards disciplinary decisions after 36 months from the date of the accident.
- xv. Major Preventable Accidents may result in immediate termination at the discretion of the Human Resources Department.
- xvi. Approved drivers who have their Driver's License suspended or invalidated, for any reason will be disqualified from operating a District vehicle and will be subject to termination.
- xvii. Any driver must advise their supervisor immediately in case of a moving violation conviction, or accident, on or off the job. Failure to advise the supervisor or attempt to conceal the information will result in corrective action, up to and including termination.
- xviii. An employee who has obtained 10 points on their driving record with the State of Texas will be disqualified from operating a District vehicle and will be subject to termination.

Motor Vehicle Review (MVR) Review

District vehicle drivers must read and sign a Motor Vehicle Record (MVR) consent form that permits Irving ISD to complete a motor vehicle background check.

All drivers shall have their MVR reviewed prior to driving a District vehicle for the first time. Employees whose job descriptions include driving a District vehicle shall have their MVR reviewed upon hire. MVR checks are valid for one (1) year. Drivers with unacceptable MVRs shall be prohibited from operating an Irving ISD vehicle. Any change in the status of an MVR will result in an immediate MVR review and possible change in driving status.

Each year, each employee operating a District vehicle or POV for the benefit of the District will complete the online Driver Request Form to conduct a driver's record check. The form can be located on the Risk Management website (https://www.irvingisd.net/riskmanagement).

Driving Requirements

Employees and officials who drive District-owned vehicles on District business must follow all rules outlined in this program. When operating District vehicles, drivers should remember that their driving habits reflect on the District and its other employees and officials. Irving ISD vehicles must be used legally, courteously, and safely.

- Drivers must wear seat belts and require seat belts to be worn by their passengers.
- Alcohol, tobacco products, e-cigarettes, and other vapor products are not allowed in District vehicles.
- Drivers must not place or answer phone calls while driving District vehicles unless using a hands-free device. If no hands-free device is available, drivers must pull off the road to a safe location to place or answer calls.
- Drivers must do a walk-around inspection of any District vehicle before driving it to check for any visible maintenance or safety issues.
- Drivers are not allowed to operate a District vehicle continuously for more than 10 hours per day in good driving conditions and are strongly encouraged to plan mini breaks every two hours during long periods of driving.
- Drivers are responsible for the care of District vehicles assigned to them and may be held responsible for improper care and abuse of the vehicle. Misconduct could lead to withdrawal of driving privileges and/or disciplinary actions.

Department of Transportation (DOT) Regulated Vehicles

Any vehicle traveling across state lines with a gross vehicle weight rating over 10,000 lbs. (e.g., box trucks/moving vans) is subject to DOT regulations. Each driver must have a DOT compliant driver file maintained in the Transportation Department before being allowed to drive vehicles within this classification.

In addition to a DOT-compliant driver file, any driver of a vehicle with a gross vehicle weight rating over 26,000 lbs. (e.g., dump trucks, large construction vehicles, buses) must possess a valid commercial driver's license and be in compliance with DOT regulations.

The Irving ISD Transportation Department will be responsible for evaluating the applicability of DOT regulations to this District's operations and ensuring compliance with those regulations. All drivers of DOT-regulated vehicles will have responsibilities beyond those outlined in this policy and will receive additional training and information.

Point System for Screening District Drivers

Irving ISD uses a point system to screen drivers who drive District vehicles. Points are assessed based on violations listed on the driver's MVR as well as for preventable vehicle accidents. Irving

ISD will use points to apply disciplinary action as follows:

- **3-5 points**: Driver will receive a courtesy letter/email.
- **6-9 points**: Driver will receive a warning and must successfully complete a driver improvement course.
- **10-and above points**: Driving privileges will be suspended and the employee will be subject to termination.

Points will accumulate for a period of 3 years before they are removed, with the exception of points received for major violations listed. Points received for major violations will remain for a period of 10 years. Points issued for vehicle incidents and violations are determined from the point classification descriptions below. Violations and points listed below are to be used as a guide and are not intended to be all-inclusive. Penalty points will be awarded as appropriate based on severity for any violations not specifically listed in this document.

Penalty Points for Major Violations

Assess ten (10) penalty points for each major violation if the date is within ten (10) years of the date of the driving record evaluation. Major violations include:

Driving while intoxicated (DWI)

Driving under influence (DUI)

Assault with motor vehicle Felony involving a motor vehicle

Fleeing a police officer Administrative License Revocation (ALR)

Penalty Points for Moving Violations

Assess three (3) penalty points for each moving violation if the date is within three (3) years of the date of the driving record evaluation. Moving violations are defined as all moving traffic violations not listed in the major violations category. They do not include non-moving administrative offenses. Examples of moving violations include, but are not limited to:

Speeding Disregarding a traffic signal

Disregarding a stop sign Failure to use turn signal

Failure to yield right of way Improper passing

Tailgating Failure to wear a seat belt

Cell phone use in a school zone Failure to stop at stop sign

Racing/speeding contest Careless/reckless driving

Penalty Points for Preventable Vehicle Accidents

Points for preventable vehicle accidents will be assessed immediately for accidents in a District vehicle or when identified on the driver's MVR. Multiple accidents will be assessed points on a graduated scale as follows: Assess three (3) penalty points for the first preventable accident. Assess three (3) additional penalty points for a second preventable accident within three years of the date of the first accident. Assess four (4) additional penalty points for a third preventable accident within three years of the date of the first accident. Three preventable vehicle accidents within a three-year period will add to 10 points and result in the suspension of driving privileges until the driver does not have three vehicle accidents occurring within the previous three years. Drivers issued penalty points as a result of vehicle accidents shall be notified of their right to appeal.

Appeal of Vehicle Accident Penalty Points

Drivers issued penalty points as a result of vehicle accidents may request a review by the VARC. The VARC shall review information pertinent to the accident, which should include the Texas Peace Officer's Crash Report if available. In examining this report, consideration of such items as charges filed, investigators' narrative, diagram, and factors/conditions contributing to the accident should assist in making a determination as to whether or not the assessment of penalty points is appropriate.

If the VARC reviews the accident report and other pertinent information and determines that the driver was not a cause of the accident, no penalty points will be assessed. If the VARC determines that the applicant was a cause of the accident, penalty points shall be assessed as appropriate.

White Fleet Rental Vehicles

If an employee or official wishes to utilize a white fleet rental vehicle, he/she must:

- Be an approved Irving ISD driver.
- Possess an acceptable MVR as specified by this program.
- Possess a valid and current driver's license for the type of vehicle to be driven and be prepared to show the license.
- Be properly trained and qualified in the type of vehicle to be driven.

Drivers must abide by all procedures in the Irving ISD Vehicle Safety and Use Guidelines and Procedures.

Privately Owned Vehicles (POV)

In situations where a POV is used to conduct District business the following rules apply:

POVs driven for District business are to be driven by licensed adults; not students. Students are not to be asked to drive personal vehicles to conduct District business.

Drivers of POVs for District business are required to carry personal auto liability insurance at all times, regardless of whether the driver is being reimbursed mileage or paid a travel allowance or stipend.

- The insurance verification card must be carried in the vehicle while it is in use.
- The personal auto liability policy for the vehicle will be primary in the event of an accident.

Drivers of POVs for District business must report all accidents and/or citations during business hours to his or her supervisor.

Mobile Equipment/Utility Vehicles

The following rules apply to the operation of utility vehicles (e.g., forklifts, riding mowers, golf carts, gators, etc.):

- Only authorized employees and officials are allowed to operate utility vehicles. Students are not allowed to operate utility vehicles and must maintain a safe distance.
- Every person in a utility vehicle must have a seat. No extra riders.
- Utility vehicles shall not be operated on public roadways. Operation on campus roadways
 is subject to written school policy and/or campus administrator approval and subject to
 all applicable traffic laws.
- Drivers must yield to pedestrians at all times.
- Occupants of the vehicles must remain seated in the designated passenger compartment or designated seats when the vehicle is in motion. Arms and legs must remain in the vehicle.
- Every effort should be made to prevent equipment or supplies from protruding out of the side of the vehicle while in transit.
- Use directional or hand signals before making a turn.
- Set the parking brake when not in transit.

- Utility vehicles must not be operated at night unless equipped with head and taillights.
- Utility vehicles should not be driven through playgrounds at any time when the playground is occupied.

The following rules apply to the towing of trailers:

- The driver must have experience and training in towing trailers.
- All District-owned trailers should be pulled with District-owned vehicles when possible.
 When a trailer is pulled by a non-District vehicle, the insurance of the non-District vehicle becomes primary for the non-District vehicle and the attached trailer.
- Any vehicle used to pull a trailer must meet all required towing specifications for the trailer.
- Driver must conduct a pre-trip walk-around inspection before pulling a trailer.
- The trailer must be of a type designed for the intended usage.
- The trailer should be loaded from front to rear and balanced from side to side. When connected, the trailer and the tow vehicle should be level at the hitching point.
- All cargo must be secured with appropriate tie-downs and/or chains.
- Drivers must travel at a reduced speed and maintain a safe following distance. Posted speed limits must be followed with a max speed limit of 60 mph.
- Tires should be blocked before uncoupling a trailer.
- Whenever possible, a spotter should be used when backing up.

Vehicle Security

The security of Irving ISD vehicles is of high importance. Drivers are expected to take all reasonable steps to ensure that vehicles and cargo are secure from theft and vandalism.

When unattended:

- Vehicle interiors shall be secured: windows up, doors locked, and keys removed.
- Cargo should not be left unattended.

- Tools should be secured inside the vehicle or in exterior locked compartments and out of sight.
- Vehicles that are parked off-site should be parked in a well-lit area, and should not be parked on the street.
- Do not leave target theft items (especially computers) in plain view inside a locked vehicle.

Pre-Trip Walk-Around Inspections

District vehicle drivers are responsible for conducting walk-around inspections of the vehicle and reporting any defects or damage to the Facilities Services Department before driving each day or shift. Drivers must also note defects or damage to seats, seat belts, interior lights, engine warning lights, rearview mirrors, and emergency equipment.

Defects or damage must be reported to the Facilities Services Department shop manager or foreman. The shop manager or foreman will evaluate the vehicle and ensure that all hazards are repaired promptly. Vehicles that are unsafe to drive must be placed out of service immediately.

Safety: All employees will exercise discretion and good judgment while operating a motor vehicle for District business. While conducting District business, employees will operate District vehicles and personal vehicles in a safe and prudent manner and are required to comply with all traffic regulations, laws, and ordinances. Any employee found to be operating a District vehicle in an unsafe or any manner that would bring discredit to the District will have their vehicle privileges revoked and will be subject to discipline.

Health Safety Training

Policies DBA, DMA

Certain employees who are involved in physical activities for students must maintain and submit to the District proof of current certification or training in first aid, cardiopulmonary resuscitation (CPR), the use of an automated external defibrillator (AED), concussion, and extracurricular athletic activity safety. Certification or documentation of training must be issued by the American Red Cross, the American Heart Association, or another organization that provides equivalent training and certification. Employees subject to this requirement must submit their certification or documentation to their department supervisor or campus principal before the first day of school.

Reassignments and Transfers

Policy DK

All personnel are subject to assignment and reassignment by the Superintendent or designee when the Superintendent or designee determines that the assignment or reassignment is in the best interest of the District. Reassignment is a transfer to another position, department, or facility that does not necessitate a change in the employment contract. Campus reassignments should be approved by the principal at the receiving campus except when reassignments are due to enrollment shifts or program changes. Extracurricular or supplemental duty assignments may be reassigned at any time unless an extracurricular or supplemental duty assignment is part of a dual-assignment contract. Employees who object to a reassignment may follow the District process for employee complaints as outlined in this handbook and Board Policy DGBA (LOCAL). A reassignment will not be delayed pending the outcome of an appeal.

When enrollment shifts or program changes have occurred, the reassignments will be determined in the following manner:

- 1. The reassignment decision(s) will be restricted to the grade level or department specified (except in extenuating circumstances).
- 2. The principal/supervisor may accept volunteer(s) for reassignment.
- The teacher with the fewest number of current uninterrupted years of service in the Irving Independent School District will be reassigned.
- 4. If two or more teachers have the same tenure (#3 above), then total years' teaching service will be the final determinate.

An employee with the required qualifications for a position may request a transfer to another campus or department during the transfer window. Employees desiring to transfer to another campus or location may fill out the internal application in TalentEd Recruit and Hire, the District online application system. Teacher transfers must be completed by the deadline as set by the Office of Human Resources. Transfer requests submitted after the deadline will be coordinated by the Office of Human Resources and must be agreed upon by all parties involved.

Workload and Work Schedules

Policies DEAB, DK, DL

Professional Employees. Professional employees and academic administrators are exempt from overtime pay and are employed on a 10-, 11-, or 12-month basis, according to the work schedules set by the District. A school calendar is adopted each year designating the work schedule for teachers and all school holidays. Notice of work schedules including start and end dates and scheduled holidays will be distributed each school year.

Classroom teachers will have planning periods for instructional preparation including conferences. The schedule of planning periods is set at the campus level but must provide at least 450 minutes within each two-week period in blocks not less than 45 minutes within the instructional day. Teachers and librarians are entitled to a duty-free lunch period of at least 30 minutes. The District may require teachers to supervise students during lunch one day a week when no other personnel are available.

Paraprofessional and Auxiliary Employees. Support employees are employed at-will and receive notification of the required duty days, holidays, and hours of work for their position on an annual basis. Paraprofessional and auxiliary employees must be compensated for overtime and are not authorized to work in excess of their assigned schedule without prior approval from their supervisor. Working outside of the assigned duty schedule includes responding to text messages and/or telephone calls. Paraprofessionals and auxiliary employee positions are not allowed to work from home under any circumstances. See Overtime Compensation on the *Compensation, Benefits, and Leaves Handbook* (link available on page 28 of this handbook).

Notification to Parents Regarding Qualifications

Policies DK, DBA

In schools receiving Title I funds, the District is required by the *Every Student Succeeds Act* (ESSA) to notify parents at the beginning of each school year that they may request information regarding the professional qualifications of their child's teacher. ESSA also requires that parents be notified if their child has been assigned or taught for four or more consecutive weeks by a teacher who does not meet applicable state certification or licensure requirements.

Texas law requires that parents be notified if their child is assigned for more than 30 consecutive instructional days to a teacher who does not hold an appropriate teaching certificate. This notice is not required if parental notice under ESSA is sent. Inappropriately certified or uncertified teachers include individuals on an emergency permit (including individuals waiting to take a certification exam) and individuals who do not hold any certificate or permit. Information relating to teacher certification will be made available to the public upon request. Employees who have questions about their certification status can call the Office of Human Resources.

Outside Employment and Tutoring

Policy DBD

Employees are required to disclose in writing to their immediate supervisor any outside employment that may create a potential conflict of interest with their assigned duties and responsibilities or the best interest of the District. Supervisors will consider outside employment on a case-by-case basis and determine whether it should be prohibited because of a conflict of interest.

Performance Evaluation

Policy DN series

Evaluation of an employee's job performance is a continuous process that focuses on improvement. Performance evaluation is based on an employee's assigned job duties and other job-related criteria. All employees will participate in the evaluation process with their assigned supervisor at least annually. Written evaluations will be completed on forms approved by the District. Reports, correspondence, and memoranda also can be used to document performance information. All employees will receive a copy of their written evaluation, participate in a performance conference with their supervisor, and have the opportunity to respond to the evaluation.

Upon receiving a report, a nursing review committee may review a nurse's nursing services, qualifications, and quality of patient care, as well as merits of a complaint concerning a nurse, and a determination or recommendation regarding a complaint. A nurse may request, orally or in writing, a determination by the committee regarding conduct requested of the nurse believed to violate the nurse's duty to a patient.

Employee Involvement

Policies BQA, BQB

At both the campus and District levels, Irving ISD offers opportunities for input in matters that affect employees and influence the instructional effectiveness of the District. As part of the District's planning and decision-making process, employees are elected to serve on District- or campus-level advisory committees. Plans and detailed information about the shared decision-making process are available in each campus office or from the Office of School Leadership.

Professional Learning

Policy DMA

Professional learning activities are organized to meet the needs of employees and the District. Professional learning for instructional personnel is predominantly campus-based, related to achieving campus performance objectives, addressed in the Campus Improvement Plan, and approved by a campus-level advisory committee. Professional learning for non-instructional personnel is designed to meet specific licensing requirements (e.g., bus drivers) and continued employee skill development. Failure to meet requirements for professional learning may result in a loss of compensation, and/or be reflected on the employee's annual performance evaluation. The District offers extensive face-to-face, digital, and virtual professional learning programs throughout the year. These sessions can be found with the online registration system on the professional learning website. These sessions are offered at no charge to District employees. Individuals holding renewable SBEC certificates are responsible for obtaining the required training hours and maintaining appropriate documentation.

Complaints and Grievances

Policy DGBA

In an effort to hear and resolve employee concerns or complaints in a timely manner and at the lowest administrative level possible, the Board has adopted an orderly grievance process. Employees are encouraged to discuss their concerns or complaints with their supervisors or an appropriate administrator at any time.

The formal process provides all employees with an opportunity to be heard up to the highest level of management if they are dissatisfied with an administrative response. Once all administrative procedures are exhausted, employees can bring concerns or complaints to the Board of Trustees. For ease of reference, the District's policy concerning the process of bringing concerns and complaints is noted in Board Policy <u>DGBA (LOCAL)</u>.

Employee Conduct and Welfare

Standards of Conduct

Policy DH

All employees are expected to work together in a cooperative spirit to serve the best interests of the District and to be courteous to students, one another, and the public. Employees are expected to observe the following standards of conduct:

- Maintain confidentiality in all matters relating to students and coworkers.
- Report to work according to the assigned schedule.

- Express concerns, complaints, or criticism through appropriate channels and in a manner that is neither disrespectful nor insubordinate.
- Observe all safety rules and regulations and report injuries or unsafe conditions to a supervisor immediately.

All District employees should perform their duties in accordance with state and federal law, District policies and procedures, and ethical standards. Violation of policies, regulations, or guidelines, including intentionally making a false claim, offering false statements, or refusing to cooperate with a District investigation, may result in disciplinary action, including termination. Alleged incidents of certain misconduct by educators, including having a criminal record, must be reported to SBEC not later than the seventh day after the Superintendent knew of the incident. Discrimination, Harassment, and Retaliation

Policies DH, DIA

Employees shall not engage in prohibited harassment, including sexual harassment, of other employees, unpaid interns, student teachers, or students. While acting in the course of their employment, employees shall not engage in prohibited harassment of other persons including Board members, vendors, contractors, volunteers, or parents. A substantiated charge of harassment will result in disciplinary action up to and including termination.

Individuals who believe they have been discriminated or retaliated against or harassed are encouraged to promptly report such incidents to the campus principal, supervisor, or appropriate District official. If the campus principal, supervisor, or District official is the subject of a complaint, the complaint should be made directly to the Superintendent. A complaint against the Superintendent may be made directly to the Board.

Any District employee who believes that he or she has experienced prohibited conduct based on sex, including sexual harassment, or believes that another employee has experienced such prohibited conduct, should immediately report the alleged acts. The employee may report the alleged acts to his or her supervisor, the campus principal, the Title IX coordinator, or the Superintendent. The District's Title IX coordinator's name and contact information is listed in the *Equal Employment Opportunity* section of this handbook.

The District's policy that includes definitions and procedures for reporting and investigating discrimination, harassment, and retaliation is noted in Board Policy DIA (LOCAL) and FFH (LOCAL).

Harassment of Students

Policies DF, DH, DHB, FFG, FFH, FFI

Sexual and other harassment of students by employees are forms of discrimination and are prohibited by law. Romantic or inappropriate social relationships between students and District employees are prohibited.

Employees who suspect a student may have experienced prohibited harassment are obligated to report their concerns to the campus principal or other appropriate District official. Any District employee who suspects or receives direct or indirect notice that a student or group of students has or may have experienced prohibited conduct based on sex (as defined by Board policy), including sexual harassment, of a student shall immediately notify the District's Title IX coordinator, the ADA/Section 504 coordinator, or superintendent and take any other steps required by District policy. Any employee who fails to timely report suspected discrimination may be subject to disciplinary action, up to and including a recommendation for termination of employment.

All allegations of prohibited harassment of a student by an employee or adult will be reported to the student's parents and promptly investigated. An employee who knows of or has reasonable cause to believe that child abuse or neglect occurred, must also report his or her knowledge or suspicion to the appropriate authorities, as required by law. See the *Reporting Suspected Child Abuse* section and the *Bullying* section of this handbook for additional information. The District's policy that includes definitions and procedures for reporting and investigating harassment of students is reprinted below:

Definitions

"Solicitation of a romantic relationship" means deliberate or repeated acts that can be reasonably interpreted as the solicitation by an educator of a relationship with a student that is romantic in nature. A romantic relationship is often characterized by a strong emotional or sexual attachment and/or patterns of exclusivity, but does not include appropriate educator-student relationships that arise out of legitimate contexts such as familial connections or longtime acquaintance. The following acts, considered in context, may

constitute prima facie evidence of the solicitation by an educator of a romantic relationship with a student:

- 1. Behavior, gestures, expressions, or communications with a student that are unrelated to the educator's job duties and evidence a romantic intent or interest in the student, including statements or acts of love, affection, or attraction. Factors that may be considered in determining the romantic intent of such communications or behavior include:
 - a. The nature of the communications or behaviors;
 - b. The timing of the communications or behaviors;
 - c. The extent of the communications or behaviors;
 - d. Whether the communications or acts were made openly or secretly;
 - e. The extent that the educator attempts to conceal the communications or acts;
 - f. If the educator claims to be counseling a student, SBEC may consider whether the educator's job duties included counseling, whether the educator reported the subject of the counseling to the student's guardians or to the appropriate school personnel, or, in the case of alleged abuse or neglect, whether the educator reported the abuse or neglect to the appropriate authorities; and
 - g. Any other evidence tending to show the context of the communications or interactions between educator and student.
- 2. Making inappropriate comments about a student's body or attractiveness, creating or transmitting sexually suggestive photographs or images, or encouraging the student to transmit sexually suggestive photographs or images.
- 3. Making sexually demeaning comments to a student.
- 4. Making comments about a student's potential sexual performance.
- 5. Requesting details of a student's sexual history.
- 6. Requesting a date, sexual contact, or any activity intended for the sexual gratification of the educator.
- 7. Engaging in conversations regarding the sexual problems, preferences, or fantasies of either party.
- 8. Inappropriate hugging, kissing, or excessive touching.
- 9. Providing the student with drugs or alcohol.
- 10. Violating written directives from school administrators regarding the educator's behavior toward a student.
- 11. Suggestions that a romantic relationship is desired after the student graduates, including post-graduation plans for dating or marriage.

12. Any other acts tending to show that the educator solicited a romantic relationship with the student. 19 TAC 249.3(51)

Sexual harassment of a student by a District employee includes both welcome and unwelcome sexual advances; requests for sexual favors; sexually motivated physical, verbal, or nonverbal conduct; or other conduct or communication of a sexual nature when:

- A District employee causes the student to believe that the student must submit to the conduct in order to participate in a school program or activity, or that the employee will make an educational decision based on whether or not the student submits to the conduct; or
- 2. The conduct is so severe, persistent, or pervasive that it:
 - a. Affects the student's ability to participate in or benefit from an educational program or activity, or otherwise adversely affects the student's educational opportunities; or
 - b. Creates an intimidating, threatening, hostile, or abusive educational environment.

Sexual harassment of a student, including harassment committed by another student, includes unwelcome sexual advances; requests for sexual favors; or sexually motivated physical, verbal, or nonverbal conduct when the conduct is so severe, persistent, or pervasive that it:

- Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
- 2. Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
- 3. Otherwise adversely affects the student's educational opportunities.

Certain Offenses Against Students – Mandatory Termination *Policy DF*

If a district receives notice that SBEC has revoked the certificate of a person based on conviction of or placement on deferred adjudication community supervision for an offense for which the person is required to register as a sex offender under Code of Criminal Procedure, Chapter 62; a conviction of a felony under Penal Code Title 5 if the victim of the offense was under 18 years of age at the time the offense was committed; or conviction of or placement on deferred adjudication community supervision for an offense under Penal Code 43.24 (Sale, Distribution, or Display of Harmful Material to Minor), the district shall:

- 1. Immediately remove the person whose certificate has been revoked from campus or from an administrative office, as applicable, to prevent the person from having any contact with a student; and
- 2. If the person is employed under a probationary or term contract, with the approval of the board or its designee:

- a. Suspend the person without pay;
- b. Provide the person with written notice that the person's contract is void [see Notice to Employee, below]; and
- c. Terminate the employment of the person as soon as practicable.

Education Code 21.058(a), (c)

Reporting Suspected Child Abuse

Policies DG, FFG, GRA

All employees with reasonable cause to believe that a child's physical or mental health or welfare has been adversely affected by abuse or neglect, as defined by Texas Family Code §261.001, are required by state law to make a report to a law enforcement agency, Child Protective Services (CPS), or appropriate state agency (e.g., state agency operating, licensing, certifying, or registering the facility) within 48 hours of the event that led to the suspicion. Alleged abuse or neglect involving a person responsible for the care, custody, or welfare of the child (including a teacher) must be reported to CPS.

Employees are also required to make a report if they have reasonable cause to believe that an adult was a victim of abuse or neglect as a child and they determine in good faith that the disclosure of the information is necessary to protect the health and safety of another child, elderly person, or person with a disability.

Reports to Child Protective Services can be made online at https://www.txabusehotline.org/Login/Default.aspx or to the Texas Abuse Hotline (800-252-5400). State law specifies that an employee may not delegate to or rely on another person or administrator to make the report.

Under state law, any person reporting or assisting in the investigation of reported child abuse or neglect is immune from liability unless the report is made in bad faith or with malicious intent. In addition, the District is prohibited from retaliating against an employee who, in good faith, reports child abuse or neglect or who participates in an investigation regarding an allegation of child abuse or neglect.

An employee's failure to make the required report may result in prosecution as a Class A misdemeanor. The offense of failure to report by a professional may be a state jail felony if it is shown the individual intended to conceal the abuse or neglect. In addition, a certified employee's failure to report may result in disciplinary procedures by SBEC for a violation of the Texas Educators' Code of Ethics.

Employees who suspect that a student has been or may be abused or neglected should also report their concerns to the campus principal. This includes students with disabilities who are no longer minors. Employees are not required to report their concern to the principal before making a report to the appropriate agency.

Reporting the concern to the principal does not relieve the employee of the requirement to report it to the appropriate state agency. In addition, employees must cooperate with investigators of child abuse and neglect, including by providing their name, professional role, and contact information. Interference with a child abuse investigation by denying an interviewer's request to interview a student at school or requiring the presence of a parent or school administrator against the authority of the duly authorized investigator is prohibited.

Sexual Abuse and Maltreatment of Children

The District has established a plan for addressing sexual abuse and other maltreatment of children, which may be accessed at www.irvingisd.net/reportabuse. As an employee, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused or maltreated. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. Maltreatment is defined as abuse or neglect. Anyone who has reasonable cause to believe that a child has been or may be abused or neglected has a legal responsibility under state law for reporting the suspected abuse or neglect following the procedures described above in the *Reporting Suspected Child Abuse* section of this handbook.

Reporting Crime

Policy DG

The Texas Whistleblower Act protects District employees who make good faith reports of violations of law by the District to an appropriate law enforcement authority. The District is prohibited from suspending, terminating the employment of, or taking other adverse personnel action against, an employee who makes a report under the Act. State law also provides employees with the right to report a crime witnessed at the school to any peace officer with authority to investigate the crime.

Scope and Sequence

Policy DG

If a teacher determines that students need more or less time in a specific area to demonstrate proficiency in the Texas Essential Knowledge and Skills (TEKS) for that subject and grade level, the District will not penalize the teacher for not following the District's scope and sequence. The District may take appropriate action if a teacher does not follow the District's scope and sequence based on documented evidence of a deficiency in classroom instruction. This documentation can be obtained through observation or substantiated and documented third-party information.

Technology Resources

Policy CQ

The District's technology resources, including its networks, computer systems, email accounts, devices connected to its networks, and all District-owned devices used on or off school property, are primarily for administrative and instructional purposes. Limited personal use is permitted if the use:

- Imposes no tangible cost to the District
- Does not unduly burden the District's technology resources
- Has no adverse effect on job performance or on a student's academic performance
- Complies with the District's acceptable use guidelines and policies

Electronic mail transmissions and other use of the technology resources are not confidential and can be monitored at any time to ensure appropriate use.

Employees are required to abide by the provisions of the District's acceptable use agreement and administrative procedures. Failure to do so can result in suspension of access or termination of privileges and may lead to disciplinary and/or legal action. Employees with questions about computer use and data management can contact Technology Services.

Personal Use of Electronic Communications

Policies CQ, DH

Electronic communications include all forms of social media, such as text messaging, instant messaging, electronic mail (email), web logs (blogs), wikis, electronic forums (chat rooms), videosharing websites (e.g., YouTube), editorial comments posted on the Internet, and social network sites (e.g., Facebook, Twitter, LinkedIn, Instagram). Electronic communications also include all forms of telecommunication such as landlines, cell phones, and web-based applications.

As role models for the District's students, employees are responsible for their public conduct even when they are not acting as District employees. Employees will be held to the same professional standards in their public use of electronic communications as they are for any other public conduct. If an employee's use of electronic communications interferes with the employee's ability to effectively perform his or her job duties, the employee is subject to disciplinary action, up to and including termination of employment. If an employee wishes to use a social network site or similar media for personal purposes, the employee is responsible for the content on the employee's page, including content added by the employee, the employee's friends, or members of the public who can access the employee's page, and for web links on the employee's page. The employee is also responsible for maintaining privacy settings appropriate to the content.

An employee who uses electronic communications for personal purposes shall observe the following:

- The employee may not set up or update the employee's personal social network page(s) using the District's computers, network, or equipment.
- The employee shall limit use of personal electronic communication devices to send or receive calls, text messages, pictures, and videos to breaks, mealtimes, and before and after scheduled work hours, unless there is an emergency or the use is authorized by a supervisor to conduct District business.
- The employee shall not use the District's logo or other copyrighted material of the District without express, written consent.
- An employee may not share or post, in any format, information, videos, or pictures
 obtained while on duty or on District business unless the employee first obtains written
 approval from the employee's immediate supervisor and the parents of a student, as
 necessary under law. Employees should be cognizant that they have access to
 information and images that, if transmitted to the public, could violate privacy concerns.
- The employee continues to be subject to applicable state and federal laws, local policies, administrative regulations, and the Texas Educators' Code of Ethics, even when communicating regarding personal and private matters, regardless of whether the employee is using private or public equipment, on or off campus. These restrictions include:
 - o Confidentiality of student records [See Policy FL]
 - Confidentiality of health or personnel information concerning colleagues, unless disclosure serves lawful professional purposes or is required by law [See DH (EXHIBIT)]
 - Confidentiality of District records, including educator evaluations and private email addresses. [See Policy GBA]
 - o Copyright law [See Policy CY]
 - o Prohibition against harming others by knowingly making false statements about a colleague or the school system. [See DH (EXHIBIT)]
 - o Records retention [See Policy CPC]

See *Electronic Communications between Employees, Students, and Parents*, below, for regulations on employee communication with students through electronic media.

Electronic Communications between Employees, Students, and Parents *Policy DH, CQ*

Employees are not permitted to communicate with students electronically. A certified or licensed employee, or any other employee designated in writing by the superintendent or a campus principal, may use electronic communications with students who are currently enrolled in the District only under the following conditions:

- 1. Communication is related to the employee's professional responsibilities;
- 2. Content of the communication is directly related to educational programs or schoolsponsored extracurricular activities;
- 3. Communications are directed to a group of students (no individual messages) or the student's parent is included on the communication.

All electronic communication should be through District email, a District-approved communication platform, or utilizing a device provided by the District. If an employee communicates with a student or parent using a personal device, the employee does not have a right to privacy with respect to those communications. All communications with students and parents may be subject to public records disclosure requirements and must be provided to the District by forwarding the communication to District servers and providing the communication to District personnel upon request. Employees are not required to provide students with their personal phone number or email address.

An employee is not subject to the provisions regarding electronic communications with a student to the extent the employee has a social or family relationship with a student. For example, an employee may have a relationship with a niece or nephew enrolled in the District, a student who is the child of an adult friend, a student who is a friend of the employee's child, or a student who is a member or participant in the same civic, social, recreational, or religious organization. An employee who claims an exception based on a social relationship shall provide written consent from the student's parent authorizing electronic communication between the employee and the student using a form provided by the District [See Policy DH(EXHIBIT)]. The written consent form shall include an acknowledgment by the parent that:

- The employee has provided the parent with a copy of this protocol;
- The employee and the student have a social relationship outside of school;
- The parent understands that the employee's communications with the student are excepted from District regulation; and

• The parent is solely responsible for monitoring electronic communications between the employee and the student.

The following definitions apply for the use of electronic media with students:

- Electronic communications means any communication facilitated by the use of any
 electronic device, including a telephone, cellular telephone, computer, computer
 network, personal data assistant, or pager. The term includes email, text messages,
 instant messages, and any communication made through an Internet website,
 including a social media website or a social networking website.
- Communicate means to convey information and includes a one-way communication
 as well as a dialogue between two or more people. A public communication by an
 employee that is not targeted at students (e.g., a posting on the employee's personal
 social network page or a blog) is not a communication: however, the employee may
 be subject to District regulations on personal electronic communications.
 Unsolicited contact from a student through electronic means is not a
 communication.
- Certified or licensed employee means a person employed in a position requiring SBEC certification or a professional license, and whose job duties may require the employee to communicate electronically with students. The term includes, but is not limited to, classroom teachers, including interim teachers who may not be fully certified, counselors, principals, librarians, paraprofessionals, nurses, educational diagnosticians, licensed therapists, coaches, and athletic trainers.

The employee continues to be subject to applicable state and federal laws, local policies, administrative regulations, and the Texas Educators' Code of Ethics including:

- Compliance with the Public Information Act and the Family Educational Rights and Privacy Act (FERPA), including retention and confidentiality of student records. [See Policies CPC and FL]
- Copyright law [Policy CY]
- Prohibitions against soliciting or engaging in sexual conduct or a romantic relationship with a student. [See Policy DH]

Upon written request from a parent or student, the employee shall discontinue communicating with the student through email, group text messaging, group instant messaging, or any other form of communication.

All staff are required to use school email accounts for all electronic communications with parents. Communication about school issues with parents through personal email accounts or text messages are not permitted.

Personal Phone Calls. Personal phone calls during working hours distract employees from their job responsibilities and may be disruptive to coworkers. Employees should therefore limit the placing or receiving of personal calls during working hours to those required only in emergency situations. This procedure applies to the use of District phone equipment as well as cellular phones. Employees are expected to inform friends and family members of this procedure and will be held accountable for their actions under the District's disciplinary procedure.

Employees contacted by creditors or collection agencies should immediately inform the caller of this procedure and end the call. They should then follow up with the agency in writing advising them not to call them at work. Creditors failing to honor such a request can be reported to the Federal Trade Commission at www.ftc.gov.

Public Information on Private Devices

Policy DH, GB, CQ

Employees should not maintain District information on privately owned devices. If an employee does have work-related information on a privately-owned device, the employee may be directed to provide access to such work-related information upon request. Employees do not hold individual privacy rights to work-related information, which may be subject to the Public Information Act or FERPA disclosure. The District will make reasonable efforts to obtain public information in compliance with the Public Information Act. Reasonable efforts may include:

- Verbal or written directive
- Remote access to District-owned devices and services

Criminal History Background Checks

Policy DBAA

Employees may be subject to a review of their criminal history record information at any time during employment. National criminal history checks based on an individual's fingerprints, photo, and other identification will be conducted on certain employees and entered into the Texas Department of Public Safety (DPS) Clearinghouse. This database provides the District and SBEC with access to an employee's current national criminal history and updates to the employee's subsequent criminal history.

Employee Arrests and Convictions

Policy DH, DHB, DHC

An employee must notify his or her principal or immediate supervisor within three calendar days of any arrest, indictment, conviction, no contest or guilty plea, or other adjudication of any felony or misdemeanor, and any of the other offenses listed below:

- Crimes involving school property or funds
- Crimes involving attempt by fraudulent or unauthorized means to obtain or alter any certificate or permit that would entitle any person to hold or obtain a position as an educator
- Crimes that occur wholly or in part on school property or at a school-sponsored activity
- Crimes involving moral turpitude

Moral turpitude includes the following:

- Dishonesty
- Fraud
- Deceit
- Theft
- Misrepresentation
- Deliberate violence
- Base, vile, or depraved acts that are intended to arouse or gratify the sexual desire of the actor
- Crimes involving any felony possession or conspiracy to possess, or any misdemeanor or felony transfer, sale, distribution, or conspiracy to transfer, sell, or distribute any controlled substance

Each campus is equipped with an automatic external defibrillator and stop-the-bleed kits. Fire extinguishers are located throughout all District buildings. Employees should know the location of these devices and the procedures for their use.

Tornado Occurrence

Should emergency situations such as a tornado warning or other severe weather occur, principals are charged with the responsibility of exercising judgment with extreme caution for the safety and welfare of students. Based upon U.S. Weather Bureau reports, school buses may be detained at the schools until it is determined that it is safe to dismiss the students.

Principals may grant students special permission to leave with parents.

Ice, Snow, and Hazardous Street Conditions

The District's schools will remain open, provided buildings can be comfortably heated and students can arrive at school safely. When conditions of inclement weather, icy roads, or lack of adequate heat exist, the Superintendent or designee will make a decision as to the closing of schools either for the entire day or a portion of the day.

If schools are closed or delayed in opening for the day, the Superintendent or designee will notify all IISD parents and staff using the SchoolMessenger notification system. All efforts will be made to send the notification by 5:45 a.m. the morning of a change in school operations. If the decision to close or delay school is made in the evening prior, then both parents and staff will receive notification via SchoolMessenger. All efforts will be made to send the notification by 10:00 p.m. the evening before a change in school operations. In addition, information regarding a

change in the school day will be posted at the IISD website and area news media will also be notified.

In the event that the SchoolMessenger notification fails to reach any staff members, principals and central office administrators are instructed to make telephone contact with employees immediately after receiving operational plans from the Superintendent or designee. All principals will devise campus plans for notifying their staff members of the day's revised procedures and central office administrators will notify all personnel under their supervision.

On a day of school closing or delayed opening, messages will also be posted at the IISD website, www.irvingisd.net, on the radio and television stations listed above under Emergency School Closing and on social media networks maintained by the Office of Communications.

In the event of a late opening, all school personnel are expected to be on duty one hour prior to the determined delayed starting time for students. Buses will be scheduled to run one hour later than the regular schedule. Principals are advised to develop bell schedules, lunch schedules, etc., for delayed starting times of 9:00 a.m., 9:30 a.m., and 10:00 a.m. The latest delayed starting time that will be considered by the District is 10:00 a.m.

Policy CH

All requests for purchases must be submitted to the Purchasing Department through the official District requisition accounting system. No purchases, charges, or commitments to buy goods or services for the District can be made without a properly drawn purchase order. In an emergency declared by the Board of Trustees or their delegated proxy or in the event that there are technical problems with the accounting software that prevent the production of a purchase order, the Superintendent or designee may grant permission to purchase without a properly drawn purchase order. The District will not reimburse employees or assume responsibility for purchases or expenses made without authorization. Employees are not permitted to use District funds to purchase supplies or equipment for personal use. The Purchasing website has links to the Purchasing Manual and Quick Tips or you may contact the Purchasing Department for additional information.

Policy FL

Student records are confidential and are protected from unauthorized inspection or use. Employees should take precautions to maintain the confidentiality of all student records. The following people are the only people who have general access to a student's records:

 Parents: Married, separated or divorced unless parental rights have been legally terminated and the school has been given a copy of the court order terminating parental rights. • Legal Guardians: Adult(s) granted the legal rights to access the student's educational records by a court of law or lawfully executed document.

NOTE: The term "parents" is used in this Handbook to include both parents and legal guardians, as defined above.

- The student: The rights of parents transfer to a student who turns 18 or is enrolled in an institution of postsecondary education. A District is not prohibited from granting the student access to the student's records before this time.
- School officials with legitimate educational interests.

The student handbook provides parents and students with detailed information on student records. Parents or students who want to review student records should be directed to the Records Officer for assistance.

Teachers may display students' assignments, which may include personally identifiable student information, in classrooms or elsewhere on campus as recognition of student achievement.

However, the District will seek parental consent (Student Directory Information Form Release of Directory Information for School-Sponsored Purposes) before displaying students' original work (such as artwork, special projects, photographs taken by students, original videos or voice recordings, and other original works) on the District's website, a website affiliated with or sponsored by the District, such as a campus or classroom website, and in District publications, which may include printed materials, videos, or other methods of mass communication. Teachers shall approve classroom assignments for appropriateness and acceptability before posting or transmitting.

No personally identifiable information about a District student will be posted on a webpage under the District's control unless the District has received written consent from the student's parent. An exception may be made for directory information as allowed by the Family Educational Rights and Privacy Act and District policy.

Parent and Student Complaints

Policy FNG

In an effort to hear and resolve parent and student complaints in a timely manner and at the lowest administrative level possible, the Board has adopted orderly processes for handling complaints on different issues. Any campus office or the Superintendent's office can provide parents and students with information on filing a complaint.

Parents are encouraged to discuss problems or complaints with the teacher or the appropriate administrator at any time. Parents and students with complaints that cannot be resolved to their satisfaction should be directed to the campus principal. The formal complaint process provides

parents and students with an opportunity to be heard up to the highest level of management, the District's Board of Trustees, if they are dissatisfied with a principal's response.

Administering Medication to Students

Policy FFAC

Only designated employees may administer prescription medication, nonprescription medication, and herbal or dietary supplements to students. Exceptions apply to the self-administration of asthma medication, medication for anaphylaxis (e.g., EpiPen®), and medication for diabetes management if the medication is self-administered in accordance with District policy and procedures. A student who must take any other medication during the school day must bring a written request from his or her parent and the medicine in its original, properly labeled container to the school nurse.

If the medication is to be provided at school, the medication label shall be in English. The parent may obtain an English label from the pharmacist. Contact the principal or school nurse for information on procedures that must be followed when administering medication to students.

Dietary Supplements

Policies DH, FFAC

District employees are prohibited by state law from knowingly selling, marketing, or distributing a dietary supplement that contains performance-enhancing compounds to a student with whom the employee has contact as part of his or her school District duties. In addition, employees may not knowingly endorse or suggest the ingestion, intranasal application, or inhalation of a performance-enhancing dietary supplement to any student.

National School Lunch Program

Meals are available for employees to purchase through their campus or assigned-building's cafeteria. The price for employee-purchased meals must be set by the District in accordance with federal guidelines. No free cafeteria food is available for any employee or other adult. Please note that eating without payment, giving away, or mishandling food that has been subsidized through the National School Lunch Program can constitute a federal crime and result in disciplinary consequences and criminal penalties; this includes eating cafeteria food that is intended for students.

Psychotropic Drugs

Policy FFAC

A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on perception, emotion, or behavior and is commonly described as a mood- or behavior-altering substance.

District employees are prohibited by state law from doing the following:

- Recommending that a student use a psychotropic drug
- Suggesting a particular diagnosis
- Excluding from class or school-related activity a student whose parent refuses to consent to a psychiatric evaluation or to authorize the administration of a psychotropic drug to a student

Student Conduct and Discipline

Policies in the FN series and FO series

Students are expected to follow the classroom rules, campus rules, and rules listed in the Student Handbook and Student Code of Conduct. Teachers and administrators are responsible for taking disciplinary action based on a range of discipline management strategies that have been adopted by the District. Other employees that have concerns about a particular student's conduct should contact the classroom teacher or campus principal. The Student Handbook and Student Code of Conduct are accessible on the District's website.

Student Attendance

Policy FEB

Teachers and staff should be familiar with the District's policies and procedures for attendance accounting. These procedures require minor students to have parental consent before they are allowed to leave campus. When absent from school, the student upon returning to school, should bring a note signed by the parent that describes the reason for the absence. These requirements are addressed in campus training and in the Student Handbook. Contact the campus principal or designee for additional information.

Bullying

Policy FFI

Bullying is defined by §TEC 37.0832. All employees are required to report student complaints of bullying, including cyberbullying, to their administrative supervisor. The District's policy includes definitions and procedures for reporting and investigating bullying of students and is available in Board Policy FFI(LOCAL), a copy of which is included as <u>Appendix B of this Handbook</u>.

Hazing

Policy FNCC

Students must have prior approval from the principal or designee for any type of "initiation rites" of a school club or organization. While most initiation rites are permissible, engaging in or permitting "hazing" is a criminal offense. Any teacher, administrator, or employee who observes a student engaged in any form of hazing, who has reason to know or suspect that a student intends to engage in hazing or has engaged in hazing must report that fact or suspicion to the designated campus administrator.

STUDENT WELFARE FREEDOM FROM BULLYING

FFI (LOCAL)

Note:

This policy addresses bullying of District students. For purposes of this policy, the term bullying includes cyberbullying.

For provisions regarding discrimination and harassment involving District students, see FFH. Note that FFI shall be used in conjunction with FFH for certain prohibited conduct. For reporting requirements related to child abuse and neglect, see FFG.

Bullying Prohibited

The District prohibits bullying, including cyberbullying, as defined by state law. Retaliation against anyone involved in the complaint process is a violation of District policy and is prohibited.

Examples

Bullying of a student could occur by physical contact or through electronic means and may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, or ostracism.

Minimum Standards

In accordance with law, the Superintendent shall develop administrative procedures to ensure that minimum standards for bullying prevention are implemented.

Retaliation

The District prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, serves as a witness, or participates in an investigation.

Examples

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

False Claim

A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding bullying shall be subject to appropriate disciplinary action.

Timely Reporting

Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the District's ability to investigate and address the prohibited conduct.

Reporting Procedures

Student Report

To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, school counselor, principal, or other District employee. The Superintendent shall develop procedures allowing a student to anonymously report an alleged incident of bullying.

dent or group of students has or may have experienced bullying

shall immediately notify the principal or designee.

Report Format A report may be made orally or in writing. The principal or designee

shall reduce any oral reports to written form.

Periodic Monitoring The Superintendent shall periodically monitor the reported counts

of bullying incidents, and that declines in the count may represent not only improvements in the campus culture because bullying declines but also declines in the campus culture because of a decline

in openness to report incidents.

Notice of Report When an allegation of bullying is reported, the principal or de-

signee shall notify a parent of the alleged victim on or before the third business day after the incident is reported. The principal or designee shall also notify a parent of the student alleged to have engaged in the conduct within a reasonable amount of time after

the incident is reported.

Prohibited Conduct The principal or designee shall determine whether the allegations

in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or discrimination on the basis of race, color, religion, sex, gender, national origin, or disability. If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determi-

nation on each type of conduct.

Investigation of Report

The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bul-

lying during the course of an investigation, if appropriate.

Concluding the Investigation

Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary to complete a thorough investiga-

tion.

The principal or designee shall prepare a final, written report of the investigation. The report shall include a determination of whether bullying occurred, and if so, whether the victim used reasonable self-defense. A copy of the report shall be sent to the Superinten-

dent or designee.

Notice to Parents If an incident of bullying is confirmed, the principal or designee

shall promptly notify the parents of the victim and of the student

who engaged in bullying.

Examples of corrective action may include a training program for the individuals involved in the complaint, a comprehensive education program for the school community, follow-up inquiries to determine whether any new incidents or any instances of retaliation have occurred, involving parents and students in efforts to identify problems and improve the school climate, increasing staff monitoring of areas where bullying has occurred, and reaffirming the District's policy against bullying.

Incentive Grants— Contract Provision

A district shall provide in employment contracts that qualifying employees may receive an incentive payment under an awards program established under Education Code Chapter 21, Subchapter O (Educator Excellence Award Program and Educator Excellence Innovation Program) if the district participates in the program. A district shall indicate that any incentive payment distributed is considered a payment for performance and not an entitlement as part of an employee's salary. *Education Code 21.415*

Educator Excellence Innovation Program

The Educator Excellence Innovation Program (EEIP) is a grant program under which a district may receive a competitive grant for the purposes of systematically transforming educator quality and effectiveness. The Texas Education Agency (TEA) will give priority to districts that receive Title I funding and have at a majority of district campuses a student enrollment that is at least 50 percent educationally disadvantaged.

Eligibility

A district is eligible to apply for EEIP grant funds if the district:

- 1. Completes and submits a Notice of Intent to Apply to TEA by the date established by the commissioner of education;
- 2. Complies with all assurances in the Notice of Intent to Apply and grant application;
- Participates in the required technical assistance activities established by the commissioner, including establishing leadership teams, master teachers, mentor teachers, and instructional coaches and developing career pathways;
- 4. Agrees to participate for four years; and
- 5. Complies with any other activities set forth in the program requirements.

An eligible district must submit an application in a form prescribed by the commissioner. Each eligible applicant must meet all deadlines, requirements, and assurances specified in the application. The commissioner may waive any eligibility requirements as specified in 19 Administrative Code 102.1073.

A district may renew its local educator excellence innovation plan for three consecutive school years without resubmitting a full grant application to TEA. With TEA approval, a district may amend its local plan in accordance with 19 Administrative Code 102.1073(c) and (h) for each school year the district receives a program grant.

Use of Grant Funds

A district may use grant funds only to carry out purposes of the program as described at Education Code 21.7011, in accordance with the district's local plan, which may include the following specific methods or procedures:

- Implementation and administration of a high-quality mentoring program for teachers in the first three years of classroom teaching using mentors who meet the qualifications prescribed by Education Code 21.458 [see Mentor Teachers, below];
- 2. Implementation of a teacher evaluation system using multiple measures that include:

- Approval for the waiver by a vote of a majority of the educators employed at each campus for which the waiver is sought; and
- 4. Evidence that the voting occurred during the school year and in a manner that ensured that all educators entitled to vote had a reasonable opportunity to participate in the voting.

Neither the board nor the superintendent may compel a waiver of rights under Education Code 21.7061.

Not later than April 1 of the year in which the waiver application is submitted, the commissioner shall notify the district in writing whether the application has been granted or denied. A waiver expires when the waiver is no longer necessary to carry out the purposes of the program, in accordance with the district's local educator excellence innovation plan.
